1 (A) The Mayor may grant an individual variance from the limitations

5 business, occupation or activity, and that the granting of the variance will not
6 result in a condition injurious to health or safety.

7 (B) Any variance, or renewal thereof, shall be granted within the
8 requirements of division (A) of this section and for time periods and under
9 conditions consistent with the reasons therefore, and within the following
10 limitations:

11 (1) If the variance is granted on the grounds that compliance with the
12 particular requirement or requirements will necessitate the taking of measures
13 which, because of their extent or cost, must be spread over a considerable
14 period of time, it shall be for a period not to exceed such reasonable time as,
15 in the view of the Mayor, is requisite for taking of the necessary measures. A
16 variance granted on the ground specified in this division shall contain a
17 timetable for taking of action in an expeditious manner and shall be
18 conditioned on adherence to the timetable; or

5 has notified the City Office of Neighborhood Coordination of two persons'
6 addresses where it wishes notice to be sent if the site of the variance is within
7 the neighborhood or homeowner association's boundaries or within 100 feet
8 of the neighborhood or homeowner association's boundaries, excluding

12 (E) The notice of hearing shall set forth the name and address of the
13 petitioner, the location of the site of the variance, that the petitioner has
14 requested a variance from this ordinance, the nature of the requested
