Project # PR-2018-001843
RZ-2023-00050 – Text Amendment to Integrated Development Ordinance (IDO) – Small Area – The Northwest Mesa Escarpment View Protection Overlay Zone – VPO-2

LEGAL DESCRIPTION:
The City of Albuquerque Council Services Department, requests to amend the text of the Integrated Development Ordinance (IDO) regarding Tribal Engagement, which affects a small area, the Northwest Mesa Escarpment View Protection Overlay Zone – VPO-2.
Staff Planner: Mikaela Renz-Whitmore

On January 18, 2024, the Environmental Planning Commission (EPC) voted to forward a recommendation of DENIAL to the City Council of Project # PR-2018-001843, RZ-2023-00050 – Text Amendment to Integrated Development Ordinance (IDO), Small Area, based on the following Findings and subject to the following Conditions for Recommendation of Denial.

RECOMMENDED FINDINGS:

1. The request is for a text amendment to the Integrated Development Ordinance (IDO) for a small area as part of the Annual Update required by IDO Subsection 14-16-6-3(E). The proposed Small-area amendment, when combined with the proposed City-wide amendments, are collectively known as the 2023 IDO Annual Update.

2. The text amendment to this small area in the City is accompanied by proposed Citywide text amendments, which were submitted separately pursuant to IDO Subsection 14-16-6-7(D) and are the subject of another Staff report (RZ-2023-00040).

3. The small area text amendment is a proposed change requested by Council Services that affects the Northwest Mesa Escarpment View Protection Overlay zone (VPO-2), as established in the IDO.

4. This small area text amendment is a component of a Citywide amendment for tribal engagement proposed in PR-2018-001843 / RZ-2023-00040, which would require the City to refer applications for development within the Northwest Mesa View Protection Overlay Zone (VPO-2) to tribal representatives as commenting agencies. Tribal representatives would have the same timeframes

for comments as other commenting agencies – 15 days for decisions requiring a public hearing and policy decisions. VPO-2 is not included in the proposed Citywide requirement to offer a Pre-submittal tribal meeting.

5. The IDO applies to land within the City of Albuquerque municipal boundaries. The IDO does not apply to properties controlled by another jurisdiction, such as the State of New Mexico, federal lands, or lands in unincorporated Bernalillo County or in other municipalities.

6. The EPC's role is to make a recommendation to the City Council regarding the proposed amendment to IDO text for this small area. As the City's Planning and Zoning Authority, the City Council will make the final decision. The EPC is a recommending body to the Council and has important review authority. Because the proposed change affects properties only in a small area, this is a quasi-judicial matter.

7. The Albuquerque City Charter, Albuquerque/Bernalillo County Comprehensive Plan and the City of Albuquerque Integrated Development Ordinance (IDO) are incorporated herein by reference and made part of the record for all purposes.

8. The request furthers the following relevant City Charter articles:

   A. Article I, Incorporation and Powers. Amending the IDO via text amendments is consistent with the purpose of the City Charter to provide for maximum local self-government. The revised regulatory language and process in the IDO helps implement a preponderance of relevant goals and policies within the Comprehensive Plan and therefore can help guide future legislation.

   B. Article IX, Environmental Protection. The IDO is an instrument to help promote and maintain an aesthetic and humane urban environment for Albuquerque's citizens, and thereby promote improved quality of life. The proposed Small Area text amendment to the IDO would help ensure that land is developed and used properly. Tribal governments and representatives would become commenting agencies for development proposed within the Northwest Mesa Escarpment View Protection Overlay Zone (VPO02); therefore, Commissions, Boards, and Committees would be better able to facilitate effective administration of City policy in this area with the approval of this amendment.

9. The request generally furthers the following relevant City Charter articles:

   A. Article XVII, Planning. In general, amending the IDO through the annual update process is an instance of the Council exercising its role as the City's ultimate planning and zoning authority. The IDO will help implement the Comprehensive Plan and ensure that development in the City is consistent with the intent of any other plans and ordinances that the Council adopts.

   B. Section 2. In general, amending the IDO through the annual update process will help the Mayor and his designees to administer the City's land use plan – the Comprehensive Plan – to achieve its vision for future growth and development through development that is regulated by the IDO.

10. The request partially furthers the following Comprehensive Plan Goal and Policies from Chapter 4: Community Identity:

A. Goal 4.1 Character: Enhance, protect, and preserve distinct communities.

B. Policy 4.1.4 Neighborhoods: Enhance, protect, and preserve neighborhoods and traditional communities as key to our long-term health and vitality..

C. Policy 4.1.5 Natural Resources: Encourage high-quality development and redevelopment that responds appropriately to the natural setting and ecosystem functions.

D. Goal 4.2 Process: Engage communities to identify and plan for their distinct character and needs.

E. Policy 4.2.2 Community Engagement: Facilitate meaningful engagement opportunities and respectful interactions in order to identify and address the needs of all residents.

While providing the opportunity for tribal governments and representatives of traditional tribal communities to engage in the development review process is intended to result in development that is more appropriately designed to respond to the unique natural setting surrounding the Petroglyph National Monument to create a distinct community, tribal entities already have the opportunity to comment on cases in the same way as the general public; therefore, the proposed change is not necessary.

11. The request partially furthers the following Comprehensive Plan Goal and Policies from Chapter 5: Land Use:

A. Goal 5.7 Implementation Processes: Employ procedures and processes to effectively and equitably implement the Comp Plan.

B. Policy 5.7.5 Public Engagement: Provide regular opportunities for residents and stakeholders to better understand and engage in the planning and development process.

Tribal communities have been stewards of this cultural landscape for millennia, and providing the opportunity for their review/comment on proposed development is intended to help guide development to be sustainable and result in a distinct community surrounding the Petroglyph National Monument and the surrounding area, which was the intent of establishing the NW Mesa Escarpment VPO-2. The request is consistent with Policy 5.2.1 Land Uses.

Property owners and developers expressed concern that this change in the process could add delays and additional development cost; therefore, the proposed change may not result in efficient development process and would not further this goal and policy.

12. The request does not meet the Review and Decision Criteria in Subsection 14-16-6-7(E) of the IDO, as follows:

A. Criterion A: The proposed small area amendment is consistent with the health, safety, and general welfare of the city as shown by furthering (and not being in conflict with) a preponderance of applicable Goals and Policies in the ABC Comp Plan, as amended, and other applicable plans adopted by the City.

The proposed IDO text amendment only partially furthers some goals and policies; therefore, the proposed amendment does not further a preponderance of applicable Goals and Policies.

B. Criterion B: If the proposed small area amendment is located partially or completely in an Area of Consistency (as shown in the ABC Comp Plan, as amended), the applicant must demonstrate that the proposed amendment would clearly reinforce or strengthen the established character of the surrounding Area of Consistency and would not allow development that is significantly different from that character. The applicant must also demonstrate that the existing zoning regulations are inappropriate because they meet any of the following criteria:

1. There has been a significant change in neighborhood or community conditions affecting the small area.
2. The proposed zoning regulations are more advantageous to the community as articulated by the ABC Comp Plan, as amended (including implementation of patterns of land use, development density and intensity, and connectivity), and other applicable adopted City plan(s).

The proposed amendment does not meet Criterion 14-16-6-7(E)(3)(b) because the small area is located partially in an Area of Consistency, but it is not more advantageous to the community because it does not further a preponderance of Goals and Policies in the Comprehensive Plan.

C. Criterion C: If the proposed small area amendment is located wholly in an Area of Change (as shown in the ABC Comp Plan, as amended), the applicant must demonstrate that the existing zoning regulations are inappropriate because they meet at least one of the following criteria:

1. There has been a significant change in neighborhood or community conditions affecting the small area that justifies this request.
2. The proposed zoning regulations are more advantageous to the community as articulated by the ABC Comp Plan, as amended (including implementation of patterns of land use, development density and intensity, and connectivity), and other applicable adopted City plan(s).

This criterion is not applicable because the small area includes Areas of Consistency.

D. Criterion D: If the proposed amendment changes allowable uses, the proposed amendment does not allow permissive uses that would be harmful to adjacent property, the neighborhood, or the community, unless the Use-specific Standards in Section 16-16-4-3 associated with that use will adequately mitigate those harmful impacts.

This criterion is not applicable because the proposed amendment does not change allowable uses.

E. Criterion E: The applicant's justification is not based completely or predominantly on the cost of land or economic considerations.

The small area amendment meets Criterion 14-16-6-7(E)(3)(e) because the request is not completely or predominantly justified based on the cost of land or economic considerations.

13. For a Text Amendment to IDO – Small Area, the required notice must be emailed, mailed, published, and posted on the web. (See Table 6-1-1.) Email notice was sent to the two representatives of each Neighborhood Association and Coalition registered with the Office of Neighborhood Coordination (ONC) as required by IDO Subsection 14-16-6-4(K)(2)(a). On December 6, mailed notice was sent to 8,861 property owners within the Northwest Mesa Escarpment View Protection Overlay zone and within 100 feet of the boundary, but not to property owners within 660 feet, which was an error. A recommended condition of approval revises the small area to the VPO-2 boundary, which would coincide with the provided mailed notice. The City published notice of the EPC hearing as a legal ad in the ABQ Journal newspaper. Notice was posted on the Planning Department website and on the project website.

14. City staff held public review meetings about the IDO Annual Update, including small area amendments, on October 12-13 and November 17, 2023 via Zoom.

15. For a Text Amendment to IDO – Small Area, a pre-submittal neighborhood meeting must be offered to Neighborhood Associations that include or are adjacent to the small area. A neighborhood meeting was held on October 28, 2023 via Zoom.

16. The EPC held a study session regarding the proposed 2023 IDO amendments on December 7, 2023. This was a publicly-noticed meeting, but public comments were not taken.

17. As of this writing, City Council has scheduled a post-submittal facilitated meeting as requested by the Santa Fe Village Neighborhood Association to discuss the proposed amendment on January 10, 2024.

18. As of this writing, 1 written comment have been received from the public about this component of the tribal engagement amendment, and approximately 6 public comments were pinned on the exhibit posted online. All comments have been in support.

19. Participants expressed support during the pre-submittal neighborhood meeting.

20. Public testimony from the hearing on January 18, 2024 from property owners with undeveloped land within the Northwest Mesa Escarpment View Protection Overlay Zone (VPO-2) expressed concerns that the proposed amendment would add a layer of complexity in the development process that could contribute to delays and additional development costs. The EPC finds this argument compelling and does not support the proposed amendment.

21. Because the EPC is a recommending body for this IDO text amendment for a small area, the City Council will be the ultimate decision-maker. If City Council considers adopting this amendment, EPC has approved a Recommended Condition that edits the proposed amendment to remove the 660-foot distance from the VPO-2 so that only applications within the VPO-2 will be referred to tribal representatives. This change aligns with the mailed notice provided to property owners within the VPO-2 and those within 100 feet.

22. On January 11, 2024, EPC approved 4 conditions that changed the text of the Citywide tribal engagement amendment (PR-2018-001843 / RZ-2023-00040, Conditions #28-31). These

conditions will be reflected in the revised amendment that will be transmitted to City Council for consideration on this small area component of the Citywide tribal engagement amendment.

RECOMMENDED CONDITION FOR RECOMMENDATION OF DENIAL:

1. In the proposed Subsection 14-16-6-4(J)(10), revise the language to delete "660 feet of" so that tribal referrals take place for applications proposing development within the Northwest Mesa Escarpment View Protection Overlay zone boundary.

APPEAL: It is not possible to appeal an EPC Recommendation to the City Council, since this is not a final decision. For more information regarding the appeal process, please refer to Section 14-16-6-4(V) of the Integrated Development Ordinance (IDO), Administration and Enforcement.

Sincerely,

Megan Jones

Project #: PR-2018-001843
Case #: RZ-2023-00050
Hearing Date: January 18, 2024

Staff Report

Applicant	City of Albuquerque Council Services Department
Request	Text Amendment to the Integrated Development Ordinance (IDO) – Small Area – Northwest Mesa Escarpment View Protection Overlay Zone (VPO-2)
Location	NW Mesa Escarpment VPO-2

Staff Recommendation

That a recommendation of APPROVAL of PR-2018-001843/RZ-2023-00050 be forwarded to the City Council based on Findings on page 16.

Staff Planner
Mikaela Renz-Whitmore, Manager
Urban Design & Development Division

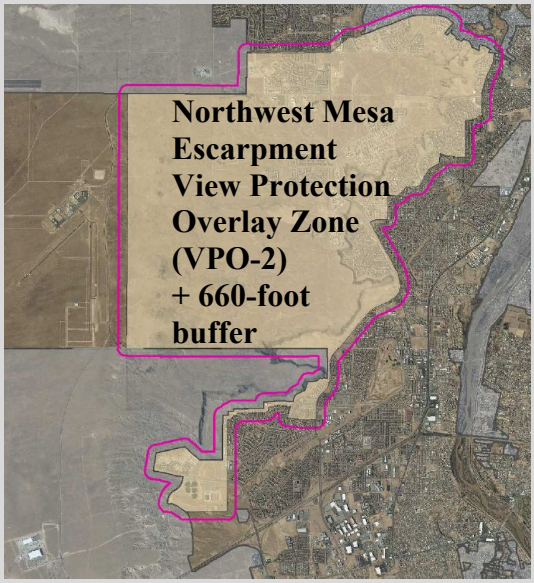
Summary of Analysis

The request is for a text amendment to the Integrated Development Ordinance (IDO) in tandem with the IDO Annual Update for 2023 required by IDO Subsection 14-16-6-3(D). The request consists of the quasi-judicial consideration of the citywide amendment submitted in October 2023 by Councilor Tammy Fiebelkorn to require the City to provide opportunities for tribal governments in New Mexico to engage in the development review and decision process.

The proposed amendment is Item #58 in a spreadsheet of "IDO Annual Update 2023 – EPC Review - Citywide" (see attachment). The small area portion of the Exhibit would require the City to refer applications for proposed development within 660 feet of the Northwest Mesa Escarpment View Protection Overlay Zone (VPO-2) to Indian Nations, Tribes, or Pueblos for comments.

The request generally furthers a preponderance of applicable Comprehensive Plan Goals and Policies that pertain to community identity, land use, and heritage conservation. The proposed changes are intended to strengthen development review procedures and encourage design that is most appropriate and sensitive to the cultural landscape surrounding the Petroglyph National Monument.

Staff has received few public comments, all in support.



Comments received before January 8th at 9AM are attached to and addressed in this Staff Report. Comments received before January 11th at 9AM are attached, but not addressed. Clarifying materials received before January16th at 9 AM (after publication of this report and more than 48 hours before the hearing) will be forwarded to the EPC for consideration at the hearing and are not attached to this report.

I. INTRODUCTION

Background

When it became effective in May 2018, the Integrated Development Ordinance (IDO) established a process to update zoning regulations annually. IDO Subsection 14-16-6-3(D) requires the Planning Department to prepare proposed amendments to the text of the IDO and submit them every calendar year for an EPC hearing. The IDO annual update process establishes a regular, required cycle for discussion among residents, businesses, City Staff, and decision-makers to consider any needed changes that were identified over the course of the year.

The 2019 IDO Annual Update that became effective in November 2020 establishes two types of amendments for zoning changes:

- Amendment to IDO Text – Citywide [Subsection 14-16-6-7(D)] and
- Amendment to IDO Text – Small Area [Subsection 14-16-6-7(E)].

Citywide text amendments apply generally throughout the city, are legislative in nature, and are reviewed using a legislative process. Text amendments that only apply to small areas in the city are quasi-judicial in nature, requiring a review process that includes mailed notice to affected property owners and a prohibition of ex parte communication with decision-makers about the proposed changes. City Councilors will be acting as legislators when adopting citywide text amendments and as quasi-judges when adopting text amendments only affecting properties in specific small areas.

Request

This request is for a text amendment of the Integrated Development Ordinance (IDO) affecting a small area in tandem with the Annual Update required by Subsection 14-16-6-3(D). A citywide text amendment related to tribal engagement was submitted as part of the Annual Update for 2023 and included in the Staff Report for citywide amendments heard by the Environmental Planning Commission on December 14, 2023 and January 11, 2024. The tribal engagement amendment was Item #58 in the Citywide Spreadsheet, and the proposed text changes were included in an associated Council memo from Councilor Tammy Fiebelkorn. This proposed amendment included a component that would only affect a small area within the city – the Northwest Mesa Escarpment View Protection Overlay zone (NW Mesa Escarpment VPO-2). The same tribal engagement amendment was submitted as a small area amendment as required by Subsection 14-16-6-7(E) for decision-makers to consider the small area component, which is the subject of this Staff Report. The proposed citywide amendments, when combined with the proposed small area amendments, are collectively known as the 2023 IDO Annual Update.

The small area component of the tribal engagement amendment would require the City to refer applications for proposed development within 660 feet of the NW Mesa Escarpment VPO-2 to Indian Nations, tribes, or pueblos located partially or wholly in New Mexico and to representatives on the City's Commission for American Indian and Alaskan Native Affairs for comment.

As proposed, these tribal entities would receive all applications regulated by the IDO in Table 6-1-1, whether the decisions were administrative, decisions that require a public hearing, or policy decisions. This change would affect text in IDO Subsection 14-16-6-4(J).

A proposed citywide amendment [Item #31] for the same IDO Subsection would clarify that the City procedures for decisions that require a public hearing or policy decisions would allow a 15-day commenting period for agency commenters, while administrative decisions would not delay the City's decision for comments, but any comments received before the decision would be considered.

The proposed amendment is intended to provide an opportunity for tribal governments to engage in the City's review and decision procedures for proposed development near tribal land, Major Public Open Space, the Petroglyph National Monument, and the NW Mesa Escarpment VPO-2. In addition, the amendment adds tribal governments to the Archaeological Certificate procedure, which is required prior to subdivision, site plans, or master development plans for projects 5+ acres anywhere in the city.

The NW Mesa Escarpment VPO-2 was established with the IDO to carry over view protection regulations for all development near the Petroglyph National Monument. The small area tracks with a boundary established by the previous Northwest Mesa Escarpment Plan, which was a Rank 3 Sector Development Plan prior to the IDO. VPO-2 limits building heights, reflectivity, and color to limit the visual impact of development near the Monument.

Applicability
The proposed IDO text amendments apply to properties within 660 feet of the NW Mesa Escarpment VPO-2 that are within the City of Albuquerque municipal boundaries. The IDO does not apply to lands owned or controlled by another jurisdiction, such as the State of New Mexico, Federal lands, or tribal lands. Properties in unincorporated Bernalillo County or other municipalities, such as the Village of Los Ranchos and City of Rio Rancho, are also not subject to the IDO.

Environmental Planning Commission (EPC) Role
The EPC is hearing this case pursuant to Subsection 14-16-6-7(E), Amendment to IDO Text – Small Area. The EPC's task is to review the proposed changes and make a recommendation to the City Council regarding the small area component of the proposed text amendment. The EPC is a recommending body with review authority and can submit Recommended Conditions of Approval as it deems necessary. As the City's Planning and Zoning Authority, the City Council will make the final decision. This is a quasi-judicial matter.

II. ANALYSIS OF ORDINANCES, PLANS, AND POLICIES

Charter of the City of Albuquerque
The Citizens of Albuquerque adopted the City Charter in 1971. Applicable articles include:

Article I, Incorporation and Powers
The municipal corporation now existing and known as the City of Albuquerque shall remain and continue to be a body corporate and may exercise all legislative powers and perform all functions not expressly denied by general law or charter. Unless otherwise provided in this Charter, the power of the city to legislate is permissive and not mandatory. If the city does not legislate, it may nevertheless act in the manner provided by law. The purpose of this Charter is to provide for maximum local self-government. A liberal construction shall be given to the powers granted by this Charter.

Amending the IDO via text amendment is consistent with the purpose of the City Charter to provide for maximum local self-government. The revised process for development review in the IDO would generally help implement the Comprehensive Plan.

Article IX, Environmental Protection
The Council (City Commission) in the interest of the public in general shall protect and preserve environmental features such as water, air, and other natural endowments, ensure the proper use and development of land, and promote and maintain an aesthetic and humane urban environment. To affect these ends the Council shall take whatever action is necessary and shall enact ordinances and shall establish appropriate Commissions, Boards or Committees with jurisdiction, authority, and Staff sufficient to effectively administer City policy in this area.

The proposed small area text amendment would help ensure that land is developed and used properly and that an aesthetic and humane urban environment is maintained. The IDO is the implementation instrument for the City's Comprehensive Plan, which protects and promotes health, safety, and welfare in the interest of the public. Commissions, Boards, and Committees would have updated and clarified regulations to help facilitate effective administration of City policy in this area.

Article XVII, Planning
Section 1. The Council is the city's ultimate planning and zoning authority, including the adoption and interpretation of the Comprehensive Plan and the Capital Improvement Plan. The Council is also the city's ultimate authority with respect to interpretation of adopted plans, ordinances, and individual cases.

Amending the IDO through the annual update process is an instance of the Council exercising its role as the City's ultimate planning and zoning authority. The IDO will help implement the Comprehensive Plan and ensure that development in the city is consistent with the intent of any other plans and ordinances that the Council adopts.

Section 2. The Mayor or his designee shall formulate and submit to the Council the Capital Improvement Plans and shall oversee the implementation, enforcement, and administration of land use plans.

Amending the IDO through the annual update process will help the Administration to implement the Comprehensive Plan vision for future growth and development and will help enforce and administer land use plans.

Albuquerque / Bernalillo County Comprehensive Plan (Rank 1)
The Comprehensive Plan and the IDO were developed together and are mutually supportive. The overarching purpose of the IDO (see Subsection 14-16-1-3) is to implement the Comprehensive Plan and protect the health, safety, and general welfare of the public.

The request for a text amendment to the IDO for the NW Mesa Escarpment VPO-2 related to tribal engagement is generally consistent with a preponderance of applicable Comprehensive Plan Goals and policies. Applicable Goals and Policied are listed below, and Staff's analysis follows in ***bold italics.***

Chapter 4: Community Identity

Goal 4.1 Character: Enhance, protect, and preserve distinct communities.

Policy 4.1.4 Neighborhoods: Enhance, protect, and preserve neighborhoods and traditional communities as key to our long-term health and vitality.

Policy 4.1.5 Natural Resources: Encourage high-quality development and redevelopment that responds appropriately to the natural setting and ecosystem functions.

The proposed amendment would generally help enhance, protect, and preserve traditional communities because it includes an additional process to allow Indian Nations, tribes, and pueblos to comment on proposed development within the NW Mesa Escarpment VPO-2. Engaging tribal governments in the development review process may result in high-quality development that is designed to be appropriate within the NW Mesa Escarpment VPO-2, which surrounds sensitive cultural resources, including the Petroglyph National Monument; therefore, the request is consistent with Goal 4.1 Character, Policy 4.1.4 Neighborhoods, and Policy 4.1.5 Natural Resources.

Goal 4.2 Process: Engage communities to identify and plan for their distinct character and needs.

Policy 4.2.2 Community Engagement: Facilitate meaningful engagement opportunities and respectful interactions in order to identify and address the needs of all residents.

The proposed amendment would help facilitate meaningful engagement opportunities by expanding the review/decision process to representatives of tribal communities on lands near the Petroglyph National Monument, which many tribal community members still use and value as an important cultural landscape. The proposed amendment provides opportunities to engage tribal governments and representatives in the review of proposed development near the Petroglyph National Monument and the surrounding area, which was the intent of establishing the NW Mesa Escarpment VPO-2. Tribal communities have been stewards of this cultural landscape for millennia, and providing the opportunity for review/comment on proposed development is intended to help identify the needs of tribal communities. The request is consistent with Goal 4.2 and Policy 4.2.2.

Chapter 5: Land Use

Goal 5.7 Implementation Processes: Employ procedures and processes to effectively and equitably implement the Comp Plan.

Policy 5.7.5 Public Engagement: Provide regular opportunities for residents and stakeholders to better understand and engage in the planning and development process.

The request would help implement the Comp Plan by adding tribal engagement processes to the review/decision procedures in the IDO in order to implement the Comprehensive Plan. The request is consistent with Goal 5.7 Implementation Processes and Policy 5.7. Public Engagement.

Chapter 11: Heritage Conservation

Goal 11.3 Cultural Landscapes: Protect, reuse, and/or enhance significant cultural landscapes as important contributors to our heritage and rich and complex identities.

Policy 11.3.1 Natural and Cultural Features: Preserve and enhance the natural and cultural characteristics and features that contribute to the distinct identity of communities, neighborhoods, and cultural landscapes.

Policy 11.3.4 Petroglyph National Monument: Regulate adjacent development to protect and preserve the Petroglyph National Monument – its volcanoes, petroglyphs, and Northwest Mesa Escarpment – as a priceless cultural landscape and community resource that provides physical, cultural, and economic benefits.

The request helps to protect a significant cultural landscape and its important contribution to our heritage and rich and complex identities. Including representatives of tribal communities in the review/decision process for proposed development near the Petroglyph National Monument, within the NW Mesa Escarpment VPO-2, will allow opportunities for the original stewards of this natural and cultural landscape to help guide proposed development to minimize negative impacts and maximize opportunities for blending with and enhancing the natural environment. The request is consistent with Goal 11.3 Cultural Landscapes, Policy 11.3.1 Natural and Cultural Features, and Policy 11.3.4 Petroglyph National Monument.

Integrated Development Ordinance (IDO) – 14-16-6-7(E) Amendment to IDO Text – Small Areas

City Councilor Tammy Fiebelkorn requested the proposed text amendment to the IDO for tribal referrals within 660 feet of the NW Mesa Escarpment VPO-2. Council Services Staff submitted this proposed amendment for the EPC's review and recommendation in tandem with the citywide changes proposed for the 2023 IDO Annual Update.

This request for IDO Text Amendment – Small Area was submitted after the July 27, 2023 effective date of the 2022 Annual IDO Update; therefore, it is subject to applicable standards and processes therein. Because this small area text amendment is part of a citywide amendment submitted as part of the Annual Update, IDO Subsection 14-16-6-3(D) applies.

The request is required to meet the review and decision criteria for Amendment to IDO Text – Small Area in Subsections 14-16-6-7(E)(3)(a-e). The applicant's justification letter (see attachment) demonstrates that the request adequately meets the criteria. The requirement is in plain text; Staff analysis follows in ***bold italic*** text.

Criterion 14-16-6-7(E)(3)(a): The proposed small area amendment is consistent with the health, safety, and general welfare of the city as shown by furthering (and not conflicting with) a preponderance of applicable Goals and Policies in the ABC Comp Plan, as amended, and other applicable plans adopted by the City.

Applicant Response (summarized by Planning staff): The proposed change furthers Goals and Policies in the Comprehensive Plan, because it engages tribal governments and representatives in the development review process for projects proposed within the NW Mesa Escarpment VPO-2, which is intended to be a distinct community surrounding the Petroglyph National Monument, which is a sacred

cultural landscape for many tribal communities. Comments from tribal governments can help lead to development that is designed in a way that is sensitive to and enhances the surrounding environment.

The Applicant Response and the Staff Policy Analysis above found that the proposed amendment would further the following Comprehensive Plan Policies:

- Policy 4.1.5 Natural Resources
- Policy 4.2.2 Community Engagement
- Policy 5.7.5 Public Engagement:
- Policy 11.3.1 Natural and Cultural Features
- Policy 11.3.4 Petroglyph National Monument

The Staff Policy Analysis above also found that the proposed amendment would further the following Comprehensive Plan Goals and Policies:

- Policy 4.1 Character
- Policy Neighborhoods
- Goal 4.2 Process
- Goal 5.2 Complete Communities
- Policy 5.21 Land Uses
- Goal 5.7 Implementation Processes
- Goal 11.3 Cultural Landscapes

The Applicant Response also cited the following policies, which the Staff Policy Analysis did not find relevant to this request but are not in conflict.

- Policy 5.7.2 Regulatory Alignment
- Policy 5.7.4 Streamlined Development
- Policy 11.4.1 Archaeological Setting
- Policy 11.4.2 Proactive Protection

The proposed small area text amendment is generally consistent with the spirit and intent of the Comprehensive Plan, and other policies and plans adopted by the City Council, because it would help guide growth and development and identify and address significant issues in a holistic way (Comprehensive Plan, p. 1-5). The proposed change is consistent with Comprehensive Plan Goals and policies that direct the City to adopt and maintain an effective regulatory system for land use and zoning, as well as multiple goals and policies related to Community Identity, Land Use, and Heritage Conservation. The proposed small area amendment is consistent with the health, safety, and general welfare of the city as shown by furthering (and not conflicting with) a preponderance of applicable Goals and Policies in the Comprehensive Plan; therefore, the request generally meets Criterion 14-16-6-7(D)(3)(a). See Staff's policy analysis above.

Criterion 14-16-6-7(E)(3)(b): If the proposed small area amendment is located partially or completely in an Area of Consistency (as shown in the ABC Comp Plan, as amended), the applicant must demonstrate that the proposed amendment would clearly reinforce or strengthen the established character of the surrounding Area of Consistency and would not allow development that is significantly different from that character. The applicant must also demonstrate that the existing zoning regulations are inappropriate because they meet any of the following criteria:

1. There has been a significant change in neighborhood or community conditions affecting the small area.

2. The proposed zoning regulations are more advantageous to the community as articulated by the ABC Comp Plan, as amended (including implementation of patterns of land use, development density and intensity, and connectivity), and other applicable adopted City plan(s).

   Applicant Response to 6-7(E)(3)(B): Some portions of the impacted VPO-2 area are within an Area of Consistency. The proposed small area amendment would reinforce or strengthen the established character of the area by ensuring that tribal entities and their representatives are not only informed of active development in the area, but are asked to provide comment and feedback on development in that area.

   Applicant Response to 6-7(E)(3)(B)(2): The proposed regulation is more advantageous to the community as articulated by the policy justification in criterion 6-7(E)(3)(A).

   The existing zoning regulations do not require referral to tribal governments for proposed development. Engaging tribal governments is intended to provide opportunities for comments that help guide appropriate development that can reinforce or strengthen the established character in Areas of Consistency, including the Petroglyph National Monument. The proposed small area text amendment is more advantageous to the community as articulated by the Comprehensive Plan by furthering multiple goals and policies related to Community Identity, Land Use, and Heritage Conservation. Overall, the request generally meets Criterion 14-16-6-7(D)(3)(a). See Staff's policy analysis above.

Criterion 14-16-6-7(E)(3)(c): If the proposed small area amendment is located wholly in an Area of Change (as shown in the ABC Comp Plan, as amended), the applicant must demonstrate that the existing zoning regulations are inappropriate because they meet at least one of the following criteria:

1. There has been a significant change in neighborhood or community conditions affecting the small area that justifies this request.

2. The proposed zoning regulations are more advantageous to the community as articulated by the ABC Comp Plan, as amended (including implementation of patterns of land use, development density and intensity, and connectivity), and other applicable adopted City plan(s).

Applicant Response**:** This criterion is not applicable because the small area amendment is not located wholly in an Area of Change.

Staff Response: The small area amendment is not located wholly in an Area of Change. The small area includes Areas of Consistency as well as Areas of Change.

Criterion 14-16-6-7(E)(d): If the proposed amendment changes allowable uses, the proposed amendment does not allow permissive uses that would be harmful to adjacent property, the neighborhood, or the community, unless the Use-specific Standards in Section 16-16-4-3 associated with that use will adequately mitigate those harmful impacts.

Applicant Response**:** This criterion is not applicable because this small area amendment proposes no changes to allowable uses.

Staff Response: The proposed amendment does not change allowable uses; rather, it changes development review procedures to include tribal engagement.

Criterion 14-16-6-7(E)(3)(e): The applicant's justification is not based completely or predominantly on the cost of land or economic considerations.

Applicant Response: This small area amendment is not based completely or predominantly on the cost of land or economic considerations. Implementing additional community involvement in the review and approval process is not related to the cost of land or economic considerations.

Staff Response: The proposed amendment is not based completely or predominantly on the cost of land or economic considerations; rather, it is intended to provide opportunities for tribal engagement during development review on land that may impact tribal communities.

III. PROPOSED AMENDMENTS & DISCUSSION

The proposed small area text amendment is one component of a tribal engagement amendment submitted by Councilor Fiebelkorn for the 2023 IDO Update. (See Item #58 in the spreadsheet "IDO Annual Update 2023 – EPC Review – Citywide" and the associated exhibit.)

Tribal Referrals – 14-16-6-4-(J); 14-16-6-5(A); 14-16-7-1 [Item #58]

This amendment proposed by City Council requires the City to refer applications for proposed development to Tribal Nations as commenting agencies. The amendment is intended to establish a formal mechanism to communicate with leaders of Indian Nations, Tribes, or Pueblos in New Mexico and tribal representatives serving on the City's Commission on American Indian and Native Alaskan Affairs about development that may impact tribal communities. This change would provide the

opportunity for Tribal Nations to comment on proposed projects as they choose within the established timeframes for review.

Referrals for comment would be required for proposed development in the following locations:

- Within 660 feet of the Petroglyph National Monument;
- Within 660 feet of Major Open Public Space;
- Within 660 feet of Tribal Lands;
- Within 660 feet of Northwest Mesa Escarpment View Protection Overlay Zone – VPO-2.

The proposed change related to Major Public Open Space (which includes the Petroglyph National Monument) and tribal land are considered citywide because they would affect properties located throughout the city; therefore, those components of the amendment are being considered as part of the citywide text amendments as a legislative matter.

The referral for applications within 660 feet of the VPO-2 boundary constitutes a new small area, created through a small area text amendment, requiring a separate application and a quasi-judicial review/decision process. Small area text amendments require mailed notice as part of due process for affected property owners. The IDO requires notice to property owners within the small area plus those within 100 feet of the small area. In this case, Council staff sent the mailed notice to all property owners within the VPO-2 boundary and property owners within 100 feet of the boundary. As originally proposed, the amendment would affect property owners within 660 feet of the boundary. Planning staff confirmed with Council staff that the intent was to refer applications only within the VPO-2 boundary, since the VPO-2 itself establishes a boundary that includes a buffer around the Petroglyph National Monument. Planning staff has proposed a Condition to amend the language accordingly. If EPC concurs, then the public notice will be adequate. If the EPC chooses to keep the 660 feet distance, then public notice will need to be supplemented to the additional affected property owners.

The Albuquerque Indian School Area was originally included in the submitted amendment, which would have also constituted a small area text amendment, the sponsoring Councilor requested that it be stricken from the proposed amendment, and Planning staff has submitted a proposed Condition of Approval for EPC's consideration at the January 11th hearing.

The proposed amendment adds definitions for "*Indian Nation, Tribe, or Pueblo,"* "*Tribal Representative,*" and "*Tribal Land*" to Section 14-16-7-1. The City's Office of Native American Affairs maintains the list of contacts for tribal leaders and tribal representatives. This definition would make Tribal governments responsible for submitting in writing requests to map land as tribal land for the purpose of triggering referrals for comment when the City receives applications for proposed development within 660 feet.

IV. PUBLIC OUTREACH

Meetings and Presentations

The proposed amendments in the 2023 Annual Update were reviewed during two online public study sessions in October 2023 via Zoom, prior to application submittal for the EPC process. One session was held on October 12, 2023 in the evening and another session on October 13, 2023 over the lunch hour, covering the same content. Planning Staff presented the proposed text amendments and answered questions from participants for both the citywide and the small area amendments.

The presentations, in .pdf format and video format, are posted on the project webpage at: https://abq-zone.com/ido-annual-update-2023#paragraphs-item-339

A pre-submittal Neighborhood Meeting was held on October 28, 2023.

Another public meeting to review and discuss the Annual Update changes was held on November 17, 2023 after the EPC application was submitted. A link to the presentation, in .pdf format and video format, is here: https://abq-zone.com/ido-annual-update-2023#paragraphs-item-339

The EPC held a study session regarding the proposed 2023 IDO amendments on December 7, 2023. This was a publicly-noticed meeting, although no public input is taken during study sessions. (See EPC Rules of Practice and Procedure, Article II, Section V.) The presentation from the study session and other information about the EPC hearing is available at this link: https://abq-zone.com/ido-annual-update-2023#paragraphs-item-335.

Planning staff met with tribal representatives on the City's Commission on American Indian and Alaskan Native Affairs on December 13, 2023 to gather comments.

As of this writing, Council staff has scheduled a post-submittal facilitated meeting with the Santa Fe Village Neighborhood Association to discuss the proposed amendment on January 10, 2024. If available, the facilitated meeting report will be forwarded to the EPC for consideration on January 18. If it is not available, it will be added to the case file and forwarded to City Council for consideration at the next hearing by the Land Use, Planning, and Zoning Committee.

V. NOTICE

Required Notice for the EPC Hearing

For an Amendment to IDO Text – Small Area, public notice must be published, emailed, mailed, and posted on the web. (See Table 6-1-1: Summary of Development Review Procedures.)

The City published notice of the EPC hearing as a legal ad in the ABQ Journal newspaper on January 3, 2024.

Email notice was sent to the two representatives of 13 Neighborhood Associations and the Westside Coalition of Neighborhood registered with the Office of Neighborhood Coordination (ONC) pursuant to the requirements of IDO Subsection 14-16-6-4(K). (See attachments.)

Mailed notice was sent to 8,861 property owners within the NW Mesa Escarpment VPO-2 boundary and within 100 feet of the boundary. The first mailed notice included the incorrect date for the EPC hearing, so a second postcard was mailed to all property owners correcting the date.

The City posted notice of the EPC hearing on the Planning Department website here: https://www.cabq.gov/planning/boards-commissions/environmental-planning-commission/epc-agendas-reports-minutes

The City also posted notice of the application, the proposed changes to the IDO, and the EPC hearing on the project website here: https://abq-zone.com/ido-annual-update-2023

Additional Notice Provided
Email notice about the pre-application review meetings was sent to approximately 9,500 subscribers on the ABC-Z project update email list on September 15, 2022, and a reminder email was sent alongside a Comprehensive Plan update email on October 4, 2023. An email notice announcing submittal of the EPC application, the November 17th public meeting, December 7th EPC study session, and December 14th hearing was sent on October 27, 2023. Additional reminder emails were sent on November 3 and November 29, 2023.

The City sent letters about the tribal engagement amendment to 27 tribal leaders across New Mexico.

VI. AGENCY & PUBLIC COMMENTS

Agency Comments

The following questions were received from the Albuquerque Metropolitan Arroyo Flood Control District (AMAFCA) about the implications of the proposed amendment to public projects, presumably related to stormwater management relevant to AMAFCA. Staff response to these questions is in ***bold italics***.

- What does the review process look like for other governmental agency projects within the VPO-2 as compared to private development?

  There would be no difference to public vs. private development in terms of the proposed development review/decision process; however, the IDO only regulates development outside of public rights-of-way in land that has zoning within the City of Albuquerque municipal boundary. AMAFCA projects are largely within public rights-of-way on land that is unclassified, meaning it does not have a zoning designation and therefore would not be regulated by the IDO or subject to the proposed tribal engagement process.

- Will the Tribal Engagement process have standard requirements for the VPO-2 area?

  Yes. All applications in IDO Table 6-1-1 for proposed development within 660 feet of the VPO-2 area would be referred to Indian Nations, Tribes, and Pueblos located wholly or partially in New Mexico for comment.

- Will the comments be limited to view heights as intended by the VPO-2?

The VPO-2 establishes regulations for color, reflectivity, and roof-mounted equipment, not just building heights.

The City does not have the authority to limit the content of agencies' comments, nor would it be appropriate; however, IDO regulations cannot be changed (added to, amended, or deleted) as they related to applications for administrative decisions or most decisions that require a public hearing. The exceptions are Conditional Use requests, variances, and waivers, all of which involve discretion about the conditions of approval that are appropriate on a case-by-case basis. While tribal representatives may make any comment they deem appropriate, the City will not be able to change the decision criteria or regulations already established in the IDO. Discussions between the applicant and tribal representatives may help shape the design, layout, or proposed elements of a development if the applicant agrees to the changes.

- Will there limitations to what changes a Tribal Representative can request from development?

  No. Tribal Representatives can and should request whatever seems appropriate; however, decision-makers cannot change the decision criteria or add conditions that change regulations already established in the IDO (whether additions, amendments, or deletions). Discussions between the applicant and tribal representatives may help shape the design, layout, or proposed elements of a development if the applicant agrees to the changes.

Public and Neighborhood Comments

Letters via e-mail

As of this writing, Staff received only 2 written comments specifically about the NW Mesa Escarpment VPO-2 component of the tribal engagement amendment. The comments are both strongly in support of the proposed amendment. (See attachments.)

Tribal Engagement Comments

Three people pinned comments on the tribal engagement amendment exhibit, all in support. Two people pinned comments on the IDO Annual Update Spreadsheet on Item #58, both in support. (See attachments.) Four people supported the tribal engagement amendment in their comments covering many items in the Citywide Annual Update.

The National Park Service sent written comments to the EPC in support, requesting that the time for commenting be extended to 30 days. (See attachments.) This request would delay all development decisions regulated by the IDO. Planning staff is recommending a different approach to get proposed development on the radar even before an application is submitted and to allow early dialogue. See the discussion about a Pre-submittal Tribal Meeting in Section III of the Citywide Staff Report.

The Pueblo of Laguna sent written comments to the EPC for the citywide text amendment discussion in December 2023, generally in support, with some requested changes. For the most part, the requested changes will be considered with the citywide text amendment, but one change would affect this small area. The Pueblo of Laguna requested that the distance be extended from 660 feet to 1 mile (5,280 feet). If the EPC would like to change the proposed amendment to 1 mile, then additional notice will need to be mailed to property owners within that additional distance plus 100 feet.

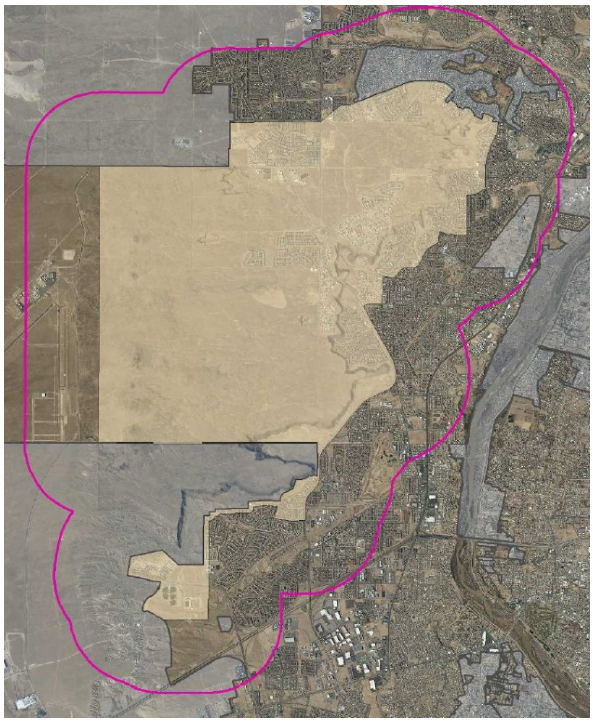

Figure 1: NW Mesa Escarpment VPO-2 with a 1-mile buffer

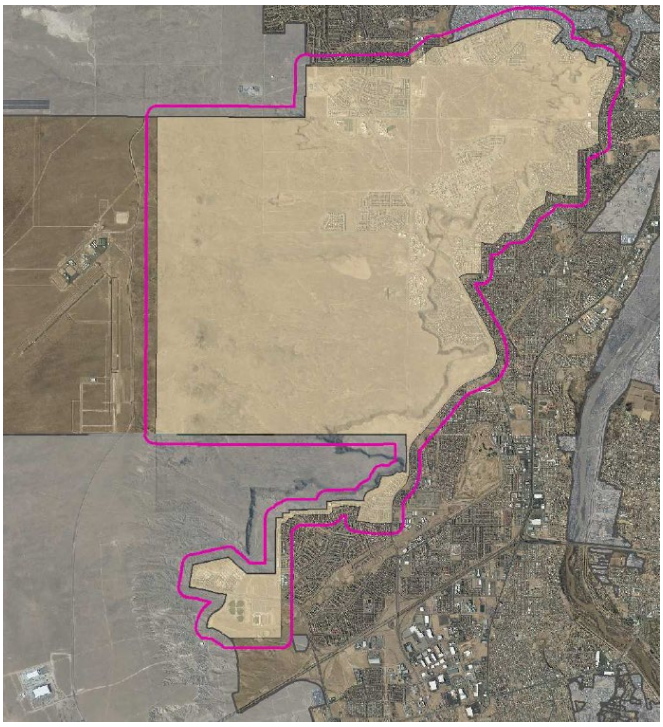

Figure 2: NW Mesa Escarpment VPO-2 with a 660-foot buffer

VII. CONCLUSION

The request is for a text amendment to the IDO for a small area (within 660 feet of the Northwest Mesa Escarpment View Protection Overlay zone). This request is in tandem with the 2023 IDO Update and a component of a tribal engagement amendment that is part of the citywide text amendments (Item #58 in the spreadsheet and proposed in an exhibit). The EPC's role is to review and make a recommendation to the City Council.

This request meets the review and decision criteria for citywide text amendments in IDO Subsection 14-16-6-7(E)(3).

The request is generally consistent with applicable Articles of the City Charter and furthers a preponderance of applicable Comprehensive Plan Goals and Policies from Chapter 4: Community Identity, Chapter 5: Land Use, and Chapter 11: Heritage Conservation.

Planning Staff held online study sessions and open houses regarding the proposed changes. The request was announced in the Albuquerque Journal, on the ABC-Z project webpage, and by e-mail. Email notice was sent to neighborhood representatives as required, and mailed notice was sent to property owners within the NW Mesa Escarpment VPO-2 + 100 feet of the boundary. Note that there is a proposed Condition of Approval that would change the proposed language in the amendment to match the notice to property owners; if EPC does not approve the proposed Condition, then additional mailed and emailed notice will need to be sent to Neighborhood Associations within 600 feet and property owners within 700 feet of the NW Mesa Escarpment VPO-2 boundary.

There were very few comments about this component of the proposed tribal engagement amendment, and all were in support.

RECOMMENDED FINDINGS – RZ-2023-00050, January 18, 2024 – Text Amendment to the IDO – Small Area – The Northwest Mesa Escarpment View Protection Overlay Zone – VPO-2

1. The request is for a text amendment to the Integrated Development Ordinance (IDO) for a small area as part of the Annual Update required by IDO Subsection 14-16-6-3(E). The proposed Small-area amendment, when combined with the proposed City-wide amendments, are collectively known as the 2023 IDO Annual Update.

2. The text amendment to this small area in the City is accompanied by proposed Citywide text amendments, which were submitted separately pursuant to IDO Subsection 14-16-6-7(D) and are the subject of another Staff report (RZ-2023-00040).

3. The small area text amendment is a proposed change requested by Council Services that affects the Northwest Mesa Escarpment View Protection Overlay zone (VPO-2), as established in the IDO.

4. The IDO applies to land within the City of Albuquerque municipal boundaries. The IDO does not apply to properties controlled by another jurisdiction, such as the State of New Mexico, federal lands, or lands in unincorporated Bernalillo County or in other municipalities.

5. The EPC's role is to make a recommendation to the City Council regarding the proposed amendment to IDO text for this small area. As the City's Planning and Zoning Authority, the City Council will make the final decision. The EPC is a recommending body to the Council and has important review authority. Because the proposed change affects properties only in a small area, this is a quasi-judicial matter.

6. The Albuquerque City Charter, Albuquerque/Bernalillo County Comprehensive Plan and the City of Albuquerque Integrated Development Ordinance (IDO) are incorporated herein by reference and made part of the record for all purposes.

7. The request furthers the following relevant City Charter articles:

   A. Article I, Incorporation and Powers. Amending the IDO via text amendments is consistent with the purpose of the City Charter to provide for maximum local self-government. The revised regulatory language and process in the IDO helps implement a preponderance of relevant goals and policies within the Comprehensive Plan and therefore can help guide future legislation.

B. Article IX, Environmental Protection. The IDO is an instrument to help promote and maintain an aesthetic and humane urban environment for Albuquerque's citizens, and thereby promote improved quality of life. The proposed Small Area text amendment to the IDO would help ensure that land is developed and used properly. Tribal governments and representatives would become commenting agencies for development proposed within the Northwest Mesa Escarpment View Protection Overlay Zone (VPO02); therefore, Commissions, Boards, and Committees would be better able to facilitate effective administration of City policy in this area with the approval of this amendment.

8. The request generally furthers the following relevant City Charter articles:

   A. Article XVII, Planning. In general, amending the IDO through the annual update process is an instance of the Council exercising its role as the City's ultimate planning and zoning authority. The IDO will help implement the Comprehensive Plan and ensure that development in the City is consistent with the intent of any other plans and ordinances that the Council adopts.

   B. Section 2. In general, amending the IDO through the annual update process will help the Mayor and his designees to administer the City's land use plan – the Comprehensive Plan – to achieve its vision for future growth and development through development that is regulated by the IDO.

9. The request furthers the following Comprehensive Plan Goal and Policies from Chapter 4: Community Identity:

   A. Goal 4.1 Character: Enhance, protect, and preserve distinct communities.

   B. Policy 4.1.4 Neighborhoods: Enhance, protect, and preserve neighborhoods and traditional communities as key to our long-term health and vitality..

   C. Policy 4.1.5 Natural Resources: Encourage high-quality development and redevelopment that responds appropriately to the natural setting and ecosystem functions.

   D. Goal 4.2 Process: Engage communities to identify and plan for their distinct character and needs.

   E. Policy 4.2.2 Community Engagement: Facilitate meaningful engagement opportunities and respectful interactions in order to identify and address the needs of all residents.

      Providing the opportunity for tribal governments and representatives of traditional tribal communities to engage in the development review process is intended to result in development that is more appropriately designed to respond to the unique natural setting surrounding the Petroglyph National Monument to create a distinct community.

10. The request furthers the following Comprehensive Plan Goal and Policies from Chapter 5: Land Use:

    A. Goal 5.7 Implementation Processes: Employ procedures and processes to effectively and equitably implement the Comp Plan.

B. Policy 5.7.5 Public Engagement: Provide regular opportunities for residents and stakeholders to better understand and engage in the planning and development process.

Tribal communities have been stewards of this cultural landscape for millennia, and providing the opportunity for their review/comment on proposed development is intended to help guide development to be sustainable and result in a distinct community surrounding the Petroglyph National Monument and the surrounding area, which was the intent of establishing the NW Mesa Escarpment VPO-2. The request is consistent with Policy 5.2.1 Land Uses.

11. The request furthers the following Comprehensive Plan Policies from Chapter 11: Heritage Conservation:

A. Goal 11.3 Cultural Landscapes: Protect, reuse, and/or enhance significant cultural landscapes as important contributors to our heritage and rich and complex identities.

B. Policy 11.3.1 Natural and Cultural Features: Preserve and enhance the natural and cultural characteristics and features that contribute to the distinct identity of communities, neighborhoods, and cultural landscapes.

C. Policy 11.3.1.a: Minimize negative impacts and maximize enhancements and design that complement the natural environment, particularly features unique to Albuquerque, in development and redevelopment…

D. Policy 11.3.4 Petroglyph National Monument: Regulate adjacent development to protect and preserve the Petroglyph National Monument – its volcanoes, petroglyphs, and Northwest Mesa Escarpment – as a priceless cultural landscape and community resource that provides physical, cultural, and economic benefits.

E. Policy 11.3.4.c: Conserve and protect the Monument and surrounding lands through regulations associated with the Volcano Mesa and Northwest Mesa Escarpment Areas.

Providing the opportunity for tribal governments and representatives to comment during the development review process is intended to help minimize negative impacts and maximize enhancements and design that complement the natural environment, protect cultural landscapes, and preserve and protect the Petroglyph National Monument and Northwest Mesa Escarpment.

12. The request meets the Review and Decision Criteria in Subsection 14-16-6-7(E) of the IDO, as follows:

A. Criterion A: The proposed small area amendment is consistent with the health, safety, and general welfare of the city as shown by furthering (and not being in conflict with) a preponderance of applicable Goals and Policies in the ABC Comp Plan, as amended, and other applicable plans adopted by the City.

The proposed IDO text amendment for a small area is consistent with the health, safety, and general welfare of the City because it furthers a preponderance of applicable goals and policies in the Comprehensive Plan to create a distinct community with high-quality design in the Northwest Mesa Escarpment View Protection Overlay zone (VPO-2), engage traditional communities in the development review process, and conserve natural and cultural landscapes as part of the unique heritage related to the Petroglyph National Monument.

B. Criterion B: If the proposed small area amendment is located partially or completely in an Area of Consistency (as shown in the ABC Comp Plan, as amended), the applicant must demonstrate that the proposed amendment would clearly reinforce or strengthen the established character of the surrounding Area of Consistency and would not allow development that is significantly different from that character. The applicant must also demonstrate that the existing zoning regulations are inappropriate because they meet any of the following criteria:

1. There has been a significant change in neighborhood or community conditions affecting the small area.
2. The proposed zoning regulations are more advantageous to the community as articulated by the ABC Comp Plan, as amended (including implementation of patterns of land use, development density and intensity, and connectivity), and other applicable adopted City plan(s).

The proposed amendment meets Criterion 14-16-6-7(E)(3)(b) because the small area is located partially in an Area of Consistency, and it is more advantageous to the community as articulated by a preponderance of Goals and Policies in the Comprehensive Plan related to Community Identity, Land Use, and Heritage Conservation.

C. Criterion C: If the proposed small area amendment is located wholly in an Area of Change (as shown in the ABC Comp Plan, as amended), the applicant must demonstrate that the existing zoning regulations are inappropriate because they meet at least one of the following criteria:

1. There has been a significant change in neighborhood or community conditions affecting the small area that justifies this request.
2. The proposed zoning regulations are more advantageous to the community as articulated by the ABC Comp Plan, as amended (including implementation of patterns of land use, development density and intensity, and connectivity), and other applicable adopted City plan(s).

This criterion is not applicable because the small area includes Areas of Consistency.

D. Criterion D: If the proposed amendment changes allowable uses, the proposed amendment does not allow permissive uses that would be harmful to adjacent property, the neighborhood, or the community, unless the Use-specific Standards in Section 16-16-4-3 associated with that use will adequately mitigate those harmful impacts.

This criterion is not applicable because the proposed amendment does not change allowable uses.

E. Criterion E: The applicant's justification is not based completely or predominantly on the cost of land or economic considerations.

The small area amendment meets Criterion 14-16-6-7(E)(3)(e) because the request is not completely or predominantly justified based on the cost of land or economic considerations.

13. For a Text Amendment to IDO – Small Area, the required notice must be emailed, mailed, published, and posted on the web. (See Table 6-1-1.) Email notice was sent to the two representatives of each Neighborhood Association and Coalition registered with the Office of Neighborhood Coordination (ONC) as required by IDO Subsection 14-16-6-4(K)(2)(a). On December 6, mailed notice was sent to 8,861 property owners within the Northwest Mesa Escarpment View Protection Overlay zone and within 100 feet of the boundary, but not to property owners within 660 feet, which was an error. A recommended condition of approval revises the small area to the VPO-2 boundary, which would coincide with the provided mailed notice. The City published notice of the EPC hearing as a legal ad in the ABQ Journal newspaper. Notice was posted on the Planning Department website and on the project website.

14. City staff held public review meetings about the IDO Annual Update, including small area amendments, on October 12-13 and November 17, 2023 via Zoom.

15. For a Text Amendment to IDO – Small Area, a pre-submittal neighborhood meeting must be offered to Neighborhood Associations that include or are adjacent to the small area. A neighborhood meeting was held on October 28, 2023 via Zoom.

16. The EPC held a study session regarding the proposed 2023 IDO amendments on December 7, 2023. This was a publicly-noticed meeting, but public comments were not taken.

17. As of this writing, City Council has scheduled a post-submittal facilitated meeting as requested by the Santa Fe Village Neighborhood Association to discuss the proposed amendment on January 10, 2024.

18. As of this writing, 1 written comment have been received from the public about this component of the tribal engagement amendment, and approximately 6 public comments were pinned on the exhibit posted online. All comments have been in support.

19. Participants expressed support during the pre-submittal neighborhood meeting.

RECOMMENDATION – RZ-2023-00050 – January 18, 2024 – Text Amendment to the IDO – Small Area – The Northwest Mesa Escarpment View Protection Overlay Zone – VPO-2

That a Recommendation of APPROVAL for PR-2018-001843/RZ-2023-00040 be sent to City Council based on the preceding Findings and subject to the following Conditions for Recommendation of Approval.

CONDITION FOR RECOMMENDATION OF APPROVAL – RZ-2023-00050, January 18, 2024 - Text Amendment to the IDO – Small Area – The Northwest Mesa Escarpment View Protection Overlay Zone – VPO-2

1. In the proposed Subsection 14-16-6-4(J)(10), revise the language to delete "within 660 feet of" so that tribal referrals take place for applications proposing development within the Northwest Mesa Escarpment View Protection Overlay zone boundary.

Mikaela Renz-Whitmore, AICP
Manager, Urban Design & Development Division

Notice of Decision cc list:
List will be finalized subsequent to the EPC hearing on January 18, 2024.

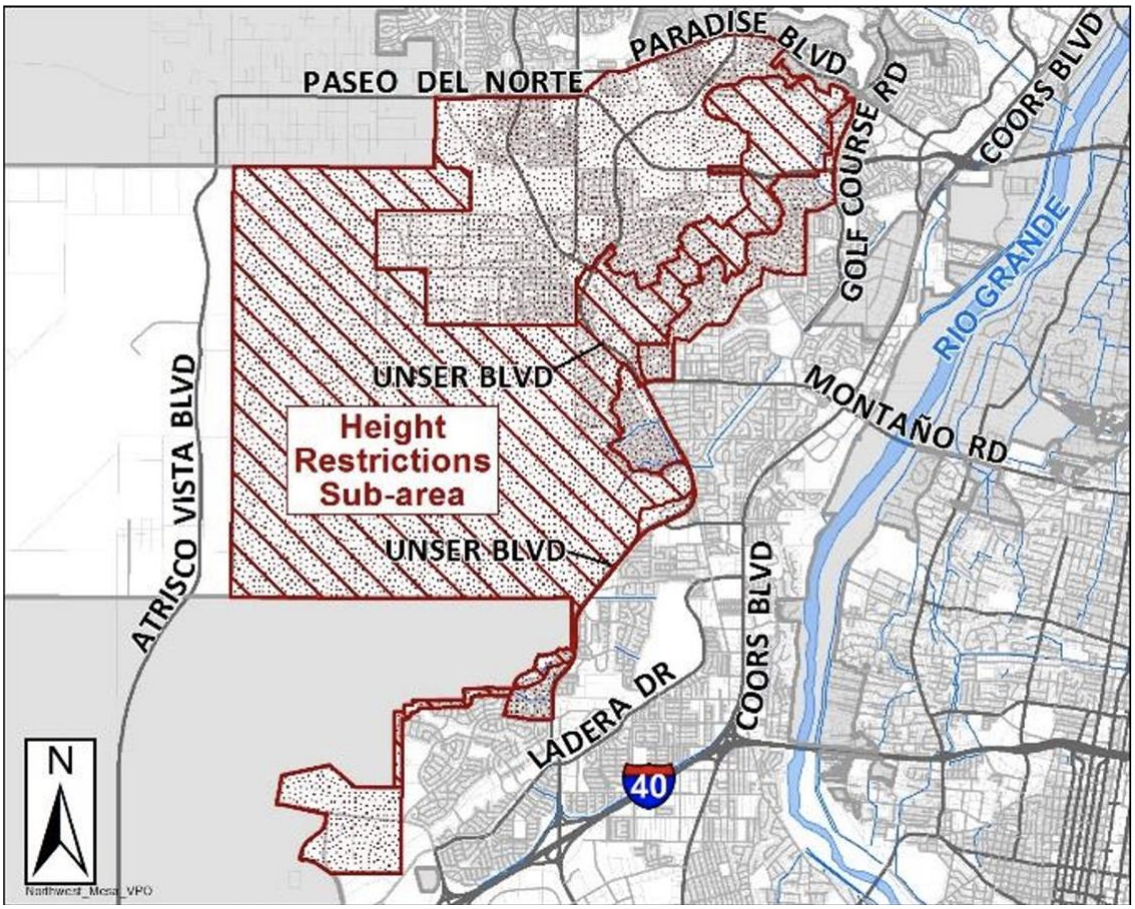
David Shaffer, Chair
Environmental Planning Commission
c/o City of Albuquerque
600 Second Street NW
Albuquerque, NM 87102

Dear Chair Shaffer,

Please accept this letter of justification, required by IDO Subsection 14-16-6-7(E)(3), of the request for an Amendment to IDO Text – Small Area, submitted for the Environmental Planning Commission's review and recommendation to the City Council as part of the annual update required by IDO Subsection 14-16-6-3(D).

The Northwest Mesa Escarpment View Protection Overlay Zone – VPO-2



The proposed change would implement the pending Tribal Engagement process, applicable to all parcels within the VPO-2 boundary. This process seeks to engage tribal entities and representatives in certain components of the development review and approval process. Please note that this tribal engagement process is also proposed as a legislative matter as a part of the 2023 IDO Annual Update. This application seeks to address only the implementation of those changes within this small mapped area and does not address the city-wide policy analysis of the legislative proposal. The exact changes to be applied within VPO-2 are below:

- Amend Section 7-1 to add a new definition as follows:

Indian Nation, Tribe, or Pueblo
For the purposes of this IDO, the designated chief executives of a federally recognized Indian Nation, Tribe, or Pueblo located wholly or partially in New Mexico. The Tribal Liaison with the City's Office of Native American Affairs shall maintain an updated list of the names and contact information for the chief executives of the Indian Nations, Tribes or Pueblos.

Tribal Representative
A tribally appointed representative currently serving on the City of Albuquerque Commission on American Indian/Alaska Native Affairs. The Tribal Liaison with the City's Office of Native American Affairs shall maintain an updated list of the names and contact information for members of the City of Albuquerque Commission on American Indian/Alaska Native Affairs.

Tribal Land
Land held in trust, fee land, or land owned by the tribal government of an Indian Nation, Tribe, or Pueblo that the relevant tribal government requests in writing to be mapped by AGIS for the purpose of referrals to the tribal government as a commenting agency.]

- Amend Section 6-4 as follows:

6-4(J) REFERRALS TO COMMENTING AGENCIES

Following a determination that the application is complete, the Planning Director, ZEO, or any City staff designated to review applications in Table 6-1-1 shall refer applications for comment to the following departments or agencies, as noted below. Any comments received within 15 calendar days after such a referral shall be considered with the application materials in any further review and decision-making procedures.

6-4(J)(6) Development within 660 feet of the Petroglyph National Monument

6-4(J)(6)(a) National Park Service.

6-4(J)(6)(b) Open Space Division of the City Parks and Recreation Department.

6-4(J)(10) Development within 660 feet of the Northwest Mesa Escarpment View Protection Overlay Zone – VPO-2*

6-4(J)(10)(a) Indian Nation, Tribes, or Pueblos

6-4(J)(10)(b) Tribal Representative

6-4(J)(11) Archaeological Certificate Applications6-4(J)(11)(a) Indian Nation, Tribes, or Pueblos are to receive the Certificate of No effect or the Certificate of Approval from the City Archaeologist.

6-4(J)(11)(b) Tribal Representative are to receive the Certificate of No effect or the Certificate of Approval from the City Archaeologist.]

- Amend Section 6-5 as follows:

6-5(A) Archaeological Certificate

6-5(A)(2) Procedure

6-5(A)(2)(a) [The applicant shall have all of the following responsibilities:

1. Provide notice of the application to Indian Nation, Tribes, or Pueblos by certified mail and by email that specifies the subject property and the proposed development.
2. Provide notice of the application to the tribal representatives by email that specifies the subject property and the proposed development.
3. Supply proof of notification to Indian nation, tribe, or pueblo and tribal representatives with the application.

Provide the treatment plan, if required, by email to Indian nation, tribe, or pueblo and tribal representatives within five business days that it is submitted to the City Archaeologist

Justification for amendment to a Small Mapped Area under the Criteria in 6-7(E)(3)

The proposed amendment to the IDO text is consistent with the required Annual Update process described in IDO Subsection 14-16-6-3(D). These proposed amendments to the IDO text meet the Review and Decision Criteria in IDO Subsection 14-16-6-7(E)(3), as follows:

6-7(E)(3)(A) THE PROPOSED SMALL AREA AMENDMENT IS CONSISTENT WITH THE HEALTH, SAFETY, AND GENERAL WELFARE OF THE CITY AS SHOWN BY FURTHERING (AND NOT BEING IN CONFLICT WITH) A PREPONDERANCE OF APPLICABLE GOALS AND POLICIES IN THE ABC COMP PLAN, AS AMENDED, AND OTHER APPLICABLE PLANS ADOPTED BY THE CITY.

Response: The proposed change furthers the following applicable Goals and Policies in the ABC Comprehensive Plan, as described below.

POLICY 4.1.5 Natural Resources: Encourage high-quality development and redevelopment that responds appropriately to the natural setting and ecosystem functions

Response: Policy 4.1.5 is furthered by this request because engaging tribal entities and representatives in the development review and approval process may result in development that is more appropriately designed in and around the VPO-2 area where there is land in proximity to sensitive cultural resources, such as the Petroglyph National Monument.

POLICY 4.2.2 Community Engagement: Facilitate meaningful engagement opportunities and respectful interactions in order to identify and address the needs of all residents.

Response: Policy 4.2.2 is furthered by this request because it proposed to create new engagement opportunities with tribal entities and their representatives. Historically, there has not been a requirement in the development process that these groups and indvidiuals be brought to the table

POLICY 5.7.2 Regulatory Alignment: Update regulatory frameworks to support desired growth, high quality development, economic development, housing, a variety of transportation modes, and quality of life priorities.

Response: Policy 5.7.2 is furthered by this request because implementing new regulatory requirements for tribal engagement in the review and approval process may lead to development that is higher-quality and sensitive to the surrounding environment.

POLICY 5.7.4 Streamlined Development: Encourage efficiencies in the development review process.

Response: Policy 5.7.4 is furthered by this request because, generally, the sooner that interested parties are engaged in the development review and approval process, the less likely that there are delays on projects further down the road. This proposal invites feedback within the first 15-days that an application is submitted, which may be early enough for development plans to be amended to respond to concerns, if necessary.

POLICY 5.7.5 Public Engagement: Provide regular opportunities for residents and stakeholders to better understand and engage in the planning and development process.

Response: Policy 5.7.5 is furthered by this request because it's proposing to create a process where stakeholders (tribal entities and their representatives) are engaged in the planning and development process for the first time.

POLICY 7.3.1 Natural and Cultural Features: Preserve, enhance, and leverage natural features and views of cultural landscapes.

Response: Policy 7.3.1 is furthered by this request because it's creating a process in which tribal entities and their representatives will be consulted about development in the VPO-2 area. The VPO-2 area has abundant natural features and views of cultural landscapes, and the input on proposed development by tribal entities and their members may help to preserve and enhance those features and views.

POLICY 11.3.1 Natural and Cultural Features: Preserve and enhance the natural and cultural characteristics and features that contribute to the distinct identity of communities, neighborhoods, and cultural landscapes.

Response: Policy 11.3.1 is furthered by this request because engaging tribal entities and their representatives could lead to the preservation of natural and cultural characteristics that exist within the VPO-2 area. These features contribute to the distinct identity of the VPO-2 area, and the requirements of this proposal may help to enhance and protect that identity.

POLICY 11.3.4 Petroglyph National Monument: Regulate adjacent development to protect and preserve the Petroglyph National Monument – its volcanoes, petroglyphs, and Northwest Mesa Escarpment – as a priceless cultural landscape and community resource that provides physical, cultural, and economic benefits.

Response: Policy 11.3.4 is furthered by this request because portions of VPO-2 are adjacent to the Petroglyph National Monument. This amendment requires that development requests engage with tribal entities and their representatives, who have a deep understanding of the importance of the Petroglyph National Monument. Soliciting their feedback on development in the area will help to ensure that this priceless cultural landscape remains an asset to the community.

POLICY 11.4.1 Archaeological Setting: Consider archaeological and historical resources in relationship to their setting and to each other in terms of determining their significance, appropriate treatment and preservation, appropriate management, and appropriate access and educational opportunities.

Response: Policy 11.4.1 is furthered by this request because it will engage tribal entities and their representatives in the Archaeological Certificate process. The tribal entities and their representatives may be aware of archaeological resources that the City Archaeologist is not, which may result in preservation and management of such resources that may have not occurred without this proposed required engagement.

POLICY 11.4.2 Proactive Protection: Identify, evaluate, and protect archaeological and paleontological sites and items on a proactive, ongoing basis.

Response: Policy 11.4.2 is furthered by this request because it is implementing a proactive process in which tribal entities and their representatives are engaged in the Archaeological Certificate process. The tribal entities and their representatives may be aware of archaeological resources that the City Archaeologist is not, which may result in preservation and management of such resources that may have not occurred without this proposed required engagement.

6-7(E)(3)(B) IF THE PROPOSED SMALL AREA AMENDMENT IS LOCATED PARTIALLY OR COMPLETELY IN AN AREA OF CONSISTENCY (AS SHOWN IN THE ABC COMP PLAN, AS AMENDED), THE APPLICANT MUST DEMONSTRATE THAT THE PROPOSED AMENDMENT WOULD CLEARLY REINFORCE OR

STRENGTHEN THE ESTABLISHED CHARACTER OF THE SURROUNDING AREA OF CONSISTENCY AND WOULD NOT ALLOW DEVELOPMENT THAT IS SIGNIFICANTLY DIFFERENT FROM THAT CHARACTER. THE APPLICANT MUST ALSO DEMONSTRATE THAT THE EXISTING ZONING REGULATIONS ARE INAPPROPRIATE BECAUSE THEY MEET ANY OF THE FOLLOWING CRITERIA:

1. THERE HAS BEEN A SIGNIFICANT CHANGE IN NEIGHBORHOOD OR COMMUNITY CONDITIONS AFFECTING THE SMALL AREA.
2. THE PROPOSED ZONING REGULATIONS ARE MORE ADVANTAGEOUS TO THE COMMUNITY AS ARTICULATED BY THE ABC COMP PLAN, AS AMENDED (INCLUDING IMPLEMENTATION OF PATTERNS OF LAND USE, DEVELOPMENT DENSITY AND INTENSITY, AND CONNECTIVITY), AND OTHER APPLICABLE ADOPTED CITY PLAN(S).

Response to 6-7(E)(3)(B): Some portions of the impacted VPO-2 area are within an Area of Consistency. The proposed small area amendment would reinforce or strengthen the established character of the area by ensuring that tribal entities and their representatives are not only informed of active development in the area, but are asked to provide comment and feedback on development in that area.

Response to 6-7(E)(3)(B)(2): The proposed regulation is more advantageous to the community as articulated by the policy justification in criteria 6-7(E)(3)(A).

6-7(E)(3)(C) IF THE PROPOSED SMALL AREA AMENDMENT IS LOCATED WHOLLY IN AN AREA OF CHANGE (AS SHOWN IN THE ABC COMP PLAN, AS AMENDED) AND THE APPLICANT MUST DEMONSTRATE THAT THE EXISTING ZONING REGULATIONS ARE INAPPROPRIATE BECAUSE THEY MEET AT LEAST ONE OF THE FOLLOWING CRITERIA: 1. THERE HAS BEEN A SIGNIFICANT CHANGE IN NEIGHBORHOOD OR COMMUNITY CONDITIONS AFFECTING THE SMALL AREA THAT JUSTIFIES THIS REQUEST. 2. THE PROPOSED ZONING REGULATIONS ARE MORE ADVANTAGEOUS TO THE COMMUNITY AS ARTICULATED BY THE ABC COMP PLAN, AS AMENDED (INCLUDING IMPLEMENTATION OF PATTERNS OF LAND USE, DEVELOPMENT DENSITY AND INTENSITY, AND CONNECTIVITY), AND OTHER APPLICABLE ADOPTED CITY PLAN(S).

Response: This criteria is not applicable because the small area amendment is not located wholly in an Area of Change.

6-7(E)(3)(D) IF THE PROPOSED AMENDMENT CHANGES ALLOWABLE USES, THE PROPOSED AMENDMENT DOES NOT ALLOW PERMISSIVE USES THAT WOULD BE HARMFUL TO ADJACENT PROPERTY, THE NEIGHBORHOOD, OR THE COMMUNITY, UNLESS THE USE-SPECIFIC STANDARDS IN SECTION 16-16-4-3 ASSOCIATED WITH THAT USE WILL ADEQUATELY MITIGATE THOSE HARMFUL IMPACTS.

Response: This criteria is not applicable because this small area amendment proposes no changes to allowable uses.

6-7(E)(3)(E) THE APPLICANT'S JUSTIFICATION IS NOT BASED COMPLETELY OR PREDOMINANTLY ON THE COST OF LAND OR ECONOMIC CONSIDERATIONS.

Response: This small area amendment is not based completely or predominantly on the cost of land or economic considerations. Implementing additional community involvement in the review and approval process is not related to the cost of land or economic considerations.

Public Outreach

The City's Alternative Dispute Resolution (ADR) facilitated a pre-submittal Neighborhood Meeting, as required by Table 6-1-1 and IDO Subsection 14-16-6-4(C) on October 28th, 2023. The full facilitated meeting notes are included with this application.

At the pre-submittal Neighborhood Meeting, invited community members supported the request. There were general questions about the process moving forward, but no opposition was raised.

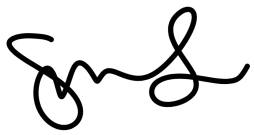
Notification letters of the application were sent out on Wednesday, December 6th to 8,861 property owners. Neighborhood Associations that include or are adjacent to the VPO-2 boundary included in this application received emailed notice.

Additionally, letters were sent to all 27 tribal leaders across the State of New Mexico, informing them of the proposed change and soliciting comment sand feedback. Staff did not receive inquiries or comments as a result of this outreach.

Conclusion

This request promotes public health, safety, and welfare by including tribal entities and their representatives in the planning and development process, increasing transparency of the development process and inviting input on development that may result in higher-quality, more sensitive development. This request has been adequately justified per the criteria in the IDO.

Sincerely,



Shanna Schultz, Council Planning Manager
Albuquerque Council Services

Neighborhood Meeting

Hi Shanna.

Here are the recognized neighborhood associations and coalitions that are within or directly adjacent to the mapped area. Taylor Ranch, Quaker Heights NA, Ladera West and Laurelwood NAs are east of Unser, but their boundaries are directly adjacent to the mapped area so I included them. I am having AGIS double-check what I came up with, simply due to the size of the area and in the event I inadvertently missed a neighborhood, so you might want to wait a few more minutes until that comes through. Let me know if you need anything else.

Hi Vanessa,

Very strange that this one didn't come through! The mapped area isn't the entire west side because nothing east of Unser is captured in the mapped area I need to

provide notice for.

The attached map shows an area in red – and you're right it is a big area! I need only the NAs that are within or adjacent to the red boundary though. Please let me know if I can provide anything else that might help, I pulled this map out of the IDO and I know it's not totally explicit.

Hi Shanna.

I don't recall seeing this one. So just to clarify, you essentially want the entire section of the west side from Paradise Blvd to Golf Course down to Ladera Drive, back to Unser, along Atrisco Vista Blvd and Paseo del Norte? This is a huge area so I just want to make sure I understand what you need.

Good afternoon Neighborhood Association Representative,

Per the Integrated Development Ordinance, I'm providing the attached invitation to a facilitated meeting regarding a proposed change to the IDO that would result in new requirements within the Northwest Mesa Escarpment View Protection Overlay Zone (VPO-2) area.

This meeting will be facilitated by Tyson Hummell with the City's ADR office.

Thank you,
Shanna

Good afternoon Neighborhood Association Representative,

Per the Integrated Development Ordinance, I'm providing the attached invitation to a facilitated meeting regarding a proposed change to the IDO that would result in new requirements within the Northwest Mesa Escarpment View Protection Overlay Zone (VPO-2) area.

This meeting will be facilitated by Tyson Hummell with the City's ADR office.

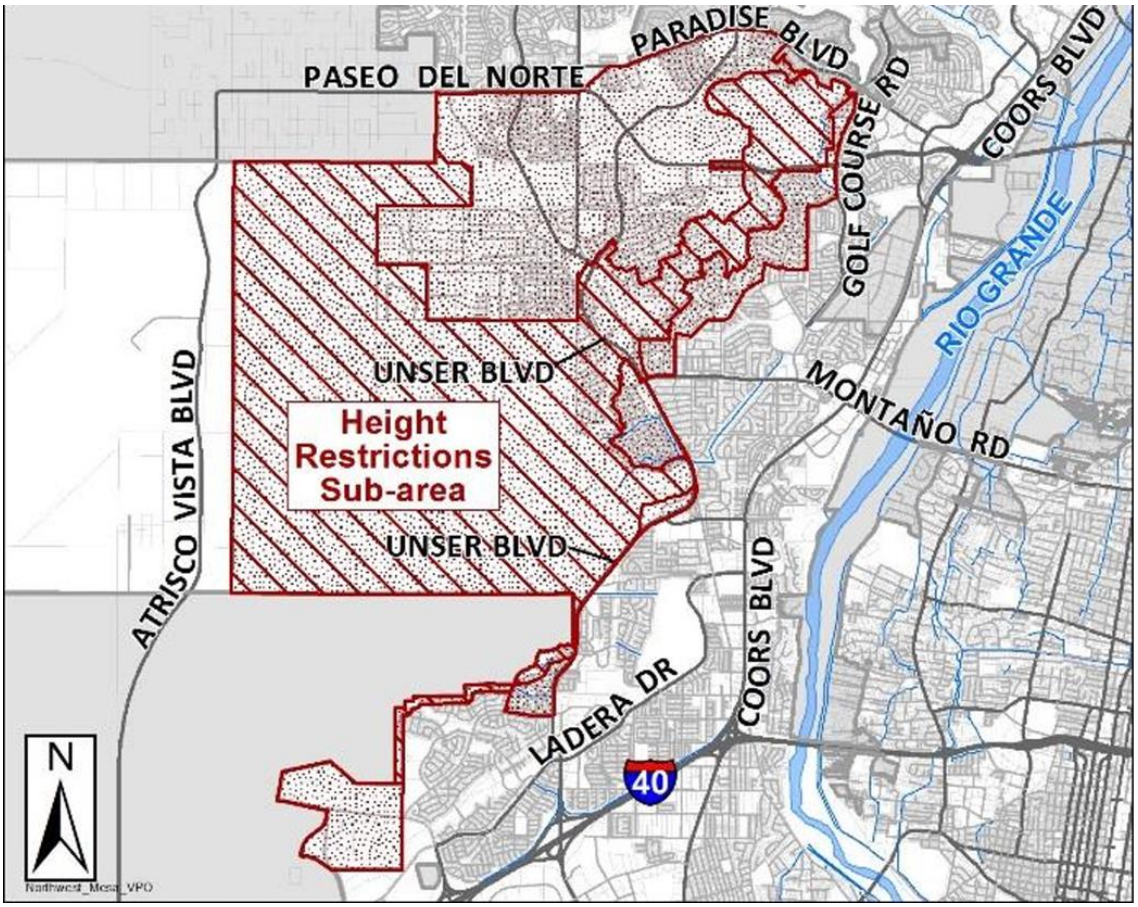
Thank you,
Shanna

Shanna Schultz, AICP | **Council Planning Manager**
Albuquerque City Council Services
Office: (505) 768-3185

Dear Neighborhood Association representative,

You are invited to a public meeting to discuss a proposed change to the Integrated Development Ordinance related to new requirements within the Northwest Mesa Escarpment View Protection Overlay Zone (VPO-2) area for the purposes of engaging tribal members in the development review and approval process, sponsored by City Councilor Tammy Fiebelkorn as a part of the 2023 IDO Annual Update process. City Council staff will present the information and take feedback on the proposal. There will be a third-party facilitator present at the meeting.

The existing map for VPO-2 is below – all properties within the red boundary area would be affected by this change.



Proposed changes

The purpose of this proposed amendment is to integrate potentially impacted Tribal nations and their members within the development review and approval process. In the IDO today, there is no formal mechanism for Tribal nations within and around Albuquerque to be notified or otherwise included in the review and approval process of development activities. The proposed amendments below will create a

formal process in which Tribal nations will be solicited for feedback on certain development applications and/or provided notice of development activity.

You will find the exact text changes following the contents of this notice.

Meeting Information
There will be one public meeting with City Council Staff and a facilitator on this matter. This meeting will be held virtually on Zoom.

Meeting date: Tuesday, November 28th – 5:30pm – 6:30pm
Zoom link: https://cabq.zoom.us/j/86754141245

Process
This request is intended to be submitted as a part of the 2023 IDO Annual Update – the process in which the City of Albuquerque updates it's zoning framework annually. If submitted, this request would first be heard by the Environmental Planning Commission in January of 2023. For more information about the 2023 IDO Annual Update process, please see this website: https://abq-zone.com/ido-annual-update-2023

This request is considered "quasi-judicial", which means that City Councilors should not communicate with constituents about this request outside of the public hearing process. If you have questions or concerns about this request, please direct those to City Council staff – you will find my contact information below if you have questions about the request.

Thank you,

Shanna Schultz
Council Planning Manager
Albuquerque Council Services

smschultz@cabq.gov

Proposed changes – red text indicates new language proposed to be added to the IDO

1. Amend Section 7-1 to add a new definition as follows:

Indian Nation, Tribe, or Pueblo

For the purposes of this IDO, the designated chief executives of a federally recognized Indian Nation, Tribe, or Pueblo located wholly or partially in New Mexico. The Tribal Liaison with the City's Office of Native American Affairs shall maintain an updated list of the names and contact information for the chief executives of the Indian Nations, Tribes or Pueblos.

Tribal Representative

A tribally appointed representative currently serving on the City of Albuquerque Commission on American Indian/Alaska Native Affairs. The Tribal Liaison with the City's Office of Native American Affairs shall maintain an updated list of the names and contact information for members of the City of Albuquerque Commission on American Indian/Alaska Native Affairs.

Tribal Land

Land held in trust, fee land, or land owned by the tribal government of an Indian Nation, Tribe, or Pueblo that the relevant tribal government requests in writing to be mapped by AGIS for the purpose of referrals to the tribal government as a commenting agency.]

2. Amend Section 6-4 as follows:

6-4(J) REFERRALS TO COMMENTING AGENCIES

Following a determination that the application is complete, the Planning Director, ZEO, or any City staff designated to review applications in Table 6-1-1 shall refer applications for comment to the following departments or agencies, as noted below. Any comments received within 15 calendar days after such a referral shall be considered with the application materials in any further review and decision-making procedures.

6-4(J)(6) Development within 660 feet of the Petroglyph National Monument

6-4(J)(6)(a) National Park Service.

6-4(J)(6)(b) Open Space Division of the City Parks and Recreation Department.

[(6-4(J)(6)(c) Indian Nation, Tribes, or Pueblos 6-4(J)(6)(d) Tribal Representative

6-4(J)(7) Development within 660 feet of Major Public Open Space

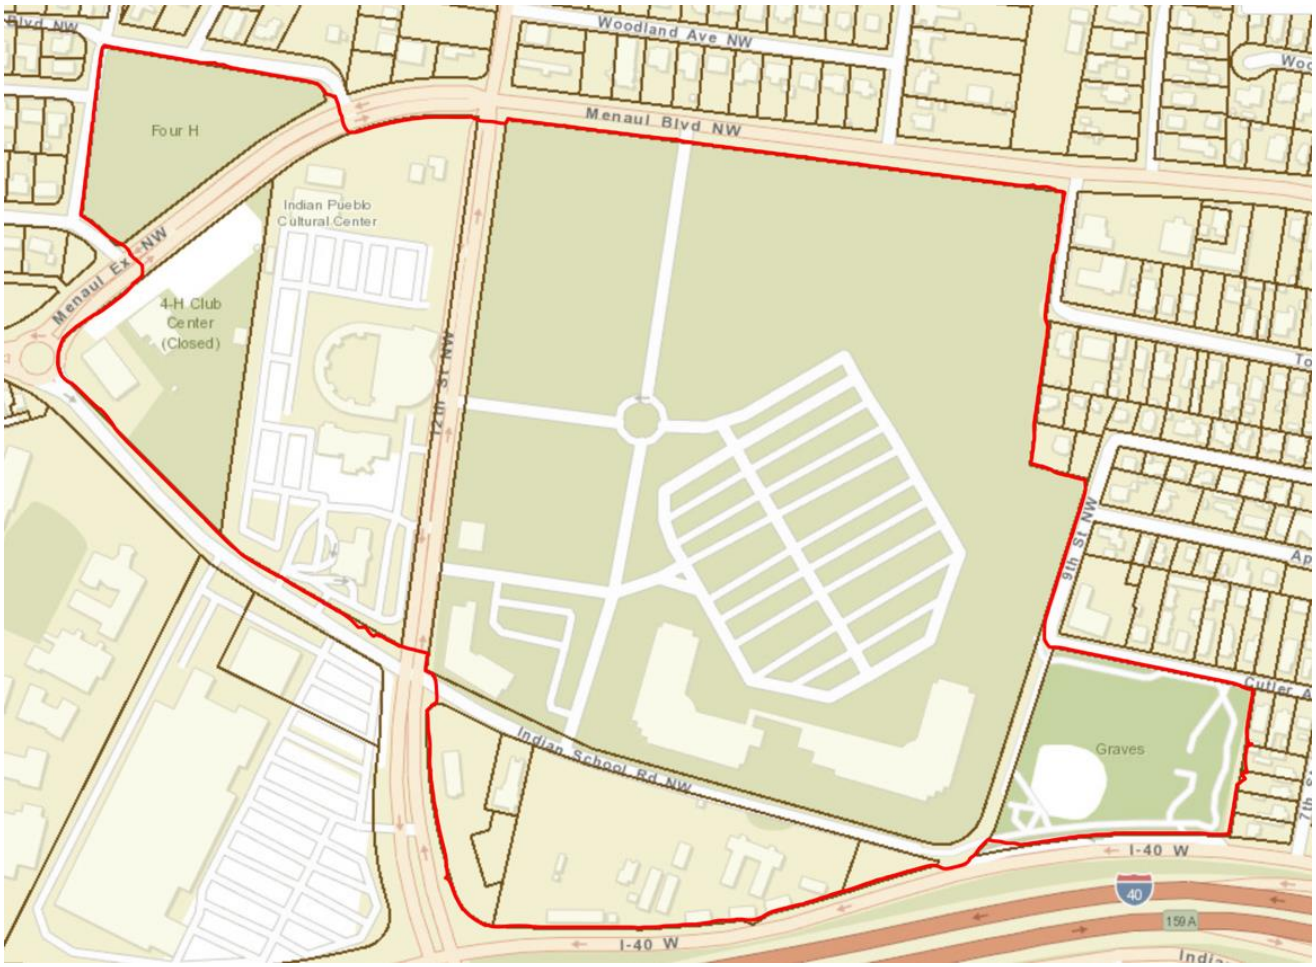
6-4(J)(7)(a) Indian Nation, Tribes, or Pueblos
6-4(J)(7)(b) Tribal Representative

6-4(J)(8) Development within 660 feet of tribal land.

6-4(J)(8)(a) Indian Nation, Tribes, or Pueblos
6-4(J)(8)(b) Tribal Representative

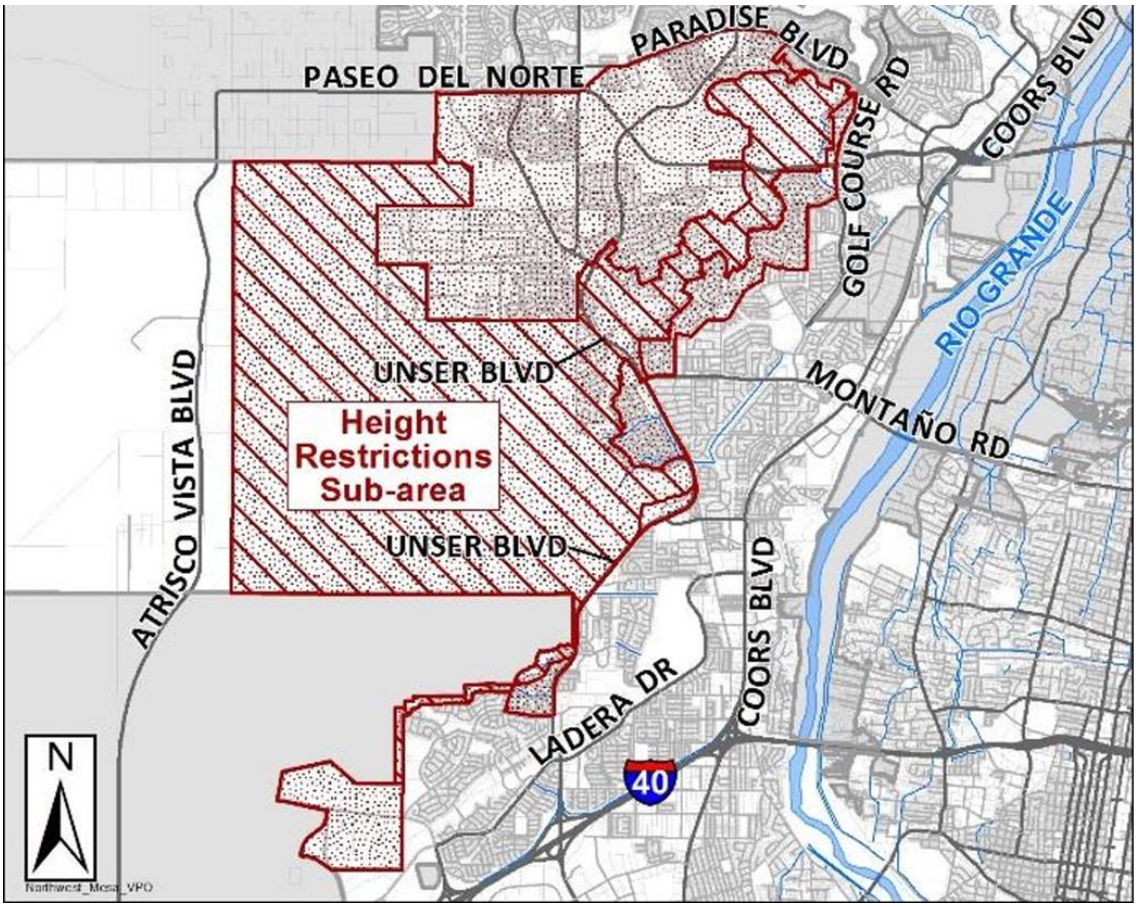
6-4(J)(9) The Albuquerque Indian School Area

6-4(J)(9)(a) Indian Nation, Tribes, or Pueblos
6-4(J)(9)(b) Tribal Representative



6-4(J)(10) Development within 660 feet of the Northwest Mesa Escarpment View Protection Overlay Zone – VPO-2

6-4(J)(10)(a) Indian Nation, Tribes, or Pueblos
6-4(J)(10)(b) Tribal Representative



6-4(J)(11) Archaeological Certificate Applications6-4(J)(11)(a) Indian Nation, Tribes, or Pueblos are to receive the Certificate of No effect or the Certificate of Approval from the City Archaeologist.

6-4(J)(11)(b) Tribal Representative are to receive the Certificate of No effect or the Certificate of Approval from the City Archaeologist.]

3. Amend Section 6-5 as follows:

6-5(A) Archaeological Certificate

6-5(A)(2) Procedure

6-5(A)(2)(a) [The applicant shall have all of the following responsibilities:

1. Provide notice of the application to Indian Nation, Tribes, or Pueblos by certified mail and by email that specifies the subject property and the proposed development.
2. Provide notice of the application to the tribal representatives by email that specifies the subject property and the proposed development.
3. Supply proof of notification to Indian nation, tribe, or pueblo and tribal representatives with the application.
4. Provide the treatment plan, if required, by email to Indian nation, tribe, or pueblo and tribal representatives within five business days that it is submitted to the City Archaeologist.]

Facilitated Meeting Report
CABQ ADR Office

Project #: tbd
Property Description: Tribal Engagement in VPO 2 – IDO Update
Date Submitted: December 06, 2023
Submitted By: Tyson Hummell
Meeting Date/Time: November 28, 2023, 5:30-6:30 pm
Meeting Location: ZOOM (online)
Facilitator: Tyson Hummell
Applicants / Agent: Albuquerque City Council Planning Division

Background/Meeting Summary:

This pre-application meeting was to introduce proposed changes to the IDO, to be incorporated within the annual IDO update process. If adopted, this would apply to the area designated VPO 2, as well as a 660' buffer zone, bordering VPO 2.

At present, Indian Nations, Tribes and Pueblos do not have explicit standing and are not entitled to notice or inclusion in certain Land Use Decisions, within VPO 2 or the 660' buffer zone. The IDO update would define Indian Nations, Tribes and Pueblos; and, provide them with explicit standing and entitlement to notice at all appropriate stages of applicable Land Use Decisions.

IDO requirements within VPO 2 and the 660' buffer zonewould change in three important ways:

1. Indian Nations, Tribes and Pueblos would be granted explicit standing and entitlement to notice of proposed land use applications.
2. Indian Nations, Tribes and Pueblos would become recognized Commenting Agencies and would be entitled entitled to officially comment on the project impacts.
3. Indian Nations, Tribes and Pueblos would be entitled to participate in the archeological certificate process, and help to vet any related treatment plan, when appropriate.

This IDO update would first be heard by EPC. Therefore, the proposed change would be vetted by and subject to recommendations by CABQ Planning, DMD and others. If approved, it would again be vetted, this time by City Council. First, by sub-committee, then by full Council. Finally, proposed text amendments would be enacted through the Annual IDO Update process.

This meeting report is primarily focused on EPC approval requirements, because EPC will serve as the first deciding body in this matter. Accordingly, Applicant devoted significant time to detail and explain said approval requirements.

Please see attached, Applicant's PowerPoint Presentation for all specific information presented to Community Stakeholders.

Outcome: Community Stakeholder Participants expressed support for the proposed IDO Update, as presented.

Names & Affiliations of Invited Attendees (and additional Interested Parties):

Community Stakeholders	All required notice recipients pursuant to IDO / ONC registry

Public Notice

Email Notice
Neighborhood Associations

[Note: Items with an asterisk (*) are required.]

Public Notice of a Proposed Project in the City of Albuquerque for Policy Decisions Mailed/Emailed to a Neighborhood Association

Date of Notice*: December 7th, 2023

This notice of an application for a proposed project is provided as required by Integrated Development Ordinance (IDO) **Subsection 14-16-6-4(K) Public Notice** to:

Neighborhood Association (NA)*: Multiple - Within and adjacent to VPO-2

Name of NA Representative*: Multiple

Email Address* or Mailing Address* of NA Representative[1]: Multiple

Information Required by IDO Subsection 14-16-6-4(K)(1)(a)

1. Subject Property Address* Multiple
   Location Description _____
2. Property Owner* Multiple
3. Agent/Applicant* *[if applicable]* Multiple
4. Application(s) Type* per IDO Table 6-1-1 *[mark all that apply]*
   - ☐ Zoning Map Amendment
   - ☑ Other: Text Amendment to IDO - SMall Mapped Area

   Summary of project/request[2]*:
   Amendment of IDO text to require tribal engagement processes within the VPO-2 boundary
5. This application will be decided at a public hearing by*:
   - ☑ Environmental Planning Commission (EPC)
   - ☑ City Council

   This application will be first reviewed and recommended by:
   - ☐ Environmental Planning Commission (EPC)
   - ☐ Landmarks Commission (LC)
   - ☐ Not applicable (Zoning Map Amendment – EPC only)

[1] Pursuant to IDO Subsection 14-16-6-4(K)(5)(a), email is sufficient if on file with the Office of Neighborhood Coordination. If no email address is on file for a particular NA representative, notice must be mailed to the mailing address on file for that representative.
[2] Attach additional information, as needed to explain the project/request.

[Note: Items with an asterisk (*) are required.]

Date/Time*: _____

Location*[3]: January 18th, 2024

Agenda/meeting materials: http://www.cabq.gov/planning/boards-commissions

To contact staff, email devhelp@cabq.gov or call the Planning Department at 505-924-3860.

6. Where more information about the project can be found*[4]:
   https://abq-zone.com/ido-annual-update-2023

Information Required for Mail/Email Notice by IDO Subsection 6-4(K)(1)(b):

1. Zone Atlas Page(s)*[5] Multiple
2. Architectural drawings, elevations of the proposed building(s) or other illustrations of the proposed application, as relevant*: Attached to notice or provided via website noted above
3. The following exceptions to IDO standards have been requested for this project*:

   ☐ Deviation(s) ☐ Variance(s) ☐ Waiver(s)

   Explanation*:
   No deviations, variances, or waivers requested

4. A Pre-submittal Neighborhood Meeting was required by Table 6-1-1: ☑ Yes ☐ No

   Summary of the Pre-submittal Neighborhood Meeting, if one occurred:

   Two members of the public were in attendance. There were questions about the review and approval process for this request, but otherwise there were sentiments of support for the request.

[3] Physical address or Zoom link
[4] Address (mailing or email), phone number, or website to be provided by the applicant
[5] Available online here: *http://data.cabq.gov/business/zoneatlas/*

[Note: Items with an asterisk (*) are required.]

Additional Information *[Optional]*:

From the IDO Zoning Map[6]:

1. Area of Property *[typically in acres]* VPO-2
2. IDO Zone District Multiple
3. Overlay Zone(s) *[if applicable]* VPO-2
4. Center or Corridor Area *[if applicable]* Multiple

Current Land Use(s) *[vacant, if none]* Multiple

NOTE: For Zoning Map Amendment – EPC only, pursuant to IDO Subsection 14-16-6-4(L), property owners within 330 feet and Neighborhood Associations within 660 feet may request a post-submittal facilitated meeting. If requested at least 15 calendar days before the public hearing date noted above, the facilitated meeting will be required. To request a facilitated meeting regarding this project, contact the Planning Department at devhelp@cabq.gov or 505-924-3955.

Mailed Notice
Property Owners

Mr. Shahab Biazar
City Engineer
Planning Department
City of Albuquerque
600 2nd St. NW Albuquerque, NM 87102

RE: December 2023 EPC Submittal – Public Mailed Notice Certification | Amendment to the IDO Text – Small Area

Dear Mr. Biazar,

Please accept this letter as certification of Mailed Notice as required by the IDO. I, Shanna Schultz, do hereby certify and attest that Council Services has hired a mailing service to mail 8,661 notification letters. The number of letters sent is different from the number of addresses provided by the Planning Department because duplicate owner-addresses were deleted. All property owners within the regulated area were property notified.

The letters will be delivered to the U.S. Postal Service on December 6, 2023. The full list of property owners who received a letter can be found within this EPC application.

Sincerely,

Shanna Schultz

Shanna:

Good morning. My apologies for sending over an incomplete list of addresses. The map was recompleted and inclusive of over 10,000 addresses that are attached with all associated documents for the VPO-2 area.

If you have any questions, please let me know. Thank you and have a wonderful day.

Respectfully submitted,

Subject: Re: Address List - VPO-2

Thank you.

Last year I had to provide notice to this same area and it generated ~14,000 addresses. The provided list only has around 3,000 addresses.

The map you provided appears to only be capturing properties on the boundary line of the VPO with a 100-foot buffer from that line.

Can you please confirm for me that all properties **within** the VPO-2 area are included in the attached documents, not just those along the boundary line itself?

December 19th, 2023

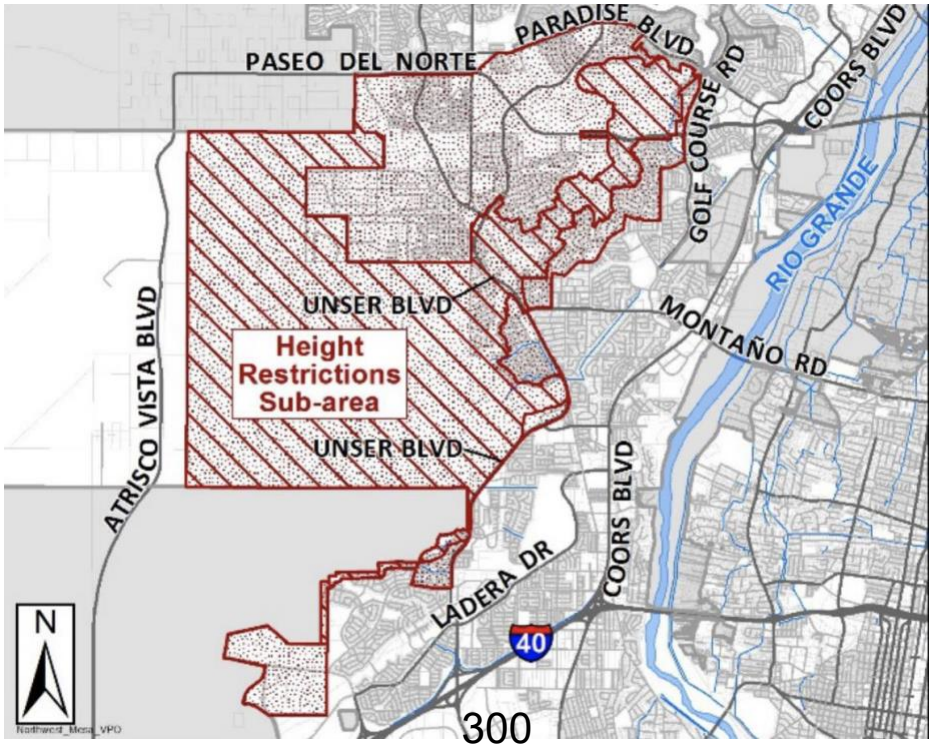
Dear property owner,

You are receiving a second notice about the project described below because the first notice provided an incorrect hearing date. The original notice indicated the hearing date was on **January 16th, 2024** but the correct date is **January 18th, 2024.**

This is a proposed change to the City's zoning framework – The Integrated Development Ordinance – that may impact your property. The purpose of this proposed change is to involve tribal entities and their representatives in the City development review and approval process. This change proposes additional engagement for development projects within the Northwest Mesa View Protection Overlay Zone (VPO-2) area (map below) as follows:

1. Creates new definitions in the document for:
    1. Tribal Land
    2. Tribal Representative
    3. Indian Nation, Tribe, or Pueblo
2. When a development application within the VPO-2 boundary is submitted to the City's Planning Department, this proposal would require Planning Department staff to send that application to tribal entities and their representatives within the State of New Mexico. Those folks will have fifteen days to provide any comment on the application to the decision-maker before the decision-maker can proceed with a decision on the request.
3. Development that is subject to the City's Archaeological Certificate process (generally, projects that are 5 acres or greater) will be required to include tribal entities and their representatives in the process.

If your property is fully developed, this proposed change will have little-to-no impact for you.



[Note: Items with an asterisk (*) are required.]

Public Notice of a Proposed Project in the City of Albuquerque for Policy Decisions Mailed to a Property Owner

Date of Notice*: December 6, 2023

This notice of an application for a proposed project is provided as required by Integrated Development Ordinance (IDO) **Subsection 14-16-6-4(K) Public Notice** to:

Property Owner within 100 feet*: VPO-2 Area and properties within 100 feet

Mailing Address*: Multiple

Project Information Required by IDO Subsection 14-16-6-4(K)(1)(a)

1. Subject Property Address* Multiple - All parcels within VPO-2
   Location Description _____
2. Property Owner* Multiple
3. Agent/Applicant* *[if applicable]* Multiple
4. Application(s) Type* per IDO Table 6-1-1 *[mark all that apply]*
   - ☐ Zoning Map Amendment
   - ☑ Other: Amendment to IDO Text - Small Mapped Area

   Summary of project/request[1]*:
   Implementation of tribal engagement requirements
5. This application will be decided at a public hearing by*:
   - ☐ Environmental Planning Commission (EPC)
   - ☑ City Council

   This application will be first reviewed and recommended by:
   - ☑ Environmental Planning Commission (EPC)
   - ☑ Landmarks Commission (LC)
   - ☐ Not applicable (Zoning Map Amendment – EPC only)

   Corrected Date

   Date/Time*: Zoom: https://cabq.zoom.us/j/2269592859

   Location*[2]: Zoom: https://cabq.zoom.us/j/2269592859

[1] Attach additional information, as needed to explain the project/request.
[2] Physical address or Zoom link

[Note: Items with an asterisk (*) are required.]

Agenda/meeting materials: http://www.cabq.gov/planning/boards-commissions

To contact staff, email devhelp@cabq.gov or call the Planning Department at 505-924-3860.

6. Where more information about the project can be found*[3]:
   https://abq-zone.com/ido-annual-update-2023 or smschultz@cabq.gov

Project Information Required for Mail/Email Notice by IDO Subsection 6-4(K)(1)(b):

1. Zone Atlas Page(s)*[4] Multiple
2. Architectural drawings, elevations of the proposed building(s) or other illustrations of the proposed application, as relevant*: Attached to notice or provided via website noted above
3. The following exceptions to IDO standards have been requested for this project*:

   ☐ Deviation(s) ☐ Variance(s) ☐ Waiver(s)

   Explanation*:

   No deviations, variances, or waivers are being requested

4. A Pre-submittal Neighborhood Meeting was required by Table 6-1-1: ☒ Yes ☐ No Summary of the Pre-submittal Neighborhood Meeting, if one occurred:

   A pre-submittal neighborhood meeting was held on November 28th. Two members of the public attended. There were questions about the applicability of the proposal and the review and approval process. There was not any indication of opposition at this meeting.

One pre-submittal facilitated meeting was held on November 28th.

[3] Address (mailing or email), phone number, or website to be provided by the applicant
[4] Available online here: *http://data.cabq.gov/business/zoneatlas/*

[Note: Items with an asterisk (*) are required.]

Additional Information:

From the IDO Zoning Map[5]:

1. Area of Property *[typically in acres]* VPO-2
2. IDO Zone District Multiple
3. Overlay Zone(s) *[if applicable]* VPO-2
4. Center or Corridor Area *[if applicable]* Multiple

Current Land Use(s) *[vacant, if none]* Multiple

NOTE: For Zoning Map Amendment – EPC only, pursuant to IDO Subsection 14-16-6-4(L), property owners within 330 feet and Neighborhood Associations within 660 feet may request a post-submittal facilitated meeting. If requested at least 15 calendar days before the public hearing date noted above, the facilitated meeting will be required. To request a facilitated meeting regarding this project, contact the Planning Department at devhelp@cabq.gov or 505-924-3955.

IDO Annual Update 2023 - Proposed Citywide Text Amendments - EPC Submittal

Item #	IDO Page	IDO Section	Change / Discussion	Explanation	Source
55	Multiple	Multiple	**Battery Energy Storage System (BESS)** See Exhibit for a new use in Table 4-2-1, new use-specific standards in Subsection 4-3, and new definitions in 7-1.	Responds to recent applications for private battery energy storage systems and a Declaratory Ruling by the ZEO in early 2022. Establishes distance separations from residential, Major Public Open Space, religious institutions, and schools.	Staff
56	Multiple	Multiple	**Outdoor and Site Lighting** See Exhibit for proposed amendments, including: Revising USS for self-storage in 4-3(D)(29)(e) Revising USS for WTFs in 4-3(E)(12) Replacing 5-8 with new text Revising illuminated sign standard in 5-12(E)(2)(a)2 Revising electronic sign standard in 5-12(H)(4) Adding, revising, and deleting definitions in 7-1	Updates existing lighting regulations to improve compliance with State's Dark Sky Ordinance and improve enforceability.	Staff
57	Multiple	Multiple	**Landscaping Standards** See Exhibit for proposed amendments in 5-6 and 7-1.	Increase requirements for plants and irrigation, reduce water consumption, and improve survivability of landscaping in the high desert environment.	Staff
58	Multiple	Multiple	**Tribal Engagement** See Council memo for proposed amendments, including the following Subsections: 14-16-6-4(J) Referrals to Commenting Agencies 14-16-6-5(A) Archaeological Certificate 14-16-7-1 Definitions	See Council memo	Council
59	All	All	**Clerical Changes** Make any necessary clerical corrections to the document, including fixing typos, numbering, and cross references.	Covers general clerical corrections.	Staff
60	All	All	**Editorial Changes** Make any necessary editorial changes to the document, including minor text additions, revisions for clarity (without changing substantive content), adding cross references, reorganizing content for better clarity and consistency throughout, revisions to graphic content for clarity, and updating tables of contents.	Covers general editorial corrections.	Staff

As one example, the city’s own proposal for the Rail Trail Tumbleweed is in conflict with these principles. Is a 25-foot LED statue representing an invasive plant truly a benefit that outweighs its impact on our night skies?

The purpose 5-8(A)of the Outdoor and Site Lighting Standards should be directed by the 5 Principles for Responsible Outdoor Lighting created by DarkSky in coordination with the Illuminating Engineering Society:

1) Useful - Use light only if it is needed.
2) Targeted - Light should be directed only to where it is needed.
3) Low level - Illumination should be no higher than necessary.
4) Controlled - Light should be used only when it is useful.
5) Warm-colored - Use warmer-color lights where possible.

I made comments back in October on the exhibit document. They do not show when linking off of link 1. Off link 2, they do show and that page is closed to comments. If the city is to use this functionality, it has to make it consistent.

Type: Suggestion
Agree: 2, Disagree: 0
I disagree with the lower CCT to 2700K. There should be no limit as long as the color rendition of the light is high enough. The lower the better, as lower CCT reduces the scattering of light and disturbance to human health and ecosystems.

CITY OF ALBUQUERQUE
CITY COUNCIL

INTEROFFICE MEMORANDUM

TO: **Alan Varela, Planning Director**
Mikaela Renz-Whitmore, Manager, Urban Design and Development

FROM: **Tammy Fiebelkorn, City Councilor for District 7**

SUBJECT: **2023 IDO Update: Tribal Engagement**

DATE: **October 20th, 2023**

Dear Director Varela and Ms. Renz-Whitmore,

Please include the following proposed amendment in the packet of materials to be submitted to the Environmental Planning Commission for the 2023 IDO Annual Update.

Purpose: The purpose of this proposed amendment is to integrate potentially impacted Tribal nations and their members within the development review and approval process. In the IDO today, there is no formal mechanism for Tribal nations within and around Albuquerque to be notified or otherwise included in the review and approval process of development activities. The proposed amendments below will create a formal process in which Tribal nations will be solicited for feedback on certain development applications and/or provided notice of development activity.

**6-4(J)(9) and 6-4(J)(10) will require two separate Text Amendment to IDO – Small Mapped Area applications. This language has been provided in this memo for illustrative purposes but should not be included by the Planning Department in the 2023 IDO Annual Update city-wide changes.*

Actions:

- Amend Section 7-1 to add a new definition as follows:

Indian Nation, Tribe, or Pueblo
For the purposes of this IDO, the designated chief executives of a federally recognized Indian Nation, Tribe, or Pueblo located wholly or partially in New Mexico. The Tribal Liaison with the City's Office of Native American Affairs shall maintain an updated list of the names and contact information for the chief executives of the Indian Nations, Tribes or Pueblos.

Tribal Representative
A tribally appointed representative currently serving on the City of Albuquerque Commission on American Indian/Alaska Native Affairs. The Tribal Liaison with the City's Office of

Agree: 0, Disagree: 0

Tribal nations should have a say in development that potentially impacts their lands or their sacred sites. I support these amendments.

Native American Affairs shall maintain an updated list of the names and contact information for members of the City of Albuquerque Commission on American Indian/Alaska Native Affairs.

Tribal Land
Land held in trust, fee land, or land owned by the tribal government of an Indian Nation, Tribe, or Pueblo that the relevant tribal government requests in writing to be mapped by AGIS for the purpose of referrals to the tribal government as a commenting agency.]

- Amend Section 6-4 as follows:

6-4(J) REFERRALS TO COMMENTING AGENCIES

Following a determination that the application is complete, the Planning Director, ZEO, or any City staff designated to review applications in Table 6-1-1 shall refer applications for comment to the following departments or agencies, as noted below. Any comments received within 15 calendar days after such a referral shall be considered with the application materials in any further review and decision-making procedures.

6-4(J)(6) Development within 660 feet of the Petroglyph National Monument

6-4(J)(6)(a) National Park Service.

6-4(J)(6)(b) Open Space Division of the City Parks and Recreation Department.

[(6-4(J)(6)(c) Indian Nation, Tribes, or Pueblos

6-4(J)(6)(d) Tribal Representative

6-4(J)(7) Development within 660 feet of Major Public Open Space

6-4(J)(7)(a) Indian Nation, Tribes, or Pueblos

6-4(J)(7)(b) Tribal Representative

6-4(J)(8) Development within 660 feet of tribal land.

6-4(J)(8)(a) Indian Nation, Tribes, or Pueblos

6-4(J)(8)(b) Tribal Representative

6-4(J)(9) The ~~4-H Park~~ Albuquerque Indian School Area*

6-4(J)(9)(a) Indian Nation, Tribes, or Pueblos

6-4(J)(9)(b) Tribal Representative

6-4(J)(10) Development within 660 feet of the Northwest Mesa Escarpment View Protection Overlay Zone – VPO-2*

6-4(J)(10)(a) Indian Nation, Tribes, or Pueblos

6-4(J)(10)(b) Tribal Representative

6-4(J)(11) Archaeological Certificate Applications

Agree: 0, Disagree: 0

These amendments are long overdue and the failure to actively include tribal representatives or to respect the pleas of NPS and neighborhood representatives to engage with and respect Native American voices and values when deciding amendments and development on the NW mesa has led to the approval of plans or changes that are in conflict with the protection of culturally sensitive landscapes. The passage by City Council of changes to the NW Mesa Escarpment VPO-2 last year is but one example. I appreciated Councilor Fiebelkorn's consistent opposition in both LUPZ and at Council to the VPO-2 changes. I wonder if those would have passed if Native American voices and views had been explicitly included in the deliberations.

Posted by **Patricia Willson** on **10/26/2023** at **9:46am** [Comment ID: 573] - Link

Agree: 1, Disagree: 0

If I recall correctly; Councilor Fiebelkorn made an impassioned speech in support of tribal objections against VPO-2 late one night at Council (one of the June 2023 meetings?)--and then voted against their interests!

6-4(J)(11)(a) Indian Nation, Tribes, or Pueblos are to receive the Certificate of No effect or the Certificate of Approval from the City Archaeologist.
6-4(J)(11)(b) Tribal Representative are to receive the Certificate of No effect or the Certificate of Approval from the City Archaeologist.]

- Amend Section 6-5 as follows:

6-5(A) Archaeological Certificate

6-5(A)(2) Procedure

6-5(A)(2)(a) [The applicant shall have all of the following responsibilities:

1. Provide notice of the application to Indian Nation, Tribes, or Pueblos by certified mail and by email that specifies the subject property and the proposed development.
2. Provide notice of the application to the tribal representatives by email that specifies the subject property and the proposed development.
3. Supply proof of notification to Indian nation, tribe, or pueblo and tribal representatives with the application.
4. Provide the treatment plan, if required, by email to Indian nation, tribe, or pueblo and tribal representatives within five business days that it is submitted to the City Archaeologist.]

Agree: 1, Disagree: 0

Acknowledgement and genuine inclusion of Native American and tribal voices is long overdue and examples of highly impactful changes made without the inclusion of their voices and values are readily identified. The public comment from Native American voices at the June 2022 meeting of Council where the 2022 IDO was passed are only the most recent example. I have personally watched hearing where tribal leadership and representatives were present and testified. It is past time to mandate their inclusion and attention to their views.

Good afternoon,

I hope you all have enjoyed a lovely Thanksgiving holiday.

I am attaching the Written Public comments from the Santa Fe Village Neighborhood Association Board to be included in the Planning Staff Report to the Environmental Planning Commission for their consideration and yours in advance of the 12/14/2023 meeting to consider the 2023 proposals.

I respectfully request your assistance in ensuring they are provided to Chair Shaffer and members of the EPC.

I would also appreciate confirmation you have received these.

Thank you very much,

Jane Baechle

Re: 2023 Annual Review of the IDO

The following comments reflect the views of the Santa Fe Village Neighborhood Association (SFVNA) Board regarding selected proposed amendments to the Integrated Development Ordinance (IDO) put forth for consideration during the 2023 Annual Review. Six of the seven elected SFVNA Board members have explicitly endorsed these comments; one member was unable to respond due to time constraints.

As in prior comment on the IDO Annual Review, we again note that this process continues to be used by City Council and the City administration to make durable and substantial changes in zoning law in a manner that effectively circumvents the goals and policies of the ABC Comp Plan and significantly limits public engagement regarding consequential changes to neighborhood character and quality of life. Nonetheless, as the elected representatives of our neighborhood association we are committed to engaging in this process, to represent the interests of our membership and neighborhood and address the consequences of these proposals.

2023 Amendment Proposals, SFVNA Position and Rationale

IDO Citywide Amendments, Item 10, IDO 4-3(B)(5)(b), **Dwelling Two-Family Detached (Duplex),** Item 12, IDO Section 4, **Dwelling Live-Work,** and Item 13, IDO Section 4-3(B)(5), **Two-Family Detached (Duplex) Dwelling**
These three proposals would permissively allow a single family dwelling to be converted to a two family dwelling on any corner lot of 5,000 s.f. or greater, permissively allow small retail and/ or restaurants to be added to a dwelling on any corner lot of 5,000 s.f. or greater and

permissively allow an existing single family dwelling to be converted to a two family dwelling on any property zoned R-1 unless it is already a duplex or has an ADU.
SFVNA position: *Oppose*
Rationale: These three proposals represent a de facto zone change in Santa Fe Village (SFV). Those who argue that converting a single family dwelling to a two family dwelling or adding small retail and restaurants to any R-1 zone is merely a redefinition of low density development are dissembling. These represent fundamental changes to property rights and entitlements of ABQ property owners. Further, if implemented, they would have a devastating effect on an already dense and compact neighborhood like SFV. On my review of the IDO interactive map, there are 82 properties in SFV which are corner lots 5,000 s.f. or greater. There is no way that if even a portion of these properties added a second dwelling unit or retail/restaurant use, the existing infrastructure of the neighborhood could support it. Any such change would profoundly damage the quality and character of SFV, negatively impact property values and create potential hazards. Finally, any proposal to allow additional dwelling units should be a conditional use and include stringent development standards which protect neighborhood character and assure adherence to all elements of IDO development standards identified in IDO 14-16-5.

IDO Citywide Amendments, Item 23, IDO 5-7(D)(3)(a), **Walls and Fences-Front Yard Wall**
Permissively allows front yard walls of 5 ft with the top two feet of view fencing, setback 5 ft. and landscaped.
SFVNA Position-*Oppose*
Rationale: Santa Fe Village is a low density residential neighborhood with small to medium lots on curving streets which follow the natural contour of the land. The addition of view fencing on the upper 2 ft of a 5 ft foot wall still impede clear lines of sight, have a deleterious effect on the streetscape and sense of place and limit comfortable walking for 2 people at a time on 4 ft sidewalks. That will be the case with even a 5 ft setback. Landscaping the setback will not change the impact on the streetscape or walkability and the individual choice of how to landscape the setback my serve to detract from the awareness of the natural landscape.

IDO Citywide Amendments, Item 11, IDO 4-1(A)(4) (new), **Conditional Uses for City Facilities**
"Exempts city facilities from the conditional use process"
SFVNA position: *Oppose*
Rationale: This appears to be an effort by the City to limit public comment, disenfranchise ABQ residents and circumvent any opposition to or scrutiny of City projects. The conditional use process and the standards by which a conditional use request is to be evaluated are intended to protect the public from potentially objectionable and harmful uses. This is an unambiguous effort on the part of the City to avoid transparency and accountability for its facilities and land use decisions.

IDO Citywide Amendments, Item 9, IDO Section 4, **Overnight Shelter**
Allows overnight shelters permissively in zone districts where the use is now only allowed conditionally.

SFVNA position: *Oppose*
Rationale: As noted above, this appears to be an effort by the City to limit public comment, disenfranchise ABQ residents and circumvent any opposition to or scrutiny of overnight shelters. The conditional use process and the standards by which a conditional use request is to be evaluated are intended to protect the public from potentially objectionable and harmful uses. Again, this is an unequivocal effort on the part of the City to avoid transparency and accountability of overnight shelters.

Small Area Amendment, IDO 14-16-4-3(F)(5)(f)10, **Volcano Heights Urban Center**
Removes prohibition on drive-throughs in the Volcano Heights Urban Center
SFVNA position: *Oppose*
Rationale: This change is inconsistent with the purpose of this urban center described as intended to "support pedestrian-friendly and transit-supportive development with particular emphasis on employment, while buffering pre-existing single-family neighborhoods and sensitive lands on the borders of the Plan area from higher-density development toward the center of the Plan area. The Plan seeks to create a walkable, urban center with a sense of place rooted in its unique volcanic context and with development that respects the Petroglyph National Monument, which includes over 10,000 acres of open space preserved in perpetuity by an act of Congress in 1990."

IDO Citywide Amendments, Item 40, IDO 6-6(O)(2), **Variance-ZHE**
Requires notification of the ABQ Open Space Superintendent with review and comment on any variance request on property adjacent to MPOS.
SFVNA position: S*upport*
Rationale: Major public open space represents a significant value to all residents of ABQ and should be protected from private development which would potentially negatively impact the public's enjoyment and appreciation of it. Further it is our position that the requirement of notification should include the Petroglyph National Monument (PETR) Superintendent when a property requesting a variance is adjacent to PETR. We appreciate that the City of ABQ and its officers cannot compel a review and response from the NPS but notification can be required.

IDO Citywide Amendments, Item 53, IDO 7-1, **Sensitive Lands Rock Outcropping**
Revises the definition of rock outcropping to reflect existing rock outcroppings in ABQ.
SFVNA position: S*upport*
Rationale: Rock outcroppings represent one of the most prevalent features of sensitive lands on the NW mesa and in the area around SFV. The ABC Comp Plan goals and policies mandate the preservation of heritage landscapes as "features that contribute to the distinct identity of communities, neighborhoods, and cultural landscape" and represent a "community resource that provides physical, cultural, and economic benefits."

IDO Citywide Amendments, Item 17, IDO 5-5(B)(4)(d), **RV, Boat and Trailer Parking** and Item 42, 608(G)(2)(a)1.a, **Front Yard Parking**
Prohibits front yard parking of RVs, boats and trailers and use of angular crushed stone as a parking surface in front yards.
SFVNA position: *Support*

Rationale: Preserve the desirability and protect the visual appeal of neighborhoods, particularly a compact and modest neighborhood like SFV, where even improved front yards are too small and narrow to allow a large vehicle to be parked.

IDO Citywide Amendment #58, **Tribal Engagement**
Establishes a mechanism to include Tribal nations and their members in the development review and approval process.
SFVNA position: *Support*
Rationale: Acknowledges the responsibility of City Council to assure engagement with Tribal people and inclusion of their voices in land use matters. This is a particularly salient issue for land in and along the heritage landscape of ABQ's NW mesa escarpment.

In summary, SFVNA opposition, where outlined, reflects our assessment that these proposals will have deleterious impacts on Santa Fe Village, its residents and homeowners and on the experience of the City, its neighborhoods and cultural landscapes. In contrast, we support amendments which strengthen protections of SFV, public lands and the landscape of the NW mesa and escarpment. This letter is lengthy. There are more than 60 changes including the citywide and small area amendments to the IDO proposed. We respectfully request the Commissioners thoughtful consideration of our views and concerns.

Thank you for your time and attention.

Respectfully submitted,

Jane Baechle

Re: NW Mesa Escarpment VPO-2
Meeting of 1/18/2024

Commissioners,

I am writing to express my strong *support* for the proposed changes to the NW Mesa Escarpment VPO-2 which would add Tribal nations as commenting agencies for development proposals within 660 feet of the NW Mesa VPO-2. I am commenting as an individual, a resident of Santa Fe Village (SFV) which lies wholly within the VPO-2 and as a member of the Santa Fe Village Neighborhood Association (SVFNA). I have submitted this letter to the SFVNA Board and seek their endorsement as well. I participated in the pre-submittal facilitated meeting and clearly understand the purpose and scope of this proposed amendment.

I was in Council chambers for the June 2023 meeting where Councilors passed the 2022 IDO amendments. I listened to the many comments from Native people citing their exclusion from hearings and meetings considering consequential development proposals in the NW Mesa Escarpment VPO, a natural and cultural landscape and one held sacred by Native people. It is fundamentally just and right to ensure that tribal nations have every opportunity to engage on development proposals and to ensure they have all of the information they need to do so.

I have participated in multiple Planning Department meetings where Mikaela Renz-Whitmore begins her presentation with a slide acknowledging that we are meeting on the lands of Pueblo people, lands they lived on for hundreds of years before any of us became property owners in this city. Surely, we owe them a place at the table on development and land use proposals.

My support for this proposal is also grounded in my personal respect for this natural and cultural landscape. The public record of multiple meetings of the ZHE, EPC, LUPZ and City Council reflects my individual comments and those of the SFVNA advocating for protections of this landscape or opposing measures which would materially undermine them. The ABC Comp Plan is clear:

- Goal 11.3 Cultural Landscapes

Protect, reuse, and/or enhance significant cultural landscapes as important contributors to our heritage and rich and complex identities.

- POLICY 11.3.4 Petroglyph National Monument: Regulate adjacent development to protect and preserve the Petroglyph National Monument – its volcanoes, petroglyphs, and Northwest Mesa Escarpment – as a priceless cultural landscape and community resource that provides physical, cultural, and economic benefits.

- POLICY 11.3.6 Volcano Mesa: Preserve open space, natural and cultural landscapes, and other features of the natural environment within Volcano Mesa.

In the interest of brevity, I will refrain from listing the multiple sub-policies which add detail to these goal and policies. In my view, however, they underscore the central importance of ensuring the protection of all heritage landscapes and the requirement that the provisions of the IDO, whose first purpose is to "implement the ABC Comp Plan as adopted", align with these goals and policies.

The entirety of the NW Mesa Escarpment, including the Petroglyph Monument and escarpment, the volcanoes and *surrounding area*, represents a priceless heritage for all of the people of Albuquerque. It represents a fundamental and sacred element of the identity of Native people. It is incumbent upon all of us to respect the views and voices of Tribal people and ensure they are fully informed of development proposals so that those views are included in development and land use decisions.

I respectfully request your support of the proposed amendment to the NW Mesa Escarpment VPO-2.

Sincerely,

Jane Baechle

[EXTERNAL] Forward to phishing@cabq.gov and delete if an email causes any concern.

Thank you for the invitation to Governor Herrera for the Pueblo of Laguna to comment on Councilor Fiebelkorn's proposed amendment to the Integrated Development Ordinance to require notification to New Mexico tribes, Pueblos, and Nations under certain conditions. The Pueblo appreciates Councilor Fiebelkorn following up on concerns the Pueblo expressed last summer during the discussion of the annual IDO amendments.

At the direction of Gov. Herrera, I submit the following comments on behalf of the Pueblo:

1. The Pueblo continues to have great concern about the impact of development in Albuquerque upon the Petroglyphs and other cultural and religious sites important to Laguna and other pueblos and Native communities.
2. Laguna strongly supports the goals of the proposed amendment to ensure the opportunity for tribal notice and participation in the development process.
3. The Pueblo has three suggestions to further improve the IDO.
    a. The proposed distance of 660 feet for required notice is much too little to allow the Pueblo to participate meaningfully in development decisions that will impact Laguna's cultural and religious interests in areas important to the Pueblo. The Pueblo proposes to extend the distance to one mile.
    b. Due to very significant cultural and religious sites in the Bosque, the Pueblo proposes that the notice requirement be extended to the Coors Protection Overlay Zone.
    c. Because of the very short time frames required for response to development notifications, the Pueblo suggests that tribes be allowed to supplement the required

notice to the CEO and "tribal representative" by designating an additional tribal official or employee to receive notice. For Laguna and in most instances, but probably not all, such notice will be most effective if made to the Tribal Historic Preservation Officer.

The Pueblo is more than happy to meet to discuss these suggestions further.

Comments for 60 Citywide IDO Amendments:

by WSCONA and the Inter-Coalition working group.

For EPC hearing *December 14, 2023*

Community Comments regarding the Overall IDO Process:

The first group of NA comments on the spread sheet, expressed criticism of holding the IDO amendment update during the holidays. Each year Neighborhoods have to review numerous amendments that go through an approval process, starting during the holidays. This year there are 60 amendments plus 3 small area amendments to review. Many are significant changes to the zone code which can negatively affect the quality of life in Albuquerque. Many of the amendments are confusing with so many unanswered questions to determine if the changes are really a benefit to the community or not. This is extremely disrespectful and burdensome to the community to review so many amendments each year without enough meaningful public discussion before being submitted. Everyone feels the process is flawed.

Our comments on the IDO amendments, included below, are bolded and italicized:

1. HPO-Historic Preservation Overlay Zones/ Staff Amendment: Add new subsection: Development shall comply with contextual standards 5-1(C)(2)for lot sizes, front and side setbacks, unless Land Marks Commission approves a different standard. 5-1(C)(2) Only applies to low density residential in Areas of Consistency. Gives Landmarks Commission discretion to approve different lot size and setbacks without a variance (which are reviewed by the ZHE).

There is Community concern about giving the Land Marks Commission discretion to change lot sizes and setbacks without a variance . It is very important to the Albuquerque Community to maintain the character of Albuquerque's historic neighborhoods. It is important to be able to hold a quasi judicial hearing to allow public input to ensure lot size and set backs are carefully reviewed to preserve historic character and to protect homes from any adjacent house fires. We recommend keeping the current practice of having the ZHE review in a quasi judicial hearing. Don't support!

Please note: ***The Zoning Hearing Examiner (ZHE) conducts monthly quasi-judicial public hearings regarding requests for exceptions to the Integrated Development Ordinance. A Special Exception allows a property to develop in a way that is different from what the property's zoning allows. Special exceptions include variances, conditional uses, expansions of nonconforming uses or structures, and solar rights permits. If appealed, the Land Use Hearing Officer/ LUHO will conduct a quasi-judicial hearing. The LUHO then will recommend a final decision to the City Council. New Mexico State Zoning Statutes and NM Supreme Court decisions require a quasi-judicial hearing process, and hearings. These quasi-judicial hearings with sworn testimony and certain specific processes are essential to balancing individual land rights and public planning policy. Quasi-judicial hearings are mandatory to acquire appeal standing in New Mexico Courts. The quasi-judicial hearing affords public input to consider community interests like lot size, setbacks, and other criteria to preserve the historic character of the architecture, the community fabric, and streetscape and ensure safety issues like fire separation. The Preservation Department and Landmarks Commission should review Special Exceptions as staff reports to the ZHE. This amendment is one of several seemingly small-scale recommendations by the Planning Staff. Still, it violates the existing Albuquerque Comprehensive Plan, New Mexico State Statute zoning mandates (NM Stat § 3-21-8 (2021), and the existing IDO. The regulation's purpose, intended or not, drastically abridges individual property and zoning appeal rights. We recommend keeping the current practice of having the ZHE review all special exceptions in a quasi-judicial hearing. Don't support!***

---

2. Public: Outdoor Amplified Sound: Adds Outdoor Sound as an Accessory Use to enable a curfew between 10pm to 7 am. This amendment would allow Outdoor Amplified Sound as a "permissive" Accessory Use to the following zone districts: (MXL, MXM, MXH, NRC, NR-BP, NR-LM, NR-GM). It would be conditional in MXT zones. Relates to IDO amendments: #2, 7, & 50:

Don't support allowing Outdoor Amplified Sound as a permissive Accessory Use, bringing more outdoor amplified sound to the community which is already a nuisance for many. Albuquerque already has a Noise Ordinance that has a Sound Curfew from 10 pm-7am. How will this

amendment make things better? We have received complaints regarding churches or restaurants who use outdoor amplified sound for music and sermons during the day and evening hours, which has been problematic for nearby residents. This amendment does not address these issues, and has not demonstrated that there would be any protection during the day/evening hours. <u>There has been no in-depth discussion with the public as to how this would make things better</u> except for the 10-7am curfew, which the Noise Ordinance has already. <u>Don't Support</u>!

---

3. Council/Benton and Fiebelkorn: Cottage Development: 4-3(B)(4), pg.159: To add new use specific stands: To allow dwelling units to be attached on one side and to require front porches on all of them. In R-1 zone district.

While porches are nice, the community does not support changing R-1 or cottage zoning status to do duplexes. This also <u>reduces lot sizes from 1 acre to 10,000sf. in (UC, MS, PT areas)</u> It would be helpful to have an explanation of cottage development versus duplex proposal to make informed decisions. <u>Do not support</u> until we know more about this proposal.

---

4. Administration: General Retail Walls and Fences: 4-3(D)(37)(a), pg. 186: Require a perimeter wall for general retail to control pedestrian access to deter crime.

5. Light Vehicle Refueling Stations - Walls & Fences: 4-3(D)(18), pg.175: Require a perimeter wall for gas stations to control pedestrian access to deter crime.

Question/comment- For 4 & 5: Have you let the retail and gas stations know about this amendment? It may be an idea they may want to do, but not be forced to do. We don't want to become a city of walls and fences. <u>Should not mandate</u> the use of walls and fences to solve crime. <u>Let the businesses decide</u>. <u>Don't support!</u>

---

6. Public: Electric Utility, 4-3(E)(8), pg. 198:Revise subsection a, b, c, & d to add battery storage: Requires walls and landscaping for battery storage facilities associated with electric utilities.

<u>Sounds OK</u>, to do walls and landscaping around the facility. Will need to learn more about these storage facilities and if there are any safety

issues we need to be aware of, due to potential fires. Location of these uses will be important.

---

7. Public: Outdoor Amplified Sound:4-3(F)(14) new, pg. 217: **Create a new subsection**: If this use is **within 330 ft. of Residential zone or a residential lot within mixed use zone**, any amplified sound from **speakers outside of a building shall be turned off between 10pm and 7:00am. Prohibits amplified sound near residential after 10pm.**

Albuquerque already has a noise ordinance with a 10pm-7:00am curfew for outdoor amplified sound.

As mentioned before, we have received complaints of outdoor music and church sermons that happen on a weekly basis from a church or a restaurant, gas station pumps, that wake people from sleep, etc. Outdoor Amplified sounds are unnecessary, and should only occur indoors, not outdoors. Outdoor amplified sound should not be allowed as an accessory use.

Recommend: Turning the focus to prohibiting the sale of mufflers that produce loud auto engine noise which would be more productive.

---

8. Grout: Cannabis Retail: To make 4 changes: 1) Remove conditional use approvals for requests within 600 ft. of another. 2) Remove distance separation exception for micro businesses. 3) Increase distance from 600- 660. 4) remove allowance in MXT zone

Support! This will help address neighborhood and business concerns of too many cannabis stores opening up in the same area and will also help avoid diluting their customer base.

---

9. Staff: Overnight Shelter: Table 4-2-1, Multiple pgs.: To make permissive in all zones where it is currently conditional (MXM,MXH,NRC,NR-BP,NR-LM,NR-GM):

Don't support, changing Overnight shelters to a permissive use. Community members have expressed that Overnight shelters need to remain as a conditional use to allow public input to address any concerns. Overnight shelters could be impactful if not operated or maintained well. It would be helpful to know how many overnight

shelters Albuquerque has and who runs them. Are they helpful in getting the homeless off the streets or do they attract more homeless to the area, blighting it? Need to know which shelters work and which ones don't, and why, so that the City can ensure that overnight shelters are managed well.

---

10. Public: Dwelling/Two family detached duplex: 4-3(B)(5)(b), pg. 161 Allows duplexes in R-1 on corner lots that are at least 5000sf:

Don't Support! This amendment will create a lot of problems in terms of parking and traffic congestion for residential neighborhoods. A duplex on a small corner lot changes the character and zoning status of the R-1 zone (which is in an Area of Consistency), it also becomes a public safety issue due to street parking that will restrict traffic access in and out of the neighborhood especially on small corner residential lots.

This should not be approved. Don't Support!

---

11. Administration: Conditional uses for City Facilities: 4-1(A)(4), pg. 127, new: Exempts city facilities from the conditional use process:

Maintain City Facilities as a conditional use to allow public input to have any concerns be addressed for the following reasons mentioned by Community members. See below:

1) So the City may buy a property and build or lease a waste transfer station, a detention center, an overnight shelter, treatment plant, or half-way house without any notice???? ABSOLUTELY NOT.

2) Regardless of the merits of a project or its contribution to the public health, safety and welfare, the conditional use designation exists to ensure that any project meets IDO standards for a conditional use and that it is fully vetted in a robust process involving the public and open meetings. If passed, this would set a terrible precedent.

Don't support exempting the City from the conditional use process!!

---

12. Public: Dwelling Unit/ Live work: pgs151, 152: To Allows Live/Work dwellings changing it from conditional to permissive in R-1, R-T, R-ML corner lots that are a minimum of

5000 sf. for small retail and restaurants to open business opportunities for those who cannot afford 2 properties.

Don't support! ***While Live/Work is a good concept, it will not work on small corner lots in Albuquerque. Not only will it change the status of R-1 residential zoning it will create traffic problems due to parking on the street that will restrict traffic access in and out of the neighborhood, making it a public safety issue. Currently Live/work is already allowed conditionally in R-ML zones and is permissively in all Mixed use zones (MX-T, MX-L, MX-M, MX-H) (IDO 2023, pg. 151). Live/work is not allowed in R-1 zones. The current regulations are much more appropriate and should not be changed. Don't support!***

---

13. Councilor Fiebelkorn: Duplexes: Purpose is to allow 2 family detached in entirety of R-1 zone districts. Today duplexes are only allowed in R-1A zones.

Add Use Specific standards:

1) **Make duplex permissive In R-1 zones by attaching to or is within existing building.**
2) **Make duplex a conditional on vacant lots.**
3) **This use not allowed on lots with ADU's**
4) **Street facing facades must have one window and one door facing street.**
5) **This use not allowed on a lot with another duplex on it.**

Don't support! The Community has expressed that they Don't want to eliminate R1 zoning by changing it to duplex. The Community wants to maintain the R-1 zoning status for single family lots. There is no reason to support this amendment when duplexes are already allowed in R-1A zoning. Maintain the existing R-1 zoning districts. Don't support!

---

14. Comp Plan: Irrigation (Acequia) Standards: 5-2(G), pg. 241: Add: For Cluster Development and multi-family locate at least 25 % common open space or useable open space to be contiguous with acequia. Access to ditches is only allowed if approved by MRGCD. Follows existing requirements for cluster development and multi-family next to MPOS.

This would be fine, for cluster development as long as the common open space is usable for the tenants to enjoy. It should not be unusable, undevelopable slopes, arroyos, drainage facilities or utility easements. It should not replace other open space buffer requirements. In addition zone changes should not be approved to permit high density multifamily or cluster development near acequia /MPOS areas as they have created many conflicts.

---

15. Administration: Land fill Gas mitigation:5-2(H), pg. 242: Exempts landfills closed for more than 30 years for landfill gas mitigation procedures.

Landfills should not be exempt if they need more mitigation even after 30 years.

---

16. Staff: Exhibit/Preventing and Mitigating Construction Impacts: 5-2(K), pg.247: Adds IDO requirements for mitigating impacts from construction activities next o MPOS or where sensitive lands have been identified.

Support!

---

17. Grout: Boat and RV's: Purpose is to not allow RV's and Boats to park in Front yard whether the yard has been improved or not.

We agree that front yard parking for RV's and Boats needs to be addressed as it has gotten out of hand, in some cases. The amendment may need some adjustment so it is not too restrictive. Side or rear yard parking could work as long as the vehicles don't stick out beyond the house, or dominate the visual appearance of the lot . They should not block views of the neighbors or use the street as a parking lot. Does Albuquerque have an ordinance on this issue? If so, we should examine its rules and enforce them.

---

18. Fiebelkorn/District 7: Parking Maximums near transit facilities: Purpose is to require parking maximums near transit facilities. This amendment excludes Park and Ride facilities.

Add new Subsection: Within 330 ft. of transit facility, maximum # of parking spaces shall be no more than 100 % off street parking spaces, as applicable as required in Table 2-4-13 or Table 5-5-1.

Don't support limiting parking space near transit shelters or bus stops. Bus riders rely on parking lots in shopping centers or businesses to park and catch the bus. We don't want to discourage bus ridership because they don't have a place for bus riders to park and catch the bus. It has been expressed by Transit employees, who have said, "The more you make it easy for people to catch the bus the more they will ride the bus. Please don't limit parking lot spaces as they can be useful for transit. Don't Support!

19. Staff/Parking Structures for Multi Family Residential Development:5-5(G)(3), pg. 293: ***All parking structures for multi-family residential development, mixed use development and non residential development shall comply with the following standards. these standards do not apply to low density residential. Broadens the applicability of building design standards to Group Homes. Table 4-2-1***

---

20. Fiebelkorn/District 7:Landscaping Applicability: Purpose is to reduce applicability in which landscaping is required. *To be lowered by 20%.*

Pg. 6 of 17

20. Fiebelkorn/District 7:Landscaping Applicability: Purpose is to reduce applicability in which landscaping is required. To be lowered by 20%.

Section 14-16-5-6: D

- Amend 5-6(B) APPLICABILITY as follows:

5-6(B)(1) The provisions of this Section 14-16-5-6 shall apply to any of the following, unless specified otherwise this IDO:

5-6(B)(1)(a) Construction of a new building containing multi-family, mixed-use, or non-residential development or an accessory parking structure.

5-6(B)(1)(b) Construction of a new parking lot containing [~~25~~ 20] or more spaces, or expansion of an existing parking lot by [~~25~~ 20] spaces or more.

5-6(B)(1)(c) Expansion of the gross floor area of an existing building containing multi-family, mixed-use, or non-residential development by [~~2,500~~ 2,000] square feet or more, or [~~25~~ 20] percent or more, whichever is less.

5-6(B)(1)(d) Renovation or redevelopment of an existing building containing multi-family, mixed-use, or non-residential development, including but not limited to reconstruction after fire, flood, or other damage, where the value of the renovation or redevelopment, indicated by building permits, is [~~$500,000~~ $400,000] or more.

This amendment is unclear. Is it to reduce parking or landscaping? If the intent is to reduce the landscape area and parking spaces in apartments, then Don't support!. Landscaping and parking spaces for apartments have already been reduced in prior IDO amendment updates. There are already a lot of complaints about the lack of parking from people living in apartments, and their guests. This also forces parking into Neighborhoods. This is a quality of life issue for the tenants, and surrounding areas.
Please do not support this amendment to reduce parking and landscape requirements for apartments.

---

21. Fiebelkorn: Mulching Requirements: Purpose is to specify how far to extend mulching from plants.

Support!

---

22. **Benton & Fiebelkorn: Mulching Requirements for street trees: Mulching is not required for street trees.**

---

23. Administration: Walls and Fences/Front yard wall: 5-7(D)(3)(a), pg. 320: Allows 5 ft. for front yard walls with 2 ft. view fencing and setback 5 foot and landscaped.

The Community does do not support changing the allowable front yard wall height which will negatively change the character of neighborhoods. The wall height standards has been in place for years. The neighborhoods want to maintain the existing front yard wall regulations to protect the character and the openness it provides for their community. This amendment was proposed last year which received strong opposition. This amendment should not be approved. Don't support!!

---

24. Administration: Options for a Taller Front or Side yard Wall: Table 5-7-2, pg. 321:

Don't Support! For the same reasons as mentioned above.

---

25. Fiebelkorn: Building Design: Purpose is to implement building Requirements for building that don't have requirements.

In terms of building design, the IDO requires buildings to be built right up to the roadway. This is more of an urban design feature. Buildings built right up against the road, especially large buildings, block the views that the Albuquerque community has always enjoyed. While the urban design, looks good for the downtown area, it is out of character for the rest of Albuquerque.

Instead of this amendment: We recommend an amendment to Change the regulations to move the buildings back away from the roadway, and return the parking and landscape to be out in front and around the building, so that the community can continue to see the views of the mountains, the west mesa, volcanoes and 9 Mile Hill in the back ground. We should do more protect those views, in terms of building height, design, and lot layout. Those are our suggestions.

---

26. **Staff: Historic Certificate of Appropriateness- Minor: Table 6-6-1, pg.387: Add requirement for pre-application meeting. Matches current practices.**

---

27. Staff: Permit- Temporary Use /Temporary Window Wrap: Table 6-6-1, pg.387:Clarifies requirement for both uses is the same matching existing procedure: 14-16-6-5(D)(2)(a)(3)

---

28. Staff: EPC Appointments: 6-2(E)(2)(b), pg. 394: Mayor may notify City Councilor term will be expiring and that the City Councilor has 60 days to submit names of recommended appointments to fill the EPC vacancy. Otherwise Mayor shall make the appointment.

Don't Support! It is important to have both the Mayor, Council and Community be involved in the selection.

---

29. Staff: Pre-submittal Neighborhood meeting: 6-4(B), pg.403 ***Revise as follows: For applications that meet any of the following criteria, the applicant shall offer at least one meeting to all NAs within 330 ft. ~~whose boundaries include or adjacent to~~ subject property no more than 90 days before filing application.***

Don't support !!! This amendment changes the notification requirements to notify Neighborhood Associations who may be interested in attending facilitated meetings. Not only does this amendment eliminate the "Adjacency" language, it is also reduces the notification distance from 660 ft. to 330 ft. This is considered a taking as it shortens the distance requirement for notification, reducing the public's ability to be involved in the development review process.
The Planning dept. should have alerted the Neighborhood Associations to these proposed changes before being submitted. We feel this is a trick to reduce notification distance and appeal rights. Don't change the current notification requirements.
Note: The definition for "Adjacent" does not include the ROW of roadways, trails, alleys or utility easements when measuring the notification distance. See "Adjacent definition" below.

Adjacent
Those properties that are abutting or separated only by a street, alley, trail, or utility easement, whether public or private. See also *Alley*, *Multi-use Trail*, *Private Way*, *Right-of-way,* and *Street*.

---

30. Brook Bassan/District 4: Presubmittal Meeting Validity Period: 6-4(B)(1), pg. 403: Purpose is to increase time line for when pre-submittal neighborhood meetings are valid prior to when an application is submitted. Today meetings must occur within 90 days of when the development application is filed. This amendment proposed to increase timeline up to 1 year.

---

31. Staff: Referrals to Agencies: 6-4(J), pg. 408: **For administrative decisions in Table 6-6-1 any comments received after a referral and prior to a decision shall be considered with the application materials in any further review and decision making procedures. For decisions that require a public hearing an policy decisions in Table 6-6-1. ~~Any~~ comments must be received within 15 days after such a referral to ~~shall~~ be considered ~~with the application materials in any further review and decision making procedures~~.**

Don't support! It is unclear what this amendment is proposing to change the language affecting public comments or agency. Public and agency comments are important. More explanation is needed for the proposed amendment. Below are Community comments from the spreadsheet that demonstrate the confusion:

1) I'm confused, I thought that for decisions that require a public hearing, you have 15 days to request a meeting, not to provide the comments.

2) Clearly an example of the actual effect of a change in language may limit public input and increase the complexity of engaging on consequential land use issues.

---

32. Staff: Public Notice: 6-4(K), pg. 409: Replaces the adjacency requirement with a set distance to allow automation of the query of NAs.

This again affects the "Adjacency" language and will have a negative effect on Neighborhood notification. Please maintain the current language. This amendment was not discussed with the neighborhoods before submitting. Do not support!

---

33. Staff: Mailed notice to property owners: 6-4(K)(3)(c)(2), pg. 412:For zone map amendments only adjacent properties are included ~~where~~ the ~~edge of the~~ 100 ft. buffer falls within public ROW ~~adjacent properties shall be included~~.

Don't support! This affects notification, public engagement and appeal rights. Please maintain the current language.

---

34. Staff: Mailed Notice for Amendments to IDO text-small area: 6-4(K)(3)(d)(2), pg. 412: Removes the adjacency requirement with a set distance to allow automation of the query of NAs.

Don't Support! Notification is very important for small area amendments. Please maintain the current language.

---

35. Staff: Posted Sign: 6-4(K)(4) pg. 412: Requires signs to be posted before administrative decisions. The existing language requires posting before a decision for applications that require a public hearing, and after the decision for the appeal period. Create a new subsection:

a) Signs to be posted on each abutting street.

b) For administrative decisions Signs shall be posted 5 days after submittal and 15 after decision for the appeal period.

c. For a decision that requires a public hearing sign shall be posted 15 days before the hearing and the required appeal period.

---

36. Staff: Post submittal facilitated meeting: Revise the final sentence: The facilitator shall attempt to contact all NAs within 330 ft. of ~~whose boundaries include or adjacent to subject property~~. Replaces adjacency with set distance to allow automation of the query for NAs to make distance consistent with pre-submittal NA meetings. See 6-4(B), public notice 6-4(K), and appeals 6-4(V)(2)(a).

Don't Support! Notification distance is 660 ft., not 330 ft. for Neighborhood Associations. The Notification Distance and the Adjacency requirement should not be changed or eliminated. Maintain current language.

This amendment should not be approved!

---

37. Staff: Appeals - Standing based on proximity for Neighborhood Associations: 6-4-(V)(2)(a), pg. 430: **Replaces adjacent with set distance of 330 ft**.

a) Distances noted in Table 6-4-2 is measured from the nearest lot line of subject property. ~~Where the edge of that property line falls within public ROW, adjacent properties shall be included.~~

b) Distances for NAs boundaries is what is on file with ONC at the time application was accepted as complete.

c) ~~Where proximity is noted as includes or is adjacent, the NA association boundary is includes or adjacent to subject property~~.

In Table 6-4-2 replace "includes" or is "Adjacent" and "~~660 ft.~~" with 330 ft.

Don't Support!!!

This should not be approved. The Planning Dept. did not specifically point out these details of the proposed IDO amendment changes that reduces Notification Distance & Appeal rights. This is like finding a Needle in the Hay stack. This is why we do not like the IDO process. It has been removing IDO protections every year by hiding the changes in numerous complicated amendments that take weeks to review. This is a taking! Don't Approve!!!!!!

---

38. Public: Conditional Use Expiration: Table 6-4-3, pg. 438: Revise period validity as follows: 2 years ~~1 year~~ after issuance if use has not begun, or 2 years ~~1 year~~ after use is discontinued or fails to operate. Extends conditional use approvals. Construction takes longer than 1 year and restarting a use takes more time in recent years.

---

39. Staff: Time Extensions: 6-4(X), pg. 436: Makes Time extensions administrative review/ decision. Does not change original approval when public notice takes place. Applicant must justify the request by showing circumstances are beyond their control prevented progress on the project. Shortage of construction workers and delays are more common. Administrative approval will help more projects on the ground.

---

40. *Staff: Variance -ZHE: 6-6(0)(2) Pg. 501:* Revise subsection (b): All applications in an HPO zone or on a property or district listed on the State Register for Cultural Properties or the National Register of Historic Places shall ~~first~~ be referred for review and comment ~~reviewed~~ by the Historic Preservation Planner pursuant to 14-16-6-5(B) (Historic certificate Appropriateness - minor) ~~and Historic Preservation Planner shall send a recommendation to ZEO.~~ Add a new subsection (c): All applications on a property adjacent to MPOS shall be referred for review and comment by the Parks and Rec Open Space Superintendent. Adds a procedure for OS Superintendent to review variances adjacent to MPOS.

We recommend maintaining the current language so that the Preservation Planner will continue to send their recommendations to the ZEO. We also support review by the Open Space superintendent for properties adjacent to MPOS. And we recommend that the National Park Service for Petroglyph National Monument be notified so they can review and provide comments for applications on properties within 660 ft. of or adjacent to the monument. Please include Petroglyph National Monument to the notification list.

---

41. Staff: Nonconforming structures: 6-8(D)(1), pg.531:Create new subsections:

1) Unless specified otherwise and nonconforming structure shall be allowed to be continued, regardless of any change in ownership or occupancy, or ~~until structure is vacant for 2 years~~. unless another provision of this section 14-16-6-8 requires termination of its use.
2) Mobile Homes are subject to provisions in subsection 14-16-6-8(C)(7) (mobile homes dwellings).
3) Signs are subject to provisions in 14-16-6-8(F)(nonconforming signs).
Allows nonconforming structures to be used even after 2 years. Note a separate rule on nonconforming uses would have a 2 year time limit. This rule would incentivize the reuse of existing buildings, while nonconforming use rules would ensure compliance with allowable use over time.
Question: How does this affect mobile home parks? Will this displace people? Needs more explanation.

---

42. Councilor Renee Grout: Front Yard Parking: 6-8 (G)(2)(a)1-a, pg.534: The purpose of this amendment is to remove "angular stone" as material used for Front yard Parking. Compacted Crusher Fine mix is okay to use.

We support efforts to enforce the existing front yard parking regulations. This would include front yard landscape - graveled areas which should not be used for extra parking space for vehicles. Front yards are to maintain an aesthetic quality for the Neighborhood. Front yard parking on landscape areas has gotten out of hand, which is why this amendment is needed to bring more attention to enforcing the regulations. Support!

---

43. Staff: 6/ multiple: Wireless Telecommunication Facility- Public Notice: In Table 6-1-1 Add email notice requirement for WTF's. Move 6-4(K)(3)(b)2 to new subsection 6-4(K)2. Adds consistency to decisions that requirement notice to NA's in terms of email notice. Note subsection14-16-6-4(K)(2)(a) requires mailed notice if NA representative does not have email on file with ONC.

We support mailed notices if the NA representative does not have an email address.

---

44. Staff: 6-4(Y)multiple: Minor and Major Amendments and Expiration (pre IDO Approvals) Add a new subsection 6-4(Y)(2)(d) with following text: An approved minor amendment does not affect the expiration of an original approval. Time extensions must be requested pursuant to subsection 14-16-6-4(X)(4) (Extension of period of validity). Add new subsection 6-4(Y)(3)(d) with following text: An approved major amendment replaces the original approval in terms of expiration, if one applies pursuant to Table 6-4-3. Clarifies how amendments affect the period of original approvals. Matches existing practice.

---

45. Staff: 6-4(Z) multiple: Minor and Major Amendments and Expiration (pre IDO Approvals): Making existing text a new subsection: 6-4(Z)(1)(a)1 and add a new subsection: 6-4(Z)(1)(a)2, with the following text: An approved minor amendment does not affect the expiration of an original approval. Time extensions must be requested pursuant to subsection 14-16-6-4(X)(4) (Extension of period of validity). Add new subsection 6-4(Z)(1)(b)3 with following text: An approved major amendment replaces the original approval in terms of expiration, if one applies pursuant to Table 6-4-3. Clarifies how amendments affect the period of original approvals. Matches existing practice.

---

46. Staff: pg. 556 (sect. 7-1) : Definitions/ Community Residential Facilities: Revised Text as follows: A facility designed to provide a residence and services for persons who need: personal assistance, personal services, personal care, protective care, and who meet the definition of a handicapped person or are protected against housing discrimination under Fed. Fair Housing Act 1998 and court decisions interpreting that Act. Revised to make more operational and enforceable, parallel to other defined terms. See proposed amendments for Group home and Nursing homes (7-1).

Seems OK. How many Facilities does Albuquerque have already? What group of clients does this type of Facility serve?

It would be helpful to know more about them and who operates them.

Definitions/ Community Residential Facilities/continued: **For purposes of this definition the term handicap does not include persons currently using or addicted to alcohol or controlled substances who are not in a recognized recovery program. This use does not include 24 hour nursing care. ~~This use shall not include half way houses for those in the criminal justice system~~... See also Family, Family Care facility, and Group Home.**

Please explain the reason for striking out: *"~~This use shall not include halfway houses for those in the criminal justice system~~."*

Does this mean a Community Residential Facility can be a Half way house for those coming out of jail or the prison system?

What is the difference between Community Residential Facilities, Group homes, and Halfway houses? What City Department is responsible for these Community Residential Facilities that can explain how they work? Neighborhoods would like to learn more.

There is a Halfway house on 4th street in an industrial area that is adjacent to the freeway. How successful is it? Location and its operation is important. We would appreciate more discussion on this.

Note: Halfway houses for those in the criminal justice system need wrap-around social services as much or more than any other special needs housing group. Proposed facilities must comply with existing city zoning, state licensure requirements, and fire, health, occupancy, and safety inspections. This category of group homes and apartments must consider the community context and amenities, including, proximity to bus lines, employment opportunities, and health and substance abuse clinics. The zoning approval must be conditional because the community surroundings, such as schools and playgrounds, are prohibited for some categories of parolees, and recidivism is often high.

Definitions/ Community Residential Facilities/continued: Revised Text as follows: This Facility is divided into 2 categories based on the number of

individuals residing in the Facility , (not the size of the structure). 1) Small: **Housing between** 6-8 individuals **receiving services plus those providing services.** Large: **Housing between** 8-18 individuals **receiving services plus those providing services**.

Glad the definition mentions that the number of individuals living in the group home includes those that provide the services. It is important to have someone there to monitor and supervise these Facilities.

---

47. Staff: pg. 568 (7-1): Group Home: Revised text to*:* **A facility that is designed to provide a residence and services, for persons who need personal assistance, personal services, personal care, protective care, but don't meet the definition of handicapped or another person protected against housing discrimination. Does not include 24 hour skilled nursing care. This includes services as incidental activities if they comply with local & state licensing requirements, including any required license by NM Dept. of Health. Revised to make more operational and enforceable, parallel to other defined terms. See proposed amendments for Nursing home and Community residential facility (7-1).**

Sounds OK

Group Home Continued*: Revised Test as follows: This use* ~~*shall include halfway houses for individuals.*~~ *includes facilities for persons in the criminal justice system or residential facilities to divert persons from the criminal justice system. This includes facilities for persons currently using or addicted to alcohol or controlled substances who are not in a recognized recovery system.*

This amendment needs more explanation as to what clients Group Homes serve and where they will be located. It is important to have a successful program that serves those coming out of the criminal justice system or have addiction issues. Location is important. We don't want Group Homes to impact the surrounding Community, including residential and businesses. We find that when a service is provided, such as overnight shelters, it attracts homeless encampments to the surrounding area, which can attract drugs and crime. How do we avoid this? Group homes need to be conditional to allow these concerns to be addressed.
It would also be good to know what drug treatment facilities Albuquerque already has and how successful are they . Is there anyone that can explain how group homes operate? The more the public learns

about these facilities the more we can determine what works and what doesn't and what is needed.

We also recommend beefing up drug treatment and mental health facilities so they will be successful in dealing with these issues.

---

48. Staff: pg. 583: Nursing Home: Designed to provide a residence ~~Housing~~, meals, medical/ health care, 24 hour skilled nursing care. This definition is to include in patient care for individuals with terminal illness. Revised to make more operational and enforceable, parallel to other defined terms. See proposed amendments for Group home and Community residential facility. (7-1).

Sounds OK.

---

49. Staff: pg. 586, (sect. 7-1) Overnight Shelter*: A facility that provides temporary or transitional sleeping accommodations for 6 or more people, free or less than marker rate. May provide meals, personal assistance, personal services, social services, personal care, protective care. Does not include 24 hr. skilled nursing care, such as nursing home care. Revised for consistency with other changes. See proposed amendments for community residential facility, nursing home, group home (7-1).*

Where will these be located and how will they be managed?

---

50. Public: Outdoor amplified sound [new]: Defines outdoor amplified sound to enable a curfew between 10 pm - 7 pm when used as an accessory use.

Don't support making outdoor amplified sound an Accessory use. Needs more explanation.

---

51. Staff: Parking Definitions: Garage: A single story parking structure completely enclosed for single family and group home.

---

52. Staff: Sensitive Lands/Large Stands of Mature Trees: Revise the text: At least 3 trees ~~5~~ that are at least 10 ~~30~~ years old with a trunk diameter of 8 inches, as measured by City Forrester.

Support! Planning documents have promoted the protection of existing mature trees on a parcel of land, and to include them into the landscape plan. We support continuing that practice for the aesthetic benefit for the people who live here; as it has been a challenge to keep trees alive in an arid climate especially during the drought.

53. Staff: Sensitive Lands/Rock Out crops: Revised to include smaller sizes which are more realistic: 4 ft. vs. ~~6~~ ft. high, on its steepest side as measured on the adjacent 10 percent slope, and in excess of 300 vs. ~~500~~ sf. in surface area.

Support! Rock out crops are fascinating geological basaltic hills on the mesa top, remnants of Albuquerque's volcanic activity. Some have petroglyphs on them. It's unfortunate so many are destroyed as the mesa top is being developed. More effort should be given to preserve these unique geological features by including them in a trail network, view corridor, parks or as landscape features.

---

54. Administration: Fire station or police station: Allow as a permissive use in MXM, MXH, NRC, NR-BP, NR-LM, NR-GM.

---

55. Staff: **Responds to recent applications of** Battery Energy storage facilities **and declaratory Ruling from ZEO 2022. Distance separation from residents (330 ft.), MPOS, religious institution, schools. One hour noise generated shall not exceed noise level 60 dBA. Landscape buffer of 25 ft.**

---

56. Staff: Outdoor and site lighting: Update lighting regulations to improve compliance with Dark Sky Ordinance and enforceability.

We support regulations that ensure compliance with the Dark Sky Ordinance as Albuquerque still has dark skies to enjoy the stars and the planets. There are many comments on this topic, that may offer helpful suggestions to do that.

---

57. Staff: Landscaping Standards/Required Plant materials and site amenities: Increase requirements for plants and irrigation, reduce water consumption. Improve plant survivability in desert. 5-6(C)(4)(a): a) A minimum of 10 species are required in the landscape d) No more than 10 % of the landscape shall be cool seasoned grass. e) No more than 20 % of required landscaping shall be warm season grass. f) Irrigated grass shall not be planted on slopes with a 1:4 rise to avoid water waste. g) Irrigated grasses on sprinklers shall be planted 3 ft. away from hard impermeable surfaces. ..... There is more:

The amendment makes good landscape suggestions to conserve water. These ideas would be helpful to help educate the public to design landscaping that helps to conserve and avoid water waste. Would like to see more discussion on this to promote these ideas.

---

58. Councilor Fiebelkorn Dist. 7: Tribal Engagement: (pg. 43 of the staff report)

Support! ***The mesa top and escarpment have always been sacred to the Native Americans. It's important to engage them to get their input, as commenting agencies.***

---

59. Staff: Clerical Changes: Make corrections and fixing typos.

Add: Shall not involve substantive issues.

---

60. Staff: Editorial changes: For better clarity and consistency.

Add: Shall not involve substantive issues. Minor changes and errors process is in the Severability Clause attached to all IDO Legislative Amendments. Changes and appeals options are already covered in the IDO and state zoning statutes. Staff alone should not legislate zoning in place of Zoning officers, EPC and City Council without public input and notice. Otherwise it violates New Mexico State Zoning Statutes (NM Stat § 3-21-8 (2021).

Small Area amendment:

Volcano Heights Urban Center: Deferral requested by Applicant.

1. Councilor Lewis: Remove the Drive Through prohibition in Volcano Heights Urban Center (VHUC): An amendment for a Small Area Text Amendment introduced on October 26, 2023 to remove prohibition on drive-throughs in mixed use zones in the Volcano Heights Urban Center.

Don't support! A facilitated meeting was held to discuss the proposal. There was no support for this amendment to remove a prohibition on drive thru's as the area is adjacent to Petroglyph National Monument. This area is intended to be a walkable like the Uptown Urban area which also prohibits Drives through. We don't want undo the intent.

To Whom It May Concern,

Please find attached my personal suggestions and concerns regarding the IDO 2023 Annual Amendments. Please will you ensure that they reach EPC Chair David Shaffer and send receipt of this letter in return email.

Thank you.

Sincerly,

Peggy Neff

Independent Review of CABQ IDO 2023 Amendments as Proposed to the EPC

Submitted by Peggy Neff, University Heights NA Current Board Member, Summit Park NA Member, Dist. 7 Coalition Member and Inner Coalition Council Regular Participant at IDO Review Committee

To: CABQ Planning Department

Attention: EPC Chair David Shaffer and EPC Commissioners

Dear Sirs,

These notes are submitted without approval of any board or community group noted above and in no way am I attempting to represent any of the above-mentioned groups. No one has any time to review these matters. But, with sincere hope, I present these notes so that they can somehow influence you to affect positive changes to the current broken IDO Amendment Processes and/or to any of the given amendments in front of you.

First, I'd like to reiterate my concerns, concerns that have been echoed over the past several years by NA's, community groups and council members, about the 'broken' IDO Annual Amendment process:

A. EXCLUSIONARY AND DISCRIMANATORY

The IDO Annual Amendment Process is both exclusionary and discriminatory. When 99% of Albuquerque residents do not understand the IDO amendment process (a process which affects residential property rights), the GIS mapping, the democratic processes that have been and continue to be taken away from them (conditional permitting, accesses to data, appeals processes etc.) there is a problem. The continued use of these broken processes without concern for the average citizen's understanding and involvement in matters that affect their rights as residents, must be considered a practice that is both exclusionary and discriminatory. While it is still legal to marginalize whole communities of people it is not best practice.

B. CONFLICTING GOALS WITH COMMUNITY ASSESSMENT AREA PLANNING

Annual IDO Amendment Process, without prioritizing Community Assessment Area Planning processes and recommendations creates the argument that fraudulent processes may be at work within the Planning Department. For example, when the adopted Near-Heights CPA indicates that the extremely dangerous Lead-Coal Corridor must needs be addressed with multiple traffic mediations and we see multiple proposed amendments that should not be applied to this area at this time.

This applies also to the proposed Girard Blvd. Complete Streets area, the Campus Blvd and Roma Ave developments and the potential Historic Districts south of Central. Why rush to these annual amendments without considerations of both the short and mid term recommendations made in the report if not to appease one or two agents within the inner circles?

C. BROKEN PROCESS OF INCLUDING SUBSTANTIVE ZONING CHANGES IN A PROCESS THAT WAS DESIGNED FOR TEXT AND TECHNICAL UPDATES

Where are the data points for substantive amendments? Continuing to deny the public's many requests (requests formally made to the EPC and to Council annually since 2019) that substantive amendments include statements of beneficiaries, impacts, examples, unintended consequences (RISK) and summaries of public comments, will only result in amplified losses as court cases against these arbitrary and capricious amendments and decisions continue to be documented. The argument can be made that without consultation of the public in open and communicative forums, these amendments are put to you without regard to community needs, directions and priorities – the only other kind analysis is that they are arbitrary, impulsive and unmotivated by community members outside of the construction, commercial realty and economic investment groups.

One must consider the recent EPC Study Session in this regard. The question is called: What is the difference between a Study Session and a Planning Department Presentation? When the Planning Department's Lawyer is advising against questions, why continue to call it a study session? The public has pointed out many questions to Planning Department and our questions remain unaddressed. Why did none of you bring these questions? There will not be enough time to address these questions unless the EPC makes it a priority, how do we get there? Respectfully, how do we get you each to put your professional interests and expediency aside and address the unanswered questions, public safety and risk?

What needs to happen? I lost tenants and property values due to an amendment to allow balconies to be built into easements on second floors at a property near the University. I'm likely going to see a duplex go up next to me at another sight. Like other small investors I think its time for me to pack it in. Everyone I review this process with who is not making change on the changes sees how dangerous this Annual Amendment Process for the resident, the small home owner, the small business owner and the general well being of our community.

Does the EPC have the will to return an amendment to Planning if beneficiaries, impacted residents, mapping, examples, unintended consequences are not fully detailed? No. This was evident last year. So why not step up and review the process and address the flaws? There is no, no, urgency in these matters unless you represent those who are economically invested in facilitating these changes.

So, again, I ask that you consider a special session to fully address the process of this Annual Amendment cycle and avoid consequences that will come forward when an amendment gets past EPC scrutiny and ends up in appeal courts.

D. UNINTENDED CONSEQUENECES (RISK) and SOURCE STATEMENTS

It is impossible to address this concern lightly. Without asking the Planning Department to formally address potential and known unintended consequences, for substantive amendments, the EPC cannot approach a comprehensive decision.

To continue on this course, commissioners not only put residents of Albuquerque at RISK, but you put yourselves at RISK. One way to mitigate this immediately is to find agreement in imposing consensus on the Annual Amendment Process at the EPC level. This would mean that all amendments be voted on individually and that they pass with all in agreement, no abstaining votes.

The intention the public expressed when requesting that the source of the amendment be made public was not to see council separated from public, but to be able to gauge the true intent of the amendment in regard to personal gains. Without insisting that full understanding of the source of the amendment be provided to the EPC, it appears that you all are engaged in keeping this information from the public. I trust this not true, but in fact, there are many amendments here that only seem to profit a few and not to be a benefit to the entire community.

Notes On 2023 Amendments:

1. HPO Zones – giving the Landmarks Commission discretion to approve different lot sizes and setbacks without a variance.

> This amendment is concerning in that it seems to be setting the precedent that an unelected group of individuals can decide zoning matters? Where is the applicable legislation for appeals to such a decision? What are the metrics to be applied to these decisions? What other commissions can be given variance approvals, on what conditions?
>
> And, the fact that the Landmarks Commission was not asked their inputs on this amendment speaks volumes to the brokenness of this process.

2. Outdoor Amplified Sound

> This amendment causes the issue to be addressed in two different places, causing confusion for enforcement and further obfuscating the role of the IDO into city ordinances.

3. Cottage Development

> Where are examples? How do we rule out the various areas identified in the Near East – CPA as sensitive and not really candidates for this development at this time.

4. and 5. General Retail Walls and Fences and Refueling Stations

> Where are the examples, who is bringing this? Where is the data? Who is impacted and how have them been notified? This needs wider discussion and perhaps a pilot area to test out the unforeseen consequences. It certainly is not part of the Near East CPA which is greatly invested in discovering new ways to address homelessness. It is not wanted in Historical Neighborhoods, is it part of the 'Bodega' drive?
>
> It has always been my experience that walls help protect those who want to sleep on the streets, not deter them.

6. Electric Utility: Battery Storage

Common standards were not part of the original amendment. Very glad to see that they have been added, have not been able to review fully. Please can one of you take the time to compare our standards here to national standards?

7. Amplified Sound (see above)

8. Cannabis Retail

Again, I think this all needs to be addressed with Cannabis Licensing designed to reflect alcohol licensing, until this happens, I believe the City is at RISK to be found creating inequitable zoning laws.

9. Overnight Shelter

Again, where is the data, where are the examples, where are the guidelines? This is a taking to liberalize this across the city. Why is Mesa Del Sol exempt for this as their new covenants disallow such homes? Start with 10 beds max and provide guidelines. Use the conditional process to engage neighborhoods. Look to the north, where there are no NA's. Find ways to compensate, support and promote communities where these are seeded and take root.

10. Dwelling/Two Family Detached Duplex

There are so many places where this is not appropriate. Where is the data for these requests that have come to negative conclusions regarding conditional use permits? This is a false approach to the current situation if you cannot see this data. This can very much be considered a taking. For sure it should not be allowed along the Lead/Coal corridor. I for one will be watching if this goes forward and if there are any resultant accidents along the corridor where this is applied, I will personally provide my notes that you all were informed that this is a serious, documented, Public Safety Issue.

*Perhaps we need a means for the Planning Department to resist the pressures and temptations of rewriting zoning laws annually, pressures such as those that continue to push this wall height increase before the EPC, the Council and the Public. Whether the pressures are from within or from without the policies can be structured in a way to avoid this type of circumstances.

It can't be avoided when a public group continues to attempt to bring something to legislation as the law allows this as representation is a given democratic process. But for a city department, an administration, to ignore public input and council decisions, perhaps policy needs to kick in. That is where EPC findings might require an amendment to the amendment process that says something to the effect that any amendments that are voted down at Council must not be brought back either in their entirety or in part to the EPC for five years (unless of course there are mitigating circumstances).

11. Removing the Conditional Use Permitting for City Facilities.

    Again, a taking and a nullification of community voice. Things like Fire Departments, Police Stations, Libraries need public support from the ground up. What is the motivation for this? Where is the data where these have been delayed – the Gibson Health Center. Just because we have a very poor team of marketing folks for our social justice endeavors doesn't mean that we should destroy our democratic principles.

12. Dwelling Unit/Live Work

    This needs to remain a conditional use permitting process or it needs to be along the entire street. Who are the beneficiaries? Planning has this data, why is it not presented to the EPC? I noticed last year that there are a significant amount of vacant and abandoned corner lots that that have been recently demolished in R-1, Dist. 7 and Dist 6, a review of ownership and proposed site plans would likely show a pattern of inequitable benefits tied to the passage of this amendment. Due diligence cannot be accomplished without a review of the impact/beneficiaries. And, at this time, without traffic calming measures in place, it must not be allowed along the Lead/Coal Corridor adding to additional traffic accidents and pedestrian fatalities.

13. Duplexes

    See above notes.

14. Irrigation (Acequia) Standards

    First we need riparian corridors mapped on our GIS, we need to ensure that Cluster Development Open Space definition include and stipulate the term 'useable'.

15. Land Fill Gas Mitigation

    Why would we legislate this unless there is a problem that someone is trying to get around by using this broken amendment process? Maybe the stadium folks need us to look the other way. The Federal Solid Waste Disposal Facility Criteria as published include the discussions of post-closure care requirements. We should not simplify this issue with an arbitrary 30 year date, although this seems to be the norm, other clearances are mandated. When public safety is the risk, all attendant guidelines need to be followed and compliance needs to be clear. We should not confuse this enforcement with this type of unsubstantiated, zero data supported, substantive amendment that appears to benefit some who would like to build on landfills in the NE Sector of our city.

16. Mitigating Construction Impacts

    Map riparian corridors please.

17. Boat and RV's

    Why? This seems a bit extreme. Where is the data? Who is affected? Who is going to see this enforcement through? At this point, it seems like a private gripe. I personally

will have this right taken from me and it is just weird that this would some how be on this table at this point. Why? What motivates this?

18. Parking Maximums Near Transit Facilities

Seems like a boon for Uber and a taking for the normal person who uses public transport opportunities. More parking not less, parking that can be converted when public makes the move to bikes, but right now, no. We need more parking across the board.

19. Design Standards

Makes sense.

20. Landscaping Applicability

The public has asked for this amendment to be explained better. Maps, data and examples should be minimum standards for amending our zone code.

21. and 22. Mulching

Questions remained unanswered. Even in the study session. Seems like a technical/textual amendment until you look at the beneficiaries and the impact to the city for tree maintenance.

23. & 24. Walls and Fences

See above notes * under #10. Please see the brokenness of this process herein as these amendments that have been heard, discussed and voted against by our representatives, should not come forward except through a representative means – not through admin.

25. Building Design

Why not ask what does the Bernalillo Comp plan say in regard to characteristics. Residents bought into this and have asked that this remain as we have invested. Can the EPC side with the public or do we need to comply with NAIOP standards, can't we have our town as we envision it?

26. & 27. Historic Certificate and Permit – Temp. Use

Seem to be Text/Technical updates without substantive impacts and should be approved as this is what the annual amendment process is supposed to be addressing. To continue to add substantive amendments at the rate given over the past 5 years, is not sustainable and will cause the whole thing to crumble.

28. EPC Appointments

The Mayor to be allowed to appoint EPC members. Oh my, the roots of Oligarchy continue to be fed by the inequities of a broken processes and exhausted protectors of the cauldron.

29. Pre-Submittal NA Meeting Changes

TAKING. RISK. Make it 660 ft if you want to automate it, make it 990 ft. and build community. Include more public, get things through using better processes of communication, compromise and compensations. Provide access to the public to the automated data link system that is currently available now to a privileged few.

30. Extending the Validity Period

What is currently happening is this a technical update to match processes? Then say this. It would be good to have this reference in the future when compiling lists of substantive amendments for the record as this data will be necessary in appeals to this process when community oversight wanes and extraordinary amendments are passed without comprehensive data, basic risk analysis, impact statements, public support or even public notification and understanding.

31. Referrals to Agencies

See WISCONA Comments. Unclear.

32. 33. and 34. Public Notice, Mailed Notice, IDO Text Amendments

Again, this seems like a TAKING in regard to notifications. It appears to be some sort of capricious redefining of adjacency. What is prompting this, if the idea is to automate it, expand the definition, don't reduce it. The costs here of expanding notice are minuscule compared to the certain costs when folks find that they were not included due to an annual amendment to which they were not party in both discussions or in notifications.

35. Posted Signs

These signs need to also state the deadlines.

36. and 37 More TAKING of Notification processes. See above 29, 32, 33, and 34

38. and 39. Conditional Use Expiration and Time Extensions

Address the question as to whether or not this is current process and this is a technical update or if it is a giving to certain groups who submit plans and then change plans overtime without community notifications or responding to inputs.

40. Variance-ZHE

How can you get rid of the ZHE in these matters? Where and what is the appeal process? The ZHE is supposed to provide quasi judicial decisions. This cannot be affected by city officials – this was argued in court just recently in the matter at Barstow and Alameda. RISK. TAKING.

41. Nonconforming Structures

Those of us who have been attempting to protect poorer communities and residents wonder at the impact of this statement. The EPC, as community protectors, needs to

see the data for who and which properties will be immediately affected by this, 3 months from now, 6 months from now. This is not a big ask, but there is no way to make a decision on this if you don't know who is impacted.

42. Front Yard Parking

I'm confused on this. Removing the example terms 'angular stone' is not restricting its use, simply it is removing it as a stated example. ??????

43. Add Email Notice Requirement

Why isn't this across all notices – if NA rep doesn't have an email? Seems like a technical update.

44. and 45. Minor and Major Amendments

Seems like a technical update and would be appropriate for this amendment cycle.

46. Community Residential Facilities

May need to address parking needs for these at this point. If Short Term Rentals are going to be registered and taxed, why wouldn't these also have to undergo such a process? I personally think it is imperative to continue to include the exemption for those in the criminal justice system otherwise this is a TAKING of current rights of resident's in regard to expectations.

47. Group Home

I believe this to be a substantive change that needs a broader audience and a more complete discussion. I'm confused with the terms 'protective care' and 'incidental activities'. These have not been explained and data on the numbers of those folks who will be housed in these locations is not available to the public. This seems to be a TAKING, HIGH RISK and a GIVING.

One of the successes of Group Homes was that they did not include folks in addition rehab. This is a significantly different subset of folks who put pressures on their environments and need different care guidelines and housing standards. This is a substantive issue and should not be attended to in an annual text/technical update of our zoning code.

48. Nursing Home Def:

Text amendment that facilitates understanding.

49. Overnight Shelter

Need a definition of Protective Care and link to guidelines and enforcement policies (which don't exist).

50. Def. Amplified Sound

See above comments on Amplified Sound Ordinances

51. Garage Def.

Seems to be a Text/Technical update that aligns with current processes.

52. and 53. Sensitive Lands Mature Trees and Rock Out Crops

While this is a substantive issue, it directly aligns with the IDO's uncomplicated and clear goal of protecting our environment, support should be 100% unless someone has a personal agenda.

54. Fire Stations and Police Stations as Permissive

Again, this need seems in direct contrast to getting public support and public inputs for these builds. I do not understand why they cannot be conditional permits. It should be part of marketing strategies and bringing folks together. Seems odd to me and I don't think everything is clear here.

55. Battery Energy Storage Facilities

Using the IDO Annual Update process to address ZEO rulings is an appropriate use of this amendment process and an amendment to the amendment process should be considered in order for there to be clarity that all ZEO rulings should result as necessary in IDO Annual Amendments unless under appeal.

56. Lighting Amendments

Wish I could have read these.

57. Landscaping Standards

Doesn't an analysis of impact need to be presented here?

58. Tribal Engagement

Substantive and more public discussions can only support the outcome of bringing more consciousness to all regarding our First Nations.

59 and 60. Clerical and Editorial Changes

Fully agree with WISCONA that these should not allowed for substantive issues. Would take if further to add that substantive issues include those that

1. Address Public Safety
2. Change more than 3 places in any given section of the IDO
3. Have public comments that challenge immediate consensus
4. Require data on beneficiaries and impact statements
5. Need examples, mapping and/or data to respond to questions from the public
6. Require a summary of RISK and/or known unintended consequences

Again, these are my personal notes and I do not represent opinions of any group or agency that is noted here in.

Thank you again for serving on the EPC, thank you for listening to these points and considering both the opportunities here for change and the RISK involved in continuing to allow this broken process to move along unchecked.

Here's hope that you can make some progress to improve this system, perhaps asking for data, examples, statements of beneficiaries and impact, perhaps getting unintended consequences into the record – whatever you can do.

Sincerely appreciated,

Peggy Neff

IN REPLY REFER TO:

1.A.1.

December 7, 2023

City of Albuquerque

Environmental Planning Committee

Re: IDO Small Area Amendment to integrate potentially impacted Tribal nations

and their members within the development review and approval process.

Dear EPC Chair Mr. Shaffer and fellow Commissioners,

I am writing on behalf of the National Park Service (NPS) Petroglyph National Monument (Monument), supporting the amendment submitted by Councilor Tammy Fiebelkorn to integrate potentially impacted Tribal nations and their members within the development review and approval process for certain development activities in Albuquerque, and the sharing of information from the City Archaeologist including the Archaeological Certificate, and as needed, a treatment plan.

On June 27, 1990, Congress passed the Petroglyph National Monument Establishment Act of 1990 creating the Monument as a unit of the NPS "in light of the national significance of the West Mesa Escarpment and the petroglyphs and the urgent need to protect the cultural and natural resources of the area from urbanization and vandalism ... ." Pub. Law 101-313, § 101 (1990). The area contains significant and numerous cultural resources, including a large concentration of petroglyphs and numerous archaeological sites. Petroglyph National Monument is a cultural landscape, and in particular, the escarpment area, is listed on the National Register of Historic Places (NRHP) as the Las Imagines Archeological District. The entire Monument area is considered sacred to all 19 Pueblos and 10 additional tribes across the Southwest. The cultural landscape, including the views to and from the Monument, from the Escarpment to the Volcanoes and beyond, is critical to the significance of this area.

Engaging with the Tribal Governments is important to understand their specific concerns related to development near the Monument, to reduce any potentially adverse effects to the cultural and historic sites in the area, and to determine the best ways to protect these world-renowned resources. In fact, we consistently engage with area Tribes and Pueblos on proposed and ongoing projects within the Monument and find their input extremely valuable.

Our specific comments are as follows:

1. We support the Tribal Liaison within the City's Office of Native American Affairs maintaining the list of the names and contact information for the chief executives of the Indian Nations, Tribes, and Pueblos. We recommend including the cultural resources staff and/or Tribal Historic Preservation Officers on the notification list. We would be happy to supply their contact information to the City's Tribal Liaison for inclusion on the mailing list.
2. Section 6-4(J) Referrals to Commenting Agencies. We recommend extending the period for submitting comments to at least 30 days to allow for site visits and adequate time to assess potential impacts.

We appreciate the opportunity to provide input on this proposal. The protection of the sacred landscapes around Albuquerque including Petroglyph National Monument is extremely important. Formally engaging with the people who created and are still connected to these cultural landscapes will help improve the development review processes.

Sincerely,

Nancy Hendricks

Re.: Note to EPC and Planning Dept. regarding IDO Amendments (also sent as attachment)

From: Richard Schaefer

Date: Dec. 12, 2023 (8 a.m.)

I am the Secretary/Treasurer of Vista Grande Neighborhood Association (VGNA), but the opinions expressed below are my own, these opinions have not been cleared with all the members of the VGNA.

GENERAL ISSUES WITH THE IDO AMENDMENT PROCESS: The IDO amendment process needs to have specific deadlines for the various steps that should be taken over a period of many months. This would enable planning department personnel and neighborhood and community volunteers to weigh in on the appropriateness of the proposed changes. It should also provide ample time to consult with interested parties and attempt to understand the rationale behind and implications of the various proposed amendments.

Recent practice has not followed an orderly procedural process that allows for proposed IDO amendments to be analyzed with whether or not they conflict with existing federal, state, and county regulations and plans. Indeed, sometimes the proposed amendments even contradict other parts of the IDO itself. Thus, the compliance implications need much more comprehensive review by qualified City employees who are familiar with federal, state and county regulations, as well as the details of the IDO.

Nor does the current process permit sober analysis and discussion of the potential implications by neighborhood association and sustainable development volunteers, as well as interested businesses, residents and homeowners who might have strong opinions on specific changes to the Comprehensive Plan and IDO.

Finally, the whole process often appears to be an exercise in catering to the whims of city councilors who are pushing through regulations at the behest of their friends and contributing constituents regardless of the implications for the "public good." In short, the push to rapidly propose and micromanage detailed zoning changes and variances via last-minute changes to IDO by city politicians often appears to be a practice of insider dealing, rather than an orderly effort to establish development policy and needed regulatory reform.

SPECIFICS WITH SELECTED CURRENTLY PROPOSED IDO AMENDMENTS:

Noise and Dark Sky Amendments (2, 7, 50, 56): In general, live-able urban and suburban areas should not be subjected to excessive noise, which can now be easily amplified to aircraft-noise levels. Therefore, Amendments 2 and 50 could present problems for neighbors, whereas Amendment 7 deserves support. Special permits might be sought for rallies in parks and for outdoors concerts, but sound amplification needs to be done carefully to create a live-able environment. Toward this end, planners need to establish

ordinances limiting appropriate levels of amplified car music and engine noise, as well as encourage auto-noise enforcement. Similarly, Amendment 56 would contribute to dark sky quality of life.

Changes to R-1 Zoning Amendments (3. 10, 13): Last year, contentious public debate surrounded the proposed changes to R-1 zoning and produced a major permitting reform with regard to accessory dwelling units. These three amendments appear to be an attempt to again break open R-1 zoning regulation without revisiting the public debate around the issue, as well as without waiting to see how last year's changes will affect R-1 and address affordable housing concerns. Therefore, these three "end-run" deregulatory amendments should be rejected.

Changing Standards on Overnight Shelters, Live/Work and City Facilities and Parks and Open Space Amendments (9, 11, 12, 40). Amendments 9, 11 and 12 to move from "conditional" to "permissive" uses for various types of controversial developments need to be rejected. There should be public input on these types of developments.

In contrast, Amendment 30 would contribute to public support by seeking more input on major parks and open spaces.

Parking Requirements Amendments (17, 18, 19, 42): Amendments 17, 19 and 42 to restrict unsightly parking should be supported.

But similar to R-1 zoning end-runs, Amendment 18 that pertains to parking requirements that were extensively debated last year, should again be rejected.

Wall Requirement Amendments (23, 24): Amendments 23 and 24 should be rejected because they would contribute to a walled-city appearance.

Notification and Public Feedback Amendments (29, 30, 31, 32, 33, 34, 35, 36, 37, 58): A number of these amendments (29, 31, 32, 33, 34, 36 and 37) are designed to restrict the public notification and feedback process, which in Albuquerque is already weak and underdeveloped. Development applications need to be as publicly accessible as possible, rather than made less publicly available. The city would be well served by increasing the distances for public notification, especially since notification can now be done with minimal expense via email. In fact, there should be an amendment for an "opt-in" list for anyone interested in development applications with regard to facilitated meetings that might be dealing with applications within a half-mile or mile of their properties. That would contribute to a more open public notification process. Therefore, Amendments 29, 31, 32, 33, 34, 36 and 37 should be rejected.

In contrast, Amendment 58, which might need more detail, is moving in the right direction by encouraging tribal engagement.

Sensitive Lands and Water Conservation Amendments (52, 53, 57): All these Amendments (52, 53 and 57) deserve support to preserve and beautify our environment.

Staff Editing of IDO Amendments (59, 60): True fixing of typos (Amendment 59) might work, but the staff should not be allowed to make substantive changes in text wording, since these should be done through a public procedure. The changes to the Comprehensive Plan that staff incorporated into the IDO in 2017 represents an instance of the staff changes that were actually major policy changes. The City and the Planning Department need to re-establish good faith in this regard by avoiding surreptitious staff

edits. Therefore, Amendment 60 should be rejected.

Small Area Text Amendment on Volcano Heights Urban Center: This Small Area Amendment is an example of “insider dealing” and needs to be rejected.

Re.: Note to EPC and Planning Dept. regarding IDO Amendments

From: Richard Schaefer

Date: Dec. 12, 2023 (8 a.m.)

I am the Secretary/Treasurer of Vista Grande Neighborhood Association (VGNA), but the opinions expressed below are my own, these opinions have not been cleared with all the members of the VGNA.

GENERAL ISSUES WITH THE IDO AMENDMENT PROCESS: The IDO amendment process needs to have specific deadlines for the various steps that should be taken over a period of many months. This would enable planning department personnel and neighborhood and community volunteers to weigh in on the appropriateness of the proposed changes. It should also provide ample time to consult with interested parties and attempt to understand the rationale behind and implications of the various proposed amendments.

Recent practice has not followed an orderly procedural process that allows for proposed IDO amendments to be analyzed with whether or not they conflict with existing federal, state, and county regulations and plans. Indeed, sometimes the proposed amendments even contradict other parts of the IDO itself. Thus, the compliance implications need much more comprehensive review by qualified City employees who are familiar with federal, state and county regulations, as well as the details of the IDO.

Nor does the current process permit sober analysis and discussion of the potential implications by neighborhood association and sustainable development volunteers, as well as interested businesses, residents and homeowners who might have strong opinions on specific changes to the Comprehensive Plan and IDO.

Finally, the whole process often appears to be an exercise in catering to the whims of city councilors who are pushing through regulations at the behest of their friends and contributing constituents regardless of the implications for the "public good." In short, the push to rapidly propose and micromanage detailed zoning changes and variances via last-minute changes to IDO by city politicians often appears to be a practice of insider dealing, rather than an orderly effort to establish development policy and needed regulatory reform.

SPECIFICS WITH SELECTED CURRENTLY PROPOSED IDO AMENDMENTS:

Noise and Dark Sky Amendments (2, 7, 50, 56): In general, live-able urban and suburban areas should not be subjected to excessive noise, which can now be easily amplified to aircraft-noise levels. Therefore, Amendments 2 and 50 could present problems for neighbors, whereas Amendment 7 deserves support. Special permits might be sought for rallies in parks and for outdoors concerts, but sound amplification needs to be done carefully to create a live-able environment. Toward this end, planners need to establish ordinances limiting appropriate levels of amplified car music and engine noise, as well as encourage auto-noise enforcement. Similarly, Amendment 56 would contribute to dark sky quality of life.

Changes to R-1 Zoning Amendments (3. 10, 13): Last year, contentious public debate surrounded the proposed changes to R-1 zoning and produced a major permitting reform with

regard to accessory dwelling units. These three amendments appear to be an attempt to again break open R-1 zoning regulation without revisiting the public debate around the issue, as well as without waiting to see how last year's changes will affect R-1 and address affordable housing concerns. Therefore, these three "end-run" deregulatory amendments should be rejected.

Changing Standards on Overnight Shelters, Live/Work and City Facilities and Parks and Open Space Amendments (9, 11, 12, 40). Amendments 9, 11 and 12 to move from "conditional" to "permissive" uses for various types of controversial developments need to be rejected. There should be public input on these types of developments.

In contrast, Amendment 30 would contribute to public support by seeking more input on major parks and open spaces.

Parking Requirements Amendments (17, 18, 19, 42): Amendments 17, 19 and 42 to restrict unsightly parking should be supported.

But similar to R-1 zoning end-runs, Amendment 18 that pertains to parking requirements that were extensively debated last year, should again be rejected.

Wall Requirement Amendments (23, 24): Amendments 23 and 24 should be rejected because they would contribute to a walled-city appearance.

Notification and Public Feedback Amendments (29, 30, 31, 32, 33, 34, 35, 36, 37, 58): A number of these amendments (29, 31, 32, 33, 34, 36 and 37) are designed to restrict the public notification and feedback process, which in Albuquerque is already weak and underdeveloped. Development applications need to be as publicly accessible as possible, rather than made less publicly available. The city would be well served by increasing the distances for public notification, especially since notification can now be done with minimal expense via email. In fact, there should be an amendment for an "opt-in" list for anyone interested in development applications with regard to facilitated meetings that might be dealing with applications within a half-mile or mile of their properties. That would contribute to a more open public notification process. Therefore, Amendments 29, 31, 32, 33, 34, 36 and 37 should be rejected.

In contrast, Amendment 58, which might need more detail, is moving in the right direction by encouraging tribal engagement.

Sensitive Lands and Water Conservation Amendments (52, 53, 57): All these Amendments (52, 53 and 57) deserve support to preserve and beautify our environment.

Staff Editing of IDO Amendments (59, 60): True fixing of typos (Amendment 59) might work, but the staff should not be allowed to make substantive changes in text wording, since these should be done through a public procedure. The changes to the Comprehensive Plan that staff incorporated into the IDO in 2017 represents an instance of the staff changes that were actually major policy changes. The City and the Planning Department need to re-establish good faith in this regard by avoiding surreptitious staff edits. Therefore, Amendment 60 should be rejected.

Small Area Text Amendment on Volcano Heights Urban Center: This Small Area Amendment is an example of "insider dealing" and needs to be rejected.

Re: NW Mesa Escarpment VPO-2 Meeting on 01-18-2024

As residents of the West Mesa, specifically Santa Fe Village, we are writing this in support of the proposed changes to the VPO-2.

We are in awe of the rich cultural heritage of the lands here in New Mexico and feel very honored to live near the Petroglyph National Monument and the beautiful landscape found here on the West Mesa.

We do find ourselves puzzled to learn that the descendants of the ancestral people have been excluded from proposed changes to this land they consider sacred to their heritage. How can this be?

Isn't it past time we right this glaring wrong to make sure the tribal peoples are included and fully informed, and most importantly, have a full voice in decisions that affect this area?

Please support the proposed amendment to the NW Mesa Escarpment VPO-2.

Most respectfully,

Gilbert G. Slegl
Catherine Y. Slegl

Re: NW Mesa Escarpment VPO-2
Meeting of 1/18/2024

Commissioners,

I am writing to express the *support* of the Santa Fe Village Neighborhood Association Board for the proposed changes to the NW Mesa Escarpment VPO-2 which would add Tribal nations and representatives as commenting agencies for development proposals within 660 feet of the NW Mesa VPO-2. Santa Fe Village (SFV) lies wholly within the VPO-2. A majority of the SFVNA Board has endorsed this position. I participated in the pre-submittal facilitated meeting and clearly understand the purpose and scope of this proposed amendment.

I was in Council chambers, along with another member of our Board, for the June 2023 meeting where Councilors passed the 2022 IDO amendments. We listened to the many comments from Native people citing their exclusion from hearings and meetings considering consequential development proposals in the NW Mesa Escarpment VPO, a natural and cultural landscape and one held sacred by Native people. It is fundamentally just and right to ensure that tribal nations have every opportunity to engage on development proposals and to ensure they have all of the information, time and resources they need to do so.

I have participated in multiple Planning Department meetings where Mikaela Renz-Whitmore begins her presentation with a slide acknowledging that we are meeting on the lands of Pueblo people, lands they lived on for hundreds of years before any of us became property owners in this city. Surely, we owe them a place at the table on development and land use proposals.

Our support for this proposal is also grounded in respect for this natural and cultural landscape. The public record of multiple meetings of the ZHE, EPC, LUPZ and City Council reflects my

individual comments *and* those of the SFVNA advocating for protections of this landscape or opposing measures which would materially undermine them. The ABC Comp Plan is clear:

- Goal 11.3 Cultural Landscapes

Protect, reuse, and/or enhance significant cultural landscapes as important contributors to our heritage and rich and complex identities.

- POLICY 11.3.4 Petroglyph National Monument: Regulate adjacent development to protect and preserve the Petroglyph National Monument – its volcanoes, petroglyphs, and Northwest Mesa Escarpment – as a priceless cultural landscape and community resource that provides physical, cultural, and economic benefits.

- POLICY 11.3.6 Volcano Mesa: Preserve open space, natural and cultural landscapes, and other features of the natural environment within Volcano Mesa.

In the interest of brevity, I will refrain from listing the multiple sub-policies which add detail to these goal and policies. In my view, however, they underscore the central importance of ensuring the protection of all heritage landscapes and the requirement that the provisions of the IDO, whose first purpose is to "implement the ABC Comp Plan as adopted", align with these goals and policies.

The entirety of the NW Mesa Escarpment, including the Petroglyph Monument and escarpment, the volcanoes and *surrounding area*, represents a priceless heritage for all of the people of Albuquerque. It represents a fundamental and sacred element of the identity of Native people. It is incumbent upon all of us to respect the views and voices of Tribal people and ensure they are fully informed of development proposals so that those views are included in development and land use decisions.

On behalf the SFVNA Board, I respectfully request your support of the proposed amendment to the NW Mesa Escarpment VPO-2.

Sincerely,

Jane Baechle
IDO Representative, SFVNA

Re: January 16 meeting

Greetings, David

Here is my endorsement for the small area amendment to the NW Mesa Escarpment VPO-2. This is definitely a win- win for all neighbors and those who visit Petroglyph National Monument. The potential development to this area can be done in a pleasing way to fit into the landscape and flavor of Petroglyph National Monument, along with enhancing the lives of so many. Thank you, in advance, for improving the lives of the citizens of Albuquerque. Seeing beauty instead of thoughtless planning does make a positive difference.

Sincerely,
Kathryn McSorley

Post Application Facilitated Meeting Report
CABQ ADR Office

EPC Case #: RZ-2023-**00050**
Subject Description: Tribal Engagement - Northwest Mesa Escarpment - VPO 2
Date Submitted: January 12, 2024
Submitted By: Tyson Hummell
Meeting Date/Time: January 10, 2024, 5:30-6:30 pm
Meeting Location: ZOOM (online)
Facilitator: Tyson Hummell, CABQ ADR Office
Applicant / Presenter: Petra Morris, City Council Planning & Policy Development

Background:
Applicant seeks an IDO text amendment to formally recognize Tribal Stakeholders as "Commenting Agencies". EPC approval is a threshold requirement in said amendment process. If adopted, this would apply to that area, designated VPO-2, within the Northwest Mesa Escarpment. Please see EPC Staff Report for full and specific application details.

Meeting Summary:
The purpose of the post-application meeting was to engage Community Stakeholders, provide accurate information regarding this application, and to address Community questions and concerns. This Facilitated Meeting Report is to present the topics covered, Community questions and Community concerns. No negotiated agreements were considered or discussed in this meeting.

Petra Morris gave a thorough and detailed presentation of relevant, factual information regarding the subject application. Presented content included, but was not limited to:

1. Application Purpose, Scope and Intent
2. Definitions of Recognized Tribal Entities and Stakeholders to be Engaged
3. IDO Text Amendment Process - Beginning with EPC
4. Location of Subject Area and Proximity to Participants
5. No Proposed Adverse Impacts on Existing Community Stakeholders' Rights
6. Nature and Role of "Commenting Agencies"
7. Nature and Role of Archeological Review, including the Remediation Process
8. Future Opportunities to Submit Comments and Participate in the Approval Process

Topics of Inquiry and Discussion:

1. Q: *Does the 660' buffer zone apply to VPO-2*
   A: No. The 660' buffer only applies to Tribal Lands and City owned Open Space boundaries.

2. Q: *Will Tribal Commenting Agencies be limited in the scope of issues they address?*
   A: No. However, the intent is to specifically engage Tribal Stakeholders in matters affecting historical, cultural and religious sites.

3. Q:. *Is there a better map or resource to help us identify the subject area(s)?*
   A: Yes. There are additional maps contained in the EPC Staff Report. Additionally, new AGIS maps will be published upon application approval.

4. *Q: Why did Mayor Keller and Councilor Fiebelkorn initiate this?*
   A: Tribal Stakeholders do not receive proper notice and inclusion in Land Use matters affecting Tribal Lands and culturally significant sites. This text amendment is to promote fair, inclusive and equitable Land Use Policy.

5. *Q: Will this result in additional appellate rights for Tribal Stakeholders?*
   A: No. They will enjoy the same standing as other "Commenting Agencies".

6. *Q: Will Tribal "Commenting Agencies" be subject to the 15-day deadline, applicable to other "Commenting Agencies"?*
   A: Yes.

7. *Q: Is it fair that some Commenting Agencies are less proximal to VPO-2, compared to Albuquerque Residents living close to, but not within VPO-2?*
   A: Yes. "Commenting Agencies" are recognized for the essential nature of their inclusion. Physical proximity is not the litmus test.

8. *Q: Will the inclusion of Tribal Stakeholders cause new delays in development or additional appellate activity?*
   A: No. Applicant does not anticipate new delays. Tribal Stakeholders will have the same appellate rights as other "Commenting Agencies".

9. *Q: Will Tribal Stakeholders make decisions for the City Archeologists?*
   A: No. "Commenting Agencies" are advisory only. The role of City Archeologist will not be subordinate to Tribal Stakeholders.

10. *Q: Will CABQ Planning Department be responsible for providing notice to Tribal Stakeholders?*
    A: Yes.

11. *Q: Do 15-day comment periods run concurrently among all "Commenting Agencies"*
    A: Yes.

Outcome:

No specific agreement was negotiated or achieved. Community Stakeholders appreciated the information and clarification provided in this meeting. Participants expressed general support for the proposed IDO Text Amendment. No outright objections were noted. However, Community Stakeholders do intend to stay informed and remain engaged, throughout this approval process.

Re: PR-2018-001843 / RZ-2023-00050 – Text Amendment to IDO-Small Area-VPO-2

EPC Chairman Shaffer,

Please accept this comment as 48 hour material in support of text amendment regarding Tribal Engagement, which affects a Small Area; the NW Mesa Escarpment View Protection Overlay Zone – VPO-2. In reading the Staff Report, I was particularly struck by this comment in the Background/Meeting Summary of the November 8, 2023, Facilitated Meeting Report:

> ***"At present, Indian Nations, Tribes and Pueblos do not have explicit standing and are not entitled to notice or inclusion in certain Land Use Decisions, within VPO 2 or the 660' buffer zone. The IDO update would define Indian Nations, Tribes and Pueblos; and, provide them with explicit standing and entitlement to notice at all appropriate stages of applicable Land Use Decisions."***

City and County meetings, events, and reports begin with a Land Acknowledgement; a formal statement that acknowledges the original Indigenous Peoples of the land. Formalizing standing, notice and inclusion regarding development and land use proposals is woefully overdue.

I strongly support APPROVAL of this amendment. Though I serve as the Victory Hills neighborhood association president (VHNA), am a District 6 Coalition officer and an Inter-Coalition Council (ICC) representative, these are my personal comments.

Sincerely,

Patricia Willson

Agenda Item # 2. Project # PR-2018-001843 RZ-2023-00050 – Text Amendment to Integrated Development Ordinance (IDO) – Small Area – The Northwest Mesa Escarpment View Protection Overlay Zone – VPO-2

EPC Chairman Shaffer and EPC Members

Please find the attached WSCONA resolution appended below. A majority of our members approved the resolution after months of review and comment in our meetings. Although staff will note this as one comment, in actuality it represents 19 neighborhood associations and members present voting. The resolution was fully supported by a majority of neighborhood associations surrounding the National Monument.

The Amendment requiring referral to Tribal Nations for development next to the Petroglyph National Monument and the Albuquerque Indian School Area will be reviewed on January 18 . (Fiebelkorn is the sponsor) . (Please see appended Resolution for Details)

WSCONA RESOLUTION (Passed by WSCONA membership on 1-10-2024, WSCONA Supports the Public Comments of the Inter-Coalition Council and the Additional Comments Submitted by WSCONA Members.

This Resolution by the West Side Coalition of Neighborhood Associations (WSCONA) is to approve public comments made to the EPC by the Inter-Coalition Council of Neighborhood Associations (ICC) and additional public comments submitted by WSCONA members concerning proposed IDO Amendments and Small Area

Amendments to the City of Albuquerque Zoning Ordinance and facilitating the purposes of the West Side Coalition of Neighborhood Associations.

The West Side Coalition of Neighborhood Associations (WSCONA) represents 29 Bernalillo County neighborhood and homeowners' associations. The Coalition boundaries are west of the Rio Grande River to the Rio Puerco and north of Central Avenue to the Sandoval County line. WSCONA has been a formal organization with bylaws since 1996, and both the City of Albuquerque and Bernalillo County currently recognize WSCONA.

The Coalition aims to provide a venue for neighborhood and homeowners associations within its boundaries to achieve and maintain communications on civic and neighborhood matters. It endeavors to provide a means to preserve, protect, and enhance the residents' quality of life within its boundaries and to provide a unified voice on important issues.

Whereas governmental agencies are shifting the responsibility to notify local communities of pending development from developers, agents, and other parties in interest to our community volunteers or remove all meaningful notification, which is a taking of property rights enshrined in state statute and legal precedents;

Whereas planning departments increasingly schedule public comment periods concerning changes in public policy during the winter holidays and Monday through Friday during regular office hours;

Whereas, increasingly, it is challenging to schedule community volunteers to provide public comments on policy and regulation changes, attend monthly coalition meetings, or participate in periodic facilitated community planning meetings;

Whereas, the WSCONA Executives Committee distributed these comments to members before the meeting, and the proposed amendments have been a routine agenda item in monthly meetings since being published by the City of Albuquerque; Whereas WSCONA is a member of the Inter- Coalition Council and has provided an additional four members to the ICC Working group to research and review the policy consequences of the proposed amendments;

Therefore, the WSCONA membership at the January 10, 2024, public meeting will be resolved by a majority vote to support these comments in Public Comments during the scheduled EPC hearing as these comments represent the considered policy position of a majority of our Westside Neighborhood Associations.

In a vote of Representatives on Wednesday, January 10, 2024, the membership voted [to support this Resolution]. (WSCONA website: https://www.wsconanm.org/)

Resolution Passed: Vote total: 19 Yes, 1 No Answer

IN REPLY REFER TO:
1.A.1.

January 16, 2024

City of Albuquerque
Environmental Planning Committee

Re: IDO Small Area Amendment to integrate potentially impacted Tribal nations and their members within the development review and approval process.

Dear EPC Chair Mr. Shaffer and fellow Commissioners,

I am writing on behalf of the National Park Service (NPS) Petroglyph National Monument (Monument), supporting the amendment submitted by Councilor Tammy Fiebelkorn to integrate potentially impacted Tribal nations and their members within the development review and approval process for certain development activities in Albuquerque, and the sharing of information from the City Archaeologist including the Archaeological Certificate, and as needed, a treatment plan.

Our comments to the EPC and other City planning groups includes recognition of the indigenous cultural landscape that is significant to Petroglyph National Monument (Monument) as well as the City of Albuquerque and beyond.

On June 27, 1990, Congress passed the Petroglyph National Monument Establishment Act of 1990 creating the Monument as a unit of the NPS "in light of the national significance of the West Mesa Escarpment and the petroglyphs and the urgent need to protect the cultural and natural resources of the area from urbanization and vandalism … ." Pub. Law 101-313, § 101 (1990). The area contains significant and numerous cultural resources, including a large concentration of petroglyphs and numerous archaeological sites. Petroglyph National Monument is a cultural landscape, and in particular, the escarpment area, is listed on the National Register of Historic Places (NRHP) as the Las Imagines Archeological District. The entire Monument area is considered sacred to all 19 Pueblos and 10 additional tribes across the Southwest. The cultural landscape, including the views to and from the Monument, from the Escarpment to the Volcanoes and beyond, is critical to the significance of this area.

The stated purpose of Section 14-16-5-2 of the IDO is to "minimize the impacts of development on natural and cultural resources." Petroglyph National Monument is a cultural landscape. The escarpment acts as a visual reference point for the city, and contains significant and numerous

cultural resources, including a large concentration of petroglyphs and numerous archaeological sites. Engaging with the Tribal Governments is important to understand their specific concerns related to development near the Monument, to reduce any potentially adverse effects to the cultural and historic sites in the area, and to determine the best ways to protect these world-renowned resources. We consistently engage with area Tribes and Pueblos on proposed and ongoing projects within the Monument and find their input extremely valuable.

Our specific comments are as follows:

1. We support the Tribal Liaison within the City's Office of Native American Affairs maintaining the list of the names and contact information for the chief executives of the Indian Nations, Tribes, and Pueblos. We recommend including the cultural resources staff and/or Tribal Historic Preservation Officers on the notification list. We would be happy to supply their contact information to the City's Tribal Liaison for inclusion on the mailing list.
2. Section 6-4(J) Referrals to Commenting Agencies. We recommend extending the period for submitting comments to at least 30 days to allow for site visits and adequate time to assess potential impacts.

We appreciate the opportunity to provide input on this proposal. The protection of the sacred landscapes around Albuquerque including Petroglyph National Monument is extremely important. Formally engaging with the people who created and are still connected to these cultural landscapes will help improve the development review processes.

Sincerely,

Nancy Hendricks
Superintendent

Dear Superintendent Hendricks:

Good morning. Thank you for submitting your comments, unfortunately the cutoff time was at 9:00 a.m. Tuesday, 12 December 2023 to have your comments included with the EPC packets for this Thursday's meeting. Though your comments will not be included with this week's EPC packet, it will be added to the January 11th Special EPC packet.

You are welcome and encouraged to speak at this week's EPC hearing when the floor is open to public comments for each agenda item. Below is the information for this week's EPC meeting:

Meeting for December 14, 2023

- Agenda December 14, 2023
    - To join online with video: Zoom Link
    - To call in: (301) 715-8592
        - Meeting ID: 226 959 2859
    - PR-2018-001843_RZ-2023-00044_IDO Small Area VHUC Update_DEF
    - PR-2018-001843_RZ-2023-00043_Rail Trail Small Area Amend
    - PR-2018-001843_RZ-2023-00040_Citywide Amendments

Thank you and have a wonderful day.

Respectfully submitted,

Re: IDO Small Area Amendment to integrate potentially impacted Tribal nations and their members within the development review and approval process.

Dear EPC Chair Mr. Shaffer and fellow Commissioners,

I am writing on behalf of the National Park Service (NPS) Petroglyph National Monument (Monument), supporting the amendment submitted by Councilor Tammy Fiebelkorn to integrate potentially impacted Tribal nations and their members within the development review and approval process for certain development activities in Albuquerque, and the sharing of information from the City Archaeologist including the Archaeological Certificate, and as needed, a treatment plan.

On June 27, 1990, Congress passed the Petroglyph National Monument Establishment Act of 1990 creating the Monument as a unit of the NPS "in light of the national significance of the West Mesa Escarpment and the petroglyphs and the urgent need to protect the cultural and natural resources of the area from urbanization and vandalism ... ." Pub. Law 101-313, § 101 (1990). The area contains significant and numerous cultural resources, including a large concentration of petroglyphs and numerous archaeological sites. Petroglyph National Monument is a cultural landscape, and in particular, the escarpment area, is listed on the National Register of Historic Places (NRHP) as the Las Imagines Archeological District. The entire Monument area is considered sacred to all 19 Pueblos and 10 additional tribes across the Southwest. The cultural landscape, including the views to and from the Monument, from the Escarpment to the Volcanoes and beyond, is critical to the significance of this area.

Engaging with the Tribal Governments is important to understand their specific concerns related to development near the Monument, to reduce any potentially adverse effects to the cultural and historic sites in the area, and to determine the best ways to protect these world-renowned resources. In fact, we consistently engage with area Tribes and Pueblos on proposed and ongoing projects within the Monument and find their input extremely valuable.

Our specific comments are as follows:

1. We support the Tribal Liaison within the City's Office of Native American Affairs maintaining the list of the names and contact information for the chief executives of the Indian Nations, Tribes, and Pueblos. We recommend including the cultural resources staff and/or Tribal Historic Preservation Officers on the notification list. We would be happy to supply their contact information to the City's Tribal Liaison for inclusion on the mailing list.
2. Section 6-4(J) Referrals to Commenting Agencies. We recommend extending the period for submitting comments to at least 30 days to allow for site visits and adequate time to assess potential impacts.

We appreciate the opportunity to provide input on this proposal. The protection of the sacred landscapes around Albuquerque including Petroglyph National Monument is extremely important. Formally engaging with the people who created and are still connected to these cultural landscapes will help improve the development review processes.

Sincerely,

Nancy Hendricks

To: David Shaffer
Chair, EPC

From: Jane Baechle
Representative, SFVNA Board

Re: NW Mesa Escarpment VPO-2
Proposed Amendment

I am writing to affirm the *support* of the Santa Fe Village Neighborhood Association board for the proposed changes to the NW Mesa Escarpment VPO-2 which would add Tribal nations and representatives as commenting agencies for development proposals within the NW Mesa VPO-2. Santa Fe Village (SFV) lies wholly within the VPO-2. We agree with the Planning Staff recommendation of approval and ask you to send this proposal to City Council with that recommendation.

I requested a post-submittal meeting after receiving the second letter from Council services advising of this proposal. To be clear, no SFV resident has expressed opposition to this proposal. A number, however, expressed confusion about it, shared on our social media page, in emails to the SFVNA board and in individual comments. It was clear that even with more background in the second letter, many did not understand the language and impact of this proposal. (I expect Commissioners are unsurprised that few even know about the IDO much less have some understanding of it). The meeting was announced on our social media site and in individual announcements emailed or texted to every one of our affirmed members.

I recognize that our facilitator will provide a report for either the EPC or the City Council. Once again, the SFVNA board supports this proposed change as have individual SFV residents. No SFV resident has indicated opposition.

Our support for this proposal is grounded in our respect for our neighbors in Tribal nations and in respect for this natural and cultural landscape. As has been acknowledged, we live and meet on the historic lands of the Pueblo people. The fact that we are now property owners and live within this historically sacred cultural landscape for Native people connects us to our Tribal neighbors, even where they live outside the immediate VPO-2 boundaries. They share a profound connection to this landscape and we, who are its immediate beneficiaries, are enriched by the inclusion of their voices in both its protection and development.

The public record of multiple meetings of the ZHE, EPC, LUPZ and City Council document our support as a neighborhood association and as individual SFV residents for protections of this landscape and opposition to measures which would materially undermine them. Our support for protection of this natural and cultural landscape remains with our support of the VPO-2.

The ABC Comp Plan goals and policies are clear:

- Goal 11.3 Cultural Landscapes: Protect, reuse, and/or enhance significant cultural landscapes as important *contributors to our heritage and rich and complex identities*.

- POLICY 11.3.4 Petroglyph National Monument: Regulate adjacent development to protect and preserve the Petroglyph National Monument – its volcanoes, petroglyphs, and Northwest Mesa Escarpment – as a priceless cultural landscape and *community resource that provides physical, cultural, and economic benefits*.

- POLICY 11.3.6 Volcano Mesa: Preserve *open space, natural and cultural landscapes*, and other features of the natural environment within Volcano Mesa.

The emphasis is mine. The language of these and other goals and policies of ABC Comp Plan reflects the value placed on this area by the many authors of the Plan and the Council that passed it.

The entirety of the NW Mesa Escarpment, including the Petroglyph Monument and escarpment, the volcanoes and surrounding area, represents a priceless heritage for *all* of the people of Albuquerque. It represents a fundamental and sacred element of the identity of Native people. It is incumbent upon all of us to respect the views and voices of Tribal people and ensure they are fully informed of development proposals and have a genuine seat at the table so that those views are included in development and land use decisions.

On behalf the SFVNA Board, I again respectfully request your support of the proposed amendment to the NW Mesa Escarpment VPO-2.

Sincerely,

Jane Baechle
IDO Representative, SFVNA

Re: Small Area Amendment for Tribal Engagement:
Project # PR-2018-001843, Agenda Item #2

Dear Mr. Shaffer and fellow EPC members,

I write this letter on behalf of the West Side Coalition of Neighborhood Associations (WSCONA), which represents 29 neighborhood and homeowners' associations on Albuquerque's West Side. In this note, WSCONA accentuates our support for the small area amendment for Tribal Engagement. WSCONA has voted to support Tribal Engagement in letters for both the December 14, 2023 and Jan. 11, 2024 EPC hearings for citywide IDO amendments, which included Tribal Engagement (#58 Amendment). Our members have been very involved and encouraging of Petroglyph National Monument protections and have submitted several letters in support of Tribal Engagement.

We also support Petroglyph National Monument's superintendent, Nancy Hendricks, whose letter expressed continued involvement with our tribal communities (23 NM Federally Recognized tribes) who consider this space sacred. The Park Service has found that the feedback provided by our New Mexican tribes has been invaluable in defending this unique resource.

Albuquerque is fortunate to have such a unique natural and cultural landscape, due to the volcanic geology, along with the nation’s largest concentrations of petroglyphs near a major city. Because the pueblo people have ancestral ties to the original inhabitants who created the petroglyphs, and continue to have religious ties to this area, we feel it is very appropriate for them to be engaged and provide input in the development review process. Therefore, we urge your support for Tribal Engagement.

Thank you,
Rene' Horvath
Land Use Director for WSCONA

Matt Myers, EPC IDO Attorney
Devon King, EPC Attorney

CHAIR SHAFFER: All right. Let's go to second Item Number 2, which is Project Number PR-2018-001843, text amendment to IDO small area, the Northwest Mesa Escarpment View Protection Overlay Zone VPO-2.

Ms. Renz-Whitmore, I see your name on there, so I'm going to head to you.

MS. RENZ-WHITMORE: Thank you, Commissioners. Give me one second to share my screen successfully. Okay. Are you seeing title slide, my name, Petra Morris's name? Excellent.

CHAIR SHAFFER: Yep.

MS. RENZ-WHITMORE: So good morning, Commissioners. Good morning, public. My name is Mikaela Renz-Whitmore. I'm a division manager here in the planning department. I also have with us today Petra Morris from council services as the applicant.

So for this case, PR-2018-001843, RZ-2023-00050. This is one proposed change. It would be a small area text amendment to the Integrated Development Ordinance, or IDO. This change is part an amendments offered by city council for -- related to tribal engagement.

So this small area piece of this larger amendment requires a quasi-judicial process, and quasi-judicial processes require additional notice and prohibitions against ex parte communication with the ultimate decision makers, who will be city councilors.

So this small area is the Northwest Mesa View Protection Overlay Zone, which is already established in the Integrated Development Ordinance as VPO-2. And as part of this tribal engagement amendment, this small area would require the city to send applications that has been for development within this area to tribal representatives.

And so the larger amendment, I'm just going to walk through it very, very quickly, because you heard it last week as part of the citywide Integrated Development Ordinance for 2023, again, as I mentioned, would require the city to send to both tribal governments, representatives of tribal governments, as well as to representatives who serve on the commission for American Indian and Alaskan Native Affairs, both of those sets of people, send any application within 660 feet of major public open space, which includes the Petroglyph National Monument, within 660 feet of the tribal land, which will be mapped by our GIS division when tribes send us a request to map their land as tribal for purposes of referral, and subject of today, within 660 feet of the Northwest Mesa Escarpment, with a note on that that there's a condition coming. So put a pin in that slightly.

The other change that was made last week as you talked about the citywide proposals, was that the definition for the tribes themselves includes their ability to designate someone to receive that referral. Part of the discussion was that they -- many of these tribal governments have historic preservation officers, which might be perfect to receive such referrals.

So here are those geographies. The major public open space within 660 feet. And here's the Northwest Mesa View Protection within 660 feet, just so you can visualize those.

The other piece that got added through condition last week was

that applicants would be required to offer a meeting to these tribal representatives before they submit an application to the city for any of these things: The archaeological certificate; a master development plan and the divisions; or any of the zone changes that are allowed.

The idea being, when undeveloped land first gets touched through any of these applications, there would be an offer of a meeting to the tribal representatives.

The two comments that we received, one from the Pueblo of Laguna and one from the Pueblo of Isleta, as well as the conversation that we had at the commission for American Indian and Alaskan Native Affairs, all seemed to indicate that the major interest of these tribal entities would be undeveloped land and the ability to either shape the configuration of how it gets developed to minimize impact to land that they considered important, or to potentially even work on offering to trade the land or purchase it so that it remained undeveloped. And that pre-submittal meeting would give the most time, because the city doesn't on have an application yet for those kinds of negotiations to go forward.

So in that case, that tribal meeting would only be needed for any of those applications within 660 feet of major public open space, which again, includes the Petroglyph National Monument, or within 660 feet of tribal land. Note that it does not include the small area that's the subject of today, the Northwest Mesa View Protection Overlay.

Meeting is offered by e-mail. That list is kept by the liaison here at the city to those tribal entities, or certified mail if there is no e-mail contact.

And just as with the pre-submittal neighborhood meetings that are required today in the IDO, those meetings, if they happen, would be facilitated by the city's alternative dispute resolution office.

So for today, for this small area, for the Northwest Mesa Escarpment View Protection Overlay, the decision criteria that you will be thinking about is whether this change is consistent with health, safety, general welfare, as shown by furthering and not being in conflict with comp plan goals and policies.

And because this area is in an area of consistency, largely in area of consistency, the change needs to clearly reinforce and strengthen that area and not allow development that's significantly different from that character, through showing either a significant change or that the change is more advantageous for the comprehensive plan.

Lastly, that change needs to -- oh, sorry. The change does not change any allowable uses, so Criterion D is not related here, but Criterion E, the change needs to be based not predominantly on the cost of land or economic considerations.

So as described in the staff report, staff believes this does further the comprehensive plan and general health, safety and welfare both through lots of goals and policies in the community identity chapter. The idea being that part of this community's identity is tied to the Petroglyph National Monument, and its preservation and sensitivity to its cultural importance will help retain and strengthen that sense of place.

Chapter 5, land use. Both this goal and this Policy 575 the

whole intent is to improve the process to provide an opportunity for representatives of tribal communities to be part of the land use and development process. So clearly, this change would help implement -- improve our implementation and better engage an even broader community.

And lastly, Chapter 11, heritage conservation. Because of the Petroglyph National Monument and its natural and cultural features, this change needs to -- this change does help us protect, preserve and enhance significant landscapes, our natural cultural features, and help protect the Petroglyph National Monument through design that's appropriate through this precious resource.

So there was a request for a post-submittal facilitated meeting, which happened last week. Petra probably has the exact date, I don't have it on me. But there were several questions raised at that meeting, as well as some 48-hour comments that came in. And I just want to speak to them very briefly.

Kind of one of the big questions is, what are tribes going to comment on, is there any limit? Can they ask, you know, that the city just deny the application.

And the answer is there's no limit on what they can comment on, just as there's no limit on what APS can comment on or what AMAFCA can comment on as a referring agency who can provide comments.

But the decision criteria and all the regulations in the IDO remain set. So the city can't condition an approval based on a regulation that doesn't exist yet.

If a property owner agrees to make a change based on a tribal comment, that can be incorporated in their application that the city finally decides. But in the end of the day, the city can only enforce the requirements that are already in the IDO.

Another question was does this in some way give tribes veto power on development or additional standing to appeal?

Short answer, no. No in both cases. The allowable uses, the design standards, the decision criteria all remain set by the IDO. And it remains true that anyone can appeal a decision if they find that their property rights or other legal rights have been specially or adversely affected. That remains true of individuals, of groups, and of tribal governments.

And lastly, the real intent here is to avoid these appeals that happen on the back end now because tribal entities aren't even given any referral or any heads-up that development is coming, so those conversations happen at the end of the process. We're trying to change that and be proactive so that these tribal negotiations can happen even before the city has an application.

So let me just call your attention to one condition that's proposed in the staff report, and that's about Number 4. So the notice that is provided for this new small area as required by the quasi-judicial process, was sent to every property owner within the Northwest Mesa Escarpment and 100 feet from it.

Unfortunately, the language was written as 660 feet from the Northwest Mesa, so that notice was not properly given. But if we change the condition and strike the 660 feet and just have these applications within the VPO-2 itself, then the notice was proper and this can proceed to city council. So --

CHAIR SHAFFER: Mikaela, Ms. Renz-Whitmore, sorry, one question about that. How does that conflict now with what just got approved last week with the 660 rule?

MS. RENZ-WHITMORE: It does not conflict. These two cases are complementary. You, today, are hearing the small area piece, which will link up perfectly on the way to -- as both cases make their way to council.

So there was an asterisk last week that said, hey, by the way, you're not voting on this piece, because that's a small area application, which is this week.

CHAIR SHAFFER: And I've got some comments on that, but I'll wait

MS. RENZ-WHITMORE: Okay. Great.

Let me just show you the two maps here. So on the left is the 660 feet. On the right is just the area within the VPO. So if you decided to keep the language as is and not approve the condition that's in front of you, that would require creating a new small area in the IDO, as opposed to just a regulation for an existing small area. And we'd have to stop, ask for a continuance, and do that proper notice to all the property owners within 660 feet and 100 feet from that new small area.

If you approve the condition that's in front of you, condition one, that matches the notice and works with the established small area. And here is the condition language that's in front of you. So just basically describing that we strike that 660 feet of -- so that it's only development within the boundary.

And with that, staff is recommending approval, subject to Findings 1 through 19 and subject to proposed Condition 1. And I stand for questions.

CHAIR SHAFFER: Commissioners, questions?

COMMISSIONER EYSTER: Eyster.

CHAIR SHAFFER: Commissioner Eyster.

CHAIR SHAFFER: Thank you, Chair. I don't really have a question, but I did have a comment. I do want to thank Ms. Renz-Whitmore for that presentation, which is very clear.

When I opened the staff report, I saw it was 697 pages long, and I just about fainted. Then I went to the table of contents and I saw that the public notice consumed 578 pages. And I just found it breathtaking, the amount of effort that our planning department and our applicants expend to make sure that the public is notified. And I think that's pretty commendable. And I'm glad I didn't have to read the 578 pages

MS. RENZ-WHITMORE: As was I.

CHAIR SHAFFER: Thank you, Commissioner Eyster.

I have a question, Ms. Renz-Whitmore, just so I can be on the same page of how I'm looking at this.

So from a generic question, does this mean that this, for lack of a better term, tribal engagement becomes another entity within the -- like we see in our staff reports, where it says, okay, this is a commenting agency, commenting agency? Will they

also -- just so I'm clear, does that not change that they'll be under the same rules of that -- all other commenting agencies, saying this was approved or this is being submitted. They have X amount of time to provide their comments and all that gets rolled into the staff report?

It's not affording any extra time. They will be bound by the same rules as all other reporting agencies; is that correct?

MS. RENZ-WHITMORE: That is absolutely correct. And we did hear -- and I think you may be thinking about and we certainly got questions from property owners, the concern about the short time line, well, short time line from the tribal governments asking and then from the property owners, will this extend the amount of time that an application sits at the city.

And the answer to that was they're just a referring agency. They have as much -- they have that 15 days, as all the other agencies do. And the additional time comes through the pre-submittal tribal meeting that gets offered so that they get the heads-up on the early side that potential development is coming.

CHAIR SHAFFER: Well, and that's why I'm asking that question, because I'm reading all the 48-hour rule material, and that's a huge -- you know, to add a secondary layer is -- you know, regardless of who it is, whether it's tribal entity or anybody, is not really a fair thing for development.

And if what you're saying is that's not the case, I think that needs to be loud and clear and written that way, of saying this literally -- everybody has the exact same time lines. And, on that note, if it does not make it to a staff report for when it comes before this commission or LUPZ or anywhere, if they didn't make that time line, they're not -- they, or anybody, just like PNM, or any of the other commenting agencies, if they didn't make the time line, then it's not part of the report.

Is that my understanding?

MS. RENZ-WHITMORE: You have got it perfectly.

CHAIR SHAFFER: Okay. I think that needs to be clear. And maybe at some point, if you want to find that language in all that, you may want to throw that up there while it's in public comment in your rebuttal phase of saying, "Here." Because I think you're going to hear that.

MS. RENZ-WHITMORE: Sure. I will just say that that portion of the tribal engagement piece is really part of the citywide engagement. So if that's something that you want when we look at it, if it's something that you want to signal to city council, that they need to make a change, that will need to be made not through a condition on this case, which is just about the Northwest Mesa Escarpment View Protection Overlay small area, but you could put in a finding to city council that the related aspect for the citywide tribal engagement should be looked at.

CHAIR SHAFFER: Well, why don't you make a note of that, since you're the staff.

MS. RENZ-WHITMORE: Absolutely.

CHAIR SHAFFER: And since you have to make those, would you make a note of that. I'm just kind of thinking about as we're going through everything else here, how that would potentially look.

MS. RENZ-WHITMORE: Thank you.

CHAIR SHAFFER: Thank you.

Commissioners, any other questions for Ms. Renz-Whitmore?

So I don't want to screw this up, because I guess you are staff and applicant, right, so --

MS. RENZ-WHITMORE: Actually, Commissioner, we have Petra Morris here on the line who can speak as the applicant.

CHAIR SHAFFER: Okay. Ms. Morris, good morning.

MS. MORRIS: Good morning, Chair Shaffer, Commissioners. Today I'm in the role of applicant on this proposal. So I have a short presentation for you.

Ms. Renz-Whitmore did a great job of covering the vast majority on this, and so I'll just fill in on a couple of other aspects that we had as the applicant.

Do I have the ability to share my screen?

CHAIR SHAFFER: Well, we will make that happen, that's for sure.

MR. SALAS: You can share your screen, Ms. Morris.

MS. MORRIS: All right. So this is tribal engagement. And as Ms. Renz-Whitmore said, this is specific to the Northwest Mesa Escarpment VPO-2.

The area in question today is the entirety of the Northwest Mesa Escarpment View Protection Overlay. So this includes both the height restriction subarea, as well as the areas within the VPO-2 that do not have a height restrictions. This was one of the questions that came up from property owners in the area.

One of the other questions that came up is why, why are we proposing this in this particular part of town?

And the Northwest Mesa Escarpment View Protection Overlay area covers the Petroglyph National Monument, it covers the escarpment and it covers the volcanoes.

And this area has an extremely large percentage of cultural significance and sacred sites within it. Many of these are located on rock outcroppings within this area and include petroglyphs, similar to within the monuments that are not within those monument boundaries. And so that is why this area has been proposed for this additional level of engagement beyond the areas that you heard last week with proximity to tribal lands and proximity to major public open space.

At the January 11th meeting last week, Commissioners, you recommended approval on to city council for the broader legislative portion. And as Mikaela very carefully explained, this is a portion that is specific just to the Northwest Mesa Escarpment View Protection Overlay.

This would not include the pre-submittal that was added for major public open space and tribal lands. This would just be the development notice for the 15 days for commenting agencies.

So here is the language that is proposed. And as I said, Mikaela covered this. Here's a portion that I think we -- I can add to

the conversation that is a little different.

So November 28th of the pre-application facilitated meeting. This was held with neighborhood associations within the area. This pre-application meeting was not particularly widely attended, although notice was sent to the relevant neighborhood associations.

We then mailed notice, and Commissioner Eyster commented that there's about 500 pages of the staff report on this. We mailed notice to all property owners within the Northwest Mesa Escarpment View Protection Overlay. We mailed those to 8,661 property owners. The notice was, in fact, sent out twice, because unfortunately there was an error on that notice initially.

That mailed notice has generated a large volume of calls and we have spoken to date with 228 individuals here at council staff coming from property owners who received notice and had questions about what this involved.

There was a post-submittal facilitated meeting also requested. That meeting was held last week, on January 10th and should be -- and that facilitated meeting report should be in your 48-hours packet of materials. That was sent in on Tuesday morning.

That meeting was with neighborhood association members, but also property owners in the area. We had about 29 folks on the call for that. There were a wide range of questions asked at that meeting. It includes some of the questions that Mikaela covered in her presentation and that folks have asked.

And that included questions like, you know: What can tribal entities ask -- comment on? What are the time frames associated with it? Does it mean that the land becomes tribally owned? Which the answer is no. And whether it would change appeal processes.

And with that, I'm available for any questions in addition to the other questions from Ms. Renz-Whitmore.

CHAIR SHAFFER: All right. Commissioners, any questions?

COMMISSIONER EYSTER: Eyster.

CHAIR SHAFFER: Commissioner Eyster.

COMMISSIONER EYSTER: Thank you, Chair. Good morning, Ms. Morris. Thanks for meeting with us today. Nice to see you.

My question has to do with approximately how much of the land within this VPO-2 is undeveloped, you know, just up to the closest 10 or 15 percent.

MS. MORRIS: I don't have percentages, but I can show you -- I'll share my screen again and go back to the slide. So can you see my mouse moving?

COMMISSIONER EYSTER: Yes

MS. MORRIS: So the area where land is undeveloped is primarily located here, Paseo and Unser and the Volcano Heights area. And then over here around near where the Volcano Heights -- Volcano Mesa High School is. And then Volcano Cliffs area here is a patchwork of developed and undeveloped. And then I think there's a little bit of land around here that is undeveloped. But the

vast majority is here and in the Volcano Heights, Cliffs and Trails area, also known as the Volcano Mesa CPO.

COMMISSIONER EYSTER: And is there a large portion of it that is zoned NR open space POB?

MS. MORRIS: The properties that are zoned NR-PO-B, those are major public open space areas, and so those are lands that are owned by the city. Those are not in what I would consider undeveloped lands. Those are major public open space.

When I use the term "undeveloped land," I mean land that is privately owned that has zoning that entitles them to develop at some point.

COMMISSIONER EYSTER: Yeah, that makes sense. Because the POB is really not developable, it's protected.

MS. MORRIS: Yes, that's correct.

COMMISSIONER EYSTER: Beautiful. Thank you.

CHAIR SHAFFER: Thank you, Commissioner Eyster.

Other commissioners?

I think we also -- just so I got it on report, I don't see Commissioner Coppola on anymore.

Are you on? Because I don't see you anywhere.

COMMISSIONER HOLLINGER: Chair, I was also going to point that out, but it looks like you addressed that. This is Commissioner Hollinger.

CHAIR SHAFFER: Okay. So I don't know how we lost him, but we did. So now we're at seven commissioners, just so we have that on record for this entire presentation so far.

All right. Hearing no questions, additional questions, for staff/applicant, we will move on to public comment.

MR. SALAS: Yes, Chair. The first speaker is going to be Ali, A-l-i.

CHAIR SHAFFER: A-l-i. Whoever that is, I've got to stroll through and try to find you. Are you available? Is there an A-l-i? I found you.

MR. AL SIGAR: My name is Ali Al Sigar.

CHAIR SHAFFER: Okay.

MR. AL SIGAR: And my address is 8217 Margarita Drive, Northwest. For some reason, I can't -- do you hear me, Chairman? Sorry.

CHAIR SHAFFER: Yes, we can hear you. We heard your name and address.

(Witness sworn.)

CHAIR SHAFFER: Okay. You have two minutes.

MR. AL SIGAR: Okay. Chairman, first of all I would make sure that we did not really receive enough notice for this. The first notice was received on December. I even called the number on the

notice. I spoke with a representative from the planning department. She mentioned -- she explained things to me, but I never heard there was a facilitated meeting, so we could not attend the meeting, actually. We missed that chance because we didn't really know.

My comment on this, this is a private property and I own a construction company. We purchased this property just to develop it, but now we're getting affected by this. So I really request to not approve this amendment to go further. I think this is going to be affecting us and it's going to negatively have an impact.

Since the pueblo is not really telling us what they're planning to comment, if it's that they want to approve things or they can say no, that's going to be really negatively impacting us. That's all I'm going to say.

CHAIR SHAFFER: All right. Thank you, Ali.

I think I noticed in the commentary from Ms. Renz-Whitmore, I don't think anyone gets to just say no and stop anything. So I think that's half of your concern. So I think we brought that part up, so hopefully that helps assuage a little bit of your fear. But I understand your other comments.

Who is next, Mr. Salas?

MR. SALAS: Chair and Commissioners, the next speaker is going to be Jane Baechle.

CHAIR SHAFFER: Ms. Baechle, welcome.

MS. BAECHLE: Thank you. Good morning.

CHAIR SHAFFER: Good morning. Just go ahead and state your name and address for the record, please.

MS. BAECHLE: Name is Jane Baechle. Address is 7021 Lamar Avenue, Northwest. 87120.

(Witness sworn.)

CHAIR SHAFFER: Thank you. In which capacity are you speaking with us today?

MS. BAECHLE: I'm speaking in the capacity as a representative of the Santa Fe Village Neighborhood Association Board.

CHAIR SHAFFER: Okay. Are you speaking on behalf of the board from the vote?

MS. BAECHLE: Yes.

CHAIR SHAFFER: Okay. They did a vote

MS. BAECHLE: Yes. Multiple discussions and explicit endorsement of our position by a majority of the board members.

CHAIR SHAFFER: With as many people who are going to talk, you'll be afforded five. If you can do it in less, that would be wonderful

MS. BAECHLE: My goal is to do it in less, but I hope to finish my comments.

CHAIR SHAFFER: Absolutely. Go right ahead

MS. BAECHLE: So the SFVNA board, as well as multiple individual SFVNA members have never waivered in our support for the proposed changes to the Northwest Mesa Escarpment View Protection Overlay.

I happen to have participated in the pre-application meeting, as well as being the requestor of the post-submittal meeting, requested because we continue to hear questions from Santa Fe Village residents about what this meant. It's not opposition, but they didn't get it. They didn't know what it referred to.

As a board, we believe it's a fundamental right that tribal nations have a place at the table in the discussion of protection and development on land which falls within the VPO-2.

Also, witness our written comments, we've noted repeatedly that this is entirely consistent with goals and policies of the ABC Comp Plan.

I happen to be grateful that Ms. Renz-Whitmore has cited three that I have repeatedly done. But clearly, these policies call for protecting the lands surrounding the monument through regulations associated with the VPO, as well as respecting Albuquerque's culture and history, including Hispanic and Native American voices through context-sensitive development.

I don't see how one can implement these policies if tribal nations are effectively left out of the process or if the Northwest Mesa Escarpment is not part of what's considered.

I'm grateful that Ms. Wilson's letter of support for the VPO made it into the original publication of the 48-hour material. I know some of her letters on other matters, which I found particularly informative and helpful, did not. Although, I think they did ultimately make it in. But I especially value her expertise and support, as well as the ideas that are evident, all of the comments that you all received.

Albuquerque needs more voices informing planning in the city. Every letter, every person, every time there is a matter to be considered.

In this matter of the view protection overlay, I believe that means ensuring that tribal nations and representatives are at the table on planning matters and on the protection and identification of archaeologic resources.

In closing, I want to personally thank commissioners, especially those whose service is drawing to a close, for your many hours of work. I know what amount of time and energy goes into it on this end. I know how much time we spent engaging on this matter with residents of Santa Fe Village and our association. So I'm very clear that what you do represents a huge contribution.

And I think I at the same am pretty close. Thank you.

CHAIR SHAFFER: Thank you, Ms. Baechle.

Commissioners, any questions?

COMMISSIONER EYSTER: Eyster.

CHAIR SHAFFER: And thank you for your comments and recognition, Ms. Baechle.

Commissioner Eyster.

COMMISSIONER EYSTER: Thank you, Chair. I wanted to say thank you to Ms. Baechle for those kind thoughts.

And I want to turn the mirror around on herself. This system wouldn't work without dedicated community leaders like her. And some of you put in as much time as a planning commissioner, and maybe more. But it wouldn't work without community leaders like you. And we really appreciate you, ma'am.

MS. BAECHLE: Thank you.

CHAIR SHAFFER: All right. Commissioners, any other questions for Ms. Baechle?

All right. Thank you.

Next speaker, please.

MR. SALAS: Chair and Commissioners, the next speaker is going to be Rhiannon Samuel.

CHAIR SHAFFER: Good morning, Ms. Samuel.

MS. SAMUEL: Good morning.

CHAIR SHAFFER: Would you mind stating your name and address for the record, please.

MS. SAMUEL: Rhiannon Samuel, 435 Montano Road, Northeast, Albuquerque, New Mexico, 87107. .

(Witness sworn.)

CHAIR SHAFFER: You may proceed.

MS. SAMUEL: Well, thank you, Mr. Chair and members of the commission for providing the community an opportunity to address this important change.

As executive director of NAIOP New Mexico, I'd like to express the association's concerns about this specific text amendment to the IDO.

The development community values community identity, land use and heritage conservation. Our issue stems from a commitment to responsible development around the Petroglyph National Monument.

Our primary concern is with the potential impact on property owners within 660 feet of the Northwest Mesa Escarpment View Protection Overlay.

While we respect tribal engagement, the added reviewing process and notice requirements may burden property owners without really enhancing due process. The majority of the surrounding property is residential, and the city's focus on affordable housing is very commendable, however, this proposed amendment will hinder timely housing development.

The extended seven- to nine-month time line that we're currently experiencing raises concerns around increased housing costs.

And we appreciate the tribal entities are subject to the same turnaround times as other commenting agencies, but the well-intended additional pre-submittal meetings may not produce

the expected input, but rather just add time to an already lengthy process.

Additionally, the amendment adds complexity without ensuring greater due process. So we're cautious about adding further incremental changes to the IDO text, foreseeing challenges that will come up in the future.

So, again, our issue isn't against the spirit of this amendment. But it's rooted in our commitment to balanced and streamlined development, procedures that really consider all stakeholder interests, but in a meaningful way that gets really good feedback for you all.

So thank you for your time and thoughtfulness, but adding more layers to an already challenged development process just isn't the way to go. Thank you.

CHAIR SHAFFER: Thank you, Ms. Samuel.

Any commissioners have any questions for Ms. Samuel?

COMMISSIONER HOLLINGER: Hollinger.

CHAIR SHAFFER: Commissioner Hollinger.

COMMISSIONER HOLLINGER: Thank you, Chair.

You mentioned that this could potentially increase the housing costs? I'm not sure I was clear on that. Shortly, can you elaborate on that.

MS. SAMUEL: Yes. So any time added to any project increases costs, because somebody who has land in hand and then are trying to perhaps -- development, it's just time and money and resources. It also limits the types of folks who can build. It's just those who have a great deal of capital.

As we're hearing from groups, especially in like the Southwest Valley, that say they want housing to be done by the people who live there, well, it costs money and time is money. And so that's where that comment comes from.

COMMISSIONER HOLLINGER: Okay. Thank you.

CHAIR SHAFFER: Thank you, Commissioner Hollinger.

Any other questions for Ms. Samuel?

All right. Next speaker, please.

MR. SALAS: Yes, Chair and Commissioners. The next speaker is going to be Ali Hasham.

CHAIR SHAFFER: Mr. Hasham.

MR. HASHAM: Yes.

CHAIR SHAFFER: All right. Do you mind stating your name and address for the record, please.

MR. HASHAM: Of course. Aleem Hasham, 9400 Coors Boulevard, Albuquerque, New Mexico, 87114.

CHAIR SHAFFER: Thank you.

(Witness sworn.)

CHAIR SHAFFER: All right. You may proceed, sir.

MR. HASHAM: Thank you. I have a comment and I have a question.

So first, I commend the city, I commend the staff for trying to get as much engagement as you can possible.

My question is, when you have an existing problem of time in a development, by adding more layers, what objective are we trying to understand?

Particularly, let's assume a best-case scenario, where a landowner works with the tribal council, has that tribal council or government been identified? Is that tribal council on a rotation basis annually, semiannually, every three years?

If so, what are the time lines added in a perfect world when you're in harmony and in sync with, in fact, the ideas they have?

And my second question is, how much more time is added if you are not in sync with the ideas and harmony with one body to the other?

So perhaps more so than the comment, it's more how do we look at fluidity, how do we look at embracing ideas and initiatives by simply adding a statement to the IDO stating we have to send information to the tribal council without any other systems or rules around how that procedure may, in fact, takes place?

Thank you.

CHAIR SHAFFER: Thank you, Mr. Hasham.

And, Ms. Renz-Whitmore, I know you're making notes, and I think this is some of the demonstration you're going to want to do as part of the rebuttal later.

Commissioners, any questions for Mr. Hasham?

Okay. Next speaker, please.

MR. SALAS: Yes, Chair. The next speaker is going to be Diana Sanchez.

CHAIR SHAFFER: Good morning, Ms. Sanchez.

MS. SANCHEZ: Good morning, Mr. Chair.

CHAIR SHAFFER: Good morning. Please state your name and address for the record

MS. SANCHEZ: Diana Sanchez. And my address is 8005 Camino Alto Court, Northwest, Albuquerque, New Mexico, 87120. And my property is right next to the escarpment at 5501 Aliante Road. And I just wanted to comment that I do not --

CHAIR SHAFFER: Real quick. Let me stop you.

(Witness sworn.)

CHAIR SHAFFER: Go right ahead.

MS. SANCHEZ: I did not receive the pre-submittal meeting notice nor the January 1st notice. I only received the notice on

December 7th for the meeting on the 16th, which had been changed again to January 18th.

I did send an e-mail requesting how to make sure I get these messages. But I didn't get that back, but I did send another e-mail today (inaudible) added, because when I read the proposal, there was apparently some e-mail reminders that went out that I still did not receive.

And then my other comment is just, kind of as everyone else has stated, kind of just adding additional layers to the process for (inaudible) we have undeveloped lot on our street currently and how that would affect us if they submit it.

From my understanding, it states that it would just go through the process and they can't just reject things because they want to, they're still going to follow the IDO and all your regulations and guidelines that you guys currently have in place that do protect the petroglyphs, so I understand that piece.

However, in regard to cost, with our last property, with all the going back and forth and the regulations, the interest rate dramatically changed on us, so we should have closed earlier. And then with the different changes and we went back, it of course went to higher interest rate. So that's how I would like to comment in regard to costs.

And those are my two comments. Thank you.

CHAIR SHAFFER: Thank you. So we're kind of doing tick sheets here, so your for this amendment or against the amendment?

MS. SANCHEZ: Currently against the amendment, till I understand it clearer.

CHAIR SHAFFER: Thank you.

Ms. Renz-Whitmore, something else please, if you can make a note. I'm keeping track of how many people we're talking about facilitated meetings and pre-submittal meetings, four separate people. I know everybody gets notified, but just keep that as part of your talking points. Because that's, I think, four people who have mentioned not being able to participate.

Thank you.

Next speaker.

MR. SALAS: Yes, Chair and Commissioners. The neck speaker is going to be Ken O'Rourke.

CHAIR SHAFFER: Mr. O'Rourke.

MR. O'ROURKE: Yes, sir.

CHAIR SHAFFER: All right. Good morning.

MR. O'ROURKE: Good morning.

CHAIR SHAFFER: Would you state your name and address for the record, please.

MR. O'ROURKE: Ken O'Rourke, 5115 Marcadas Road, Northwest, Albuquerque, New Mexico, 87114.

(Witness sworn.)

CHAIR SHAFFER: Thanks. You may proceed.

MR. O'ROURKE: This is a brief question, at least I hope it won't take long.

Assuming the area within the Petroglyph National Monument itself is always protected from the development, however, is the fact that the VPO-2 encloses the monument so that in case the boundaries of the monument change, there won't be any further changes to the IDO within the VPO-2 boundary?

CHAIR SHAFFER: I don't know who would answer that question. I don't think you can change the VPO-2 boundary, but I'll let Ms. Renz-Whitmore try to answer that question real quick.

MR. O'ROURKE: If the Petroglyph Monument boundary changed, then everything we're deciding here at this meeting and previously meetings would still apply to the VPO-2.

MS. RENZ-WHITMORE: Mr. Chair, Mr. O'Rourke, that is true. The monument boundary is established by Congress, so we don't see any likelihood that that boundary is going to change. And it would require the purchase of the private property to add to the monument.

The VPO-2 purpose is to make sure, as Ms. Baechle mentioned, that development on that private land next to the monument is context sensitive, that it does a good job of minimizing visual and other kinds of impact on the monument itself.

So the VPO-2 is not really about conserving land, i.e., keeping it undeveloped. The VPO-2 is really about making sure that development that does happen is compatible with the open space on the monument that would remain undeveloped.

I hope that helps.

MR. O'ROURKE: Yes, it does. Thank you.

CHAIR SHAFFER: Thank you. Thanks for replying there and taking care of that answer on the spot. Thank you, Ms. Renz-Whitmore.

Next speaker.

MR. SALAS: Yes, Chair and Commissioners. The next speaker is going to be Karla Benefield.

CHAIR SHAFFER: Karla Benefield.

MS. BENEFIELD: Good morning.

CHAIR SHAFFER: Good morning.

MS. BENEFIELD: Karla Benefield, 2204 Sedona Hills Parkway in Las Cruces, New Mexico.

(Witness sworn.)

CHAIR SHAFFER: All right. You may proceed.

MS. BENEFIELD: Much of this land has been impacted already by the City of Albuquerque with its strong restrictions in this area, especially the section that we're in. It has prevented development already, in my mind.

If there are further objections, which may or may not come from another entity, this has the potential not only to further the restrictions on this land, but to substantially devalue it. In my mind, this is something nobody has talked about at all. Because if there are so many restrictions on the property, what is the value going to be?

I firmly believe the City of Albuquerque or any city government does not want this. It doesn't help anybody.

The adjacent park has plenty of land already. Part of our original property was already taken by the City of Albuquerque to establish the Petroglyph park. I am concerned that this is going to further devalue our property.

That's my comment. Thank you.

CHAIR SHAFFER: Thank you, Ms. Benefield.

Commissioners, any questions for Ms. Benefield?

MR. SALAS: Chair and Commissioners, the next speaker is going to be Elizabeth Hailey.

CHAIR SHAFFER: Ms. Hailey.

MS. HAILEY: Good morning. Chair and Commissioners. My name is Elizabeth Hailey. I live at 6005 Chaparral Circle, Northwest, Albuquerque, New Mexico, 87114.

(Witness sworn.)

CHAIR SHAFFER: Are you speaking on behalf of WSCONA?

MS. HAILEY: I am using two minutes only. I'm the president of WSCONA, the chair of the Paradise Hills Special Zoning District, and an officer with the Paradise Civic Association.

I want to speak about the resolution that was passed by WSCONA members at a meeting supporting this view overlay and want to make the point that there is a difference between, I believe, commercial development and residential development in this area.

Existing residential, and I include multi-family developments, are strongly in support of this resolution because it protects an area that they value.

There were 19 of 20 neighborhood associations that voted for this. That's overwhelming support. And although I am listed as one comment, it's actually 19.

Then quickly, just I have to say that I was a consultant to the Navajo Nation. I have a master's in architecture and planning, and I actually specialized in land review for the department of archaeology.

One thing that has not been talked about is that certain federal regulations also engage, even when the land itself is privately owned, because they may be involved with interstate highway money. And so having the tribes prior to the development process have the opportunity to do land exchanges is good for the landowners, and it also prevents them from actually expending time and energy on areas that are simply undevelopable. Thank you.

CHAIR SHAFFER: Thank you.

Commissioners, any questions for Ms. Hailey?

Thank you, Ms. Hailey.

CHAIR SHAFFER: Mr. Salas, who is next?

MR. SALAS: Yes, Chair and Commissioners. The next speaker is going to be Greg Gilman.

CHAIR SHAFFER: Mr. Gilman.

MR. GILMAN: Yes, Commissioner.

CHAIR SHAFFER: Good morning. Your name and address for the record, please.

MR. GILMAN: Yeah, my name is Gregory Scott Gilman. I'm at 6910 Minehead Court, Northeast -- or Northwest, Albuquerque, New Mexico, 87120.

(Witness sworn.)

CHAIR SHAFFER: You have two minutes. Go right ahead.

MR. GILMAN: Under the proposed change to this city zoning, as layers allowing tribal nations to have a say in our properties that we pay taxes on to the state, does this also apply to the tribal cooperative agreements and taxation under Section 9-11-12.1 of the NMSA, allowing percentages of our taxes to be lowered, our property taxes to be lowered, being so close in the zone and having tribal nations speak over our properties?

CHAIR SHAFFER: I don't -- I am definitely no tax expert, so I'm not answering that question. And I'm not sure that applicant or staff can answer that question either, but it's possibly.

MR. GILMAN: Yeah, it's also under Section 7-9-88.1 NMSA of 1978. Just out of curiosity, how does this fall?

MS. RENZ-WHITMORE: Mr. Chair and Commissioners, Mr. Gilman, I don't know, but I question the relevance here, where we're talking about land use and zoning, which is (inaudible) --

MR. GILMAN: We're talking about tribal say over our properties in this (inaudible) --

CHAIR SHAFFER: Mr. Gilman. Mr. Gilman. Mr. Gilman, would you all please allow Ms. Renz-Whitmore to finish her comment instead of talking over her, please.

MS. RENZ-WHITMORE: Go ahead. Let us know what you think the relevance is. Thank you

MR. GILMAN: Yeah, my relevance was, if they're tribal -- if these tribal zoning changes have an added layer to speak over our properties in this zone of what we can build and what we can't build and what we can do and can't do, why don't we fall under the tribal cooperative agreements in the taxation zone?

That's my question. That's my query

MS. RENZ-WHITMORE: So, Mr. Chair --

CHAIR SHAFFER: Go ahead right ahead, Ms. Renz-Whitmore.

MS. RENZ-WHITMORE: Mr. Chair, Commissioners, I think that's a misrepresentation of what the tribal agencies would be as commenting agencies.

The city right now involves entities such as AMAFCA, APS, the water utility authority, Bernalillo County all as agencies that have different responsibilities and viewpoints as providing an opportunity for them to comment.

The decision makers, such as the EPC, looks at those comments from those agencies and considers them.

But as I've mentioned, the decision criteria for the actual applications does not change based on those comments. It's already established in the IDO.

So adding tribal entities as another referring agency would not give them say over what can happen on your property.

MR. GILMAN: Okay. Because right here, it states "Creates new definitions for document for tribal land, tribal representation, Indian Nation tribe or pueblo."

So that means we should fall under tribal land, correct?

MS. RENZ-WHITMORE: No, sir. The tribal land is defined because applications that happen within 660 feet of that tribal land would be referred to those tribal entities for comment.

So the land remains private, and the subject property remains private, and the tribes just receive the ability to comment on projects happening within 660 feet of land that they own.

MR. GILMAN: Okay. Thank you.

CHAIR SHAFFER: Thank you for clarifying that, Ms. Renz-Whitmore.

And I'm going to throw you another softball and ask you again when you do your rebuttal, I would really encourage you all to throw that slide up, showing what we see when we see those things.

Mr. Salas, who's next?

MR. SALAS: Yes, Chair and Commissioners. The next speaker is going to be Rene Horvath.

MR. GILMAN: They're saying that we're not tribal land.

CHAIR SHAFFER: All right. Let me -- there we.

All right. Ms. Horvath, good morning.

MS. HORVATH: Good morning. How are you?

CHAIR SHAFFER: I'm good. How are you?

MS. HORVATH: Pretty good. Interesting discussion, so thank you.

CHAIR SHAFFER: Go ahead and state your name and address for the record.

MS. HORVATH: My name is Rene Horvath. I live at 5515 Palomino Drive in Taylor Ranch. And I swear to tell the truth.

(Witness sworn.)

CHAIR SHAFFER: Thank you. How are you appearing before us today?

MS. HORVATH: Well, I talked it over with Elizabeth Hailey, who just spoke, and she said, "I'll take the two minutes, you take the five." So to represent our neighborhoods' prospective on this issue.

CHAIR SHAFFER: And I know that you guys do your due diligence, based on past meetings, that you've taken a vote and all those things. So we're going to assume that happened and you may proceed.

MS. HORVATH: Okay. Thank you very much.

Yes, getting to the notification, a lot of our members in Taylor Ranch were notified, and I think there was a bit of confusion as to what the notification was, because it was kind of vague.

And when they said that the first meeting, the facilitated meeting, there wasn't any -- Jane participated, one other person, I think people were not aware of that meeting. I know I was not notified on that, and normally I am. So I think there was a little bit of confusion on the notification. And a lot of people got notified, but it was kind of vague and they didn't understand what it was about.

I got some calls, I tried to explain it. This is just to allow, you know, the tribes that have been involved in this area a chance to give some input.

And what I really like is what Mikaela said earlier, that this gives them a chance to provide the input and that it makes the people aware of what is important to them.

Because this site here, this is a major landmark of Albuquerque, and it has been in our planning documents from day one. The mountains, the river, the volcanoes, the mesa, the escarpment, those are our three major land forms that people in Albuquerque are concerned about and would like to see more sensitive development up there to respect it.

Also, I was involved in the --

CHAIR SHAFFER: Go ahead. Oh, we lost you.

MS. HORVATH: Can you hear me? Yeah, it's coming back slowly, it seems like.

I helped with the first photographic inventory, and also speaking in support of creating a Petroglyph National Monument. And as a result, I was fortunate to meet some of the people from the All Indian Pueblo Council, some of the elders back then, who came out and were supportive of the national monument. And what was so helpful was to hear their perspective, that this is a spiritual area.

It's not just the petroglyphs, but it's the petroglyphs, the volcanoes and the land around it. It has special significance and it's located -- surrounded by other major land forms, the mountains of Sandia, Mount Taylor, Magdalena and Jemez and Santa Fe mountains. It was centrally located. It also had a special significance because of its location and the geology.

So I think it would be helpful with the development community as

they move forward to hear their perspective, how special this is, and also they hear from us, as well. And I think it would give them a little more insight as why we promote more sensitive type development, just be sensitive, kind of tone it down, be more respectful of this area. Because this area is so unique because of the geology of the volcanic mesa, but also because of its special significance with the pueblos. And it may help solve some of the conflicts that we see.

Because you can design things that really look nice and complementary, and it does have more value than if you ignored all that. And we have done great jobs in Albuquerque to complement historic area or Southwest designs to complement UNM, for instance; Old Town; along the river.

And this, I think, needs a little more discussion so we can get better design and then help avoid some of these conflicts. And so I think it would be important to allow them to have some engagement so that they understand the pueblo perspective and also the neighborhood perspective.

So thank you very much.

CHAIR SHAFFER: You got it. Thank you, Mrs. Horvath.

Commissioners, any questions for Ms. Horvath?

MR. SALAS: Chair and Commissioners, the next speaker is going to be Patricia Wilson.

CHAIR SHAFFER: Good morning, Ms. Wilson

MS. WILSON: Good morning.

CHAIR SHAFFER: State your name and address for the record, please.

MS. WILSON: Patricia Wilson, 505 Dartmouth Drive, Southeast, 87106.

(Witness sworn.)

CHAIR SHAFFER: You may proceed.

MS. WILSON: Commissioners, you have my letter in support in the 48-hour material. But I just wanted to respond to several of the comments that have already been made about time and money and issues, that perhaps some things are more important than money.

Every city and county meeting event and report begins with a land acknowledgment, a formal statement that acknowledges the original indigenous people of the land. So if these statements are to be more than lip service, formalization of tribal standing notice and inclusion is way overdue.

Thank you very much and now I'm already sworn in for this afternoon.

CHAIR SHAFFER: You are correct, you are. So thank you for noting that.

Commissioners, any questions for Ms. Wilson? As she stated, she included all of her 48-hour material for our reading there.

So thank you.

And I always appreciate that when people send their 48-hour rule material in ahead of time, it gives us a chance to review those things instead of having to hear it all here. So thank you.

Mr. Salas, who is next?

MR. SALAS: Yes, Chair. The next speaker is going to be John Edward.

CHAIR SHAFFER: Mr. Edward, good morning.

MR. EDWARD: Hey, there. How are you doing?

CHAIR SHAFFER: Good. Thank you.

Do you mind stating your name and address for the record, please.

MR. EDWARD: Can you see me? Can you hear me okay?

CHAIR SHAFFER: We can hear you and see you.

MR. EDWARD: Okay. Great. My name is John Edward. And my address is P.O. Box 26506, Albuquerque, New Mexico, 87125.

(Witness sworn.)

CHAIR SHAFFER: You may proceed.

MR. EDWARD: You know, we're a community, and community is a living organism of sorts. And where you're a community and you're a living organism, there needs to be growth. And then there also needs to be appreciation for each other's views.

And with that said and being able to have an adequate voice, I have several questions and comments.

In the spirit of what we're talking about, I can see the benefits of it, but in the process one of the things I'd like to point out is, having a property in this area that's affected by this. This is not the first time where there's pre-submittal meetings for, which, as a property owner who is affected by this, we don't even get a notice about something that's going to affect our property.

And people in the greater community are offered an opinion of being able to make a comment on something that they have not made an investment in, nor are they next to. So it's concerning to me that neighbors get notices about this, however, we, as a property owner, do not.

One of the concerns or questions I have, has the city done any research in discussing with any appraisers will the property values in this area change as a result of this? Would an appraiser change its value or estimated value of the property before this is passed or after this is passed?

Another question I have is, let's just suppose that within the IDO, a four-story building is actually built and it meets all the IDO guidelines. A meeting is held, notices are sent out. To what degree can this commentary by the tribes be such that the plan, if it meets all the IDO requirements, so what degree could they make comments that would force a change or that they could litigate a change or try and litigate a change by holding the property owner hostage in the court system through an appeal process that takes time, maybe two or three years, for which that is expensive? And that does change the viability of a project, whether it be for an apartment building, condominiums, a

mixed-use building that supports a walkable neighborhood?

Those are a couple of my questions. I saw my time ran out, so I'll just stop talking.

CHAIR SHAFFER: No problem. Thank you, Mr. Edward.

So, Ms. Renz-Whitmore, again, some of things I know you're going to cover in your rebuttal. But I think the first question is a pretty simple one about appraisals. Maybe. Or maybe it's not. And then the second one, you may cover and you are free to say you're going to cover that in your rebuttal.

MS. RENZ-WHITMORE: Yeah, thank you, Mr. Chair, Commissioners, Mr. Edward.

The city did not do an appraisal for how property values would change.

And I'll just point out that the decision criteria for this change can't consider predominantly financial concerns. So the decision criteria is? Based on the comprehensive plan, does this change, help implement the goals and the policies of the comp plan?

And I would just urge us to keep our focus on that decision criteria.

And I certainly hear and respect the concerns about changes to property value. And I'll just put forward that the EPC is not in charge of protecting property value. You're in charge of implementing the comprehensive plan.

Thank you.

CHAIR SHAFFER: Interesting. Okay. Thank you.

Mr. Salas, who is next?

MR. SALAS: Yes, Chair. The next speaker is going to be Brett.

MR. BLANCHARD: I'm here.

CHAIR SHAFFER: Brett, would you mind stating your name and address for the record, please.

MR. BLANCHARD: Yes. Brett Blanchard, 5850 Eubank Boulevard, Northeast, Suite B-62, Albuquerque, New Mexico, 87111.

(Witness sworn.)

CHAIR SHAFFER: All right. You may proceed.

MR. BLANCHARD: Thank you very much for the time. I appreciate it.

So I just want to say for the record that I oppose the revisions to the IDO. And in stating so, I think in creating the IDO, the city created a zoning system where zones -- where all the various zones have certain permitted, conditional uses and et cetera.

I would assume in creating the zones that we're discussing today, that the city took into consideration all the issues that may affect these areas and created regulations and processes to deal with them.

As of yet, I have not heard of any issues, significant issues that have occurred or are existing that this IDO cannot address or has the regulations and ability to address and review.

And with that, I don't understand the need to add an additional potential regulatory scheme or process that could take time, because then you have comments going back and forth that can take significant time to address or deal with.

And I believe that the systems we have in place have the ability of take care of these, should issues arise in the future.

Thank you very much.

CHAIR SHAFFER: Thank you.

Commissioners, any questions?

Okay. Thank you. Duly noted.

Who is next, Mr. Salas?

MR. SALAS: Yes, Chair. The next speaker is going to be Rick Beckler.

CHAIR SHAFFER: Rick Beckler.

MR. BECKLER: Hi. Thank you.

CHAIR SHAFFER: Please state your name and address for the record

MR. BECKLER: Yes, my name is Rick Beckler. I'm at 7620 Lomas Street, Northwest, Albuquerque, 87120.

(Witness sworn.)

CHAIR SHAFFER: You may proceed.

MR. BECKLER: Thank you. I do have a comment.

I live on Verona Street, and if you recall the map, where it says here the VPO-2, it's up at the corner of Taylor Ranch and Calle Nortena, right across the street from where I live. And I've been here since approximately 2012, I believe. It's a sliver of the petroglyphs. And within 50 yards of my house, there are actual petroglyphs that I can see from my upstairs window.

So this area does have a lot of historical value. The petroglyphs all the way up are a major area of this section of land. And it's my understanding it's Petroglyph boundaries all the way from, like, Verona Street all the way to even the top of the mesa.

So I just wanted to affirm I support what we've heard from the other homeowners associations. My neighborhood does not have a neighborhood association. I just wanted to affirm my support that we do have the tribes' feedback and approval process put into this so that we can help protect this land currently being used as open area and a lot of people hiking through it and enjoying the beauty of it. I just wanted to affirm my support for that.

Also, I would like to mention that in the previous notices, fortunately, it has picked up so that we are getting notices, but prior to this, I heard about this through just word of mouth through the neighborhood.

So thank you.

CHAIR SHAFFER: Thank you.

Commissioners, any questions?

Mr. Salas, who is next?

MR. SALAS: Yes, Chair and Commissioners. The next speaker is going to be Evelyn Rivera.

MS. RIVERA: Hello. I'm Evelyn Rivera. I live at 4005 Chadwick Road, Northwest, in Taylor Ranch.

(Witness sworn.)

MS. RIVERA: I'm speaking as a residential real estate appraiser since 1991, and I can say, generally speaking, being close to open space or a national monument, the river, enhances a property's value.

Also, I think in a day and age when there's so much talk about diversity, equity and inclusion, I find that it's totally appropriate to support this.

Thank you.

CHAIR SHAFFER: Thank you, Ms. Rivera.

Commissioners, any questions?

All right. We will head to the next one. Mr. Salas, anybody else?

MR. SALAS: Chair, Commissioners, nobody else is signed up to speak. If anybody else wishes to speak, please say so now.

MR. HOFFMAN: This is James Hoffman. I would like to speak. I couldn't find where to raise my hand.

CHAIR SHAFFER: No problem. Mr. Hoffman, good morning. State your name and address for the record.

MR. HOFFMAN: James Hoffman, 4606 Firewheel Drive in Garland, Texas. I'm a property owner in the Volcano Heights area.

(Witness sworn.)

MR. HOFFMAN: Just for the record, I was also on the list of people that do not get notified of pre-submittal meetings. I've had several discussions with Shanna and with Mikaela over the last few months.

But regarding this, I'm opposed to the amendment. I think, you know, we all very much appreciate the Petroglyphs Monument. It's a large open space area. There's height restriction subareas next to it.

But VPO-2, it's a huge area, and there are areas within in it that have already got protections, that have been recognized, such as the northern geologic zone. Rock outcroppings have been identified, but, you know, I'd hope the city, if they're really interested in preserving cultural areas that are important to the tribes, that they would identify those areas.

You know, I was involved for many years, together with Mikaela,

who led it, then Ms. Horvath, the Volcano Heights Sector Plan is what I'm talking about. It took many years to get through. There was a lot of collaboration and cooperation to put restrictions in that plan. I know it's not effective anymore because of the IDO. But many of the elements were carried over into the IDO.

And they can be burdensome, but they also are sensitive to how development should occur in the area.

So there should be enough restrictions already. And I don't think that anyone really is prevented -- you know, if you're aware of a development, that you can still make comments, whether you're -- you know, by the process you receive them directly or not. They can be forwarded. That's why we have a lot of comments from Petroglyph Monument people.

So thank you very much. I know my time is up.

CHAIR SHAFFER: No problem. I think we're clear on what your position is. So thank you very much for those comments. I've made my notes.

Anybody else? Looks like we have a Patrick's iPad.

MR. MARTIN: Yes. Patrick Martin. 6878 Lazo Del Norte, Las Cruces, New Mexico, 88011.

(Witness sworn.)

CHAIR SHAFFER: You may proceed.

MR. MARTIN: I just want to go on record as the same, as in opposition. I agree.

To me, it does sound -- from what I'm listening to, listening to people who have existing properties, they're all for this.

But if you listen, and just as, you know, kind of a vague overview, everybody who is still in the developmental phase, we all agree on the fact that adding an extra layer -- and I know it's -- I know what they're saying, is it's just another person's input and they don't have the direct effect.

But that does add time and possibly financial loss for those of us who have -- I think it was Benefield that had stated we've already had -- there are so many restriction, from the city that have already limited certain things that can and can't be and all those things.

And what someone else said is that if those things were going to be taken into consideration I feel like they should have been taken into consideration at that point.

And there are already a number just across the street from my specific property, we're talking about developments that are already going on and have already taken place and they're not going to have to worry about some of these situations, and I think it's only going to hurt the valuation of potential time frame for the development of the future projects.

And that's my opposition. So that's it.

CHAIR SHAFFER: Thank you. And I think you stated that pretty well, about what the division is in the opinions. So it's pretty evident. So thank you.

Commissioners, any questions for the speaker?

Okay. Who's next?

MR. SALAS: The next speaker is going to be Christian Hemphill.

CHAIR SHAFFER: It looks like it's Christine Hemphill. So, Ms. Hemphill.

MS. HEMPHILL: Yes. Christine Hemphill. I own 5808 Open Sky, Northwest.

(Witness sworn.)

CHAIR SHAFFER: All right. You may proceed.

MS. HEMPHILL: And I've owned the home since it was built. And I have a man who lives there for over 25 years.

And we feel strongly in favor.

I think it's important, as time goes on, for everyone to remember inclusion with everyone. And I think the beauty of any area is always better with more understanding.

So I don't see that there's any blocking of anything that's properly allowed now to continue to be coming.

And I think that what it does is makes everyone appreciate the nuances of what makes that area what it is.

And every developer should be happy that they know and appreciate the area and make what they build more beautiful to be a part of it. And I think that is the feeling that Albuquerque would like to continue.

And I'm very impressed that this long needed addition is there in verbiage, even though probably it's always been there as an option for any citizen. It just makes it nicer. And I appreciate that.

And also, just quickly to say, my Florida mail did receive two notices. And I'm in Arizona right now, and they actually survived being forwarded to me in Arizona.

Thank you so much.

CHAIR SHAFFER: Well, that's good to hear, that USPS did their job.

MS. HEMPHILL: Yes. Regular mail both times.

CHAIR SHAFFER: Well, that's good.

Commissioners, any questions?

All right. Any other speakers? Now is the time.

MR. SALAS: No other speakers, sir.

CHAIR SHAFFER: All right. Well, let's close the floor to public comment. And let's -- I want to -- I know we've been on here for a long time, but I don't like stopping in the middle, so I prefer that we keep going. And then if we need to take a break between deliberation, I'd like to finish what we're hearing.

So, Mr. Renz-Whitmore and Ms. Morris, both of you.

MS. RENZ-WHITMORE: Thank you, Mr. Chair, Commissioners.

There were a few things that you wanted to see, so let me do just a little bit of illustrating of what's at issue here.

So the first thing I'm going to share is the existing language about referrals to commenting agencies. And so you see at the top, there's some language about, hey, we're going to refer to the city, we'll refer things. And the types of things that we refer includes APS. It includes Kirtland Air Force Base. It includes the aviation department for things near the airport. And there's already a section about referring things to the National Park Service and the open space division for things near the Petroglyph National Monument.

So now, let me just show what would look a little bit different with the citywide amendment that you talked about last week and this small area amendment for the Northwest Mesa Escarpment View Protection Overlay.

So the first thing you'll see in the red text at the top are the additions made through the citywide spreadsheet that makes clear that administrative decisions that staff can make, sometimes over the counter, would not have to wait for these referrals.

This language does not exist in our IDO today. We're making it very clear that those administrative decisions can continue. And if a comment comes in where the city staff is still reviewing those applications, of course, those comments would be considered as part of the review.

The second sentence makes clear that anything that actually has to go to a public comment hearing, such as EPC or the development hearing officer, or a policy decision, such as a change to the comprehensive plan, those comments do need to -- those agencies have 15 days to comment and the decision makers can then consider those comments. And if we don't receive those comments within that time frame, the hearing is going to happen and things will move forward.

So that's again, not at issue today, but just making clear what the language actually says in the IDO about time frames.

The new language added about development within 660 feet of major public open space, including the Petroglyph National Monument, that's part of the citywide application, development within 660 feet of tribal land. Again, that's going to be the citywide application.

And then, at issue today is this additional -- this is showing if you accept the condition that is proposed in the staff report, the development within the VPO would also -- again, the city would take on that referral, takes us no time, we send e-mails all at once.

And even better, we're about to have some new case-tracking software that will go live in early fall of this year. And not only will it automate a lot of these referrals, saving time and leaving more time for the actual comments to be developed and get back to us, but it will also have a map. This is something that the public been asking for, and staff really wants, too, a map of all applications under review at the city.

So property owners and neighbors who just are interested the what's happening can either go to that map on their own time and look at what's happening, or sign up to get an e-mail alert that the city has received an application within a certain distance from whatever they specify. So not part of this case, but kind of helps to answer these questions about notice and how do I know and how do things happen.

CHAIR SHAFFER: Yeah, let me stop you right there. That's amazing. So when does that start?

MS. RENZ-WHITMORE: That starts in, we're hoping, early fall of 2024. So we've kind of entered the testing phase, where staff is still testing that software. But it is super exciting and will take us into the 21st century, which we're, you know, almost a quarter over.

So let me now just call your attention again to what I mentioned before. This would be the pre-submittal tribal meeting that folks were talking about and having concerns that would add to the process.

I just want to point out that the VPO is not part of that requirement. So the pieces of the VPO that are within 660 feet of the monument or within 660 feet of tribal land, those would get the requirement to offer that pre-submittal tribal meeting. But otherwise, the VPO is not named as a geography that triggers that pre-submittal tribal meeting. So I just want to make that really clear.

In addition, as you've heard, one of the key concerns about that is the additional time that it may take to offer that meeting and have that conversation.

And time is money, as we all know. But, again, I just want to point out that financial concerns and economic considerations can't be the predominant reason to make a decision about the change to the IDO.

We've heard that the comprehensive plan has a lot to say about making sure that our processes also help implement the goals and policies for preserving our heritage, for including communities in the conversations about development that happens and may affect them. And so, again, just emphasizing that those are the decision criteria for this change.

Let me stop my screen-share just for -- actually, I think I have one more thing to do show and tell.

There were some comments from people about not receiving notice for the pre-submittal neighborhood meeting. That neighborhood meeting request goes out to the neighborhood associations within a certain distance from the subject property; in this case, the VPO. And so you can see here that all the neighborhood associations that were offered that pre-submittal neighborhood meeting, which was also put on the city's website for changes associated with the IDO annual update.

Property owners get notice in the IDO for the small area applications through mailed notice. And you heard, and Commissioner Eyster has seen, 500-plus pages of 10,000 or so property owners who received mailed notice.

First edition that went out was pretty confusing. We fixed that and the second mailing that went out to those 10,000 property owners. Thanks to counsel services that helps to clarify what

that was, they took hundreds of calls, answered them all to describe kind of what this meant and how it happened.

And lastly, the post-submittal neighborhood meeting was requested by a neighborhood association, so we met with that neighborhood association.

In the IDO, anyone can request a post-submittal facilitated meeting, and that is what we responded to.

Okay. That's my show and tell. Let me just say a couple other things in my closing statement.

I just want to reiterate again that this amendment does not change any of the regulations guiding development in this area. It adds a process for the city to refer applications within this area for comment. That is the extent of the change. Otherwise, the comments that you've heard today about the tribal meeting and about additional changes, layers, time, all of that is really about the citywide amendment for tribal engagement.

And so I do have prepared a finding that would help make that clear, so that we keep this case, which is just about the VPO, which is just about the referral, to tribal entities for comments clear.

In general, those comments do not give veto power or extra appeal standing to tribal governments. As has been discussed, it helps guide context-sensitive development in the area and intended to help avoid last minute appeals from tribal government to find out after an approval and when dirt starts to move that there's something that they object to.

And, again, one more time, let me just say it, the Northwest Mesa Escarpment View Protection Overlay zone is not included in the proposal to require a pre-submittal tribal meeting.

So as they have pointed out, time is money, that is a financial consideration absolutely for these property owners, but is not one of your decision criteria for whether to move forward with requiring applications to be referred to tribal entities within the VPO.

And with that, I'll turn it over to Petra for closing

MS. MORRIS: I think Mikaela pretty much covered everything that I took notes on.

Just to cover a bit more detail on the post-submittal meeting, that meeting was requested by Santa Fe Village Neighborhood Association. When there is a post-submittal meeting requested, is it up to the person requesting it to distribute the meeting information, and so Santa Fe Village did reach out to folks and invite them to the meeting.

In addition, we had some other individuals request a post-submittal meeting, and so because I had one scheduled, I shared the information with property owners who also requested a post-submittal meeting.

And so that post-submittal meetings was for both the neighborhood association that requested it, but also property owners. And so we had about 29 people on that call.

I think Mikaela pretty much covered everything that came up in questions, but I'm available for any questions.

CHAIR SHAFFER: Commissioners, any questions for staff/applicant, since they're basically the same in this one, but not?

Commissioner Hollinger.

Oh, I thought Commissioner Hollinger raised his hand. Maybe not.

COMMISSIONER HOLLINGER: I did.

CHAIR SHAFFER: Okay. Commissioner Hollinger and then Commissioner Eyster.

COMMISSIONER HOLLINGER: Thank you, Chair.

So I have a general question. We've heard a lot of yeses, a lot of nos. The general question I have is what type of comments could we expect to see should this pass?

MS. MORRIS: Chair Shaffer, Commissioners, at this point, we don't know. It could be a variety. It could be questions about gaining access to a site for an opportunity to document what's on a site. It may involve this configuration of a site in order to avoid something that is significant. Potentially it could be a request for an archaeological survey when one isn't currently required. Right now, the threshold is five acres, and maybe if somebody has, say, a four-acre parcel, there might be a request for an archaeological survey.

Because we don't have the tribes at the table today, they don't really get an opportunity to be engaged, and so some of this is we don't know because we don't get to have those conversations at this point in time.

Mikaela has also been working on this, so she might have some extra bits to add, so I'll also defer to Mikaela.

COMMISSIONER HOLLINGER: I guess the follow-up question to that is could their potential comments impose restrictions?

MS. MORRIS: No. Their comments are for consideration for whoever is the decision maker. And the decision maker cannot request something that the IDO does not currently require or allow.

So in my example of an archaeological survey, an archaeological survey could be requested, but if it is a parcel that's under five acres, the property owner could decline that request because the IDO does not require it.

COMMISSIONER HOLLINGER: Okay. That satisfies my question. Thank you. Petra, it's nice to see you.

MS. MORRIS: You, too.

CHAIR SHAFFER: Commissioner Eyster -- oh, sorry, Ms. Renz-Whitmore.

MS. RENZ-WHITMORE: Thank you so much.

I want to emphasize one thing. If a property owner agrees with the comment, then absolutely they can include it in their application materials that are under review by the city.

what the city can't do is add a condition of approval that adds a requirement that's not already in the IDO. So these discussions

are supposed to help shape the development to better protect a cultural landscape or be more context sensitive, absolutely. But if the property owner doesn't agree, the decision maker would have no power to require that change to be made.

CHAIR SHAFFER: And, you know, I'm going to interject there real quick. Not interject in opposition to what you just said, because that's not what I wanted to do.

But what I did want to see at some point, so everyone can see it at once, can you put up a -- I know you put up the IDO sheet showing who could talk and who we already submit to. But I think an example of -- from some other case of what those comments are and how we read them and -- because we do ask those questions when, let's just say, police put in their comment saying, "Hey, you got to put up a fence, you got to put up a wall," and stuff.

So we do ask those questions in our meetings. So this would add another layer of questions that all the different entities that are seeing these staff submittals would have to ask and go through. So can you show us that?

MS. RENZ-WHITMORE: Sure. I hope I'm showing the staff report for this case.

So we have -- again, the city sends these referrals out and requests comment. And oftentimes, we don't get any comments back. And the decision makers continue.

We also send it to -- so these are all the city entities, and they're also comments from other agencies. So here, you see the county, the water utility authority, AMAFCA, APS, Mid Region Council of Governments, Middle Rio Grande, NMDOT, PNM --

CHAIR SHAFFER: Right. What I'm specifically talking about is where you see under AMAFCA, they have four comments. So those are -- you would have another line now for the tribal engagement, and they would have their sets of comments on there that are all taken into consideration, correct?

MS. RENZ-WHITMORE: Absolutely. So not necessarily another layer, but certainly another entity that you need to read their comments and consider them.

CHAIR SHAFFER: Someone else's to read now. I think you need to reiterate.

MS. RENZ-WHITMORE: Sorry. Mr. Chair, you're gone. You don't have to read anything that you don't want to.

But commissioners who remain would be reading any comments that come in from any of these tribal entities.

CHAIR SHAFFER: I think you should just reiterate again on record here that every one of these agencies have the same time line and time frame requirements to make their comments to be considered. And they can't come after the fact and say, "By the way, here's what we're now going to impose"; is that correct?

MS. RENZ-WHITMORE: That is correct.

And in the case where I think you all are very familiar, sometimes solid waste will have a comment that says, "By the way, we have rules, too, that people have to meet." That remains true. So the IDO are the land use and zoning rules, but the city has others and those will remain in place.

There are no existing regulations that a tribe might have that would apply on private property. So all we're talking about here are requests and comments that come in from a tribal government as a commenting agency that decision makers can consider but cannot condition an approval based on an additional regulation that is not already established in the IDO.

CHAIR SHAFFER: So an example of that would be, from your solid waste standpoint, solid waste has certain regulations that are within permitting process of saying you have to have a dumpster enclosure this side, drive pad, all those things. Those are in a separate area of planning, I'll just say, for ease of use.

MS. RENZ-WHITMORE: Yes.

CHAIR SHAFFER: And that's why they always put their notes on there saying: Yeah, that's great. We don't have any comments about what you're doing. However, we're going to get you at the permit level.

MS. RENZ-WHITMORE: Absolutely. However, let me just add one other thing. There's nothing that prevent the solid waste department from saying, "Yeah, we don't really have a rule about this, but it would sure make it easier to pick up that dumpster if you would move it 5 feet to the left."

CHAIR SHAFFER: Got it.

MS. RENZ-WHITMORE: And if the applicant says, "Great," and everybody's happy, it's a win/win solution, then the dumpster moves over on the site plan and that's what gets approved.

So all of these commenting agencies are thinking about what would make this development better, either from their own operational standpoint or from a public benefit, and they can ask for things outside of their regulatory structure, and it's up to the applicant to agree to that and the decision maker to say that that's reasonable.

CHAIR SHAFFER: And an example of that would be the one we heard of the building over there on Gibson, or the cell tower, where they were talking about the solid waste. You weren't part of that one, Ms. Renz-Whitmore, but we were. And that was an example of where we did make a change based on solid waste comments. But they didn't have to. But the applicant didn't have to do that, they chose to do that.

MS. RENZ-WHITMORE: That's right.

CHAIR SHAFFER: All right. Thank you. Thanks for those clarifications.

Commissioners.

COMMISSIONER EYSTER: Eyster.

CHAIR SHAFFER: Commissioner Eyster.

COMMISSIONER EYSTER: Thank you, Chair. I had a two-part question. My first one, I think you all have just addressed. If we send this forward, then tribal entities will have a status much like AMAFCA or the water utility or Middle Rio Grande Conservancy as far as being notified and having the opportunity to express positions to a deciding body like the planning commission. Do I have that right?

MS. RENZ-WHITMORE: Mr. Chair, Commissioners, yes, with one tiny no one cares about it but me. They do not receive notice. Notice is what the public gets and what is due through due process. They get a referral as a commenting agency.

COMMISSIONER EYSTER: Okay. Okay. Thank you.

MS. RENZ-WHITMORE: So this is not notice. This is a referral.

COMMISSIONER EYSTER: So the way that they are advised is different. But once they're advised, their status is similar, if not identical, to these other commenting agencies?

MS. RENZ-WHITMORE: Absolutely. The referral that they get and their position is the same as these other commenting agencies.

COMMISSIONER EYSTER: Okay. Good. Then I understand that.

And then, once they get that, if they choose to participate, then they run in parallel with all the other commenting agencies. It's not an extra period of time that comes in series or after others. It's in parallel. Have I got that right?

MS. RENZ-WHITMORE: You do. That is absolutely correct.

CHAIR SHAFFER: Thank you, Commissioner Eyster.

Now, you just made me think of another question in regard to that. Is there a weighted system in regard to these referral agencies that says, "Well, we need to consider that one a little more carefully"?

Because I think that's a lot of the fear that you have. Because we clearly have two mindsets here. Anyone who owns a property is in favor of this, and anyone -- I'm sorry, let me rephrase that. Anyone who is a current homeowner is in approval of this. Anyone who is a landowner is not in favor of this.

I don't think after reading, you know, and hearing anybody, it has nothing to do with the tribal engagement. It has nothing to do with that. But they're against it in terms of the extra layers of, I don't know if bureaucracy -- we'll say that -- or red tape that gets added if this gets approved. I think everyone is trying to narrow down what the application of that is on how much that actually is going to happen. So I think you need to win some folks over on that.

MS. RENZ-WHITMORE: Sure. Mr. Chair, Commissioners, there's no weighted system. Decision makers have the list that you've seen of all of these agencies. And if they send comments and if they show up at the hearing to make comments, you all, as decision makers, weigh those comments as you find appropriate.

The finding that you asked me to prepare, that I hope helps speak to some of the conversation we've been having, would read proposing it as a new Finding Number 4: This small area text amendment is a component of a citywide amendment for tribal engagement proposed in case number, which would require the city to refer application for development within the Northwest Mesa Escarpment View Protection Overlay zone to tribal representatives as commenting agencies. Tribal representatives would have the same time frames for comments as other commenting agencies, 15 days for decisions requiring a public hear and policy decisions. VPO-2 is not included in the proposed requirement to offer a pre-submittal tribal meeting.

CHAIR SHAFFER: Okay. I think that assuages a lot of fears.

And let me think on that, let me think about how I'm trying to get -- I told everyone else not to get in someone else's head earlier, so I'm trying not to do that either. But let's think about that. Would you leave that up on the screen for a minute, please.

MS. RENZ-WHITMORE: Absolutely.

CHAIR SHAFFER: Thank you.

Commissioner Meadows.

COMMISSIONER MEADOWS: Yeah, thank you, Chair.

I think where we've had this experience is at Mesa del Sol, where Isleta Pueblo often comments on developments happening there. Because I think in that case it's because they have -- they're an adjoining property owner, so they probably already get notice. But I think if anything that experience has shown that it's actually improved relations between the city and the tribes and the developers. And I think it's been a positive experience. So I think it would be here, as well. So thank you.

CHAIR SHAFFER: Thanks, Commissioner Meadows. You may have some opposing views on that in that it was helpful for everybody.

But yes, your assumption is correct, they're an adjacent landowner, so that's why they get -- and this is a little bit different.

And I think it's also clear again, too, the individual property rights that are outside of this, for the landowners that are against this -- I don't mean against this, I mean abutting this CPO, it doesn't change?

UNIDENTIFIED FEMALE: Hello, I'm here. I was just letting you finish.

CHAIR SHAFFER: Whoever that is, mute yourself.

All right. Thanks, Mr. Salas. You got that. I couldn't find them fast enough.

Yeah, the abutting properties, not against, the abutting properties, it doesn't change their landowner rights. And the existing things that are in the IDO that already govern those properties, if that's correct?

MS. RENZ-WHITMORE: Mr. Chair, Commissioners, that is are correct.

CHAIR SHAFFER: Okay. I'm covering these bases because I just think it needs to be on record of how this is.

So, Commissioners, any other questions?

Okay. Well, staff/applicant closing is done.

Commissioners, let's -- any questions -- I'm going to throw -- well, I've got a comment I'm going to say at the end. But go ahead, other commissioners, jump in.

COMMISSIONER HOLLINGER: Commissioner Hollinger.

CHAIR SHAFFER: Commissioner Hollinger.

COMMISSIONER HOLLINGER: Thank you, Chair.

So as I stated earlier, I think we've heard a lot of yeses and nos. After the closing, we heard from I believe that it was applicant.

I feel more comfortable in moving forward with this. I don't think it adds more red tape, as was said. I believe that it's just an additional comment and I think good can come from it.

So should the time come, I would be willing to support a recommendation of approval.

CHAIR SHAFFER: Okay. Commissioner Hollinger, thank you.

Next. Commissioner Meadows.

COMMISSIONER MEADOWS: Yeah, I'm actually surprised that we don't already do this, because, you know, tribal communities are such an important part of, you know, our surrounding area.

And anyway, I think we need to do this. And I think it actually -- in my opinion, it actually may save time and money because they're being notified early on and they have the opportunity to learn about what the development is about and express their concerns, if any.

And I think that's much better than learning about it late in the process and then trying to get involved in the process. So I think it's a better fix. So thank you.

CHAIR SHAFFER: Thank you, Commissioner Meadows.

Any other commissioners?

COMMISSIONER MACEACHEN: Chair.

CHAIR SHAFFER: Commissioner MacEachen.

COMMISSIONER MACEACHEN: So let me preface my remarks by saying I haven't made up my mind on this. I'm still trying to be open-minded about it. But there's things that stick out to me that are different.

And the tribal entities are different than the fire department and APS and different than AMAFCA and different than all that. For them to get a different -- be able to be allowed into that group when they're not the same as those groups is giving me some heartburn.

Secondly, you know, financial considerations are real. And I'm sorry, but we've already got a reputation in Albuquerque as being very difficult to develop. And I see it every week, where people come in and say, "We're not going to Albuquerque. It's too hard, takes too long. We're not going to do it."

So to add another layer of red tape so people feel better about it is sticking in my throat.

CHAIR SHAFFER: Understood. Thank you.

Other commissioners?

So I'm kind of -- I'm on the fence as well with Commissioner MacEachen, because I see -- I don't think anyone is against taking in tribal interests, but it just feels weird putting it in this process, to me. Because there's already so many -- and I brought this up last week in our meeting when we were doing the other small area rule. We already have so many protections in place for major public open space.

We already have our view protection overlays that are all around there. We also have our West Side protections that are all around there. We already have all these IDO changes that we've already made that are in place to protect these areas, and we're adding something else.

I'm going to reiterate my comment of what I said last week, it feels like we're going back to sector plans. And I think that's a horrible thing. The city did away with sector plans for the very reason that cities grow, cities move forward, that's just the way it is. I mean, that's just the cycle of life, cities move forward.

The IDO was created to do it in a responsible and correct manner and do away with all the sector plans. And it really feels like we're just adding all these layers right back in when there was a reason that they were taken out.

So I'm also on the fence, because I think a lot of this stuff that we're adding is already covered. But, anyway, I'd be interested to hear some more commentary on that.

COMMISSIONER HOLLINGER: Chair, Commissioner Hollinger.

I assume you said, "Go ahead." You're muted. But I'll fly on the other side of the fence.

CHAIR SHAFFER: I didn't want anyone to hear the dog.

COMMISSIONER HOLLINGER: I hear your comments.

To play devil's advocate, as I heard from the closing, they're a commenting agency, and those comments can be taken into consideration or not.

So in my opinion, it doesn't feel like we're adding more red tape, although I certainly hear yourself and Commissioner MacEachen's opinion about Albuquerque being challenging to develop.

In my opinion, this doesn't feel like we're adding more strain to the process. So those are my feelings.

CHAIR SHAFFER: Understood. No problem.

All right. Commissioner Meadows.

COMMISSIONER MEADOWS: Yes, so as part of -- and I'm kind of tagging on the IDO process that we've just gone through. I think we've been -- you know, while we haven't supported everything, we have been moving forward making the notice process more available to the public.

We've actually enlarged the amount of buffer or setback for notice. And I feel like that that's what we're doing here today, is we're considering making -- providing information and notice more available rather than less available. So we're keeping with

that.

Thank you.

CHAIR SHAFFER: No problem. I don't -- nothing's less, that's for sure. It's current, is what's current, so not less available. If this doesn't pass, you wouldn't have less notice. That wouldn't happen.

Commissioner Coppola. You're muted.

COMMISSIONER COPPOLA: Okay. There we go. It wouldn't let me unmute for some reason.

I just want to say I second Commissioner MacEachen's concerns and yours, as well, so that's my two cents.

CHAIR SHAFFER: Okay. Commissioner Eyster.

COMMISSIONER EYSTER: Thank you, Chair. I think all these positions that I hear from fellow commissioners are legitimate, and I respect them. I think this is one where it kind of comes down to this commission, these commissioners trying to parse the pros and cons of a proposal and trying to look at the various decision factors.

One of the decision factors is the extra work. I don't necessarily see extra time, in general, on a project. But yeah, there's extra work and there's an extra party now that you've got to talk to.

But the other side of the coin is the respect for our neighbors, respect for people who had property rights at one time and who have a culture and who we live with. And for me, that one takes just a little bit higher value and causes me to support the request.

CHAIR SHAFFER: All right. Noted.

CHAIR SHAFFER: Counsel Myers.

MR. MYERS: Thank you, Chairman Shaffer.

I just wanted to add, and I think Ms. Renz-Whitmore has made this pretty clear, but I just wanted to make sure that the commission understands that this item before you, an applicant will not have to send out any notice by themselves to any -- to a tribe or a pueblo in regard to a pre-submittal meeting. So there's nothing extra that the applicant has to do pre-submittal.

The City of Albuquerque will refer this out to a tribe and then they can comment, right?

But you guys, in the case of a decision made by the EPC, will still be the final decision-making body. There's no additional regulations put in place.

So I just wanted to make sure everyone understood that on the commission.

CHAIR SHAFFER: Thank you for that clarification. And that's kind of why we're going through with Mikaela during the -- putting her on the hot seat and making her go on record of saying that. Because people are going -- if this passes, people are going to hold city staff accountable for that. And if it doesn't pass, she's got some stuff to answer to to other people.

COMMISSIONER MACEACHEN: Chair.

CHAIR SHAFFER: Commissioner MacEachen.

COMMISSIONER MACEACHEN: And, again, I understand the legal aspect of it, and maybe there's not work for it to be done, but if we're going to listen to the people that took the time to call in, people who want to develop in Albuquerque, people who own property and development and don't want to be further burdened by more regulations, I don't see what we gain.

The tribes and the community, the native communities have every right to do the same thing all the rest of us can do. They can certainly comment on it. They have -- you know, they can send in letters, they can join our meeting, and they have every right everybody else does.

But I just worry about becoming more burdensome to the development community, to the City of Albuquerque's reputation for development. I just don't see any gain for this, and I do see downside.

CHAIR SHAFFER: So if I hear you right, what you're saying is, is that everybody, as we get 48-hour rule material from WSCONA, West Side, whoever, any neighborhood association who comes to these types of meetings and does their commentary and those are weighed in, that you feel that that's the same.

COMMISSIONER MACEACHEN: I feel the opportunity is the same.

CHAIR SHAFFER: Okay. The opportunity. That's what I meant. The opportunity is the same?

COMMISSIONER MACEACHEN: Yes.

CHAIR SHAFFER: Okay. Understood.

COMMISSIONER HOLLINGER: Commissioner Hollinger.

CHAIR SHAFFER: And I guess I'll say, you know, as you're saying that, I'm picturing how many times even today, in this exact case, what did we do, we sat here and made tick marks on our sheets saying who is in support of it and who is against it and the reasons why, so it would be no different, is what you're saying.

And we weigh those considerations based on what we hear, so they would have to come to this party, not a different party.

COMMISSIONER HOLLINGER: Chair, Hollinger.

CHAIR SHAFFER: Commissioner Hollinger.

COMMISSIONER HOLLINGER: Thank you. So I really feel for everyone's comments.

I think Commissioner MacEachen makes a really good point, that anyone can comment.

So my question is, moving forward, what are our options? We have to make some kind of recommendation to city council.

We could approve or deny, that's the first question. If we choose to deny, are we just tossing the whole thing, or do we make modifications to the findings and conditions? How do we

move forward, is the question.

CHAIR SHAFFER: Well, I'm still -- I haven't heard from Commissioner Stetson or Cruz. So I'm making my marks down right now, you know, where we're headed. And right now, I've got that list. So I'd like to hear from Stetson and Cruz.

COMMISSIONER STETSON: Chairman.

CHAIR SHAFFER: Commissioner Stetson.

COMMISSIONER STETSON: I understand the concerns, too. I appreciate the concerns from Commissioner MacEachen and yourself.

But I really don't see this as onerous. I'm satisfied with Mikaela's and Petra's responses to the concerns. So I'm going to stay in support of this. If there are more issues, then, you know, I think council -- if there's something I've missed somehow, you know, council can cope with it when it gets to them. But I'm going to -- I'm in support.

CHAIR SHAFFER: Got it.

Commissioner Cruz.

COMMISSIONER CRUZ: Right now, I'm kind of like 50/50. I've had -- there was a county project where they were involved, it was a pueblo. And the reason I say we give them the notice, is because in that circumstance, they didn't have the notice, so they fought us in the end when it came to district court. So that's why I'm for it.

But then, I'm against it, because the developers and property owners, their comment, what they had to say about it. So right now, I'd say I'm 50/50.

CHAIR SHAFFER: So I'll say that last week's meeting, the notice part got taken care of, because we added that in last week in the changes that we made to the IDO. This is strictly switching to commenting agency. So I think last week's decision takes care of your concern on the first one.

COMMISSIONER CRUZ: Yeah.

CHAIR SHAFFER: Ms. Renz-Whitmore

MS. RENZ-WHITMORE: Let me just clarify, because that's not actually true.

So what's before you today, what you will be soon taking a vote about is whether to refer applications for development within the Northwest Mesa View Protection Overlay.

If you vote no, then tribes will have -- unless they're property owners nearby, will have no way of knowing what proposed development is happening within the VPO. So they could hear about it in the way that the public can sometimes hear about it. But unless they're property owners within 100 feet, they would not hear about that.

What we did last week was to add referral for applications within 660 feet of major public open space, which would be the monument included. But only within 660 feet, not a full VPO. And we added -- with it, added a referral for 660 feet of a tribal land.

Today, you're deciding whether to add the referrals to

applications within the full VPO.

CHAIR SHAFFER: Okay. So earlier you used the statement that what we passed last week before city council was married to this one.

MS. RENZ-WHITMORE: They're compatible, they're complementary. The citywide --

CHAIR SHAFFER: Complimentary. They're not (inaudible) --

MS. RENZ-WHITMORE: The citywide one cannot make a change that only affects a small area because that has to be done quasi-judicially, hence today's hearing. The larger tribal amendment that can affect properties citywide was part of last week's package of citywide amendments.

The piece today is about whether or not to send referrals to applications within the VPO.

CHAIR SHAFFER: Got it. That part I'm aware of. But I guess what I was commenting on is that the notices portion, my understanding was that last week we added in the requirement for these entities to be noticed on upcoming projects.

MS. RENZ-WHITMORE: Mr. Chair, Commissioners, it's not notice. It's referral.

So I'm just going to share my screen again. In the same was that we looked at the referral section in the IDO, this would add referrals as commenting agencies within 660 feet of major public open space, including the monument, 660 feet of tribal land. And if you vote yes today, within the VPO-2.

CHAIR SHAFFER: Okay. Got it.

MS. RENZ-WHITMORE: This is about referring agencies, not notice.

CHAIR SHAFFER: Got it. Okay. Thank you.

Ms. Morris.

MS. MORRIS: Mr. Chair, I'll just add what you guys added last week was a pre-application meeting for tribal entities. That's not applicable to the Northwest Mesa VPO.

A pre-application meeting is not notice. The notice is a separate portion. And so it's an opportunity for a conversation. And so it was the pre-submittal tribal meeting that you added last week. And I think that might be what you're thinking of in relation to notice.

CHAIR SHAFFER: It is. And that's fine. I don't want to go too far down this path, because I know everybody's now turning on their cameras.

So we've got the correction. So thank you.

All right. Other commissioners, comments?

So what I've got on -- I have four commissioners saying they're in favor, and I have four commissioners saying, "Meh, we're not sold."

So I don't know. I just feel -- again, I just keep -- I can't get rid of this feeling of going backwards and adding more and

adding more and adding more.

So we can certainly -- that's the problem with having a balanced commission at this point, of not having a ninth member here.

COMMISSIONER MACEACHEN: Commissioner, let's call for a motion, and we'll vote on the motion and we'll see where we all are.

CHAIR SHAFFER: Okay. Well, the recommendation from staff an approval, so it would be a motion of approval or denial.

So, Ms. Jones, I see you popped on. Is there something?

MS. JONES: No. Thank you, Mr. Chair. I was just popping on in case I needed to jump on about these findings and conditions.

And just to clarify this, another voice being heard on top of Ms. Renz-Whitmore and Ms. Morris, this amendment would only add tribal nations, tribal entities as a commenting agent to EPC cases, policy cases, et cetera. That's all it's doing.

CHAIR SHAFFER: I understand. Yeah, we got that.

MS. RENZ-WHITMORE: Mr. Chair, Commissioners. I do not have alternative findings for denial ready. So should you -- what I recommend, and of course you can do what you want, what I would recommend is to let the motion for approval either pass or fail.

CHAIR SHAFFER: Got it

MS. RENZ-WHITMORE: Otherwise, you'll need to continue the case so that I can redo a policy analysis for denial and bring it back to you next month.

CHAIR SHAFFER: You didn't have that ready to go?

MS. RENZ-WHITMORE: I was pretty confident that this would go forward.

CHAIR SHAFFER: Understood. I just think that based on -- and, again, I'm going back to what Commissioner MacEachen said, there's always another seat at a different table, is how I'll characterize that. Meaning that, as we heard today, people heard about everything, people were noticed, people were not noticed.

I promise you the people that showed up in opposition weren't necessarily noticed, but they pay attention to what's coming before them through EPC, e-mail notices, through city -- I get planning updates all the time from the city, I've signed up for those, that say hey, here's what's coming down the pipe. I got the one for the comp plan that we're going to hear later, you know, saying, here it is, start reviewing this.

So I keep going back to that, that it feels like there's a lot of weight carried by public comment. Public comment in this commission takes -- it carries a lot of weight. And we impose conditions and we impose findings based on public comment all the time. So I think that that's another seat at the table for all parties, doesn't matter which party it is. All parties have a different seat at the table. Not necessarily on the front end, sometimes it's on the back end. And those changes are put into applications.

MS. RENZ-WHITMORE: Mr. Chair, Commissioner, I feel like I'd be neglectful if I didn't say, tribal nations, as sovereign entities, are different than property owners. And it's one

reason why we added them as referring agencies and commenting agencies and not just add notice for them.

CHAIR SHAFFER: Sure.

MS. RENZ-WHITMORE: These are tribal sovereign entities, and the city certainly has an interest in respecting that government-to-government relationship and adding them, in the way that we add our governmental partners, to have a voice in the development process, particularly in lands that we know they're still using for cultural landscapes. So yes, a historical interest, but also an ongoing part of their lives and culture.

So the proposal is really to be respectful, both to our neighbors, but also as a government-to-government courtesy.

CHAIR SHAFFER: And thank you for that.

I want to be real clear that I know that myself, and I can probably speak for the other commissioners who are on the fence, have no interest in having a record state that we're in opposition to that respect, because that is not the case.

I'll use an example of Mesa del Sol. Mesa del Sol, every time a case comes before us from Mesa del Sol, we listen to -- they come to our meetings and they are receiving that respect, and for those reasons that you're talking about.

So that's my point to that, is they do get the respect from this commission. They do get this respect from the city staff. They do get this respect -- and I don't want anyone to think that any of us who are on the fence of this is neglectful of that, because that's not the case.

Well, since there's four of us who are on the fence, then I would suggest that one of the commissioners who is in favor of this makes a motion, and then we can take a vote.

COMMISSIONER HOLLINGER: Chair, this is Commissioner Hollinger. I believe I'm prepared.

CHAIR SHAFFER: Go ahead.

COMMISSIONER HOLLINGER: In the matter of Agenda Item Number 2, small area text amendments to the IDO, Project Number PR-2018-001843, Case RZ-2023-00050, I move a recommendation of approval to city council subject to Findings 1 through 19, as well as proposed Finding 4 and Condition 1.

COMMISSIONER STETSON: Chair, Stetson. Second.

CHAIR SHAFFER: Okay. We have a motion and we have a second.

Is that correct on that 4? It's 1 through 19. Is 4 a rewrite, or 4 was an insert to make it 19?

MS. RENZ-WHITMORE: So, Commissioners --

CHAIR SHAFFER: I just want to make sure we have that.

MS. RENZ-WHITMORE: -- sorry, I should have probably written that differently.

So I think we just need to say 1 through 20, with a new Number 4 as read on the record.

CHAIR SHAFFER: Okay.

MS. RENZ-WHITMORE: Thank you.

CHAIR SHAFFER: That's what I wanted to make sure, because that's -- yeah.

MS. RENZ-WHITMORE: I appreciate that. Thank you.

CHAIR SHAFFER: No problem.

So we have a motion and a second. After hearing that, does your motion and second stand?

COMMISSIONER HOLLINGER: It does for me. Commissioner Hollinger.

COMMISSIONER STETSON: Yes.

CHAIR SHAFFER: All right. We'll go to the roll call vote.

Commissioner Stetson.

COMMISSIONER STETSON: Aye.

CHAIR SHAFFER: Commissioner MacEachen.

COMMISSIONER MACEACHEN: Nay.

CHAIR SHAFFER: Commissioner Eyster.

COMMISSIONER EYSTER: Eyster, aye.

CHAIR SHAFFER: Commissioner Hollinger.

COMMISSIONER HOLLINGER: Hollinger, aye.

CHAIR SHAFFER: Commissioner Cruz.

COMMISSIONER CRUZ: Commissioner Cruz is nay.

CHAIR SHAFFER: Commissioner Meadows.

COMMISSIONER MEADOWS: Commissioner Meadows, aye.

CHAIR SHAFFER: Commissioner Coppola.

COMMISSIONER COPPOLA: Coppola, nay.

CHAIR SHAFFER: Commissioner Shaffer is a nay for the reasons that I stated before. I think it's an undue process that -- when there's other processes in place. So it's a 4 to 4.

(4-4 vote. Motion denied.)

Counsel Myers, we haven't had that happen in while. So I am actually unsure where to go with that

MR. MYERS: Chairman Shaffer, so that's the same as a denial -- I mean, that's the same -- it does not pass. Okay? So I think that's the same as a -- it fails. The motion fails. Okay? And so you could rehear another motion, but that motion fails.

CHAIR SHAFFER: I wish there was some way to write this a little bit differently. Because I think it's important. I want it to pass on principle, because I agree with the commissioners who are on board with this about the fact that they have -- that we're

respecting them. And I really think it already happens. And I understand the process of this.

So, Ms. Renz-Whitmore, so what are your thoughts?

MS. RENZ-WHITMORE: Mr. Chair, Commissioners, I have listened carefully and have noted your concerns.

What I haven't heard is -- so in order to generate findings for denial, because the decision criteria is based on the comprehensive plan, I would need to go and look for goals and policies that support your decision to have this denied. And I'm asking for a little more guidance.

Is there anything else you can tell me that would help me find goals and policies that would -- clearly I --

CHAIR SHAFFER: I see what you're saying.

MS. RENZ-WHITMORE: -- (inaudible) support. So I'm a little stuck and I'm looking for guidance of how to generate comp plan goals and policies that support denial.

CHAIR SHAFFER: That makes sense. I understand what you're saying.

Ms. Jones.

MS. JONES: Thank you, Mr. Chair Shaffer and Ms. Renz-Whitmore.

I'm actually going to back up just a little bit and, hopefully, either Ms. Renz-Whitmore, you can jump in, if you have a clearer understanding of this than I do, or Mr. Myers. I'm going to actually bring up the EPC rules of conduct.

So can everybody see this screen here I have highlighted?

COMMISSIONER EYSTER: Yes.

MS. JONES: Okay. So the way that this is interpreted to me is if any motion ends in a tie, then there is opportunity to vote for a denial, deferral or continuance and move forward in that manner.

So I think at this point, the motion to approve the case failed, and so I think another motion should be given.

CHAIR SHAFFER: Oh, I gotcha. And that reads that way to me, as well.

Counsel Myers, do you agree, that the motion fails, not the -- not the project decision?

MR. MYERS: Yeah, Chairman Shaffer, that's correct. So the motion fails. Okay?

Now, if then someone was going the make a motion for denial, then you would have to have findings of facts, okay --

CHAIR SHAFFER: Gotcha.

MR. MYERS: -- to support that. So that's where Ms. Renz-Whitmore was talking about needing additional time for that.

So then, of course, you could have a motion to continue, okay,

not defer, because you've already heard it. So continue. Okay? So maybe that's where you're going if -- so I think that's probably where this is going.

CHAIR SHAFFER: Okay. Thank you both for the clarification, Ms. Jones and -- I was actually -- when he said -- when he said that earlier, I was hearing it differently, so I appreciate you bringing that up. Thank you.

COMMISSIONER MACEACHEN: Chair.

CHAIR SHAFFER: Commissioner MacEachen.

COMMISSIONER MACEACHEN: So just I understand this, so that's it clear to me, if it is continued and we have different players when it's heard again, how does that work? Just the people that heard the first one get to vote?

MR. MYERS: Chairman Shaffer, Commissioner MacEachen, so I think pursuant to the rules of conduct for the EPC, and Ms. Devon King can weigh in, as well, but I believe if you have another commissioner join up and the commissioner reads the record and watches the entire video, you know -- you know, it used to just be reads the record and comes up to speed. In this case this can also watch the Zoom hearing, okay? They then can participate and vote on the matter at a subsequent hearing.

MS. KING: And, Chair, Commissioners, this is Devon King.

I agree with Counselor Myers. I think that we would have to provide them with this record and ensure that they have watched and come up to speed on that record, and they'd probably have to make a statement as such at the next meeting just to ensure that. And at that time, they can vote.

Because I think you're right. We're cruising towards losing quite a few members that are attending today. So we would have to ensure that that is what we did.

CHAIR SHAFFER: Well, if we continued it to tomorrow, then that would happen, but no. I'm just kidding.

COMMISSIONER EYSTER: Eyster.

CHAIR SHAFFER: One second, Commissioner Eyster.

So let's be clear of who we're talking about. It's me, my position. So whoever is take taking over for me.

And I seriously doubt that Stetson and Meadows replacements are going to get through approval, LUPZ, city council all before next February's meeting. I seriously doubt that.

And I seriously -- I have concerns that Pfeiffer's replacement, even though that person has been named, is also going to get through LUPZ and city council before February. But that one might be a little more probable. And you may know more than I -- I'm sure you know more than I do about the situation of that.

So it would only be a ninth member, potentially, and then my being -- that person who replaces me being brought up to speed.

Does that sound accurate?

COMMISSIONER EYSTER: Yeah.

MS. MORRIS: Mr. Chair, I can comment on that.

Your, Mr. Chair, the D-7 EPC appointment is up on Monday night. It's been through LUPZ. That's the only appointment that will be approved in time for the February 15th hearing.

We did receive District 4 appointment on the letter of intro for Monday. But that will still need to go through LUPZ, and LUPZ is scheduled for February 15th.

And we may get other appointments at the subsequent council meeting on February 5th that would also be the February 14th LUPZ. But, again, that would not be approved in time for the February 15th.

So it is only your position that would be changed. So it would still be four commissioners -- I'm sorry, eight commissioners and not nine.

CHAIR SHAFFER: Got it. And that's pretty much what I assumed, just based on past dealings.

Commissioner Meadows.

COMMISSIONER MEADOWS: Yeah, since you brought this up, today is my last hearing. I won't be back, even though my replacement hasn't been approved. So I won't be back.

CHAIR SHAFFER: Oh, you won't. I thought you'd said you're in this thing to the end.

COMMISSIONER STETSON: I said through today, through January.

Ms. Renz-Whitmore

MS. RENZ-WHITMORE: We're checking on this, but we could also -- I'm not sure procedurally how we do it. But if you were continue this, or put a pause in it, or whatever we'd have today and give me till the end of today's hearing, I could probably work up findings in the meantime and have those before you adjourn today.

CHAIR SHAFFER: I hate throwing stuff on your plate, but it might be helpful, knowing that both of us are not going to be here in the February meeting. So if you don't mind doing that, we can continue -- I've never had to do that before. Man, I'm getting all sorts of new ones on my last day.

So we can actually continue this hearing to the end of today's hearing?

MR. MYERS: Sure.

CHAIR SHAFFER: Okay. Do we have a motion of continuance to the end of today's hearing

UNIDENTIFIED COMMISSIONER: So moved.

CHAIR SHAFFER: Do we have a second? Who's that? Eyster, did you say second?

COMMISSIONER EYSTER: I would like to pose a question, though.

CHAIR SHAFFER: Okay.

COMMISSIONER EYSTER: Ms. Renz-Whitmore said that if we were to aim toward denial, she would need some guidance.

CHAIR SHAFFER: Oh, right.

COMMISSIONER EYSTER: Then my question perhaps for Mr. Myers or Ms. King, if we get to this by 8:30 p.m., I don't know, then we tie again on denial, not sure where that leaves us, Mr. Myers, Ms. King

MR. MYERS: Commissioner Eyster, Chair Shaffer, so yeah, that would be interesting, right? Unless anyone changes their vote between now and the vote later this evening, right, it looks like it would probably still end in a tie. I guess that's not a certainty, but that would most likely happen. Okay?

So then I think we would go to the rules that were brought up. And if -- a tie is a fail, then you could move for a deferral, but a deferral doesn't make sense because you you've already heard it.

So then the continuance, so then the continuance -- if failed, you either then you would vote to continue it and it would be approved, and it would be continued. Or if you tied on that, that would be a failure. Or if it did not pass, then, I guess, the default would be it would be a denial with no findings.

And maybe in this case, that isn't the end of -- I mean, you know, because it's only -- you're making a recommendation to the city council, so you are not the final decision-making body today.

So, you know, I think maybe that wouldn't be the end of the world if all of those failed or tied. Then I guess it would be considered a denial, so it would be a recommendation of denial with no finding.

COMMISSIONER EYSTER: Right. That's exactly the way I read the rules.

CHAIR SHAFFER: So where does that leave us for this afternoon as continuing to this afternoon. Because if we're tasking Ms. Renz-Whitmore with coming up with findings for denial and we're saying no, now we don't, we just are pausing this to see if anyone changes their mind, I don't know how that helps.

COMMISSIONER EYSTER: Chair, we could continue now. If we -- although we -- we could move denial, although we don't have any findings. So maybe we can't.

But if we could move denial and it fails, continuance fails, deferral fails, then we're done. It's denied with no findings. We could do that all right now.

Except, I'm not sure we can vote on denial without findings.

MS. RENZ-WHITMORE: Mr. Chair, Commissioners, Mr. Myers, if we were to look at the findings, which I can pull up, and just take out the ones that are about the comprehensive plan, leave the others, and add a quick one, saying, based on comments from property owners who, you know, think this is too much, so there just isn't -- within the findings for denial, there isn't policy analysis, per se, as you mentioned, it's a recommendation, so largely, those findings need to be there for an appeal.

This is going on the city council. They could bring it back and would have to -- they could bring back the policies that it supports, or they could just let it go.

And I don't think the city is going to sue itself for that finding. So I guess I'm arguing against myself in saying maybe we don't need a policy analysis for a denial at this point. We can just make the findings that exist today that are findings of approval in the comp plan, and just add a quick one about the public comment and the objections, the layering and the red tape and such. How does that sound?

MR. MYERS: I think that would be -- I think that would be fine. I mean, maybe we'd like to beef it up as much as possible, right, to have some -- like you said, it sounds like the reasons we are denying is because X, right? And I think you've satisfied that, and it's not a real deep policy analysis. And put that in there and vote on it.

CHAIR SHAFFER: Okay. So did you want to do that now?

MS. RENZ-WHITMORE: Mr. Chair, how about a 10-minute recess?

CHAIR SHAFFER: We can do that.

MS. RENZ-WHITMORE: Or 30 minutes for lunch.

CHAIR SHAFFER: Yeah, let's do a 30-minute for lunch and then we'll come back. So it's 12:18, I'll call it 12:15, and we will come back at 12:45.

MS. RENZ-WHITMORE: Excellent. Thank you.

CHAIR SHAFFER: Thank you.

(Recess held.)

MS. JONES: Mr. Chair, Commissioners, it looks like Ms. Renz-Whitmore is back.

CHAIR SHAFFER: Okay. Oh, she's at the bottom. I've got to move her. Everybody got offline. And so when you got offline, it screwed up my windows here. Let me move you back. And I see Ms. Morris is back on. Awesome. So there we go. Beautiful.

So, Ms. Renz-Whitmore, there we go. Yes, ma'am.

MS. RENZ-WHITMORE: All right. Sorry about that, Commissioners. Just fast and furious on findings. So let me pull those up. I think you're going to love it. I did too good a job.

CHAIR SHAFFER: We appreciate compromises and new angles, so thank you.

MS. RENZ-WHITMORE: Okay.

COMMISSIONER MACEACHEN: And enthusiasm.

CHAIR SHAFFER: And enthusiasm.

MS. RENZ-WHITMORE: We're going on caffeine now. So you'll note in these revised findings, I did add Number 4 since it still seems true. I'm going to skip down, though.

The changes start here with the policy analysis. So note that I've said it only partially furthers, change the language to say while it's true, that it does these things. Tribal entities already have the opportunity to comment on cases in the same way as the general public, therefore, the proposed change is not

necessary, if that is what I heard from commissioners.

For 5, the request partially furthers. The first paragraph remains the same; here's the way that it furthers.

Second paragraph, property owners and developers expressed concern that this change in the process could add delays and additional development costs.

Number 4, the proposed change may not result in efficient development process and would not further this goal and policy.

Finding 11, instead of meets the review criteria, now says does not meet.

Under Criterion A, the proposed IDO text amendment only partially furthers some goals and policies. Therefore, the proposed amendment does not further a preponderance of goals and policies.

Under B, the proposed amendment does not meet Criterion B because the small area is located partially in an area of consistency, but it is not more advantage to the community because it does not further a preponderance of goals and policies.

C is not applicable.

D remains the same.

E remains the same.

Nothing changed in the next few, so I'll skip down to the new ones at the end.

Starting with 19. Public testimony from the hearing on January 18th from property owners with undeveloped land within the VPO expressed concerned that the proposed amendment would add a layer of complexity in the development process that could contribute to delays and additional development costs. The EPC find this argument compelling and does not support the proposed amendment.

20. Because the EPC is a recommending body for this text amendment for small area, the city council will be the ultimate decision maker. If city council considers adopting this amendment that EPC has approved -- you're about to approve, maybe -- a recommended condition that edits the proposed amendment to remove the 660 distance from the VPO so that only applications within the VPO will be referred to tribal representatives. This change aligns with the mailed notice provided to property owners within the VPO-2 and those within 100 feet.

That's important.

CHAIR SHAFFER: Yes.

MS. RENZ-WHITMORE: 21. On January 11th, EPC approved four conditions that changed the text of the citywide tribal engagement. And here's the case numbers and the condition numbers from the staff report. These conditions will be reflected in the revised amendment that will be submitted to city council for consideration on this small area component of the citywide (inaudible) tribal engagement amendment.

Recommendation. That a recommendation of denial be sent. The condition language you've seen before. It just now says very

weirdly, but importantly, condition for the recommendation of denial

Because this is a proposal, it's a recommendation that goes to city council for their consideration.

CHAIR SHAFFER: Got it

MS. RENZ-WHITMORE: Its consideration, I should say.

CHAIR SHAFFER: Commissioners, any questions in regard to that or thoughts?

And I'll just say really quick, Number 20 is important because it does establish what we were talking about, that it's still -- I keep using the wrong word. Not necessarily notification, but it still establishes that there's avenues to (inaudible).

COMMISSIONER EYSTER: Eyster.

CHAIR SHAFFER: Commissioner Eyster.

COMMISSIONER EYSTER: Thank you, Chair.

Ms. Renz-Whitmore, you had an early finding that talked about how tribal entities could find out about proposals and then they could comment. Which one was that?

MS. RENZ-WHITMORE: This was 4, which would remain true of the proposal.

COMMISSIONER EYSTER: Okay.

MS. RENZ-WHITMORE: So if city council were to ignore your recommendation of denial, this would remain true.

COMMISSIONER EYSTER: When you were reading one of those, and I'm not positive it was that one, yeah, it may have been more in the comp plans, but you've talked to us earlier today about a new mapping system, where individuals could go to a map and monitor. And it seems to me like that would be something that would help tribal entities, if they could just watch certain areas on that map.

MS. RENZ-WHITMORE: Mr. Chair, Commissioners, yes. I don't know how comfortable I feel adding that as a finding, but that certainly matches our conversation.

And I believe maybe what you are remembering is this one about the fact that they can -- tribal entities can comment in the same way as the general public, therefore, the proposed change is not necessary. Is that what you remember?

COMMISSIONER EYSTER: That was where it was. And if you think it belongs in there, great. If you think it doesn't, I'm good with that.

MS. RENZ-WHITMORE: As a finding of denial, I think this is reflective of the conversation for those who supported denial.

If the proposal is adopted, finding four will also be a finding of fact.

So it's splitting our brain a little bit here because you're not the ultimate decision maker, city council is. So the findings, I think it's appropriate to have them both reflect what would be

true if city council approves it and why you're finding facts that lead you to recommend denial.

COMMISSIONER EYSTER: Thank you

COMMISSIONER HOLLINGER: Chair, Commissioner Hollinger.

CHAIR SHAFFER: Commissioner Hollinger

COMMISSIONER HOLLINGER: I just want to make note that I received a comment that a tribal representative is available to speak with us, should you like to open the floor to that.

CHAIR SHAFFER: Public comment is closed, so -- I got the same message, and that's why we don't do the chat stuff.

So any other commissioners?

Well, so, I mean, I guess since -- do any of the previously -- I think this covers the comments that we had of saying, "Hey, we're saying that a lot of this exists. You can still" -- and I go back to every other meeting I've ever been a part of. We heavily weigh stakeholder input, and I think that that doesn't change with this denial, if this is approved, if this goes forward.

We do it every single time. We want that engagement, we want those comments, we want to take into consideration everybody's thoughts, views, opinions, every single time, and we do.

I know that Isleta people we've listened to several times on their changes and made them, made Mesa del Sol and everyone around them, work with them to make sure that it's a -- and even continued cases inside here. You need to work with these -- with your neighbors and make sure this is happening.

And we've actually made those conditions, as well, saying Mesa del Sol will continue to engage in meaningful development conversations with the Tribe of Isleta.

I think this honestly falls into that same category of showing up, commenting, responding, to projects that will be out there, available for development, and it goes through the same due diligence, same process.

So I like that this -- I was real leery. I don't know that I was going to support a denial that had no findings. I don't think I was going to support that. But the change in the verbiage in here I think is palatable on my end.

Any other commissioners?

COMMISSIONER STETSON: Chair.

CHAIR SHAFFER: Commissioner Stetson.

COMMISSIONER STETSON: In the spirit to move this along and given what Mikaela has come up with, I think I can support this.

CHAIR SHAFFER: Okay.

COMMISSIONER MACEACHEN: Chair.

CHAIR SHAFFER: Commissioner MacEachen.

COMMISSIONER MACEACHEN: Yeah, I like it. I think it gives good detail to the council as to what was discussed and why we had

concerns about it. And I think this will give them direction to act as they always did, whatever they want to do.

CHAIR SHAFFER: And to your point, and I'm going to use Commissioner Eyster's favorite term, Commissioner Eyster likes to tell us every time that city council is going to do what they want to do anyway.

But I think this gives the details of the concerns. It's not necessarily -- you know, they're not going to -- they don't necessarily have to take this recommendation of denial, but they can see the concerns that were brought up.

And at the end of the day, we had more nos than we did yeses in terms of public comment. So I think this reflects that. And it reflects everything that we heard today, and would entertain a motion from one of the commissioners.

COMMISSIONER HOLLINGER: Chair, since I made the last motion, I can restate that.

We are moving for approval of denial, correct?

CHAIR SHAFFER: I don't think you say it that way. I think it's just denial based on Findings 1 through 21 and Condition 1. And you have to say restated Conditions 1 through 21.

COMMISSIONER HOLLINGER: Okay. We'll give it a shot.

In the matter of Agenda Item Number 2, small text amendments to the IDO PR-2018-001843, Case RZ-2023-00050, I move for a recommendation of denial be forwarded to city council relative to Findings 1 through 21 as restated in the record, as well as Condition 1.

CHAIR SHAFFER: Thank you, Commissioner Hollinger.

Do we have a second?

COMMISSIONER MACEACHEN: Second.

CHAIR SHAFFER: Commissioner MacEachen is second. We'll go to a roll call vote.

Commissioner Stetson.

COMMISSIONER STETSON: Stetson, aye.

CHAIR SHAFFER: Commissioner MacEachen.

COMMISSIONER MACEACHEN: MacEachen, aye.

CHAIR SHAFFER: Commissioner Eyster.

COMMISSIONER EYSTER: Eyster, no.

CHAIR SHAFFER: Commissioner Hollinger.

COMMISSIONER HOLLINGER: Hollinger, aye.

CHAIR SHAFFER: Commissioner Cruz.

COMMISSIONER CRUZ: Cruz, aye.

CHAIR SHAFFER: Commissioner Meadows.

COMMISSIONER MEADOWS: Meadows, no.

CHAIR SHAFFER: Commissioner Coppola.

COMMISSIONER COPPOLA: Commissioner Coppola, aye.

CHAIR SHAFFER: Commissioner Shaffer is an aye, so it passes 6 to 2.

(6-2 vote. Motion approved.)

(Conclusion of Agenda Item 2.)

RE: CITY OF ALBUQUERQUE EPC MEETING MINUTES OF JANUARY 18, 2024, AGENDA ITEM 2

TRANSCRIPTIONIST'S AFFIRMATION

I HEREBY STATE AND AFFIRM that the foregoing is a correct transcript of an audio recording provided to me and that the transcription contains only the material audible to me from the recording and was transcribed by me to the best of my ability.

IT IS ALSO STATED AND AFFIRMED that I am neither employed by nor related to any of the parties involved in this matter other than being compensated to transcribe said recording and that I have no personal interest in the final disposition of this matter.

IT IS ALSO STATED AND AFFIRMED that my electronic signature hereto does not constitute a certification of this transcript but simply an acknowledgement that I am the person who transcribed said recording.

DATED this 27th day of February 2024.

ENVIRONMENTAL PLANNING COMMISSION
AGENDA

Thursday, January 18, 2024
8:40 a.m.

Due to COVID-19 this meeting is a Public Zoom Video Conference

Members of the public may attend via the web at this address: https://cabq.zoom.us/j/2269592859 or by calling the following number: 1 301 715 8592 and entering Meeting ID: 226 959 2859

MEMBERS
David Shaffer, Chair
Tim MacEachen, Vice Chair

Giovanni Coppola
Joseph Cruz
Gary L. Eyster P.E. (Ret.)
Jonathan R. Hollinger
Richard Meadows
Mrs. Jana Lynne Pfeiffer
Robert Stetson

****

NOTE: A LUNCH BREAK AND/OR DINNER BREAK WILL BE ANNOUNCED AS NECESSARY

Agenda items will be heard in the order specified unless changes are approved by the EPC at the beginning of the hearing; deferral and withdrawal requests (by applicants) are also reviewed at the beginning of the hearing. Applications deferred from a previous hearing are normally scheduled at the end of the agenda.

There is no set time for cases to be heard. Please be prepared to provide brief and concise testimony to the Commission if you intend to speak. **In the interest of time, presentation times are limited as follows, unless otherwise granted by the Commission Chair: Staff – 5 minutes; Applicant – 10 minutes; Public speakers – 2 minutes each. An authorized representative of a recognized neighborhood association or other organization may be granted additional time if requested. Applicants and members of the public with legal standing have a right to cross-examine other persons speaking pursuant to Article 3, Section 2D, of the EPC Rules of Practice & Procedure.**

All written materials – including petitions, legal analysis and other documents – should ordinarily be submitted at least 10 days prior to the public hearing, ensuring presentation at the EPC Study Session. The EPC strongly discourages submission of written material at the public hearing. Except in extraordinary circumstances, the EPC will not consider written materials submitted at the hearing. In the event the EPC believes that newly submitted material may influence its final decision, the application may be deferred to a subsequent hearing. Cross-examination of speakers is possible per EPC Rules of Conduct.

NOTE: ANY AGENDA ITEMS NOT HEARD BY 8:30 P.M. MAY BE DEFERRED TO ANOTHER HEARING DATE AS DETERMINED BY THE PLANNING COMMISSION.

Call to Order:

A. Pledge of Allegiance
B. Roll Call of Planning Commissioners
C. Zoom Overview
D. Announcement of Changes and/or Additions to the Agenda
E. Approval of Amended Agenda
F. Swearing in of City Staff

1. Project # PR-2023-009356
SI-2023-01631 – Site Plan - EPC

Consensus Planning, Inc., agent for the City of Albuquerque Open Space Division, requests a Site Plan – EPC for an Extraordinary Facility, for all or a portion of Tract 5, Research Park Survey, section 26 T10N R4E, located on Central Ave. NE, east of the eastern City limits, in Carnuel, east of Carmella Dr. and south of Interstate-40, containing approximately 70 acres (L-23-Z)
Staff Planners: Dustin Kiska & Megan Jones
(Continued at the November 16, 2023 EPC Hearing)

2. Project # PR-2018-001843
RZ-2023-00050 – Text Amendment to Integrated Development Ordinance (IDO) – Small Area – The Northwest Mesa Escarpment View Protection Overlay Zone – VPO-2

The City of Albuquerque Council Services Department, requests to amend the text of the Integrated Development Ordinance (IDO) regarding Tribal Engagement, which affects a small area, the Northwest Mesa Escarpment View Protection Overlay Zone – VPO-2.
Staff Planner: Mikaela Renz-Whitmore

3. Project # PR-2022-007157
RZ-2023-00048– Zoning Map Amendment (Zone Change)

Southwest, LLC, requests a zoning map amendment from R-ML to R-MH, for all or a portion of Tracts 7-11, Block 64, Terrace Addition and the North 10 ft of Gold Avenue, located at 1701 Gold Ave. SE, between Pine St. SE and University Blvd. SE, approximately 1-acre. (K-15)
Staff Planner: Seth Tinkle

4. Project # PR-2023-009663
SI-2023-01928 - Community Planning Area Assessment Report – Central ABQ CPA

Judith Gray, City of Albuquerque Planning Department, Urban Design & Development Division (UDD), presents the Community Planning Area (CPA) Assessment Report for the Central ABQ CPA, an area generally between the following boundaries: I-40 to the north, Woodward Rd. to the south, The Rio Grande to the west, and I-25 to the east., to the EPC for review and comment pursuant to IDO 14-16-6-3(E)(7).
Staff Planner: Vicente Quevedo

5. Project # PR-2023-009655
RZ-2023-00045– Zoning Map Amendment (Zone Change)

Modulus Architects & Land Use Planning, Inc., agent for Coors Investment LLC, requests a zoning map amendment from NR-BP to MX-M for all or a portion of Tract Q-3 Plat of Atrisco Business Park, Unit 4 (Replat of Tracts Q-1R and lot 1 Atrisco Business Park Unit 2) and from R-1B to

MX-M for all or a portion of the Northwesterly Triangular Portion, Lots 1-3 and Westerly Portion, Lots 4 and 5, Block L, Northern Heights Subdivision, located at 611 Coors Blvd. NW, south of Fortuna Rd and north of Los Volcanes Rd. SW, approximately 2.0 acres (J-10-Z)
Staff Planner: Catherine Heyne

6. Project # PR-2022-007518
RZ-2023-00047 – Zoning Map Amendment (Zone Change)

Modulus Architects & Land Use Planning, Inc., agent for Vientecillo LLC, requests a zoning map amendment from MX-L to R-ML, for all or a portion of Tract B-1, Plat of Tracts A-1, A-2, B-1 & C-1, Cibola Loop Subdivision, located on Cibola Loop NW, west of Coors Bypass NW and north of Ellison Dr. NW, approximately 5.2 acres (A-13-Z)
Staff Planner: Dustin Kiska

7. Project # PR-2018-001482
SI-2023-01925 - Site Plan - EPC

Tierra West, LLC, agent Riverside West, LLC, requests a new Site Plan-EPC, for all or a portion of Tract 1 of Summary Plat Land Division of West Land Development Co., included together with A Tract of land within these 1/4 SE, 1/4 SEC, 34 T10N, and R2E and a Tract of land east of Amole Del Norte Diversion Channel North of Section line of section 34 & 3, located at 2911 Ervien Ln. SW, north west of the intersection of Ervien Ln and Coors Blvd., approximately 42 acres. (M-10-Z)
Staff Planner: William Steele

Note: Item 8 will be heard no earlier than 1 pm

8. Project # PR-2023-009664
RZ-2023-00052- Amendment of Comprehensive Plan

The City of Albuquerque Council Services Department, requests an amendment to the 2017 Albuquerque/Bernalillo County Comprehensive Plan, as required, and to update previous and add new policies, actions, data, and progress made since its original adoption, affecting properties citywide.
Staff Planner: China Osborn
