**Federal Fiscal Year 2022-2023 City of Albuquerque List of Requests  
for New Federal Policy Priorities and Programs**

**Behavioral Health**

- *Data Sharing:* Adopt legislation supporting the sharing of federal data with state and local agencies as well as organizations working to end homelessness, reintegrating previously incarcerated citizens back into the community, and ending the cycle of hospitalizations.

**Consent Decree Assistance**

- *Grant Programs:* Create grant programs to assist police agencies under a Federal Consent Decree to implement the recommendations and required improvements issued through the Consent Decree.

**Economic Development**

- *Local Tourism Grants:* Create grant programs for communities to develop local tourism, including facility development and entrepreneur and workforce training.
- *Small Business Technical Assistance:* Adopt legislation creating programs to fund technical assistance programs that aid small businesses to establish capacity building, including information technology systems, data management utility burden management and other systems necessary for operating a business in the 21<sup>st</sup> Century.
- *Space Technology Hub:* Continue support of federal programs that further space technology development, the transfer of military technology to civilian use, and assisting metropolitan areas in developing the infrastructure to support space technology development.

**Education**

- *Homeless Children Education:* Adopt legislation creating a program to provide communities with resources to offer quality education services to homeless children, including both on-site and remote-learning opportunities.
- *Learning Technologies Low Income Students:* Adopt legislation creating a grant program to provide remote learning technologies to children who reside in families with low- and moderate-income.

**Equitable Access to Transportation and Infrastructure**

- *Affordable 5G*: Create a grant program to ensure that Internet infrastructure, including Wi-Fi and 5G technology, are affordable and available to all members of society, especially those least able to access these services, including the homeless and the indigent.
- *Low Income Neighborhoods Basic Infrastructure*: Create grant programs to provide basic infrastructure including roads, transit systems and utilities to underserved low-income communities.
- *Non-Fuel Revenue Transportation Funding*: Diversify the funding stream for the Federal Highway and Transit Programs to adjust to revenue losses due to declining federal gas tax revenues.
- *Zero Fares*: Create programs to assist with the implementation and maintenance of Zero-Fare Transit policies and programs.

**Environmental Protection**

- *Carbon Emission Reduction*: Create programs for local and state government agencies to reduce carbon emission from their facilities and fleets to help reduce carbon emissions by 2050 to levels that stave off the worst of climate change.
- *National Pollutant Discharge Elimination System (NPDES) Permit Compliance*: Create grant programs to assist local agencies in implementing best practices and infrastructure projects to comply with the requirements established in the "Regional Storm Water Discharge Permit" issued under the NPDES.

**Immigration Reform**

- *Humane Immigration Reforms*: Enact immigration reforms that provide immigrants with rights that respect their human dignity and status as taxpayers and contributing members of the community.

**Housing Land Banks**

- *Land Banks*: Create a grant program to establish land banks for acquiring blighted or underutilized land in at-risk neighborhoods and productively developing the properties by establishing standards for construction, underwriting loans, loan insurance, and expanding the inventory of American with Disabilities Act Compliant homes.

**Paid Sick Leave**

- *Paid Sick Leave:* Adopt legislation guaranteeing paid sick leave for employees and instituting tax policies to alleviate the expense incurred by small employers for providing sick leave.

**Public Health**

- *Post Pandemic Impacts:* Adopt legislation creating programs to assist communities in mitigating post pandemic impacts.
- *Public Health Law Update:* Update laws and regulations and improve funding to address rising challenges to the public's health and to better utilize new developments in the field of public health.

**Route 66 National Historic Trail**

- *National Historic Trail Designation:* Adopt legislation creating a Route 66 National Historic Trail and establish grant programs for the Conservation and Rehabilitation of Culturally and Historically Significant Structures located on Route 66.

**Stand Alone Energy Systems Tax Credit**

- *Stand Alone Energy Systems Tax Credit:* Adopt the proposed Investment Tax Credit (ITC) for Stand Alone Energy Storage Systems to significantly increase national energy storage capacity by twenty percent.

**Student Loan Debt Relief**

- *Student Load Debt Relief:* Adopt legislation eliminating and or reducing student loan debts.

**Workforce Training**

- Adopt legislation creating programs to fund the development of workforce training programs for low-income and indigent persons to acquire employment skills that help them participate in emerging and high-tech industries.
