Cover Analysis

1. What is it?

A Resolution authorizing the City's acceptance of \$100,000 from the State of New Mexico for needed infrastructure on the Rio Grande Trail and appropriating those funds to the Parks and Recreation Department.

2. What will this piece of legislation do?

This grant will be used to help construct shelters, interpretive signage, and improve boating access in two spots on the Rio Grande Trail in Albuquerque.

3. Why is this project needed?

The Rio Grande Trail is being developed as a multi-use, north-south trail across New Mexico. Through Albuquerque, the trail will simply be an "overlay" on the City's existing Paseo del Bosque Trail. The public needs information about this new recreation project. State funds will pay for educational signage kiosks about the Rio Grande Trail along with some minor improvements at key access points to the trail. These will help promote public use and recreation-related economic activity.

4. How much will it cost and what is the funding source?

The source of funding is State of New Mexico funds (appropriated in a "junior appropriations bill") through the New Mexico Economic Development Department.

5. Is there a revenue source associated with this contract? If so, what level of income is projected?

No.

6. What will happen if the project is not approved?

Trail improvements, educational signage, and outdoor recreation opportunities beneficial to the public will not be completed and promoted.

7. Is this service already provided by another entity?

No.

New Mexico Outdoor Recreation Division / RGT Infrastructure Grant FY22 Junior Bill EXHIBIT A

PROJECT DESCRIPTION

Name of Grantee: City of Albuquerque

Amount: One-hundred-thousand dollars (\$100,000.00)

Deliverables: The City of Albuquerque must provide the following by June 30, 2022:

 Construction to begin on proposed Rio Grande Trail infrastructure project;

- Project to encompass Alameda trailhead area: This will be the location for a prime RGT enhancement/educational feature and will be the highest priority project. Already one of the most popular access points to the Paseo del Bosque Trail (RGT alignment), this site will get various improvements, including a shade structure and interpretive signage, to better support high public use and educate/promote not only the BernCo section of the trail, but the entire state-wide RGT;
- Project to encompass Central & Sunset river access point: The
 main element of the project will be a new "boat conveyance
 system" at this important river access point from the parking
 lot to rivers' edge and the removal of dangerous submerged
 obstacles in the river (along the south-west bank, just upstream
 of the access point);
- This new "rail" system will be a pilot project that if successful, can be replicated at other river access points along the Albuquerque reach (including next at the Montano access point) and will dramatically expand easy access for paddlesports, promoting both the "blue RGT" and the recreation-related economic activity connected to it;
- Interim progress report to be presented by ORD at Rio Grande Trail Commission meeting. Status report to include project photos, construction documents, status update, visitation impacts;
- Adherence to and inclusion of approved Rio Grande Trail branding on all signs and other wayfinding infrastructure, including interpretative panels, within the project, with support of technical assistance provided by the State Tourism Department.
