**CITY OF ALBUQUERQUE**  
**Albuquerque, New Mexico**  
**Office of the Mayor**

Mayor Timothy M. Keller

**INTER-OFFICE MEMORANDUM**

February 23, 2024

**TO:** Dan Lewis, President, City Council

**FROM:** Timothy M. Keller, Mayor *TK*

**SUBJECT:** Project #2023-009664 – RZ-2023-00052: Adopting an Amendment to the Albuquerque/Bernalillo County Comprehensive Plan

The attached, recommended legislation would adopt text and map amendments to the Albuquerque/Bernalillo County Comprehensive Plan.

**BACKGROUND**

Council Resolution R-22-42 adopted on August 15, 2022 (Enactment No. R-2022-061) directed the City to update the Albuquerque/Bernalillo County Comprehensive Plan.

The last update to the Comp Plan was adopted in March 2017 and included a matrix of actions to implement policies within each Comp Plan Element (i.e., Community Identity, Land Use, Housing, etc.). This action matrix, included in Section 14.4 of the plan, identified the timeline (e.g., short-term, medium-term, long-term, or ongoing), lead department(s), and coordinating departments/agencies.

The 2023 update is intended to track progress on these actions since 2017 and include narratives and policies identified in parallel planning efforts completed since 2017.

**REQUEST**

This request is for an amendment to the Albuquerque/Bernalillo County Comprehensive Plan with a limited scope. The primary purpose of this update is to report progress on actions taken by various City departments since 2017 to implement Comp Plan Goals and Policies. This update also incorporates new actions and policies identified in parallel planning efforts since 2017, namely the Vision Zero Action Plan, the Age Friendly Action Plan, the Climate Action Plan, and Community Planning Area Assessments. This update does not propose changes to

growth projections or demographics.

While no change is proposed to the methodology to create the map of Development Areas, this update does include a new Areas of Change / Consistency map that results from re-running the methodology. The updated map reflects new Metropolitan Redevelopment Areas adopted since 2017 and zoning map amendments approved since 2017.

Maps of citywide public facilities have been updated to reflect new fire and police stations, parks, and recreation facilities.

### **NOTIFICATION**

Pursuant to the Integrated Development Ordinance, the required notice for Comp Plan amendments must be published, emailed, and posted on the web. The City published the required notice in the newspaper and sent email notice to two representatives of each registered neighborhood organization. Mailed notice was sent to neighborhood representatives without email addresses, as required, and web notice was posted on the Planning Department website and on the Comp Plan project website: <https://compplan.abq-zone.com/comp-plan-update-2023>.

In addition to the required notice, information about the proposed Comp Plan update was advertised on Instagram, X (formerly Twitter), and LinkedIn, and emailed to the Planning Department distribution list of approximately 9,500 subscribers.

Staff received few comments expressing support or opposition and recommending changes; however, there is general support for the request as a whole.

### **EPC PROCESS**

The Environmental Planning Commission (EPC) reviewed the proposed amendments during the properly-noticed public hearing. On January 18, 2024, the EPC heard the staff presentation, took public comment, considered recommended conditions, and voted to forward a recommendation of Approval to the City Council. The Official Notification of Decision for the request contains the EPC's findings and recommended conditions.

### **CONCLUSION**

Regarding Project #PR-2023-009664, RZ-2023-00052, Amendment to the Albuquerque/Bernalillo County Comprehensive Plan, the EPC is forwarding a recommendation of Approval, subject to conditions.

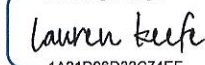

A redline draft of the Albuquerque/Bernalillo County Comprehensive Plan that incorporates the EPC's conditions is included with this transmittal of the record for the Council's consideration.
