COMMITTEE AMENDMENT NO. 1 TO R-17-250

AMENDMENT SPONSORED BY COUNCILOR Peña

1. On page 2, line 14, after “issue.” insert the following: “The Task Force shall hold at least one community outreach event to solicit input from stakeholders and the larger community, and shall establish a community group of stakeholders to advise it as they develop their recommendations for the Mayor and the Council.”

Explanation: This amendment adds language that states that the Task Force must reach out broadly to the community, both through an outreach event, as well as through the creation of a community group of stakeholders to advise the Task Force.
