CITY OF ALBUQUERQUE

Albuquerque, New Mexico

Office of the Mayor

Mayor Timothy M. Keller

INTER-OFFICE MEMORANDUM 12/19/2024

TO: Dan Lewis, President, City Council

FROM: Timothy M. Keller, Mayor

SUBJECT: Mayor's Recommendation of Award for RFP-2025-621-DFA-EV, Workers' Compensation Cost Containment Services - Medical Bill Review

The City of Albuquerque's Department of Finance and Administration Services, Risk Division, in conjunction with the Department of Finance and Administration Services, Purchasing Division, issued the RFP for Workers' Compensation Cost Containment Services - Medical Bill Review.

The RFP was posted on the Purchasing e-Procurement, Bonfire website on September 5, 2024, and advertised in the Albuquerque Journal on September 15, 2024.

The City received five (5) responses to this solicitation. The ad hoc evaluation committee evaluated and scored the proposals received in accordance with the evaluation criteria published in the RFP. After thoroughly reviewing and scoring the proposals, CorVel Corporation scored the highest of the responsive offerors. The ad hoc committee found CorVel Corporation to be both responsive and qualified and recommends an award to the offeror named.

I concur with this recommendation.

The City of Albuquerque's Department of Finance and Administration Services, Risk Division will manage this contract.

Cover Analysis

1. **What is it?**
   This is a request for approval to contract with CorVel Healthcare Corporation in the amount of $65,960.00 annually for up to five (5) years. This contract is for medical bill review services of workers' compensation claims.

2. **What will this piece of legislation do?**
   This legislation will authorize Risk Management to enter into a contract with CorVel Healthcare Corporation for medical bill review services for workers' compensation medical bills.

3. **Why is this project needed?**
   The New Mexico Workers' Compensation Act mandates payment reduction of medical bills to the lowest dollar value available pursuant to the Health Care Provider Fee Schedule and Billing Instructions as enacted by the New Mexico Workers' Compensation Administration. In addition, Explanation of Benefits (EOB) for reduction of medical bills must be issued in accordance to the fee schedule and rules.

4. **How much will it cost and what is the funding source?**
   The estimated cost is $65,960.00 per year for up to five (5) years. The funding source is the Risk Management Fund 705, Account 526311 and Department 2542000.

5. **Is there a revenue source associated with this contract? If so, what level of income is projected?**
   No.

6. **What will happen if the project is not approved?**
   Risk Management may not accomplish the goal of reducing workers' compensation claim costs and being in compliance with the New Mexico Compensation Act.

7. **Is this service already provided by another entity?**
   CorVel is the current provider.

Re: Workers' Compensation Cost Containment Services - Medical Bill Review, RFP- 2025-621-DFA-EV

Dear Mr. Vargas,

We greatly value our ongoing partnership with the City of Albuquerque and are proud to have supported your organization since 2020 with our medical bill review solution. Our proprietary technology uses millions of specialized rules and advanced automation to accurately and efficiently re-price all types of medical bills and procedures, delivering industry-leading savings and cost containment.

During our four-year partnership, there have been numerous achievements CorVel, and the City have accomplished by working together. Below are a few results we feel best illustrate the impact on your program:

- Custom Service Handling Instructions for CABQ Bill Review Program
- Turn Around Time for Bill Review Services is above industry standards
- Customer Service at a local level to include State Expert

As we look to the future, we are confident that CorVel remains the best fit to continue managing your medical bill review program. We know your organization, your team, and your program – and we know how to deliver the results to make the greatest impact to meet the City's needs.

I will continue to serve as the primary contact for the City's program and this proposal. Please do not hesitate to ask me any questions you may have. I can be reached by telephone at 505-506-0251 or email at Nicole_Ferrera@corvel.com. Thank you again for the opportunity to continue to build upon our strong partnership.

Sincerely,

Nicole Ferrera
Account Manager

TECHNICAL PROPOSAL

2.1.1 Offeror Identification: State name and address of your organization or office and nature of organization (individual, partnership or corporation, private or public, profit or non-profit). Subcontractors, if any, must be identified in a similar manner. Include name, email address and telephone number of person(s) in your organization authorized to execute the contract resulting from this RFP. Submit a statement of compliance with all laws stated herein. Submit a statement of agreement to the Required Contract Terms; state exceptions. Show receipt of Addenda if applicable. Provide a statement or show ability to carry the insurance specified.

- **Organization Name**
  CorVel Healthcare Corporation

- **Organization Address**
  The servicing office for the City is located at:
  1720 Louisiana Blvd. NE, Suite 300, Albuquerque, New Mexico 87110

- **Nature of Organization**
  CorVel Healthcare Corporation is the wholly-owned operating subsidiary of CorVel Corporation, a publicly-traded healthcare management company held to the standards of NASDAQ (CRVL) and the SEC.

- **Subcontractors**
  CorVel's software, systems and staff are direct resources of our company. We currently do not outsource or utilize any significant subcontractors.

- **Contact for Contract Execution**
  If CorVel is awarded the RFP and the contract is negotiated and mutually agreed upon by both parties. Please send the final mutually approved agreement to:

  Contact: Brandon O'Brien, Chief Financial Officer
  Email: brandon_obrien@corvel.com
  Phone: 714-345-2426

- **Statement of Compliance to Laws**
  CorVel agrees to be compliant with all applicable local, state and federal laws for services to be provided hereunder this Agreement.

- **Statement of Agreement to Terms and Conditions**
  CorVel agrees and will comply with the agreement of Terms and Conditions.

  CorVel reserves the right to negotiate the terms and conditions of the Agreement if awarded the RFP.

- Receipt of Addenda

  CorVel confirms that we have received and read Addendum #1.

- Insurance Requirements

  CorVel can meet the insurance requirements, however any modifications or changes in the City's insurance requirements must be mutually agreed to in writing by both parties.

2.1.2 **Executive Summary: Provide a summary highlighting the major features of your proposal. Describe your organization's approach for medical bill review. Describe the benefits the City would gain from awarding a contract to your firm. The City should be able to determine the essence of the proposal by reading the executive summary.**

CorVel's bill review program manages all aspects of our clients' cost containment program via a single, integrated solution focused on providing quality care while positively impacting your bottom line. Our industry leading formula includes a national provider network, a smart bill review system and the clinical expertise of our professional review nurses. Together, these components deliver savings across your entire program from the simplest bills to the most complex, high dollar claims. CorVel manages all of your medical risk - from pharmacy and physical therapy to out of network, fee negotiation and implant costs.

Networks

CorVel built our own performance-based PPO network to ensure the quality of care being delivered to patients. Every directly contracted provider has been selected based on their workers' compensation experience, quality of delivery, range of services, cost and location. As a part of our network, providers are contractually obligated to do more than just accept a PPO discount. We outline, monitor, and hold providers accountable to return to work protocols, adherence to evidence-based practice guidelines, prescribing methods and appropriate billing practices in order to continuously deliver the positive outcomes our clients expect. This ensures patients receive the most appropriate care and enhances your overall program savings.

Smart Bill Review

CorVel's local team that will be servicing the City's account will collaborate to provide custom account instructions to accommodate your needs. We have developed proprietary software for smart bill review. Our sophisticated bill review platform services every type of bill and offers a number of advantages over other programs. Populated with millions of business rules and billing protocols, and powered by predictive modeling capabilities, our system provides a rigorous analysis of all bills and delivers powerful cost reductions quickly and efficiently. Automated business rules and notifications are programmed into the system and can easily identify incorrect or questionable billings when they occur.

They also trigger interventions by the adjuster or escalate to subject matter experts, and can be tailored to a client's specific business objectives so their organization's rules are applied to every bill. This smart, rules-based approach eliminates human error and gives payors the confidence that every possible discount has been applied to each bill.

Expert Review

CorVel's local office in New Mexico offers an average experience of over 15 years in New Mexico workers' compensation bill review services. Our state expert in the New Mexico fee schedule, Roberta King, will assist the City with accurate bill reviews. When left unchecked, complex bills can easily account for the most significant expenses in an employer's cost containment program. CorVel's professional review combines the power of smart software with the clinical expertise of professional review nurses and certified procedure coders to evaluate every complex bill. Together, they routinely detect problematic or costly areas where we can intervene and recommend strategies for savings. CorVel also provides expert clinical review of implants, to verify each implant device and deliver significant savings for the City's in and out-of-network high dollar bills.

Reporting and Analytics

CorVel offers true integration of all data allowing you to manage risk when it counts. Our robust reporting and analytics capabilities via our portal, www.caremc.com, offers extensive access to important claims data including all associated bill review information such as scanned medical bills and explanations of review. With online access to comprehensive data, clients can track medical costs throughout the life of a claim and review bills being processed instantly and at your convenience. Nicole Ferrera, the City's Account Manager, will maintain ongoing communication with the City to provide support for your day-to-day needs including any reporting and training requests. She will address any inquiries or issues that may arise and is fully empowered with the required technical and management resources to ensure a timely resolution. Nicole will also coordinate annual stewardship meetings with the City to discuss program results and identify areas of opportunities for program enhancement.

The Advantage

CorVel integrates medical management, provider networks, bill review, and analytics into a single solution that allows clients to proactively manage disability and improve outcomes against every measure. Our local office in New Mexico will be supporting the City's program and has been providing bill review services in New Mexico since 1991. We are the only local New Mexico bill review office in the state with a local team and New Mexico state expert.

We have moved beyond the discount mentality that has been a driving force in the industry and instead leverage technology to see real, measurable gains in outcomes. Clients who have realized the power of our bill review program have experienced improved workflows, proactive management of patient treatment, and industry leading savings.

2.1.3 Experience: State your experience in providing medical bill review services. How long has your organization provided these services to self-insured employers (groups) or workers' compensation insurance carriers? Describe what differentiates your organization from your competitors, technically and specifically. Provide a summary detailing performance for similar projects and/or experience with similar scope and size for at least five (5) current entities; include entity name, contact person and contact information, services provided, and length of service. State relevant experience with other municipalities for government entities.

CorVel Experience

CorVel has over 35 years of experience as a national provider of healthcare management solutions to employers, third party administrators, insurance companies, and government agencies. We are publicly traded (NASDAQ:CRVL) with annual revenues exceeding $795 million in fiscal year 2024. We have approximately 5,000 employees who serve more than 1,100 customers through a national branch office network covering all 50 states. Our continued customer growth is a testament to our financial stability. Our significant investments in new systems and technologies allow us to continue delivering industry-leading solutions to the marketplace.

We help reduce workers' compensation costs through early intervention, medical treatment plans, return-to-work programs, medical bill review, preferred provider savings, patient management, and pharmacy benefits management. Our managed care solutions are based on a simple formula – a combination of our state-of-the-art bill review software, case management expertise, and a national PPO built for the casualty market. Each cost containment innovation offers employers improved return-to-work outcomes and industry-leading savings.

Looking to the future, CorVel plans to add new information management tools to each service line, further expanding the information processing capabilities that have always been the core of our company's value proposition.

Bill Review Differentiators

CorVel is a national expert in bill review in the industry. We specialize in bill cost containment through a combination of rules-based technology, clinical expertise, and proprietary PPO network. We offer a winning formula by combining these elements into a single, powerful savings solution, offering up to 28% greater savings.

State-of-the-Art Rules Engine

Our rules engine was built from the ground up based on a collaboration of state and industry experts, medical professionals, product managers, and bill review staff. It is highly flexible and can be configured to meet the City's specific business requirements to impact your program most effectively. Our system ensures accurate and consistent bill review to maximize savings.

Clinical/Professional Review

CorVel's rules engine allows for bills meeting pre-established thresholds to be flagged and electronically forwarded for clinical review. We employ an experienced team of registered nurses and certified coders to review bills against actual medical files to find inconsistencies between services provided and services billed. Our nurses have clinical backgrounds in all areas of medicine, and certified coders are thoroughly versed in medical billing and coding to ensure an accurate, consistent, and thorough review.

Integrated, Proprietary PPO Network

CorVel delivers significant discounts below fee schedules and usual and customary rates through the integration of our proprietary PPO network and bill review service. We maintain direct contracts with our network providers that allow us to generate the maximum possible savings through negotiated discounted rates. Additionally, CorVel partners with several national and regional affiliate networks to ascertain adequate coverage and access to quality care.

Negotiations

As an added benefit to our bill review service, CorVel offers negotiations for all out-of-network bills with penetration of over 30%. Our team has extensive backgrounds in billing and practice requirements and can negotiate medical charges below billed charges, applicable fee schedule, and usual and customary rates.

Local State Advocates

CorVel has designated state advocates managing and supervising the processing of bills in New Mexico to ensure our service is in compliance with state mandates. Maintaining current, consistent, and accurate rules databases is critical to the success of our bill review solutions. Our national yet local community presence allows anticipated changes to be coordinated by our centralized data management department, ensuring timely updates to the bill review and PPO management system.

Experience with Municipalities

CorVel provides third party administration services for more than 120 municipalities and public entities across the United States, including cities, counties, states, public transportation, and public education clients.

Please see below for a sample list of our current municipal clients and government entities:

- Builders Trust
- Food Industry Self-Insurers
- New Mexico Self Insurers Fund
- Maricopa County, AZ
- City of Mesa, AZ
- State of New Mexico Workers' Comp Administration
- City of Danville, VA
- City of Miami Beach, FL
- City of Raleigh
- City of Topeka, KS
- Franklin County, NY
- Illinois State Toll Highway Authority
- Miami Dade County
- Orange County Fire Authority
- State of Tennessee
- Washington County, OR

- City of Fort Collins, CO
- City of Redding, CA
- City of Pompano Beach, FL
- County of Riverside, CA
- City of Baytown, TX
- City of Fort Lauderdale, FL

Partnership with the City

Since 2020, CorVel has been providing bill review services to the City, achieving an average savings of over 60% on all bill charges in New Mexico. Our turnaround time for bill review exceeds industry standards, ensuring timely and efficient service. We have collaborated closely with the City to tailor service handling instructions, delivering seamless and customized bill review solutions. Additionally, we have established a local structure to support the program, with a dedicated team offering personalized customer service and access to state expertise, backed by CorVel's national resources.

2.1.4 Proposed Approach to Scope of Services; Transition and Implementation Plan: Discuss fully your proposed approach to the scope of services described in Part 3.

CorVel confirms that we have the required knowledge, skills, and experience to continue performing the bill review services in accordance with the scope of work. Services will be performed in a diligent, professional manner, using an appropriate number of qualified individuals and in compliance with applicable industry standards.

2.1.4.1 The Offeror shall include a detailed transition and implementation plan including a timeline for completion of each task and party responsible.

As the incumbent, implementation will not be needed.

2.1.4.2 The Offeror shall demonstrate its ability to interface with the City's claims management system.

As the incumbent, CorVel is already interfaced with the City's claims management system.

2.1.4.2.1 The Offeror shall have the ability to daily upload to the City's claims management system: Explanation of Review, reconsiderations, payment allowance, and the Offeror's fees.

CorVel has the capability and will continue to upload daily explanations of review, reconsiderations, payment allowances, and associated fees to the City's claims management system, as we have successfully done throughout our existing partnership.

2.1.4.2.2 The Offeror shall have the ability to receive daily from the City's claims management system: claim data, vendor file, actual images of bills, and supporting bill documents.

CorVel has the ability to continue receiving claim data, vendor files, images of bills, and supporting bill documents daily from the City's claims management system.

2.1.4.3 The Offeror shall provide any prior experience with transition and implementation plans. Describe what lessons were learned that can assist with this project.

CorVel successfully transitioned and implemented bill review services for the City in 2020, leveraging a well-structured and seamless process. Key to this success was the assignment of a designated local account manager and a state expert, ensuring both in-depth knowledge and personalized support throughout the implementation. Our local office provided hands-on assistance, streamlining communication and addressing any concerns promptly. The lessons learned from this transition highlighted the importance of having dedicated, local resources and clear communication channels, which contributed to a smooth implementation and will ensure success for future projects.

Please see Appendix C: Successful Implementation Case Study, for details on an additional successful implementation.

2.1.4.4 Describe resources needed to fulfill the scope of services.

During our four-year partnership, CorVel and the City have collaborated to identify successful resources to meet the needs of the City's program. These resources are specific to the City's needs to fulfill the scope of services.

Our customized service resources available to the City include but are not limited to the following:

- Utilizing the specialized City's PPO network
- Successful EDI with import and export data
- Regular vendor file updates
- Customized service handling instructions
- Specialized reporting and invoicing
- Average turnaround time under 5 business days
- Local State expert with 15+ years' experience and knowledge of working with the New Mexico WC Fee Schedule and rules and regulations

CorVel provides the City with the convenience of a local office that has serviced the New Mexico workers' compensation community since 1991 and a designated local account manager.

2.1.5 Management Summary and Project Management: Provide an overview of your organizational structure and management team. Describe the key staff member that will be assigned to the City account including education, training, experience and where they are located (include resumes to demonstrate their ability and experience). Demonstrate the experience each individual has reducing bills in the jurisdiction of New Mexico.

Organizational Structure

CorVel has built our organizational structure and service delivery models based on the philosophy that healthcare is a local business. An integral part of our strategy is to offer services at the local or regional level where workers' compensation claims are administered. Each location has access to national resources and software developed at the corporate level, which provides our clients with consistent service combined with local expertise. Our structure also allows each office to operate appropriately and efficiently in the particular regulatory environment in which it exists. Claims data is collected at the local level, processed centrally, and made available through our website for consolidated reporting at state, regional, or national levels.

The account management team is responsible for designing, implementing, and monitoring the program with the field offices involved in the servicing of the account. Account instructions and requirements are implemented nationally and pushed out to field operations, leveraging our technology to ensure consistency and continuity in the program. The account manager is responsible for monitoring service delivery and ensuring compliance with service requirements and standards.

Key Personnel

Please see below for the key personnel who currently service the City's account:

Chris Lyons, Regional Vice President

Chris oversees sales and operations across Alaska, Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, and Washington. His areas of expertise include claims administration, medical bill review, medical case management, preferred provider networks, and ancillary care programs.

Lisa Romero, District Vice President

With over 20 years of customer service experience and more than 15 years in insurance, Lisa brings extensive knowledge in workers' compensation insurance. Her depth of experience makes her a vital resource in delivering exceptional service.

Nicole Ferrera, Account Manager

Nicole is a skilled professional with experience in sales, management, customer service, finance, and communications. She excels in prioritization and is detail-oriented, consistently delivering high-quality work. Nicole is a team player with a positive attitude and has experience collaborating with individuals from diverse backgrounds.

Roberta King, Bill Review Supervisor

Roberta has over 30 years of bill processing experience, including 15 years with CorVel. She possesses extensive knowledge of New Mexico's Maximum Allowable Payments (MAP) system. Roberta oversees the bill review workflow, ensuring that analysts process bills accurately and on time. Every Explanation of Review (EOR) sent to a customer is personally reviewed by Roberta for quality assurance. She also manages all customer and provider inquiries.

Trish Amlong, Bill Review Analyst

With more than 20 years of experience in the bill review industry, Trish has developed a strong understanding of the New Mexico fee schedule. She ensures that customers are paying for the appropriate services at the correct reimbursement rates by closely following account guidelines and fee structures.

For more detailed information on each staff member's education, training, and experience, please refer to Appendix D: Key Personnel Resumes.

2.1.5.1 Demonstrate the Offeror's access to Preferred Provider Organization (PPO) Network within the state of New Mexico. List current New Mexico providers in PPO network.

CorVel's PPO network is comprised of over 1.2 million providers, 8,617 in New Mexico specifically, offering local insight with national coverage. We have more than 100 national, regional and local staff supporting our network with local community access which provides quality and choice. Our dedicated PPO developers are responsible for local recruitment, contract negotiations, credentialing and re-credentialing of providers as well as developing customer specific provider networks. Our national database of providers is managed by local PPO management teams with knowledge of providers and discounts. Our PPO data is centrally located so we ensure data is updated and correct. In addition, we seamlessly integrate and utilize the City's PPO network, ensuring that the City benefits from both local providers and the broader coverage of our national network for optimal service and access.

Please see Appendix E: New Mexico PPO Network.

2.1.5.2 Demonstrate how your management plan addresses the following:

- Commitment to seven-day turnaround time for completing a bill review,

  CorVel's standard commitment for medical bill review turnaround time is 5-7 business days from bill receipt for complete bills. Bills subject to clinical review can have a turnaround time of up to 10 business days depending on complexity. Our average turnaround time for the City's program is 4 days.

- Quality control measures to ensure accurate bill reviews,

  CorVel has established several best practices to ensure our bill review system and quality standards are maintained. Examples of our best practices include automatic quality control audits built into the rules engine of our bill review system, data verification and data integrity audits performed by skilled bill review analysts, as well as regularly scheduled quality control audits for our analysts. CorVel has found a 98% accuracy rate on all QA'd bills.

  In addition, large hospital bills go to a bill review manager for second level approval as well as any large fee and/or credit on a bill. We also have rules that can be tailored by the City to have specific bills automatically flagged for second level approval by a bill review manager.

- Duplicate bill submissions,

  As an integral process of our medical bill processing, CorVel identifies both full duplicates, partial duplicates, and possible reconsideration requests through automated data comparisons to bill history and bills in progress. Partial duplicates and potential reconsideration requests are routed for manual scrutinization by our highly trained bill review analysts, ensuring that partial duplicates are accurately identified and that reconsiderations are routed for priority processing. We respond to duplicates using appropriate jurisdictional forms and regulations.

  Our system uses all data elements to identify potential duplicate bills across claims and providers to eliminate potential waste from re-billers or inaccurate provider data submission. Data elements include provider, claim, date of service, and CPT code. If a match is detected, our system will notify the bill review analyst of the potential duplicate so they can take appropriate action.

- Special handling instructions,

  CorVel's ability to identify special handling instructions is client-specific and integrated into our bill review program. Special handling bills may include but are not limited to, negotiable bills, first aid bills, ambulance bills, home health bills, and catastrophic bills. As the incumbent, we already have the City's customized service handling instructions incorporated into their program.

- Bills submitted for reconsideration,

  Upon a provider's receipt of an Explanation of Review (EOR), the provider may make an appeal/request for additional reconsideration of the bill.

They must resubmit a copy of the bill with any relevant medical records that contain additional information on the code(s) they are appealing. CorVel then completes a thorough review of the reconsideration, and information is included on the new EOR as to the conclusion of the appeal review.

- Bill review dispute resolution,

  CorVel diligently responds to disputed bill payments by medical providers. If a review is sent back to us for re-evaluation, it is logged into our system. Our bill review staff will review the bill and the original to determine if the bill was. After the review is completed, an EOR is issued explaining the findings.

  If new information is provided that allows an additional payment recommendation to be made, the amount and the original explanation will be included on the EOR.

- Bills submitted for gross receipts tax on services previously processed,

  CorVel handles these bills through the local bill review staff as an appeal or reconsideration.

- NM Health Care Provider Fee Schedule & Billing Instructions,

  ### Rules Engine

  Our robust rules engine ensures accurate and consistent bill review to maximize savings for the City. Our rules engine is highly flexible and can be configured to meet your specific needs. Once the bill is in the system, our proprietary rules engine applies individual rules for usual and customary review, fee schedule analysis, and pharmacy review. It also identifies fragmented billings, potential upcoding, etc., and will identify charges that have opportunity for coding review.

  ### Billing Instructions

  CorVel incorporates any variance from the agreed-upon payment guidelines into the bill review process. Variances from the fee schedule and PPO contract require a signed authorization form, submitted with the bill, that agrees with this special payment instruction. The bill review analyst will then process the bill accordingly. We will work in conjunction with the City to tailor a process specific to any specialty pay arrangements.

- Updating of bill review system with jurisdiction changes,
  All releases are planned months in advance taking into consideration customer needs and legislative updates.

We solicit customer feedback and ideas regarding our software. CorVel has major system updates once a month, and minor updates once a week.

Bill review software updates include:

- Creation of new reports based on customer requests
- Enhancements to CorVel's online bill approval tool based on customer feedback
- Enhancements to the Claims Browser (online bill inquiry tool) based on customer feedback
- Repricing updates based on state-specific requirements
- New PPO additions and repricing support based on new or modified PPO networks
- Ongoing enhancements of CorVel's bill data importer from scanning results (eBill)
- Ongoing enhancements of CorVel's bill inventory control system
- Ability to assign bills based on complexity, state and line of business to the appropriate user
- Additions and automation of CorVel's rules engine for bill review
- Workflow enhancements for efficiency and productivity gain

- Reporting capabilities,

Key program metrics and service levels are tracked at a frequency agreed upon at implementation, i.e., monthly, quarterly, or annually. CorVel can track the following items and can also include additional items based on the City's business needs:

- Medical bill processing timeliness
- Medical bill processing accuracy
- Timely re-evaluations
- Percentage of reconsiderations and appeals
- Issue responsiveness
- Auto approval rate

The reporting and analytics capabilities in our portal, www.caremc.com, offer extensive access to important data, including all associated bill review information, such as scanned medical bills and explanations of review. With online access to comprehensive data, the City can track medical costs throughout the life of a claim and review bills being processed instantly and at your convenience.

The Medical Bill Review Outcomes Dashboard provides various customizable views into key program measurement areas specific to a unit or division. The dashboard displays and sorts invoiced bill data by ICD codes, procedure and revenue codes, drug and supply codes, and network solution savings.

CorVel currently provides the City with a comprehensive set of reports, including a Turnaround Time (TAT) Report, Invoice Detail Backup Report, Bill Review Savings Detail Report, Duplicate Report, and a quarterly Stewardship Report.

These reports ensure full transparency and detailed insights into the performance and savings of the City's program.

- **Security measures, Health Insurance Portability and Accountability Act (HIPAA) compliance, and computer back-up systems.**

Security of Data

To ensure the security and integrity of data, whether it is financial, client, claimant, or provider data, Treasury Services has multiple controls in place. Only Treasury Services personnel have access to the software applications for releasing payments for printing. Audit controls prevent Treasury personnel from entering payment data. All payment data is entered prior to Treasury Services involvement in the process.

Once funding for the account/ payments are verified, payments are then released for mailing or electronic processing. Payment data and bank information is printed on the blank check stock from an encrypted file at the time of printing and mailing of the physical payments. The production area where these payments are printed is secure with access to limited personnel. Payments are kept within this area until picked up by a presort company for transition to the Postal Service. Electronic payments compile into an encrypted file that is uploaded to Wells Fargo.

Payment information for physical checks is uploaded to Wells Fargo as part of the printing process. Treasury Services reviews Image Positive Pay and ACH Fraud filter notifications from Wells Fargo daily. Presented transactions that do not exactly match to the payment data are reviewed during this process.

CorVel follows all OFAC requirements for evaluating and reporting entities noted for review. To date, we have not had to report a match.

HIPAA Compliance

CorVel understands the sensitivity of health information and we continue to make company-wide initiatives to protect informational privacy and security. Our systems, software, and services are continually enhanced to safeguard Protected Healthcare Information (PHI) and assure our clients and trading partners that exchanging data with CorVel will take place within the bounds of HIPAA compliance. Access to our network and web-based services entails user-specific authentication and role-based security. In addition to our technical safeguards, administrative and physical safeguards have been put into place throughout CorVel. Our staff is fully trained in HIPAA compliance and we continue to keep our staff updated through a corporate-driven initiative that encompasses all aspects of training, documentation, and execution pertaining to HIPAA.

Data Back-Up System

CorVel's national data center is located near Portland, Oregon. The redundancy center, located in Lone Mountain, Nevada, is our backup processing site in the event that the Portland data center suffers a catastrophic loss. Our data is continually replicated to Lone Mountain in near real-time. In the event the Portland data center is offline, the redundancy center can be quickly activated with current information.

2.1.6 Reprice Medical Bills: Accurately reprice sample bills provided in Appendix A along with completion of the Medical Bill Repricing Sheet, also found in Appendix A.

CORVEL

Case Study

Customer Spotlight: CoreCivic

A Great Start

The Company

CoreCivic is the nation's leading provider of correctional solutions. CoreCivic designs, builds and operates 65 correctional facilities and detention centers across the country, with approximately 17,000 employees in 16 states.

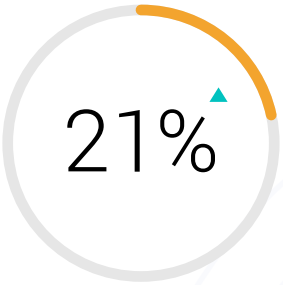
> "The professionalism, service and attention from CorVel's staff is tremendous. Our program is what CorVel promised and delivered."
>
> **– Jay Brown, Director of Workers' Compensation**

The Partnership

After working with the same third party administrator for more than a decade, Jay Brown, CoreCivic Director of Workers' Compensation, was looking for a program that would help CoreCivic manage their costs and provide quality care to their employees. They found the match they were seeking in CorVel and began a partnership in April 2012 for claims administration and managed care services.

The Right Start

Reluctance to change is inherent within the industry because of indirect costs. CorVel overcomes these concerns with solutions facilitated by constant communication and seamless transition plans. CoreCivic and CorVel aligned their goals to spearhead change and make the possibility of significant results a reality. CorVel's experienced staff allowed for a smooth transition that required little effort by CoreCivic. As a testament to proactive collaboration, CorVel successfully implemented CoreCivic's program in less than 30 days.



increase in savings per bill

Improved Savings

In addition to executing an effective transition, CoreCivic received significant results almost immediately. Within 12 months, CorVel delivered average medical bill review savings of 21% per bill, saving CoreCivic nearly $500,000 in the first year of their program. CorVel continues to monitor CoreCivic's full suite of services and looks forward to building upon this strong foundation.

CHRIS LYONS

REGIONAL VICE PRESIDENT

SUMMARY OF QUALIFICATIONS

Manager of sales and operations for Alaska, Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah and Washington. Product lines include claims administration, medical bill review, medical case management, preferred provider networks and ancillary care programs.

PROFESSIONAL HISTORY

District Manager, Area Vice President, Regional Vice President
CorVel Corporation / 1998 – present

Accountable for strategic focus, new business development, new product development, customer service, customer retention and operational performance for the ten states listed above.

Assistant Vice President
CNA Insurance - Cost Management Division / 1996 – 1998

Medical Cost Management Coordinator
CNA Insurance / 1993 – 1996

EDUCATION

Master of Science / Management and Marketing
University of Colorado, Denver

Bachelor of Science / Finance and Marketing
University of Colorado, Boulder

CREDENTIALS AND AFFILIATIONS

Member, Colorado Public Risk Management Association (PRIMA)

Member, Self-Insured Associations

Member, Professionals in Workers' Compensation

Member, RIMS

LISA ROMERO

DISTRICT VICE PRESIDENT

SUMMARY OF QUALIFICATIONS

More than 20 years customer service experience. More than 11 years insurance experience. Extensive experience in workers' compensation insurance.

PROFESSIONAL HISTORY

District Vice President
CorVel Corporation / 2021 – present

Oversee all operations for New Mexico and Arizona.

District Manager
CorVel Corporation / 2015 – 2021

Responsible for all aspects of customer service and public relations; meeting with customers, forecasting customer needs and customer resolutions.

Regional Account Manager
CorVel Corporation / 2010 - 2015

Responsible for all account management, customer service, customer implementations.

Branch Manager
Rio Grande Credit Union / 2006 - 2010

Created strong team of successful loan officers that produced loan volume and sold products that exceeded standards.

Director of Marketing
Rio Grande Credit Union / 2004 - 2006

Developed, implemented and maintained the credit union's marketing and public relations plan.

EDUCATION

Bachelor of Administration / Business
University of New Mexico Anderson School of Management

LISA ROMERO

DISTRICT VICE PRESIDENT

CREDENTIALS AND AFFILIATIONS

Past President, Workers' Compensation Association of New Mexico

Member, WCA of NM Medical Advisory Board

NICOLE FERRERA

ACCOUNT MANAGER

SUMMARY OF QUALIFICATIONS

Skilled Professional with extensive experience in, Sales, Management, Customer Service, Finance and Communications. Detail-oriented, with outstanding work prioritization skills and aptitudes. Team player with a positive work attitude. Experience working with individual from a wide variety of backgrounds.

PROFESSIONAL HISTORY

Account Manager
CorVel Corporation / 2018 – present

Provides customer services for one or more new or established accounts. Responsible for interacting with customers on an executive level and understanding and communicating agreed upon expectations to field offices and increasing the market share of business by providing excellent service, commitment to the customer, and introducing additional services.

Inside Sales Manager
Hewlett Packard / 2015-2016

Mange Existing accounts in the corporate PC Business unit and grow HP presence in accounts. Develop partner relationship with HP Channel partners to add new growth to current book of business. Define, articulate and present customer specific value propositions as a trusted advisor based on customer assessment, service knowledge and experience.

On Premise Sales Representative
Youngs Market Company of AZ / 2013-2015

Provide customer service to 120+ accounts with daily/weekly visits while educating the client on products and its application. Knowledgeable of market/ industry policies, competitive products, promotional opportunities and sales techniques to increase sales for accounts. Prepare and execute sales presentations to current and prospective accounts. Achieve company and supplier goals and sales objective within assigned accounts.

EDUCATION

BBA/ General Management
The University of New Mexico

CREDENTIALS AND AFFILIATIONS

WCA of NM Member, 2017- present

ROBERTA KING

BILL REVIEW SUPERVISOR

PROFESSIONAL HISTORY

Bill Review Supervisor
CorVel Corporation / 2005 – present

19Years managing bill review analysts to ensure compliance with Workers Compensation provider payments under New Mexico Rules and Regulations.

Identify billing trends and inconsistencies.

Compliance with state reporting, coding and updating rules and regulations.

Office Lead on Auto, Liability and Attorney inquires on billing trends, current costs and Usual and Customary reimbursement.

Cigna Healthcare / 1999 – 2005

Group Health Claims Adjuster - 7 Years' experience adjusting Group Health Indemnity and HMO claims.

Trainer/ Auditor- 3 Years' experience training Indemnity and HMO claims processes to newly hired trainees. Identified candidates for higher levels of training and facilitated their courses.

Audited all trainees. Audited all payments for Cigna Healthcare generating over $5,000.00.

Compliance Manager – 1 Year experience managing and implementing internal process continuity.

Claims Adjuster Manager – 5 Years managing indemnity and HMO - level one through three group health adjusters on multiple system platforms.

APPENDIX B
COST PROPOSAL FORM
MEDICAL BILL REVIEW FEES

<u>This form, without modification's,</u> shall be uploaded into the City's eProcurement system, Bonfire, separate from the technical proposal. **<u>FAILURE TO SUBMIT THIS FORM SHALL RESULT IN THE OFFEROR'S PROPOSAL BEING NON-RESPONSIVE.</u>**

1) Identify the flat rate fee for review per Medical Bill. **Use dollar amounts.** Do not include percentages in this space.

   Flat Rate Fee $_____18.00 *Price shall be fully loaded e.g. tax, labor, etc.*

   *In New Mexico, gross receipts tax rates are subject to change twice annually, in January and July. As these adjustments are not predictable, we are unable to provide a forecast for future tax rates.
