Dear Council President Bassan and City Councilors:

I write to express my intent for the appropriation and specific use of Capital Outlay funds secured during the 2025 Legislative Session. Funds totaling \$7,562,000 (see LCS ID 4470) represent a critical investment in addressing one of the most pressing needs in our community: affordable housing in District 2, specifically in the Downtown and Baretas areas of Albuquerque.

As Governor, I was proud to appropriate this funding with the clear intention that it would increase access to affordable, safe housing for residents in Downtown and Baretas Metropolitan Redevelopment Areas in Albuquerque. The need for affordable units in the State and the largest Downtown is critical, and these funds should be directed toward efforts that expand housing opportunities for individuals and families who are currently underserved by the market. Councilor Baca advocated and worked with my team to identify affordable housing projects that are shovel-ready.

The scope of this appropriation includes, but is not limited to:

- The development, preservation, or acquisition of affordable, transitional and supportive housing units
- Site preparation or infrastructure improvements necessary to support such housing

The City's stewardship of state capital funds is vital to ensure these opportunities are not lost, and that we continue to prioritize investments that build more affordable housing that increases our housing stock; to that end, the City must serve as the fiscal agent for these funds.

I thank you for your continued commitment to addressing housing insecurity in Albuquerque. I

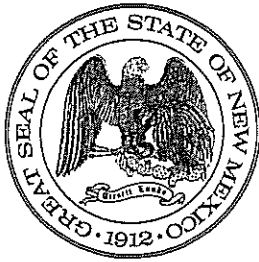

look forward to supporting your efforts in this shared goal.

Sincerely,

Dear Council President Bassan and City Councilors,

I am writing to express my intent for the appropriation and specific use of Capital Outlay funds secured during the 2025 Legislative Session. These funds totaling \$200,000 represent a critical investment in addressing one of the most pressing needs in our community: affordable housing in District 2, specifically in the Downtown and Barelas areas of Albuquerque.

As the Majority Whip for the House of New Mexico, I was proud to appropriate this State funding with the clear intention that these funds would be used to increase access to affordable, safe, and multi-family housing for residents in Downtown and Barelas Metropolitan Redevelopment Areas in Albuquerque. Councilor Baca advocated and worked with my team on affordable housing projects that are shovel-ready. The need for affordable units in the State and the largest Downtown is critical, and these funds should be directed toward efforts that expand housing opportunities for individuals and families who are currently underserved by the market.

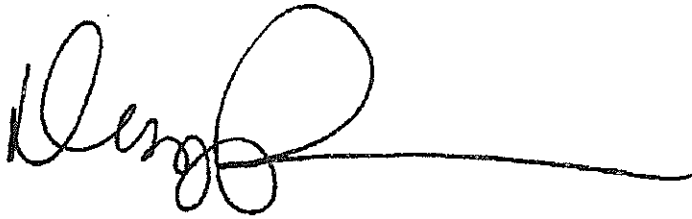

The scope of this appropriation includes, but is not limited to:

- The development, preservation, or acquisition of affordable housing units
- Site preparation or infrastructure improvements necessary to support such housing

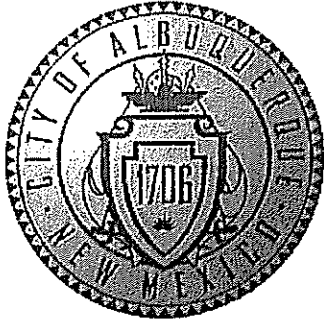

The City's stewardship of state capital funds is vital to ensure these opportunities are not lost, and that we continue to prioritize investments that build more affordable housing that will increase our housing stock.

Thank you for your continued commitment to addressing housing insecurity in Albuquerque. I look forward to supporting your efforts in this shared goal.

Sincerely,
