INTER-OFFICE MEMORANDUM

November 18, 2025

TO: Brook Bassan, President, City Council

FROM: Timothy M. Keller, Mayor 

SUBJECT: Recommendation in Response to Enactment No. R-2025-060 "Establishing a Continuing Sobriety Housing Voucher Pilot Program for Individuals Experiencing Homelessness; Directing the Department of Health, Housing, and Homelessness to Develop a Plan to Implement a Pilot Program and Report on Outcomes."

Pursuant to City Council Resolution, R-25-179, Enactment No. R-2025-060, the Health, Housing, and Homelessness Department (HHH) is submitting the attached proposal to establish and implement a pilot program for a continuing Sobriety Housing Voucher Program.

This Proposal includes the items detailed in the legislation, including inclusion criteria, program purpose, a proposed budget, and an evaluation plan. The Proposal expands on the concept of recovery housing vouchers to also include best practices in recovery care for substance use disorder inclusive of Level 3 Recovery Housing Standards. Best practices also specify the need for therapeutic use of drug screening, which will trigger graduated supportive responses rather than automatic evictions.

We respectfully request that Council review and acknowledge the Plan submitted herewith.

Continuing Sobriety Voucher (CSV) Pilot Plan

Program Overview

Under the direction of R-25-179, R-25-060 Enacted, the City of Albuquerque's Health, Housing & Homelessness Department (HHH) will launch a 12-month Continuing Sobriety Voucher Pilot for up to 25 participants exiting rehab, detox, or treatment, who are committed to maintaining sobriety, with the provision of the recommended funding allocation. The pilot integrates the City's Recovery Housing Study recommendations, Level-3 recovery housing standards, and non-exclusionary therapeutic best practices.

Goals

- Provide a 12-month voucher paired with Level-3 recovery supports.
- Support a therapeutic pathway from treatment to stable housing.
- Compare outcomes to housing-first models to inform future policy.

Key Features

- Eligibility (therapeutic intake): Adults 18+, experiencing homelessness, recently completed detox/rehab/treatment, voluntary agreement to recovery supports and commitment to recovery. This could include individuals exiting Gateway Recovery.
- Non-Exclusionary Supports: Drug testing used therapeutically; allow Medication Assisted Treatment; no automatic eviction for relapse — supportive re-engagement instead.
- Housing Options: Private rentals with required engagement in case management and support services, or Level-3 recovery residences meeting National Alliance for Recovery Residences (NARR) standards, with landlord liaisons and incentives. Level-3 Recovery residences are generally supervised and provide life development skills, and clinical services in-house.
- Services: Required participation in case management, recovery supports, peer recovery coaching, clinical linkages, and employment/benefits support.
- Duration: Up to 12 months per participant with optional aftercare, exiting into stable, unsupported housing.
- The program will not exclude participants based on criminal justice history, gender identity, or prior relapses. Intake and service provision will align with ADA, Fair Housing, and equity-based access standards.

Eligibility

- Must meet Resolution baseline (≥ 18 , experiencing homelessness, completed detox/rehab, or other substance use treatment). Intake is utilized for appropriateness and motivation for ongoing recovery.
- Clinical intake assesses needs (American Society of Addiction Medicine "ASAM"-informed), co-occurring conditions, housing barriers, and supports required.
- Client commitment to ongoing active engagement in recovery services.
- Client is committed to recovery and consents to the therapeutic use of routine drug and alcohol screenings.

Referral Process

- Participants will be referred through the Gateway Recovery program, treatment providers, and community detox centers using a standardized referral form and eligibility verification checklist.

Program Supports and Operations

1. **Case management (required):** weekly then tapering to biweekly as stable. Track goal progress, benefits, employment, tenancy.
2. **Recovery supports (required):** peer groups, recovery coaching, linkage to AA/NA/outpatient treatment. Encourage participant choice in support utilization.
3. **Clinical linkages: Medications for Opioid Use Disorder (MOUD),** outpatient counseling, psychiatric meds — program explicitly accommodates prescriptions and coordination with providers.
4. **Therapeutic monitoring (not exclusionary):** routine, low-threshold drug/alcohol screening used to support treatment planning. Screening results trigger graduated, supportive responses (increase case management, re-engagement with clinical care, short-term stabilization supports).
5. **Graduated responses:** missed treatment appointment or positive screen → supportive plan, short-term intensified services, voluntary or temporary clinical stay (not automatic eviction). Repeated, unresolved safety issues or violent behavior remain enforceable grounds for termination. This ensures sobriety conditions are **therapeutic** rather than exclusionary.
5. **Confidentiality / HIPAA / ADA:** ensure clinical data is protected; reasonable accommodations for disability (including Medication Assisted Treatment) guaranteed.
6. **Landlord engagement & incentives:** ensure active communication with landlords, provide damage mitigation funds and vacancy payments as needed to secure tenancies. Cost for these services are included in the proposed budget if there is not access to the Landlord Engagement Program.
7. **Legal Support:** To assist with navigation of legal obligations, support in criminal proceedings, probation compliance and initiating a plan to avoid recidivism.
8. **Housing quality & NARR standards:** prioritize Level-3 providers meeting NARR principles to provide case management, monitoring, and clinical linkages, in addition to the existing housing voucher policies and procedures.
9. **Discharge Planning:** Participants approaching program completion will receive transition planning at least 60 days before exit, including connection to long-term housing vouchers, employment supports, or self-sustaining tenancy. Discharge planning may include appropriate lease termination, to avoid any further eviction violations. In this program model, the case manager or housing liaison will need to be thoughtful on rent reasonableness and a transition plan may include continued subsidy support until they are able to sustain the housing on their own.
10. **Landlord Liaison** function may be housed in HHH or responsibility assumed within the contracted partner; include a small fund for damage mitigation and vacancy incentives for private rentals requiring tenancy supports per City voucher policies.

Evaluation Metrics

The proposed program includes funding for an evaluator to ensure efficacy of the program. Metrics to be reviewed include enrollment/retention, exit into stable housing, recidivism, employment, service engagement, compliance and supportive responses, landlord satisfaction, comparative analysis to housing-first placements.

- **Evaluation partner** (researcher or evaluator) contracted up front to design comparative analysis and track defined metrics.

Collect and report at pilot end (and quarterly):

- Enrollment, retention, and exits.
- Housing stability (30/90/180-day retention).
- Eligibility for and Enrollment in housing assistance programs, if eligible due to possible prior convictions
- Employment/income changes, service engagement.
- Rates of compliance, supportive re-engagement after positive screens, and termination reasons.
- Self-Reported Status of Recovery.
- Landlord satisfaction and housing quality indicators.
- Financial impact of a phased approach to paying a percentage of rent based on employment or income.
- Financial impact and feasibility of utilization of Medicaid for covered services.
- Comparative analysis vs housing-first placements (matched cohort) on stability & recidivism.

Timeline

- Within 30 days:
 - Finalize plan that includes finalized voucher rent standards (FMR/local median cap) and landlord incentive schedule. Use local rent data to set voucher cap (e.g., \$1,200–\$1,400 depending on unit size).
 - Issue Request for Proposal for Level-3 provider and an evaluation partner; include NARR alignment as preferred
- Within 90 days of RFP being posted route legislation for a contract for Council approval and have executed agreement with Evaluator.
- Rolling intake to last at least 12 months after the first client enters housing with continuous monitoring.
- Within 90 days post-pilot: Report outcomes and recommendations.

If pilot is concluded at the end of year 1, ensure clients are appropriately transitioned to stable housing, or ensure continued funding until such transfers can occur.

Outcomes Expected

Improved housing stability, increased employment/service engagement, lower recidivism into homelessness, and data to guide scaling of recovery-oriented vouchers.

Budget (25 participants, 12 months):

- **Recommended: \$842,600**

Recommended Budget:

Category	Description	Per Participant (Annual)	Total (25 Participants)
Rent Subsidy	Average 1-bedroom voucher (\$1,175/month × 12)	\$14,100	\$352,500
Supportive Services	Case management, peer support, recovery coaching, clinical linkages	\$7,200	\$180,000
Administration & Landlord Incentives	Inspections, liaison role, vacancy/damage mitigation	\$2,400	\$60,000
Move-in / Setup	Furniture, deposits, supplies	\$1,000	\$25,000
Evaluation Contract	Independent evaluation and reporting	—	\$68,000
Provider Indirect / Admin Overhead (12%)	Provider's indirect cost rate to cover admin, insurance, supervision, payroll, HR, etc.	—	\$83,000
Contingency (12%)	Emergency stabilization and higher rents	—	\$74,100
TOTAL ESTIMATED COST		≈ \$34,000 per participant	\$842,600

Budget model — per participant (monthly & annual)

(three scenarios: Low / Base / High)

Assumptions

- **Voucher (rent subsidy):** local 1-bedroom rent estimates vary by data source; representative mid-range estimates: ~\$1,100–\$1,200/month (RentData 50th% ~ \$1,173 / Apartments.com ~ \$1,167). Use a conservative median of **\$1,175/month** for a 1-bed voucher assumption. Covers most of rent up to Fair Market / local median.

- **Supportive services (case management, peer, clinical linkages):** estimated \$400–\$800/month per person (varies by intensity; Level-3 has higher staffing). This aligns with local reality that some Level-3 programs run with grants/Medicaid but City should budget for wraparound supports when those funds are unavailable.
- **Administration & landlord incentives (inspections, liaison, damage mitigation):** \$150–\$300/month per participant (amortized across program).
- **One-time move-in / set-up cost:** \$1,000 per participant (furniture, first/last/security as needed).
- Include contingency (10–15%) for unanticipated costs (higher rents, emergency stabilization, additional clinical placements).

Recommended Budget

- Rent voucher: \$1,175/mo/person
- Supports: \$600/mo/person
- Admin: \$200/mo/person
- **Monthly total:** \$1,975/person
- **12-month + move-in:** $\$1,975 \times 12 + \$1,000 = \$24,700$ per participant
- Plus 12% contingency for unanticipated costs (higher rents, emergency stabilization, additional clinical placements) = \$74,100
- Cost of the Evaluator: \$68,000
- Provider Indirect Cost Rate 12%: \$83,000
- **Total Cost: \$842,600**

(All dollar amounts rounded to nearest \$25.)

1 BE IT RESOLVED BY THE COUNCIL, THE GOVERNING BODY OF THE CITY OF
2 ALBUQUERQUE:

3 SECTION 1. ESTABLISHMENT OF A PILOT PROGRAM. The Department of
4 Health, Housing, and Homelessness (HHH) is directed to create a Continuing
5 Sobriety Voucher Program (Program) to initially serve twenty-five individuals
6 coming out of rehab, detox, or other substance abuse treatment, who meet the
7 following criteria:

8 a) Are at least 18 years old;

9 b) Are experiencing homelessness;

10 c) Have successfully completed some form of detox, rehab, or other
11 substance abuse treatment;

12 d) Agree to abstain from the use of alcohol and illicit substance use during
13 participation in the Program;

14 e) Agree to continue treatment in Alcoholics Anonymous, Narcotics
15 Anonymous, out-patient recovery, or other substance abuse treatment or peer
16 support program;

17 f) Consent to routine drug and alcohol screenings as a condition of
18 ongoing participation in the Program; and

19 g) Participate in case management and any other supportive services
20 required by the administrating agency or provider.

21 SECTION 2. PROGRAM PURPOSE. This Pilot Program is intended to
22 evaluate whether requiring sobriety as a condition of receiving a housing
23 voucher leads to improved outcomes—such as continued employment,
24 increased housing stability, greater engagement with services, and stronger
25 long-term success—when compared to existing low-barrier, housing-first
26 models. The Program is designed to provide a more direct pathway to housing
27 for individuals who voluntarily agree to maintain sobriety as a condition of
28 participation and to provide a needed transition support from treatment
29 centers to stable housing. The Program is intended to be temporary in nature
30 and provide up to one year of support for qualified individuals.

31 SECTION 3. HOUSING OPTIONS. The Program shall utilize housing
32 vouchers designated as *Continuing Sobriety Vouchers* (CSV).

1 a) The Program shall operate similarly to the City's other housing voucher
2 programs with the highest level of wrap around services, including access to
3 the Landlord Engagement Program, and the added condition that participants
4 maintain sobriety throughout their participation in the Program.

5 b) Participants shall have the ability to choose their own housing units
6 within the private rental market and receive assistance from Landlord Liaisons
7 in locating and securing housing.

8 c) Allowable expenses under the Program shall mirror those permitted
9 under existing voucher programs, ensuring consistency in rental assistance,
10 supportive services, and administrative processes.

11 d) The Program shall comply will the City's existing housing voucher
12 policies and procedures.

13 SECTION 4. SUBMISSION OF PLAN. HHH shall develop a CSV Program
14 plan to contract with a qualified provider to deliver screening, CSV
15 administration, case management, compliance monitoring, and other supports
16 necessary to implement the Program successfully. The CSV Program plan
17 shall include a request for an appropriation to conduct the pilot program for
18 one year. HHH shall submit the CSV Program plan via resolution to City
19 Council for approval and appropriation within sixty (60) days of the passage of
20 this Resolution.

21 SECTION 5. EVALUATION AND REPORTING. HHH shall, within ninety (90)
22 days of the conclusion of the one-year pilot, submit a report to City Council
23 via Executive Communication detailing:

24 a) Enrollment and retention statistics;

25 b) Participation outcomes related to housing stability, employment,
26 recidivism, service engagement, and landlord satisfaction;

27 c) Rates of compliance or termination;

28 d) A comparative analysis of outcomes relative to the existing housing-
29 first voucher programs; and

30 e) Recommendations regarding the continuation of the Program, scaling,
31 or integration into the broader homelessness response system.

32 SECTION 6. SEVERABILITY CLAUSE. If any section, paragraph, sentence,
33 clause, word, or phrase of this Resolution is for any reason held to be invalid

or unenforceable by any court of competent jurisdiction, such decision shall not affect the validity of the remaining provisions of this Resolution. The Council hereby declares that it would have passed this Resolution and each section, paragraph, sentence, clause, word, or phrase thereof irrespective of any provision being declared unconstitutional or otherwise invalid.
