1       **WHEREAS, the Council has considered the Designation Report, including**  
2       **Findings, Determinations, and Conclusions in addition to the questions and**  
3       **comments submitted by members of the public concerning the proposed**  
4       **Coronado MR Area.**

5       **BE IT RESOLVED BY THE COUNCIL, THE GOVERNING BODY OF THE CITY OF**  
6       **ALBUQUERQUE:**

7       **SECTION 1. The City Council makes the following Findings of Fact with**  
8       **respect to the designation of the Coronado MR Area:**

9       **A. The Coronado MR Area is shown on the map attached hereto as Exhibit**

10       **A. The boundary of the Coronado MR Area includes the privately owned**  
11       **property located at 9201 Pan American Freeway, that is not zoned residentially**  
12       **for single family use within the area bounded by San Diego Avenue to the**  
13       **north, the southbound frontage road of Interstate 25 (“I-25”) to the east,**  
14       **Modesto Avenue to the south and San Mateo Boulevard to the west, in**  
15       **addition to the public right-of-way along San Mateo Boulevard between**  
16       **Modesto Avenue and Alameda Boulevard.**

17       **B. The Coronado MR Area had exhibited the following conditions: (1) Poor**  
18       **and Aging Public Infrastructure: The Coronado MR Area is lacking in public**  
19       **infrastructure. The overall condition of the roads is poor due to settling and**  
20       **compaction of the land they were constructed on. Additionally there are no**  
21       **sidewalks present in the MR Area creating an unsafe environment for**  
22       **pedestrian and motorists. The South La Cueva Channel was built to temporary**  
23       **standards and is maintained with temporary erosion and control measures. (2)**  
24       **Environmental Issues: The MR Area is in the location of a former landfill that**  
25       **was operated by the City of Albuquerque from 1963 to 1965. Much of the trash**  
26       **and debris has been removed and additional remediation and monitoring**  
27       **efforts are needed. (3) Low Levels of Commercial or Industrial Activity: There**  
28       **currently exist large amounts of vacant land and obsolete buildings in the**  
29       **area. These conditions have led to blight within the Coronado MR Area as**  
30       **defined by the MR code: (1) Low levels of commercial activity or**  
31       **redevelopment or any combination of such factors; (2) Deterioration of site or**  
32       **other improvements; (3) insanitary and unsafe conditions; and (4) area where**  
33       **a significant number of commercial or mercantile businesses have closed or**

1 significantly reduced their operations due to the economic losses of loss of  
2 profit due to operating in the area and low levels of commercial or industrial  
3 activity or redevelopment.

4 C. The rehabilitation, conservation, redevelopment or development, or a  
5 combination thereof, of and in the Coronado MR Area is necessary in the  
6 interest of the public health, safety, morals or welfare of the residents of  
7 Albuquerque.

8 SECTION 2. In accordance with the requirements of Section 3-60A-8 NMSA  
9 1978, the Council hereby designates the area that is described in Section 1.A  
10 above, and shown in the official Coronado MR Boundary map attached hereto  
11 as Exhibit A, to be a 'metropolitan redevelopment area' as defined by Section  
12 3-60A-4 (M) NMSA 1978 and finds it to be appropriate for a metropolitan  
13 redevelopment project or projects. This area shall be referred to as the  
14 Coronado MR Area to distinguish it from other metropolitan redevelopment  
15 areas.

16 SECTION 3. The MRA of the Planning Department is hereby authorized and  
17 directed to prepare a Metropolitan Redevelopment Plan, as defined by Section  
18 3-60A-4 (N) NMSA 1978, for the Coronado MR Area, which, without limitation,  
19 shall: (1) Seek to eliminate the problems created by the blighted conditions of  
20 the area; (2) Conform to and coordinate with the Albuquerque/Bernalillo  
21 County Comprehensive Plan, any applicable Rank 2 and 3 plans, and any  
22 other applicable plans or policies; and (3) Be sufficient to indicate the  
23 proposed activities to be carried out in the area, including, but not limited to,  
24 any proposals for land acquisition, redevelopment, improvements,  
25 rehabilitation and conservation and the plan's relationship to definite local  
26 objectives respecting land uses, improved traffic patterns and controls, public  
27 transportation, public utilities, recreational and community facilities, housing  
28 facilities, commercial activities or enterprises, and other public improvements.

29 SECTION 4. SEVERABILITY CLAUSE. If any section, paragraph, sentence,  
30 clause, word or phrase of this resolution is for any reason held to be invalid or
