**LAND USE, PLANNING AND ZONING COMMITTEE  
of the  
CITY COUNCIL**

**August 30, 2017**

**COMMITTEE AMENDMENT NO. 1 TO R-17-233  
AMENDMENT SPONSORED BY COUNCILOR Benton**

1. On page 2, amend subsection 2 to read as follows:

Should a proposed new association [or a proposed boundary expansion for an existing association] contain an area that overlaps with the boundaries of an association that has been designated inactive by the Office of Neighborhood Coordination within the twelve (12) month period prior to the application of the proposed new association [or boundary expansion], the inactive association shall have a period of sixty (60) days to reestablish their previous status. If the previously active association is successful in reinstating their active status, the new association's boundaries [or boundary expansion] will not be allowed to include the area within the previously active association;

Explanation: This amendment adds a requirement on any existing association that wants to expand their boundaries to include an area that was previously represented by an association designated inactive within a twelve month period. The existing association must first allow the inactive association sixty days to reinstate their active status before the boundary expansion will be considered.
