7 COUNTED, PROVIDING INSTRUCTIONS FOR AN ACTION PLAN, AND MAKING
8 AN APPROPRIATION.

9 WHEREAS, a decennial census of every resident is required under Article

1 by the United States Census Bureau to reduce the number of regional census
2 offices from 12 to 6 and the number of area census offices from over 500 to
3 248, asserting that the decision to reduce the number of field offices and to
4 focus on on-line census forms will harm the ability of the Bureau to count
5 those persons who are part of hard-to-count populations being these persons
6 have a lower rate of access to the internet.

7 WHEREAS, a census undercount has the potential to severely injure the
8 State of New Mexico via inaccuracy, so the City of Albuquerque and the
9 County of Bernalillo strongly desire an actual, accurate enumeration; and

10 WHEREAS, the annual appropriations of federal intergovernmental
11 funding for health, education, transportation, child and elder care, emergency
12 preparation and response, and social growth and support programs of all
13 kinds depend on complete and accurate age, population and other ethnic and
14 demographic information that is gathered every ten years; and

15 WHEREAS, all units of government, large and small corporations, non-
16 profit organizations, faith based organizations and local businesses of all
17 sizes require accurate information about population, family size and income
18 data, for purposes of making investments, job development, marketing
19 guidance, and to determine the impact of education, health and social
20 programs; and

21 WHEREAS, the Census count is extensive work, and the Census Bureau
22 requires partners at the state and local levels to ensure a complete and
23 accurate count. The City of Albuquerque would be joining 39,000 government
24 entities throughout the United States and its territories that are in partnership
25 with the U.S. Bureau of the Census; and

26 WHEREAS, a combined City of Albuquerque and County of Bernalillo
27 Complete Count Committee would be the most effective and efficient means to
28 ensure an accurate and complete count. Many of the stakeholders in the
29 Census process for the City of Albuquerque and the County of Bernalillo are
30 one and the same, and a cooperative effort by the two agencies is the most
31 effective and efficient use of personnel and resources. These stakeholders
32 include agencies and outreach groups that can provide the access to and the

1 resources for reaching out to the general population, especially those
2 individuals in hard to count categories; and

3 WHEREAS, the County and City welcome assistance and advice from
4 state, tribal and local agencies, especially community-based organizations,
5 school districts, local businesses, and traditional and new media in counting
6 the entire population, especially hard to count, or undercounted populations;
7 and

8 WHEREAS, the more informed residents are about the 2020 Census
9 operations, the better their understanding of the census process becomes,
10 thus increasing their willingness to be a part of an accurate and successful
11 enumeration in 2020 and to trust the confidentiality of the information
12 gathered through the Census including that:

13 – Individual and family information is held completely in
14 confidence by strong federal laws supported by consistent court rulings at all
15 levels and is never released even to other units of local, state or federal
16 governments except in large statistical totals, or to family members after 72
17 years and only for genealogical purposes; and

18 – The Supreme Court of the United States has ruled against the
19 use of statistical sampling to adjust for counting overages or undercounting
20 in the census; and

21 WHEREAS, the County of Bernalillo has appropriated \$100,000 to
22 support and administer a Census 2020 Complete Count initiative; and

23 WHEREAS, the FY2019 General Fund Budget for the City of
