INTER-OFFICE MEMORANDUM

TO: Brook Bassan, President, City Council

FROM: Timothy M. Keller, Mayor

SUBJECT: AUTHORIZING THE ACCEPTANCE OF FUNDS FROM THE STATE OF NEW MEXICO AND APPROPRIATING FUNDING FOR SPECIFIC HOMELESS SERVICES PROGRAMS AND FACILITY IMPROVEMENTS AND TO A SPECIFIC AFFORDABLE HOUSING PROJECT

The City has made deep and ongoing investments to transform our homelessness response system and has developed a comprehensive system of care through its Gateway System, which integrates street outreach, shelter, housing navigation, behavioral health and substance use treatment, transitional housing and permanent affordable housing. This continuum of care reflects an understanding that homelessness and housing insecurity are complex challenges that require cross-cutting, wraparound solutions.

This resolution proposes to authorize acceptance of \$21,839,604 from the State of New Mexico and appropriation of the funds to specific homeless services programs, facility improvements, and the purchase of Juniper Flats. The funding is from the State of New Mexico General Appropriation Act Of 2025 to “support housing, affordable housing, transitional housing and the expansion of housing services providers that facilitate behavioral health services and substance abuse recovery, homelessness assistance and prevention for persons with behavioral health needs,” and the State of New Mexico General Appropriation Act of 2024 for “Statewide Homeless Initiatives.”

Working with the Department of Workforce Solutions, the City has identified the following programs and facility improvements as appropriate recipients of this funding:

Young Adult Housing & Treatment Navigation Center Operations

The Young Adult Housing and Treatment Navigation Center will provide 41 beds specifically for unsheltered, vulnerable transition-aged youth, and will offer critical overnight housing, safety, case management, and supportive services tailored to meet the unique needs of young adults experiencing homelessness.

First Responder Receiving Area Operations

The First Responder Receiving Area is designed to allow first responders to safely drop off individuals needing immediate care, and can accommodate short-term stays for up to 20 clients nightly, and will provide rapid stabilization, safety, and connection to ongoing supportive services, reducing strain on emergency resources.

roof that are beyond end of life.
