

1 WHEREAS, the Charter requires that this special election be held, and this  
2 resolution shall serve as the election resolution required by Section 3-8-35  
3 NMSA 1978.

4 BE IT RESOLVED BY THE COUNCIL, THE GOVERNING BODY OF THE CITY OF  
5 ALBUQUERQUE:

6 SECTION 1. On November 19, 2013, a special municipal election ("Special  
7 Election") shall be held in Albuquerque, New Mexico. The City Clerk is  
8 instructed to place the following Proposed Ordinance on the ballot, and the  
9 qualified voters of the City of Albuquerque shall be permitted to vote "for" or  
10 "against" the Proposed Ordinance:

11 PROPOSED ORDINANCE

12 "Section 1. SHORT TITLE

13 This ordinance may be cited as the "Pain Capable Unborn Child Protection  
14 Ordinance."

15 Section 2. FINDINGS AND AUTHORITIES IN SUPPORT

16 The Citizens of Albuquerque declare the following:

17 (1) Pain receptors are present throughout the unborn child's entire body  
18 and nerves link these receptors to the brain's thalamus and subcortical plate  
19 by no later than 20 weeks after fertilization.

20 (2) By 8 weeks after fertilization, the unborn child reacts to touch. After 20  
21 weeks, the unborn child reacts to stimuli that would be recognized as painful if  
22 applied to an adult human.

23 (3) In the unborn child, application of such painful stimuli is associated  
24 with significant increases in stress hormones known as the stress response.

25 (4) For the purposes of surgery on unborn children, fetal anesthesia is  
26 routinely administered and is associated with a decrease in stress hormones  
27 compared to their level when painful stimuli are applied without such  
28 anesthesia. In the United States, surgery of this type is being performed by 20  
29 weeks after fertilization and earlier in specialized units affiliated with children's  
30 hospitals.

31 (5) Recent medical research and analysis, especially since 2007, provides  
32 strong evidence for the conclusion that a functioning cortex is not necessary  
33 to experience pain.

[Bracketed/Underscored Material] - New  
[Bracketed/Strikethrough Material] - Deletion

1       (6) Substantial evidence indicates that children born missing the bulk of  
2 the cerebral cortex, those with hydranencephaly, nevertheless experience  
3 pain.

4       (7) In adult humans and in animals, stimulation or ablation of the cerebral  
5 cortex does not alter pain perception, while stimulation or ablation of the  
6 thalamus does.

7       (8) The position, asserted by some commentators, that the unborn child  
8 remains in a coma-like sleep state that precludes the unborn child  
9 experiencing pain is inconsistent with the documented reaction of unborn  
10 children to painful stimuli and with the experience of fetal surgeons who had  
11 found it necessary to sedate the unborn child with anesthesia to prevent the  
12 unborn child from engaging in vigorous movement in reaction to invasive  
13 surgery.

14       (9) Consequently, there is substantial medical evidence that an unborn  
15 child is capable of experiencing pain at least by 20 weeks after fertilization, if  
16 not earlier.

17       (10) The Citizens of Albuquerque assert a compelling governmental interest  
18 in protecting the lives of unborn children from the stage at which substantial  
19 medical evidence indicates that they are capable of feeling pain.

20       (11) The compelling governmental interest in protecting the lives of unborn  
21 children from the stage at which substantial medical evidence indicates that  
22 they are capable of feeling pain is asserted *in addition* to the compelling  
23 interest in protecting the lives of unborn children from the stage of viability.  
24 Neither governmental interest is intended to replace the other.

25       (12) The Citizens of Albuquerque are empowered by Chapter Three of New  
26 Mexico Statutes Annotated and Article Three of the Charter of the City of  
27 Albuquerque to affirmatively act to secure health and safety within its  
28 geographical borders.

29       Section 3. PAIN-CAPABLE UNBORN CHILD PROTECTION.

30       (a) IN GENERAL. - Chapter 12, Article 2, Albuquerque Code of Ordinances,  
31 is amended by inserting after section twenty-eight the following:

32       “§12-2-29. PAIN-CAPABLE UNBORN CHILD PROTECTION.

1 (a) **UNLAWFUL CONDUCT.** - Notwithstanding any other provision of law, it  
2 shall be unlawful for any person to perform an abortion or attempt to do so,  
3 unless in conformity with the requirements set forth in subsection (b).

4 (b) **REQUIREMENTS FOR ABORTIONS.** -

5 (1) The physician performing or attempting the abortion shall first  
6 make a determination of the probable post-fertilization age of the unborn child  
7 or reasonably rely upon such a determination made by another physician. In  
8 making such a determination, the physician shall make such inquiries of the  
9 pregnant woman and perform or cause to be performed such medical  
10 examinations and tests as a reasonably prudent physician, knowledgeable  
11 about the case and the medical conditions involved, would consider  
12 necessary to make an accurate determination of post-fertilization age.

13 (2) (A) Except as provided in subparagraph (B), the abortion shall not  
14 be performed or attempted, if the probable post-fertilization age, as  
15 determined under paragraph (1), of the unborn child is 20 weeks or greater.

16 (B) Subject to subparagraph (C), subparagraph (A) does not apply if  
17 -

18 (i) in reasonable medical judgment, the abortion is necessary  
19 to save the life of a pregnant woman whose life is endangered by a physical  
20 disorder, physical illness, or physical injury, including a life-endangering  
21 physical condition caused by or arising from the pregnancy itself, but not  
22 including psychological or emotional conditions.

23 (C) Notwithstanding the definitions of 'abortion' and 'attempt an  
24 abortion' in this section, a physician terminating or attempting to terminate a  
25 pregnancy under an exception provided by subparagraph (B) may do so only  
26 in the manner which, in reasonable medical judgment, provides the best  
27 opportunity for the unborn child to survive, unless, in reasonable medical  
28 judgment, termination of the pregnancy in that manner would pose a greater  
29 risk of -

30 (i) the death of the pregnant woman; or

31 (ii) the substantial and irreversible physical impairment of a  
32 major bodily function, not including psychological or emotional conditions, of  
33 the pregnant woman;

1 than would other available methods.

2 (c) **BAR TO PROSECUTION.** - A woman upon whom an abortion in violation  
3 of subsection (a) is performed or attempted may not be prosecuted under, or  
4 for a conspiracy to violate, subsection (a), or for an offense under section 2, 3,  
5 or 4 of this title based on such a violation.

6 (d) **DEFINITIONS.** - In this section the following definitions apply:

7 1. **ABORTION.** - The term 'abortion' means the use or prescription of  
8 any instrument, medicine, drug, or any other substance or device -

9 (A) to intentionally kill the unborn child of a woman known to  
10 be pregnant; or

12 to be pregnant, with an intention other than -

13 (i) after viability to produce a live birth and preserve the  
14 life and health of the child born alive; or

15 (ii) to remove a dead unborn child.

16 2. **ATTEMPT AN ABORTION** - The term 'attempt', with respect to an

18 them to be, constitutes a substantial step in a course of conduct planned to  
19 culminate in performing an abortion.

20 (2) **FERTILIZATION.** - The term 'fertilization' means the fusion of  
21 human spermatozoon with a human ovum.

22 (3) **PERFORM.** - The term 'perform', with respect to an abortion,  
23 includes induction of an abortion through a medical or chemical intervention  
24 including writing a prescription for a drug or device intended to result in an  
25 abortion.

26 (4) **PHYSICIAN.** - The term 'physician' means a person licensed to  
27 practice medicine and surgery or osteopathic medicine and surgery, or  
28 otherwise legally authorized to perform an abortion.

1 reasonable medical judgment, will with reasonable probability be the post-  
2 fertilization age of the unborn child at the time the abortion is planned to be  
3 performed or induced.

4 (7) REASONABLE MEDICAL JUDGMENT. - The term 'reasonable  
5 medical judgment' means a medical judgment that would be made by a  
6 reasonably prudent physician, knowledgeable about the case and the  
7 treatment possibilities with respect to the medical conditions involved.

8 (8) UNBORN CHILD. - The term 'unborn child' means an individual  
9 organism of the species homo sapiens, beginning at fertilization, until the  
10 point of being born alive.

11 (9) WOMAN. - The term 'woman' means a female human being  
12 whether she has reached the age of majority.

13 (e) SEVERABILITY. - If any part or application of the Pain-Capable Unborn  
14 Protection Ordinance is held invalid, the remainder or application to other  
15 situations or persons shall not be affected.”
