TWENTY FIFTH COUNCIL**

COUNCIL BILL NO. R-23-174 ENACTMENT NO. _____

SPONSORED BY: Tammy Fiebelkorn, Renée Grout, Brook Bassan

**1 RESOLUTION
2 ESTABLISHING A POLICY FOR THE EXPENDITURE OF OPIOID SETTLEMENT
3 MONIES.**

**4 WHEREAS, opioid settlement monies are being provided to address the
5 damages inflicted by the widespread marketing and misuse of synthetic
6 opioids, its impact on our public health and safety, on families and individuals,
7 and the local economy; and**

**8 WHEREAS, the term “opioid” can be used to include plant-derived opiates,
9 semisynthetic opioids such as oxycodone, which have compounds from plant
10 sources and fully synthetic opioids which are completely humanmade via
11 laboratories; and**

**12 WHEREAS, opioid settlement monies are insufficient to address the full
13 spectrum of needs of our community as it relates to opioid use disorder, but
14 these monies offer a unique and potentially transformational opportunity for
15 targeted spending to address some of these needs; and**

**16 WHEREAS, opioid settlement monies are a one-time source of funding and
17 should thus fund effective evidence-based, culturally responsive, trauma-
18 responsive, and promising practices to address addiction, homelessness due
19 to addiction, and prevention, intervention, and treatment programs and
20 facilities; and**

**21 WHEREAS, the planned, strategic spending of these funds should include
22 a focus on addressing community impacts of opioids, in alignment with the
23 advice of behavioral health, community prevention, and addiction treatment
24 providers who are experts in the area of behavioral health, positive youth
25 development, family engagement, and public health and policy experts, such
26 as the Johns Hopkins Bloomberg School of Public Health, the Rand**

1 Corporation, the National Association of Counties, and local providers such as
2 those on the ATAB (Addiction Treatment Advisory Board); and

3 WHEREAS, opioid settlement monies have a set of guidelines attached
4 based on the settlement agreements reached with the various parties. While
5 the range of possible uses of these funds is broad, many of the uses fall into
6 the category of recurring expenditures and thus should include the
7 understanding of the need to commit future dollars to these expenses; and

8 WHEREAS, opioid settlement monies will be received in payments over a
9 number of years depending on the specific settlement agreement. The overall
10 projected settlement fund and timeline of receipt of the funding should be a
11 critical factor in the planning and decision-making processes rather than
12 point-in-time snapshots of the funding available; and

13 WHEREAS, through careful, deliberate, and strategic planning and
14 consideration of best practices and promising best practices principles
15 established by public health policymakers, behavioral health experts, and the
16 Substance Abuse and Mental Health Services Administration (SAMHSA),
17 opioid settlement funding can be used to make strategic investments that
18 have real and lasting impacts in our community and for individuals and
19 families most impacted; and

20 WHEREAS, combining opioid settlement resources and planning with
21 Bernalillo County will further strengthen our ability to meet the biggest opioid
22 use disorder needs in our community while avoiding duplication of effort and
23 building a strong and coordinated support network.

24 BE IT RESOLVED BY THE COUNCIL, THE GOVERNING BODY OF THE CITY OF
25 ALBUQUERQUE:

26 SECTION 1. Any unappropriated funds in Fund 201 and additional opioid
27 settlement monies received by the City after the effective date of this
28 Resolution shall not be appropriated until the following processes have been
29 successfully implemented unless such appropriations are otherwise directed
30 by Council:

- 31 1. An estimated “life of settlement” fund balance and timeline for receipt of
32 such is projected by the City Attorney, the Department of Finance and

Number of Positions created

COMMENTS: Per Council bill R-22-91, a total of \$4,815,000 was appropriated to the Family and Community Services Department for Treatment of Opioid Use Disorder, Supportive Services for Treatment and Recover, and Other Strategies. **Funds for the LG Abatement Fund 201 are currently at a total of \$5.4m. No expense have been made as of 10.10.23.**

COMMENTS ON NON-MONETARY IMPACTS TO COMMUNITY/CITY GOVERNMENT:

There is no fiscal impact on the General Fund. This Resolution would not require administrative time that is outside of what is already included in the approved FY24 budget. The eventual plan to spend the Settlement Funds may require further administrative time and could require an adjustment to the budget.
