

**CITY of ALBUQUERQUE
TWENTY FIFTH COUNCIL**

COUNCIL BILL NO. O-23-88

ENACTMENT NO. 0-2023-029

SPONSORED BY: Dan Lewis

ORDINANCE

1
2 REPEALING CHAPTER 9, ARTICLE 5, PART 1 ROA 1994, THE JOINT AIR
3 QUALITY CONTROL BOARD ORDINANCE; ABOLISHING THE CURRENT
4 ALBUQUERQUE-BERNALILLO COUNTY AIR QUALITY CONTROL BOARD;
5 ADOPTING CHAPTER 9, ARTICLE 5, PART 1 ROA 1994, THE JOINT AIR
6 QUALITY CONTROL ORDINANCE; CREATING THE ALBUQUERQUE-
7 BERNALILLO COUNTY AIR QUALITY CONTROL BOARD.

8 WHEREAS, it has been asserted by legal counsel representing the
9 Albuquerque-Bernalillo County Air Quality Control Board (Air Board) that said
10 Board is an autonomous entity established by state statute, and not subject to
11 control by Environmental Health, the City Council, or the County Commission;
12 and

13 WHEREAS, it has been further affirmed by legal counsel representing the
14 Air Board that the Air Board maintains collaborative relations with
15 Environmental Health, the New Mexico Environmental Department, and the
16 Environmental Protection Agency, without being governed by them; and

17 WHEREAS, these statements suggest that the Air Board may not be
18 answerable to elected officials and, consequently, the electorate; and

19 WHEREAS, the absence of adherence to state law by the Air Board could
20 result in a lack of accountability; and

21 WHEREAS, not all meetings sanctioned by the body regarding policy
22 changes are accessible to the general public; and

23 WHEREAS, the Air Board conducts sub-committee meetings and
24 engages select members of the public in those meetings; and

25 WHEREAS, the Open Meetings Act was established with the intent of
26 ensuring that policy decisions affecting the public are made in a transparent

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 and open manner, to serve the best interests of all residents of New Mexico;
2 and

3 WHEREAS, adherence to the Open Meetings Act is essential to the
4 preservation of a free society and the democratic process, as it is crucial for a
5 policymaking body to maintain the trust of the public; and

6 WHEREAS, a significant portion of the Air Board comprises individuals
7 advocating for specific interests rather than a diverse representation of
8 experts in the relevant subject matter; and

9 WHEREAS, historically, the Air Board has strived to include members
10 with backgrounds in the fields of medicine, science, industry, advocacy, law,
11 and technical academia; and

12 WHEREAS, it is imperative to maintain a composition that reflects the
13 diverse expertise required for the comprehensive consideration of pertinent
14 matters.

15 BE IT ORDAINED BY THE COUNCIL, THE GOVERNING BODY OF THE CITY OF
16 ALBUQUERQUE:

17 SECTION 1. REPEALER. Chapter 9, Article 5, Part 1 is hereby repealed.

18 SECTION 2. NEW MATERIAL. Chapter 9, Article 5, Part 1 is hereby added to
19 read as follows:

20 "PART 1: AIR QUALITY CONTROL BOARD.

21 § 9-5-1-1 SHORT TITLE.

22 Sections 9-5-1-1 et seq. may be cited as the "Joint Air Quality Control Board
23 Ordinance."

24 § 9-5-1-2 DEFINITIONS.

25 As provided in the New Mexico Air Quality Control Act, Sections 74-2-1
26 through 74-2-17 NMSA 1978 (hereinafter referred to as the "Air Quality Control
27 Act"), the following definitions shall apply to terms used in §§ 9-5-1-1 et seq.

28 AIR CONTAMINANT. Any substance, including but not limited to any
29 particulate matter, fly ash, dust, fumes, gas, mist, smoke, vapor,
30 microorganisms, radioactive material, any combination thereof or any decay
31 or reaction product thereof.

32 AIR POLLUTION. The emission, except emission that occurs in nature, into
33 the outdoor atmosphere of one or more air contaminants in quantities and of a

[Bracketed/Underlined Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 duration that may with reasonable probability injure human health or animal or
2 plant life or as may unreasonably interfere with the public welfare, visibility or
3 the reasonable use of property.

4 **BOARD.** The Albuquerque-Bernalillo County Air Quality Control Board
5 created by §§ 9-5-1-1 et seq.

6 **DEPARTMENT.** The administrative agency that is the local agency under
7 the Air Quality Control Act.

8 **DIRECTOR.** The administrative head of the Department or his or her
9 authorized representative.

10 **EMISSION LIMITATION and EMISSION STANDARD.** A requirement
11 established by the Board, the Department, or pursuant to the Federal Act that
12 limits the quantity, rate or concentration, or combination thereof, of emissions
13 of air contaminants on a continuous basis, including any requirements
14 relating to the operation or maintenance of a source to assure continuous
15 reduction.

16 **ENVIRONMENT DEPARTMENT.** The Environment Department of the state.

17 **EX PARTE COMMUNICATION.** An oral or other communication with a board
18 member, a board hearing officer, or board attorney regarding the merits of an
19 expected or pending petition or related proceeding if:

20 (1) the communication is made by a person, including a board member,
21 hearing clerk, hearing officer, or board attorney;

22 (2) the person communicating knows or has reason to know a petition
23 will be or has been filed for a hearing before the Board;

24 (3) the communication is made without all other parties to the
25 proceeding being present or receiving the same communication received by
26 the board member, board hearing officer, or board attorney, except where
27 authorized by the closed meeting provisions of the Open Meetings Act; and

28 (4) the communication is intended to affect, or reasonably may be
29 expected to affect the board member's, board hearing officer's, or board
30 attorney's opinion regarding the merits of the expected or pending petition or
31 related proceeding.

32 **FEDERAL ACT.** The Federal Clean Air Act, 42 U.S.C. 7401 through 7642, its
33 subsequent amendments and successor provisions.

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 FEDERAL STANDARD OF PERFORMANCE. Any standard of performance,
2 emission limitation or emission standard adopted pursuant to 42 U.S.C.
3 Section 7411 or 7412.

4 HAZARDOUS AIR POLLUTANT. An air contaminant that has been classified
5 as a hazardous air pollutant pursuant to the Federal Act.

6 MANDATORY CLASS I AREA. Any of the following areas in the state of New
7 Mexico that were in existence on August 7, 1977:

- 8 (1) National wilderness areas that exceed 5,000 acres in size; and
- 9 (2) National parks that exceed 6,000 acres in size.

10 MAYOR. The Mayor or his or her authorized representative.

11 MODIFICATION. Any physical change in, or change in the method of
12 operation of a source that results in an increase in the Potential Emission Rate
13 of any Regulated Air Contaminant emitted by the source or that results in the
14 emission of any Regulated Air Contaminant not previously emitted, but does
15 not include:

- 16 (1) A change in ownership of the source;
- 17 (2) Routine maintenance, repair or replacement;
- 18 (3) Installation of air pollution control equipment and all related process
19 equipment and materials necessary for its operation, undertaken for the
20 purpose of complying with regulations adopted by the board or pursuant to
21 the Federal Act; or
- 22 (4) Unless previously limited by enforceable permit conditions:
 - 23 (a) An increase in the production rate, if such increase does not exceed
24 the operating design capacity of the source;
 - 25 (b) An increase in the hours of operation; or
 - 26 (c) Use of an alternative fuel or raw material if, prior to January 6, 1975,
27 the source was capable of accommodating such fuel or raw material, or if use
28 of an alternate fuel or raw material is caused by any natural gas curtailment or
29 emergency allocation or any other lack of supply of natural gas.

30 NONATTAINMENT AREA. For any air contaminant, an area that is
31 designated "nonattainment" with respect to that contaminant within the
32 meaning of Section 107(d) of the Federal Act.

1 **PERSON.** An individual, partnership, corporation, association, the state or
2 political subdivision of the state or any agency, department, or instrumentality
3 of the United States and any of their officers, agents or employees.

4 **PLAN.** Any and all parts of the state implementation plan that pertain to the
5 County that are adopted by the Board for submittal by the Governor of the
6 state to the Federal Environmental Protection Agency pursuant to 42 U.S.C.
7 Section 7410.

8 **POTENTIAL EMISSION RATE.** The emission rate of a source at its
9 maximum capacity in the absence of air pollution control equipment that is not
10 vital to production of the normal product of the source or to its normal
11 operation; also defined by Board regulations as “pre-controlled” emissions.

12 **REGULATED AIR CONTAMINANT.** Any air contaminant, the emission or
13 ambient concentration of which is regulated pursuant to the Air Quality
14 Control Act or the Federal Act.

15 **SIGNIFICANT DETERIORATION.** Any increase in the ambient
16 concentrations of any air contaminant above the levels allowed by the Federal
17 Act or Federal regulations for that air contaminant in the area within which the
18 increase occurs.

19 **SOURCE.** Any structure, building, equipment, facility, installation or
20 operation that emits or may emit any air contaminant.

21 **STANDARD OF PERFORMANCE.** A requirement of continuous emission
22 reduction, including any requirement relating to operation or maintenance of a
23 source to assure continuous emission reduction.

24 **STATE IMPLEMENTATION PLAN.** Any plan submitted by the Governor of
25 the state of New Mexico to the Federal Environmental Protection Agency
26 pursuant to 42 U.S.C. Section 7410.

27 **§ 9-5-1-3 JOINT AIR QUALITY CONTROL BOARD.**

28 (A) In accordance with the New Mexico Air Quality Control Act, a joint air
29 quality control board known as the Albuquerque-Bernalillo County Air Quality
30 Control Board is created. The Board shall serve as a joint local authority
31 acting on behalf of both the City and the County. Within the exterior
32 boundaries of the county, the Board shall have authority and jurisdiction to
33 exercise the same functions pertaining to air quality as the functions that have

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 been delegated by the Air Quality Control Act to the New Mexico
2 Environmental Improvement Board except any functions reserved exclusively
3 for the Environmental Improvement Board.

4 (B) The membership and organization of the Board shall be as described
5 in this section.

6 (1) The Board shall consist of seven members, four of whom shall be
7 appointed by the Mayor with the advice and consent of the City Council and
8 three of whom shall be appointed by the County Commission. The Mayor shall
9 submit qualified appointments to City Council within 30 days of the effective
10 date. If the Mayor does not timely submit qualified persons for appointment,
11 City Council may appoint the initial members of the Board.

12 (2) Members shall be appointed for three-year terms. No member shall
13 serve more than two consecutive terms at a time. If a person is appointed to
14 fill an unexpired term of another member, that term shall be considered a term
15 for the purpose of this limitation. The positions on the Board shall be
16 staggered appointments so no more than two City appointee's terms expire in
17 any single year. Vacant positions shall be filled by individuals appointed by
18 the same authority that appointed the outgoing member.

19 (3) Nominations and appointments to the Board shall be made as
20 follows:

21 (a) At least a majority of the membership of the Board shall be
22 individuals who represent the public interest and meet the requirements of the
23 state and federal guidelines set forth in the New Mexico Air Quality Control
24 Act, as amended, and the Federal Clean Air Act, 42 U.S.C.A. Section 7401, et
25 seq., as amended. The board should be comprised of members who broadly
26 represent the diversity and demographics of the City by way of, including but
27 not limited to, cultural, gender, and geographic diversity. Further, to the extent
28 that the requirement does not conflict with this division (a), Board members
29 will be selected as follows: one Board member shall be a registered
30 professional licensed engineer who shall have at least five (5) years'
31 experience in the field of air pollution control; one Board member shall be a
32 physician licensed in New Mexico who shall be experienced in the health
33 effects of air contaminants; one Board member shall be a person involved in

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 the program of an institute of higher learning in the state involved in the
2 conducting of training in air pollution evaluation and control; and one Board
3 member shall be a person from City industry with current full-time
4 employment in a private manufacturing concern and have a college degree
5 and 8 years of combined technical training and experience in permit
6 compliance or air pollution abatement for Title 5 or non-Title 5 sources for a
7 source permitted in the City or County. As used in this section: REPRESENT
8 THE PUBLIC means does not have a controlling interest in, have 5 percent or
9 more of his or her capital invested in, serve as attorney for, act as consultant
10 for, serve as officer or director of, or hold any other official or contractual
11 relationship with any person subject to permits or enforcement orders or any
12 trade or business association of which such a person is a member;
13 SIGNIFICANT PORTION OF INCOME means 10 percent or more of gross
14 personal income for a calendar year, including retirement benefits, consultant
15 fees, and stock dividends, except that it shall mean 50 percent or more of
16 gross personal income for a calendar year if the recipient is over 60 years of
17 age and is receiving such portion pursuant, to retirement, pension, or singular
18 arrangement. Income derived from mutual-fund payments, or from other
19 diversified investments as to which the recipient does not know the identity of
20 the primary sources of income, shall be considered part of the recipient's
21 gross personal income but shall not be treated as income derived from
22 persons subject to permits or enforcement orders; and PERSONS SUBJECT
23 TO PERMITS OR ENFORCEMENT ORDERS includes any individual,
24 corporation, partnership, or association who holds, is an applicant for, or is
25 subject to any permit, or who is or may become subject to any enforcement
26 order under the Federal Clean Air Act, Air Quality Control Act, any regulation
27 of the Board or any permit condition issued thereto, except that it does not
28 include (1) an individual who is or may become subject to an enforcement
29 order solely by reason of his or her ownership or operation of a motor vehicle
30 or (2) any department or agency of, a state, local or regional government.
31 (b) No person employed on a full time basis by either the City or the
32 County shall be a member of the Board. No elected City or County official, and
33 no member of the immediate family of any elected City or County official shall

[Bracketed/Underlined Material] - New
[Bracketed/Strikethrough Material] - Deletion

- 1 be appointed to the Board.
- 2 (c) Members shall submit to the Department a signed written statement
- 3 to assure compliance with the applicable law on Board composition, upon
- 4 appointment and renewed annually or with any change in employment, and
- 5 such statement shall be available for public inspection. In the event either the
- 6 Department cannot make a finding that at least a majority of the Board as
- 7 constituted by appointment of its members meets the requirements of
- 8 applicable law, the Department shall notify the City Council and the County
- 9 Commission of the determination that at least a majority of its membership
- 10 does not meet the requirements. The Department shall advise and make
- 11 recommendations regarding corrective action necessary to allow the Board to
- 12 be qualified under applicable law, including substitutionary appointments of a
- 13 member or members. The Board shall not act to hear petitions of permit
- 14 appeals, variances, or regulatory changes until the City Council and County
- 15 Commission have both determined that it can do so consistent with applicable
- 16 law.
- 17 (d) City-appointed members shall be residents of the City and County-
- 18 appointed members shall be residents of the County.
- 19 (e) A Board member may be removed from office by the appointing
- 20 authority if:
 - 21 (i) The appointing authority determines the member has violated any
 - 22 law, regulation, or ordinance, or for other good cause such as malfeasance or
 - 23 the intentional failure to carry out the duties of the Board, or is otherwise
 - 24 incapable or unfit to discharge the duties of the office;
 - 25 (ii) the member has missed three consecutive meetings or has been
 - 26 absent from more than 50% of the meetings during any 12 consecutive
 - 27 meetings; or
 - 28 (iii) to comply with the requirements of division (B)(3)(a) for member
 - 29 composition of the Board.
- 30 (f) At least two months before a Board member's term expires, the
- 31 Department shall solicit a recommended list of qualified members for the City
- 32 vacancy as suggested by the City Council and the Department for
- 33 consideration by the Mayor. The County Commission will appoint its

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 representatives to the Board. The list shall include a brief biography
2 describing the qualifications of each candidate. From the list, as modified or
3 enlarged by the appointing authority, appointments to the Board will be made.

4 (g) Candidates appointed shall be notified in writing, and the candidate
5 must accept or reject the appointment in writing.

6 (h) Unless a member retires or is removed, each member shall serve
7 until a successor has been appointed.

8 (i) If a vacancy occurs for reasons other than expiration of a term, the
9 Department shall promptly utilize the procedure described in division (e)
10 above. Each vacancy shall be filled by the authority that appointed the
11 departing member. The replacement member shall serve for the remainder of
12 the unexpired term.

13 (4) Four members present shall constitute a quorum. A quorum shall be
14 present for all matters decided by a vote of the Board.

15 (5) Any action, order or decision of the Board requires a simple majority
16 vote of the members present, except for adoption, amendment or repeal of a
17 Board regulation, in which case the concurrence of four members shall be
18 required.

19 (6) All officers of the Board shall be elected annually by the Board for
20 one-year terms. No officer shall serve in the same position for more than two
21 consecutive years at a time.

22 (7) The Board may adopt rules to govern its proceedings. Such rules
23 shall not take effect until reviewed and approved by the City Attorney and
24 County Attorney.

25 (C) The Board shall meet in public facilities with public seating available.

26 (D) The Board shall meet monthly if a quorum is available unless a
27 meeting is unnecessary or delayed for good reason. The Board shall hold a
28 minimum of six monthly meetings a year. Special additional meetings may be
29 held as needed.

30 (E) Notice of time, place and agenda of meetings, work sessions,
31 committee meetings, hearings, any other gathering of a quorum of the Board,
32 and subcommittee meetings shall be published according to the requirements
33 of law, including the Open Meetings Act. Meetings, work sessions, committee

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 meetings, hearings and any other gathering of a quorum of the Board, and
2 subcommittee meetings shall be open to the public and shall follow the
3 procedures described in the Open Meetings Act.

4 (F) In addition to any requirements applicable to each member based on
5 the member's appointing authority as set forth in the City and County codes of
6 conduct, any member of the Board who has a conflict of interest regarding a
7 matter before the Board shall disqualify himself or herself from the discussion
8 and shall abstain from the vote on such matter. If a potential conflict of
9 interest is raised during a meeting a member of the board shall submit the
10 question to the entire Board for a determination of whether disqualification is
11 necessary. The member with the potential conflict being voted on shall not
12 vote in this determination. The Board's determination of whether
13 disqualification is necessary shall be final. In the event a member is made
14 aware of a conflict of interest requiring disqualification or abstention outside
15 of a meeting, the member shall disclose the potential conflict of interest to the
16 board and may seek guidance concerning disqualification from the board
17 attorney or seek an advisory opinion from the County or City, as applicable to
18 each member based on the member's appointing authority. A conflict of
19 interest means any interest which may yield, directly or indirectly any
20 monetary or other material benefit to the Board member or the member's
21 spouse or minor child.

22 (G) The City Environmental Planning Commission (EPC) and the County
23 Planning Commission (CPC) may appoint a member of the EPC and of the
24 CPC, respectively, to be liaisons to the Air Quality Control Board. The EPC
25 and CPC liaisons may attend Board meetings and may participate in Board
26 discussions, but will not be members of the Board and will not vote. The
27 respective liaisons may communicate with the Board and their respective
28 planning commissions regarding air quality issues.

29 (H) The City shall provide the administrative support it deems necessary
30 to the Board to assist the Board with carrying out the administrative functions
31 of its powers and duties under the Air Quality Control Act. Nothing herein
32 shall limit the City's authority and ability to maintain full oversight and control
33 over City resources.

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 (1) The Department shall attend all meetings of the Board, but not be
2 entitled to a vote. The Department shall record all transactions and
3 proceedings of the Board. The Department shall handle correspondence, keep
4 records, prepare reports, and perform such other duties as the City may direct
5 or authorize to carry out the administrative functions of the City and Board's
6 powers and duties under the Air Quality Control Act.

7 (2) The Director is the custodian of all files and records of the Board and
8 the Board shall provide such files and records to the Director upon request.

9 (3) The Director shall be an ex officio member of the Board and may
10 meet with the Board, but does not have a vote. Nothing herein limits or waives
11 ex parte communication prohibitions which shall apply to the Director.

12 (4) Staff may be an employee of the City but shall not include such
13 employee's supervisory staff.

14 (5) In the exercise of any of its powers or duties, the Board may act with
15 legal advice received in accordance with the Open Meetings Act, Chapter 10,
16 Article 15, NMSA 1978. Such legal advice shall be provided by the City. Such
17 legal research shall be distributed to all Board members. Legal advice and
18 legal research shall only be requested with the concurrence of four Board
19 members. An attorney to the Board shall not be a member of the Board or
20 serve as an ex-officio member, and shall act only in an advisory capacity. The
21 Board shall not delegate its authority to the Board's attorney.

22 **§ 9-5-1-4 DUTIES AND POWERS OF THE BOARD.**

23 (A) The Board, in accordance with the Air Quality Control Act, shall
24 prevent or abate Air Pollution within the City and County.

25 (B) The Board shall:

26 (1) Adopt, promulgate, publish, amend and repeal regulations
27 consistent with the Air Quality Control Act and §§ 9-5-1-1 et seq. to attain and
28 maintain national ambient air quality standards and prevent or abate air
29 pollution, including regulations prescribing air standards, within the
30 geographic area of the Board's jurisdiction, or any part thereof; and

31 (2) Adopt a plan for the regulation, control, prevention or abatement of
32 Air Pollution, recognizing the differences, needs, requirements and conditions
33 within the County or any part thereof.

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

- 1 (C) Regulations adopted by the Board may:
- 2 (1) Include regulations to protect visibility in Mandatory Class I Areas, to
3 prevent significant deterioration of air quality and to achieve national ambient
4 air quality standards in nonattainment areas, provided that such regulations:
- 5 (a) shall be no more stringent than but at least as stringent as required
6 by the Federal Act and federal regulations pertaining to visibility protection in
7 Mandatory Class I Areas, pertaining to prevention of significant deterioration
8 and pertaining to nonattainment areas; and
- 9 (b) Shall be applicable only to sources subject to such regulation
10 pursuant to the Federal Act;
- 11 (2) Prescribe standards of performance for Sources and Emission
12 Standards for Hazardous Air Pollutants that, except as provided in division (3)
13 below:
- 14 (a) Shall be no more stringent than but at least as stringent as required
15 by federal standards of performance; and
- 16 (b) Shall be applicable only to sources subject to such federal standards
17 of performance;
- 18 (3) Include regulations governing emissions from solid waste
19 incinerators that shall be as least as stringent as, and may be more stringent
20 than, any applicable federal emission limitations:
- 21 (4) Require notice to the Department of the intent to introduce or allow
22 the introduction of an air contaminant into the air within the geographical area
23 of the Board's jurisdiction; and
- 24 (5) Require any person emitting any air contaminant to:
- 25 (a) Install, use and maintain emission monitoring devices;
- 26 (b) Sample emissions in accordance with methods and at locations and
27 intervals as may be prescribed by the Board;
- 28 (c) Establish and maintain records of the nature and amount of
29 emissions;
- 30 (d) Submit reports regarding the nature and amounts of emissions and
31 the performance of emission control devices; and
- 32 (e) Provide any other reasonable information relating to the emission of
33 air contaminants.

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 (D) Any regulation adopted under this section shall be consistent with
2 federal law, if any, relating to control of motor vehicle emission.

3 (E) In making its regulations, the Board shall give weight it deems
4 appropriate to all facts and circumstances, including but not limited to:

5 (1) Character and degree of injury to or interference with health, welfare,
6 visibility and property;

7 (2) The public interest, including the social and economic value of the
8 sources and subjects of air contaminants; and

9 (3) Technical practicability and economic reasonableness of reducing or
10 eliminating air contaminants from the sources involved and previous
11 experience with equipment and methods available to control the air
12 contaminants involved.

13 **§ 9-5-1-5 DUTIES AND POWERS OF THE DEPARTMENT.**

14 The Department shall:

15 (A) Administer and enforce the provisions of the Air Quality Control Act,
16 §§ 9-5-1-1 et seq. and any regulations adopted pursuant thereto and any other
17 laws relating to Air Pollution applicable within the City and the County. The
18 Department shall perform, within the boundaries of the County, all functions
19 delegated to the New Mexico Environment Department under the Act, except
20 for the duties and powers reserved exclusively for the Environment
21 Department.

22 (B) Develop facts and make investigations and studies consistent with
23 the Air Quality Control Act and §§ 9-5-1-1 et seq., and in connection therewith,
24 enter at all reasonable times in or upon any private or public property, except
25 private residences, that the Department has reasonable cause to believe is or
26 will become a source of air contaminants contributing to air pollution and
27 require the production of information relating to emissions that cause or
28 contribute to air pollution. The results of any such investigations shall be
29 reduced to writing if any enforcement action is contemplated, and a copy
30 thereof shall be furnished to the owner or occupant of the premises before the
31 action is filed.

32 (C) Institute legal proceedings to compel compliance with the Air Quality
33 Control Act, §§ 9-5-1-1 et seq., or any regulation of the Board.

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 (D) Encourage and make every reasonable effort to obtain voluntary
2 cooperation by the owner or occupants to preserve, restore or improve air
3 purity.

4 (E) Consult with any person proposing to construct, install or otherwise
5 acquire an air contaminant source, device, system or control mechanism
6 concerning the efficiency of the device, system, or mechanism or the air
7 pollution problem that may be related to the source, device, system or
8 mechanism, provided that consultation shall not relieve any person from
9 compliance with the Air Quality Control Act, §§ 9-5-1-1 et seq., regulations in
10 force, pursuant thereto, or any other provision of law.

11 (F) Establish a small business stationary source technical and
12 environmental compliance assistance program, consistent with the provisions
13 of Section 507 of the Federal Act.

14 (G) Accept, receive and administer grants or other funds or gifts from
15 public and private agencies, including the federal government or from any
16 person.

17 (H) Classify and record air contaminant sources that in its judgment,
18 may cause or contribute to air pollution, according to levels and types of
19 emissions and other characteristics that relate to air pollution, provided that
20 classifications may be for application to the County as a whole or to any
21 designated area of the City or County, and shall be made with special
22 reference to the effects on health, economic and social factors and physical
23 effects on property.

24 (I) Develop and present to the Board a Plan for the regulation, control,
25 prevention or abatement of air pollution, recognizing the differences, needs,
26 requirements and conditions in the different portions of the geographical area
27 of the Department's responsibility as established by §§ 9-5-1-1 et seq.

28 § 9-5-1-6 ADOPTION OF REGULATIONS; NOTICE AND HEARING.

29 (A) Any person may recommend or propose regulations to the Board for
30 adoption.

31 (B) Persons interested in recommending or proposing regulations shall
32 engage other interested persons, the Department, and any other relevant
33 regulatory entities in the regulation development process. The petition shall

1 identify the activities undertaken for development of the proposed regulation
2 text and how the petitioner engaged other interested persons, the Department,
3 and any other relevant regulatory entities. Failure to solicit and consider the
4 positions of others may result in the denial of a hearing.

5 (C) The Board shall determine whether to hold a hearing within 60 days
6 of the submission of a proposed regulation. In addition to other applicable
7 notice requirements, notice of the Board's intention to consider whether to
8 hold a hearing shall be given at least 15 days prior to the meeting at which the
9 matter will be considered. At a minimum, notice shall be posted in the lobby of
10 City Hall and County offices; electronically on the Board's web site; and in
11 writing to the Director. The notice shall state the subject, the time and the
12 place of the meeting and the manner in which interested persons may obtain
13 relevant information and present their views.

14 (D) No regulation or emission control requirement shall be adopted until
15 after a public hearing by the Board. As used in this section, REGULATION
16 includes any amendment or repeal thereof.

17 (E) Notice of hearing shall be given at least 30 days prior to the hearing
18 date and shall state the subject, the time and the place of the hearing and the
19 manner in which interested persons may present their views. The subject shall
20 include a summary of the full text of the proposed rule and a short explanation
21 of the purpose of the proposed rule with reasonable specificity. The notice
22 shall also state where interested persons may secure copies of any proposed
23 regulation or air quality standard. The notice shall be published in a
24 newspaper of general circulation in the City and County. Reasonable effort
25 shall be made to give notice to all persons who have made a written request to
26 the Board for advance notice of its hearings.

27 (F) The Board shall not consider alternate proposals at the hearing,
28 though it can consider modifications to a proposal which simply deletes,
29 clarifies or elaborates on elements of the already-submitted proposal without
30 adding or changing substantive new obligations or requirements.

31 (G) At the hearing, the Board shall allow all interested persons
32 reasonable opportunity to submit data, views or arguments orally or in writing
33 and to examine witnesses testifying at the hearing. Any person heard or

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 represented at the hearing shall be given written notice of the action of the
2 Board.

3 (H) The Board shall designate a hearing officer to take evidence in the
4 hearing.

5 (I) All hearings shall be recorded verbatim and any transcription costs
6 shall be borne by the petitioner.

7 (J) At no time before a petition is expected to be filed and at no time
8 between the filing of a petition and the final decision of the Board or
9 withdrawal of the petition or related regulatory action shall any person have ex
10 parte communication.

11 (K) No regulation or emission control requirement shall be filed under
12 the State Rules Act, Sections 14-3-24, 14-3-25, 14-4-1 through 14-4-9 NMSA
13 1978, until at least 60 days after it is presented by the Department to City
14 Council. No regulation or emission control requirement adopted by the Board
15 shall become effective until 30 days after its filing under the State Rules Act,
16 Sections 14-3-24, 14-3-25, 14-4-1 through 14-4-9 NMSA 1978.

17 (L) A copy of adopted air quality control regulations shall be on file in
18 the office of the City Clerk and shall be available for inspection by the public
19 during regular business hours. Copies of the regulations shall be available to
20 any person upon request and payment of a reasonable charge set by the
21 Mayor.

22 § 9-5-1-7 PERMITS; APPEALS; FEES.

23 (A) By regulation, the Board shall require:

24 (1) Any person intending to construct or modify any source, except as
25 otherwise specifically provided by regulation, to obtain a construction permit
26 from the Department prior to such construction or modification; and

27 (2) Any person intending to operate any source for which an operating
28 permit is required pursuant to the 1990 amendments to the Federal Act, except
29 as otherwise specifically provided by regulation, to obtain an operating permit
30 from the Department.

31 (B) Regulations adopted by the Board shall include at least the following
32 provisions:

33 (1) Requirements for the submission of relevant information, including

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 but not limited to information the Department deems necessary to ensure that
2 regulations and standards under §§ 9-5-1-1 et seq., the Air Quality Control Act
3 or the Federal Act will not be violated.

4 (2) Specification of the deadlines for processing permit applications;
5 provided, the deadline for a final decision by the Department on a
6 construction permit application may not exceed:

7 (a) One hundred and eighty days after the application is determined to
8 be complete, if the application is not affected by requirements for prevention
9 of significant deterioration; or

10 (b) Two hundred and forty days after the application is determined to be
11 complete, if the application is affected by requirements for prevention of
12 significant deterioration;

13 (3) Specification of the public notice, comment period and public
14 hearing, if any, required prior to the issuance of a permit, provided the permit
15 regulations adopted include provisions requiring that notice be given to the
16 New Mexico Environment Department of all applications by any source that
17 emits, or has a Potential Emission Rate of 100 tons per year or more of any
18 Regulated Air Contaminant, including any source of fugitive emissions of any
19 Regulated Air Contaminant, at least 60 days prior to the date on which
20 construction or major modification is to commence;

21 (4) A schedule of construction permit fees sufficient to cover:

22 (a) The reasonable costs of reviewing and acting upon any application
23 for such permit; and

24 (b) The reasonable costs of implementing and enforcing the terms and
25 conditions of the permit, excluding any court or other costs associated with
26 an enforcement action.

27 (5) A schedule of emission fees consistent with the provisions of
28 Section 502(b)(3) of the 1990 amendments to the Federal Act;

29 (6) Specification of the maximum length of time for which a permit shall
30 be valid, provided that for an operating permit, such period may not exceed
31 five years; and

32 (7) For an operating permit only:

33 (a) Provisions, consistent with Sections 502(b) and 505(b) of the Federal

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 Act, that require:

2 1. Notice to and review and comment by the United States
3 Environmental Protection Agency (EPA); and

4 2. If the Department receives notice of objection from the United States
5 Environmental Protection Agency before the operating permit is issued, the
6 Department shall not issue the permit unless the permit is revised and issued
7 pursuant to Section 505(c) of the Federal Act;

8 (b) Provisions governing renewal of the operating permit; and

9 (c) Specification of the conditions under which the operating permit
10 may be terminated, modified or revoked and reissued prior to the expiration of
11 the term of the operating permit.

12 (C) The Department may deny any application for:

13 (1) A construction permit if it appears that the construction or
14 modification will not meet applicable requirements of §§ 9- 5-1-1 et seq., the
15 Air Quality Control Act, the Federal Act or any regulation adopted pursuant
16 thereto; or

17 (2) An operating permit if:

18 (a) The source for which the permit is sought will emit a hazardous air
19 pollutant or any air contaminant in excess of a federal standard of
20 performance or a regulation of the Board; or

21 (b) It appears that the source for which the permit is sought will cause
22 or contribute to air contaminant levels in excess of any national, state or
23 applicable local ambient air quality standard; or

24 (c) Any other provision of §§ 9-5-1-1 et seq. and the Air Quality Control
25 Act or the Federal Act will be violated.

26 (D) The Department may specify conditions to any permit granted under
27 this section, including:

28 (1) For a construction permit, a requirement that such source install and
29 operate control technology, determined on a case-by-case basis, sufficient to
30 meet the requirements of §§ 9-5-1-1 et seq., the Air Quality Control Act, the
31 Federal Act or any regulations promulgated pursuant thereto; and

32 (2) For an operating permit:

33 (a) Imposition of, individual emission limits, determined on a case-by-

[Bracketed/Underlined Material] - New
[Bracketed/Strikethrough Material] - Deletion

- 1 case basis, but only as restrictive as necessary to meet the requirements of
- 2 the Air Quality Control Act and the Federal Act or the emission rate specified
- 3 in the operating permit application, whichever is most stringent;
- 4 (b) Compliance with applicable federal standards of performance;
- 5 (c) Imposition of reasonable restrictions and limitations not relating to
- 6 emission limits or emission rates; or
- 7 (d) Any combination of the conditions listed above.
- 8 (E) This section does not authorize the Department to require the use of
- 9 machinery, devices or equipment from a particular manufacturer if the federal
- 10 standards of performance, regulations of the Board and permit conditions
- 11 may be met by machinery, devices or equipment otherwise available.
- 12 (F) The issuance of a construction or operating permit does not relieve
- 13 any person from the responsibility of complying with the provisions of the Air
- 14 Quality Control Act, §§ 9-5-1-1 et seq. or any applicable regulations of the
- 15 Board. Any conditions placed upon a permit by the Department shall be
- 16 enforceable to the same extent as a regulation of the Board.
- 17 (G) Any person who participated in a permitting action before the
- 18 Department shall be notified by the Department of the action taken by the
- 19 Department and the reasons for the action. Notification of the applicant shall
- 20 be by certified mail.
- 21 (H) Any person who participated in a permitting action before the
- 22 Department and who is adversely affected by such permitting action may file a
- 23 petition for hearing before the Board. The petition shall be made in writing to
- 24 the Board within 30 days from the date notice is given of the Department's
- 25 action. Unless a timely request for hearing is made, the decision of the
- 26 Department shall be final.
- 27 (I) If a timely petition for hearing is made, the Board shall hold a hearing
- 28 within 90 days after receipt of the petition. The Board shall notify the petitioner
- 29 and the applicant or permittee, if other than the petitioner, by certified mail of
- 30 the date, time and place of the hearing. If the subject of the petition is a
- 31 permitting action deemed by the Board to substantially affect the public
- 32 interest, the Board shall ensure that the, public receives notice of the date,
- 33 time and place of the hearing. The public in such circumstances shall also be

1 given a reasonable opportunity to submit data, views or arguments orally or,
2 in writing and to examine witnesses testifying at the hearing. Any person
3 submitting data, views or arguments orally or in writing shall be subject to
4 examination at the hearing.

5 (J) The Board shall designate a hearing officer to take evidence in the
6 hearing. All hearings shall be recorded verbatim and any transcription and
7 administrative costs shall be borne by the petitioner.

8 (K) The burden of proof shall be upon the petitioner. Based upon the
9 evidence presented at the hearing, the Board shall sustain, modify or reverse
10 the action of the Department.

11 (L) At no time before a petition is expected to be filed and at no time
12 between the filing of a petition and the final decision of the Board or
13 withdrawal of the petition or related permit action shall any person have ex
14 parte communication.

15 (M) Notwithstanding any other provision of law, and subject to the
16 provisions of Section 74-2-4 NMSA 1978, a final decision on a permit by the
17 Department, the Board or the court of appeals that a new source will or will
18 not meet applicable local, state and federal air pollution standards and
19 regulations shall be conclusive and is binding on every city, county and state
20 agency, and as an issue before any such agency shall be deemed resolved in
21 accordance with that final decision.

22 (N) Fees collected pursuant to this section shall be deposited in a fund
23 created pursuant, to Section 74-2-16 NMSA 1978 if collected pursuant to a
24 permit regulation adopted by the Board pursuant to this section.

25 **§ 9-5-1-8 VARIANCES.**

26 (A) The Board may grant an individual variance from the limitations
27 prescribed under the Air Quality Control Act, §§ 9-5-1- 1 et seq., any regulation
28 of the Board, or any permit condition imposed by the Department whenever it
29 is found, upon presentation of adequate proof:

30 (1) That compliance with any part of the Air Quality Control Act, §§ 9-5-
31 1-1 et seq., any regulation of the Board, or any permit condition will:

32 (a) Result in an arbitrary and unreasonable taking of property; or

33 (b) Impose an undue economic burden upon any lawful business,

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 occupation or activity; and

2 (2) That the granting of the variance will not:

3 (a) Result in a condition injurious to health or safety; or

4 (b) Cause or contribute to an air contaminant level in excess of any
5 primary national ambient air quality standard.

6 (B) No variance shall be granted pursuant to this section until the Board
7 has considered the relative interests of the applicant, other owners of property
8 likely to be affected by the discharges and the general public.

9 (C) Any variance or renewal thereof shall be granted within the
10 requirements of Subsection A of this section and for time periods and under
11 conditions consistent with the reasons therefore, and within the following
12 limitations:

13 (1) If the variance is granted on the ground that there are no practicable
14 means known or available for the adequate prevention, abatement or control
15 of the air pollution involved, it shall be only until the necessary means for
16 prevention, abatement or control become known and available; If the variance
17 is granted on the ground that compliance with the particular requirement or
18 requirements from which variance is sought will necessitate the taking of
19 measures that, because of their extent or cost, must be spread over a
20 considerable period of time, it shall be for a period not to exceed such
21 reasonable time as, in the view of the Board, is requisite for the taking of the
22 necessary measures. A variance granted on the ground specified in this
23 division (2) shall contain a timetable for the taking of action in an expeditious
24 manner and shall be conditioned on adherence to the timetable; or

25 (2) If the variance is granted on the ground that it is justified to relieve
26 or prevent hardship of a kind other than that provided for in divisions (1) and
27 (2) of this division (C), it shall be for not more than one year.

28 (D) Any person seeking a variance shall do so by filing a petition for
29 variance with the Director. The Director shall promptly investigate the petition
30 and make a recommendation to the Board as to the disposition of the petition.

31 (E) Upon receiving the recommendation of the Director on the variance,
32 the Board shall:

33 (1) If the recommendation of the Director favors a variance, hold a

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 public hearing prior to the granting of any variance; and

2 (2) If the Director is opposed to the granting of the variance, hold a
3 hearing only upon the request of the petitioner.

4 (F) In the hearing, the burden of proof shall be upon the petitioner.

5 (G) At no time before a petition is expected to be filed and at no time
6 between the filing of a petition and the final decision of the Board or
7 withdrawal of the petition or related variance action shall any person have ex
8 parte communication.

9 **§ 9-5-1-9 JUDICIAL REVIEW; ADMINISTRATIVE ACTIONS.**

10 (A) Any person adversely affected by an administrative action taken by
11 the Board or the Director may appeal to the Court of Appeals. All appeals shall
12 be upon the record made at the hearing and shall be taken to the Court of
13 Appeals within 30 days following the date of the action being appealed.

14 (B) For appeals of regulations, the date of the action shall be the date of
15 the filing of the regulation by the Board pursuant to the State Rules Act,
16 Sections 14-3-24, 14-3-25, and 14-4-1 through 14-4-9 NMSA 1978.

17 (C) Upon appeal, the Court of Appeals shall set aside the action only if
18 found to be:

19 (1) Arbitrary, capricious or an abuse of discretion;

20 (2) Not supported by substantial evidence in the record; or

21 (3) Otherwise not in accordance with law.

22 (D) After a hearing and a showing of good cause by the appellant, a stay
23 of the action being appealed may be granted:

24 (1) By the Board or the Director, whichever took the action being
25 appealed; or

26 (2) By the Court of Appeals if the Board or the Director denies a stay or
27 fails to act upon an application for a stay within 60 days after receipt of the
28 application.

29 **§ 9-5-1-10 EMERGENCY POWERS OF THE DIRECTOR.**

30 (A) Notwithstanding any other provision of the Air Quality Control Act,
31 §§ 9-5-1-1 et seq., or any regulation of the Board, if the Director of the
32 Department determines that a source or combination of sources presents an
33 imminent and substantial endangerment to the public health or welfare or to

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 the environment, the Director may bring suit in the District Court for the
2 County to restrain immediately any person causing or contributing to the
3 alleged air pollution to stop the emission of air contaminants causing or
4 contributing to such air pollution or to take such other action as may be
5 necessary.

6 (B) If it is not practicable to assure prompt protection of the public
7 health or welfare or the environment by commencement of a civil action, the
8 Director may issue orders necessary to protect the public health or welfare or
9 the environment. An order shall be effective for a period of not more than 24
10 hours, unless the Director brings a civil action before the expiration of the 24
11 hours. If the Director brings an action within that time, the order shall be
12 effective thereafter for 48 hours or for such longer period as may be
13 authorized by the court pending litigation.

14 § 9-5-1-11 CONFIDENTIAL INFORMATION.

15 (A) Any records, reports or information obtained under the Air Quality
16 Control Act or §§ 9-5-1-1 et seq. by the Board or the Department shall be
17 available to the public, except that upon a satisfactory showing by any person
18 to the Director or the Board that records, reports or information, except
19 emission data, or particular parts thereof, to which the Director or the Board
20 has access under the Air Quality Control Act, if made public would divulge
21 confidential business records or methods or processes entitled to protection
22 as trade secrets of that person, the Director or the Board, as applicable, shall
23 consider such record, report or information, or particular portion thereof,
24 confidential in accordance with the provisions of Section 14-2-1 NMSA 1978
25 and 18 U.S.C. Section 1905, except that such record, report or other
26 information may be disclosed:

- 27 (1) To other officers, employees or authorized representatives of the
28 Department or the Board concerned with carrying out the Air Quality Control
29 Act;
- 30 (2) To officers, employees or authorized representatives of the United
31 States Environmental Protection Agency concerned with carrying out the
32 Federal Act; or
- 33 (3) When relevant, in any proceeding under the Air Quality Control Act

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 or the Federal Act.

2 (B) The Board shall adopt regulations to implement this section,
3 including regulations specifying those business records entitled to treatment
4 as confidential records.

5 **§ 9-5-1-12 LIMITATIONS ON AUTHORITY AND REGULATIONS.**

6 (A) Sections 9-5-1-1 et seq. do not:

7 (1) Authorize the Board to make any regulation with respect to any
8 condition or quality of the outdoor atmosphere if the condition or air quality
9 level and its effect are confined entirely within the boundaries of the industrial
10 or manufacturing property within which the air contaminants are or may be
11 emitted and public access is restricted within such boundaries;

12 (2) Grant to the Board any jurisdiction or authority affecting the relation
13 between employers and employees with respect to or arising out of any
14 condition of air quality; or

15 (3) Supersede or limit the applicability of any law relating to industrial
16 health, safety or sanitation.

17 (B) The Board shall have no authority to:

18 (1) Make any regulation to address quality of life impacts absent
19 scientific evidence that there is a nexus to air pollution by identifying the
20 quantities and durations of air contaminants that may, with reasonable
21 probability, cause injury;

22 (2) Adopt or amend a standard or regulation whereby the impact on
23 industrial development is by design and not a consequence of preventing or
24 abating air pollution;

25 (3) Expand the definition of air pollution;

26 (4) Serve as a forum for public discussion for matters not on the
27 agenda;

28 (5) Draft and present to itself regulations, except it may adopt bylaws to
29 govern its non-hearing proceedings in accordance with § 9-5-1-3(B)(7);

30 (6) Direct the work of the Director or Department, including no authority,
31 express or implied, to advise, recommend or determine costs associated with
32 Board activities and the City's ability to pay such costs;

33 (7) Recommend to the Mayor, Director, Department, County Manager,

[Bracketed/Underlined Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 City Council, or County Commission policies for air quality matters, needs,
2 improvements, and programs;

3 (8) Advise the Mayor, Director, Department, County Manager, City
4 Council, or County Commission regarding air quality matters, needs and
5 programs; and

6 (9) Advise the Environmental Planning Commission or County Planning
7 Commission regarding air quality matters.

8 **§ 9-5-1-13 LOCAL AIR QUALITY PERMIT FUND ESTABLISHED.**

9 (A) Pursuant to Section 74-2-16 NMSA 1978 and §§ 9-5-1-1 et seq., an
10 Environmental Health Department air quality permit fund is established.

11 (B) All fees collected by the Department pursuant to §§ 9-5-1-1 et seq.
12 shall be deposited in the fund created in division (A) above, and shall be used
13 by the City only for the purpose of paying the reasonable costs of funding the
14 department's performance of the following permitting functions required by
15 the Federal Clean Air Act Amendments of 1990 as follows:

- 16 (1) Reviewing and acting upon any application for a permit;
- 17 (2) If the owner or operator receives a permit, implementing and
18 enforcing the terms and conditions of such permit, not including any court
19 costs or other costs associated with any enforcement action;
- 20 (3) Emissions and ambient monitoring;
- 21 (4) Preparing generally applicable regulations or guidance;
- 22 (5) Modeling, analysis and demonstration; and
- 23 (6) Preparing inventories and tracking emissions.

24 **§ 9-5-1-14 INSPECTION.**

25 The Director or an authorized representative, upon presentation of
26 Departmental credentials:

27 (A) Shall have a right of entry to, upon or through any premises on
28 which an emission source is located or on which any records required to be
29 maintained by regulations of the Board or by any permit condition are located;
30 and

- 31 (B) May at reasonable times:
 - 32 (1) Have access to and copy any records required to be established and
33 maintained by regulations of the Board or any permit condition; and

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 (2) Inspect any monitoring equipment and method required by
2 regulations of the Board or by any permit condition; and

3 (3) Sample any emissions that are required to be sampled pursuant to
4 regulation of the Board or any permit condition.

5 (C) If premises described in divisions (A) or (B) above are unoccupied, a
6 Department employee shall first make a reasonable effort to locate the owner
7 or other person having charge or control of the premises and demand entry.

8 (D) If entry is refused, the Department shall proceed to obtain a search
9 warrant by filing the documents and following the procedures required by the
10 Metropolitan Court or District Court. The sworn statement filed in conjunction
11 with the application for the search warrant or order shall:

12 (1) Set forth the particular premises, or portion thereof, sought to be
13 inspected;

14 (2) State that the owner or occupant of the premises or portion thereof,
15 has refused entry;

16 (3) State that inspection of the premises or portion thereof is necessary
17 to determine whether it complies with the requirements of §§ 9-5-1-1 et seq.;

18 (4) Set forth the particular provisions of §§ 9-5-1-1 et seq. sought to be
19 enforced;

20 (5) Set forth any other reason necessitating the inspection, including
21 knowledge or belief that a particular condition exists in the premises, or
22 portion thereof, which constitutes a violation of §§ 9-5-1-1 et seq.; and

23 (6) State that the Department or the Department's designated
24 representative is authorized by the Mayor to make the inspection.

25 **§ 9-5-1-15 REPRESENTATION OF THE DEPARTMENT, THE CITY AND THE**
26 **COUNTY.**

27 In any court action to enforce the provisions of the Air Quality Control Act,
28 §§ 9-5-1-1 et seq. or any regulation, permit condition or emergency order
29 adopted, imposed or issued pursuant thereto:

30 (A) The City and the Department shall be represented by the City
31 Attorney; and

32 (B) The County or City Attorney shall be represented by the District
33 Attorney.

[Bracketed/Underscored Material] - New
[Bracketed/Strikethrough Material] - Deletion

1 § 9-5-1-98 VIOLATIONS; COMPLIANCE ORDERS; FIELD CITATIONS.

2 (A) Whenever, on the basis of any information, the Director determines
3 that any person has violated or is violating any requirement, or prohibition of
4 the Air Quality Control Act, §§ 9-5-1-1 et seq., any regulation promulgated
5 pursuant to §§ 9-5-1-1 et seq., or any condition of a permit issued pursuant
6 thereto, the Director may:

7 (1) Issue a compliance order stating with reasonable specificity the
8 nature of the violation and requiring compliance immediately or within a
9 specified time period or assessing a civil penalty for any past or current
10 violation, or both; or

11 (2) Commence a civil action in district court for appropriate relief,
12 including a temporary or permanent injunction.

13 (B) Any order issued pursuant to division (A) above may include a
14 suspension or revocation of any permit, or portion thereof, issued by the
15 Director. Any penalty assessed in the order shall not exceed \$15,000 per day
16 of noncompliance for each violation.

17 (C) Any order issued pursuant to division (A) above shall become final
18 unless, no later than 30 days after the order is served, the person named
19 therein submits a written request to the Director for a public hearing. Upon
20 such request, the Director shall promptly conduct a public hearing. The
21 Director shall appoint an independent hearing officer to preside over the
22 public hearing. The hearing officer shall make and preserve a complete record
23 of the proceedings and forward the hearing officer's recommendation based
24 thereon to the Director, who shall make the final decision.

25 (D) The Board may adopt a field citation program through regulations
26 establishing appropriate minor violations for which field citations assessing
27 civil penalties not to exceed \$1,000 per day of violation may be issued by
28 officers or employees of the Department as designated by the Director. The
29 program will be implemented by the Department.

30 (E) Any person to whom a field citation is issued pursuant to division
31 (D) above may, within a reasonable time as prescribed by regulation by the
32 Board, elect to pay the penalty assessment or to request a hearing by the
33 issuing agency on the field citation. If a request for hearing is not made within

1 the time specified in the regulation, the penalty assessment in the field
2 citation shall be final.

3 (F) Payment of a civil penalty required by a field citation issued
4 pursuant to division (D) above shall not be a defense to further enforcement
5 by the Department to correct a violation or to assess the maximum statutory
6 penalty pursuant to other authorities in the Air Quality Control Act or §§ 9-5-1-
7 1 et seq. if the violation continues.

8 (G) In determining the amount of any penalty to be assessed pursuant to
9 this section, the Director or the individual issuing a field citation shall take
10 into account the seriousness of the violation, any good-faith efforts to comply
11 with the applicable requirements and other relevant factors.

12 (H) In connection with any proceeding under this section, the Director
13 may issue subpoenas for the attendance and testimony of witnesses and the
14 production of relevant papers, books and documents and may adopt rules for
15 discovery procedures.

16 (I) Penalties collected pursuant to an administrative order or a field
17 citation shall be deposited in the City or the County general fund, as
18 applicable.

19 § 9-5-1-99 PENALTY.

20 (A) Civil Penalty. Any person who violates any provision of the Air
21 Quality Control Act, §§ 9-5-1-1 et seq., any regulation of the Board or any
22 permit condition or emergency order adopted or issued pursuant to the Air
23 Quality Control Act or §§ 9-5-1-1 et seq. may be assessed a civil penalty not to
24 exceed \$15,000 for each day during any portion of which a violation occurs.

25 (B) Criminal Penalties.

26 (1) Any person who knowingly commits any violation of §§ 9-5-1-1 et
27 seq. or a regulation of the Board which is not described as a felony in Section
28 74-2-14.C or 74-2-14.D NMSA 1978 is guilty of a misdemeanor and shall be
29 sentenced in accordance with the provisions of Section 31-19-1 NMSA 1978.

30 (2) Any person who knowingly makes any false statement,
31 representation or certification in any application, record, report, plan or other
32 document filed or required to be maintained under the Air Quality Control Act
33 or who falsifies, tampers with or knowingly renders inaccurate any monitoring

1 device or method to be maintained under the Air Quality Control Act or §§ 9-5-
2 1-1 et seq. or regulation adopted pursuant thereto is guilty of a petty
3 misdemeanor and shall, upon conviction, be punished by a fine of not more
4 than \$10,000, per day for each violation, or by imprisonment for not more than
5 six months, or by both.”

6 Section 3. SEVERABILITY CLAUSE. If any section, paragraph, sentence,
7 clause, word, or phrase of this ordinance is for any reason held to be invalid
8 or unenforceable by any court of competent jurisdiction, such decision shall
9 not affect the validity of the remaining provisions of this ordinance. The
10 Council hereby declares that it would have passed this ordinance and each
11 section, paragraph, sentence, clause, word, or phrase thereof irrespective of
12 any provision being declared unconstitutional or otherwise invalid.

13 Section 4. COMPILATION. This ordinance shall be incorporated in and
14 made part of the Revised Ordinances of Albuquerque, New Mexico 1994.

15 Section 5. EFFECTIVE DATE. This ordinance shall take effect December 3,
16 2023.
