1 **SIGN, ELECTRONIC MESSAGE READER BOARD (VARIABLE MESSAGE**
2 **SIGNS, ELECTRONIC MESSAGE READER).** A sign with light bulbs used to
3 display single or multiple lines of text or graphics. The horizontal columns of
4 light produce changing messages or text by programmable electronic or
5 mechanical processes. The sign can also use a fixed light source to provide a
6 message in text, graphics, photos and/or symbols appearing to move or flash.
7 Examples of electronic message boards include but are not limited to: static
8 monochrome price sign – displaying numbers only, (Example: gas stations);
9 changeable price sign – displays numbers and/or text, with alternating
10 messages against a dark background (Example: gas stations); monochrome
11 message reader board – displays text and/or limited graphics, with changing
12 messages (Example: bus stops, community centers).

13 **SIGN TRANSITION.** The visual effect and time interval between messages
14 or images displayed on an electronic display panel or electronic message
15 reader board.”

16 Section 2. The following definition for “sign, illuminated”, in Subsection 14-
17 16-1-5(B) ROA 1994, the Definitions section of the Zoning Code, is amended to
18 read as follows:

19 **“SIGN, ILLUMINATED.** Any sign which is directly lighted by any on-premise
20 electrical light source, internal or external, except light sources specifically
21 and clearly operated for the purpose of lighting the general area in which the
22 sign is located rather than upon the sign itself, including but not limited to
23 luminous tubing signs such as neon signs. All electronic signs are illuminated
24 signs.”

25 Section 3. Subsection 14-16-3-5(A) ROA 1994 is amended to read as
26 follows:

27 **“§ 14-16-3-5 GENERAL SIGN REGULATIONS.**

28 **(A) Zoning Permits, Seals of Compliance.**

29 **(1) Permit needed.** Except for signs specified under divisions (A)(7),
30 (B)(3) and (B)(4) of this section, a sign permit is required for the following
31 types of new signs:

32 **(a) All sign faces having an area greater than 40 square feet.**

33 **(b) All signs having a height in excess of eight feet.**

- 1 (c) All illuminated signs.
- 2 (d) All signs with moving elements.
- 3 (e) All free-standing and projecting on-premise signs.
- 4 (f) All portable signs. The permit for a portable sign shall
- 5 automatically become void when the number of employees of the small
- 6 business becomes ten or more. Upon request, the business owner shall
- 7 furnish documentation evidencing the number of employees of the business.
- 8 Failure to provide such evidence within 48 hours of it being requested shall
- 9 void the permit.

10 (g) A permit for a new off-premise sign will be approved only upon
11 removal of an existing off-premise sign, and support structure, of equal or
12 greater sign area. In addition, the new off-premise sign must be located on a
13 property of equivalent or more intensive zoning, e.g., a C-2 off-premise sign
14 removal can be applied to a C-2 or C-3 zone, but not to a C-1 zone.

15 (h) Changing an existing sign so that it becomes an electronic sign
16 or changing an electronic sign from an electronic message reader board sign
17 to an electronic display panel sign shall require a sign permit for a new sign.

18 (2) Permit Applications. The permit application for a new sign shall
19 contain the following:

- 20 (a) Signature of the applicant.
- 21 (b) The name and address of the sign owner and sign erector.
- 22 (c) Drawings showing the design and dimensions of the sign.

23 Standard sign structure drawings may be filed with the Planning Department
24 and referenced in permit applications.

25 (d) A drawing of the site plan or building facade indicating the
26 proposed location of the sign, and all other existing signs maintained on the
27 premises and regulated by this Zoning Code.

28 (e) For illuminated signs, a statement declaring the sign's
29 brightness, image change rate and transition time. Electronic sign
30 applications must also declare the type of software used, programming details
31 and specify how the photo cell will operate.

32 (3) Annual Permit Renewal for Electronic Signs.

[+Bracketed/Underscored Material+] - New

[+Bracketed/Underscored Material+] - New
[-Bracketed/Strikethrough Material-] - Deletion

- 1 (a) A new or renewed sign permit for an electronic sign, as
- 2 provided for in §14-16-3-5(A)(2), shall expire one year after the date of
- 3 issuance and shall be renewed annually.
- 4 (b) The City shall notify each owner of an electronic sign of the
- 5 expiration and renewal requirement and shall provide the owner with an
- 6 application form. The owner shall complete the application form, sign it and
- 7 submit an affidavit which states that, in the preceding year, either:
- 8 (i) there have been no changes to the electronic sign; or
- 9 (ii) there have been changes to the electronic sign. Any
- 10 changes shall be specified and explained in writing.
- 11 (c) The City shall review the application materials and determine
- 12 compliance with the Zoning Code.
- 13 (d) This requirement for the renewal of an electronic sign permit
- 14 shall apply to all existing electronic signs.
- 15 (4) Fees. A sign permit fee shall be charged to cover the cost of
- 16 enforcement of zoning regulations concerning signs erected after 1975 and for
- 17 the costs associated with the enforcement of zoning regulations for all
- 18 electronic signs. The fee for a sign permit shall be:
- 19 (a) \$.70 per square foot of the largest face of the sign or \$70,
- 20 whichever is more.
- 21 (b) \$1.45 per square foot of the largest face of the sign or \$145,
- 22 whichever is more, for signs erected without a permit when it has been
- 23 determined by the Zoning Enforcement Officer that the sign erector had full
- 24 knowledge of the permit requirements.
- 25 (c) For electronic signs, the fee shall be paid annually.
- 26 (d) The Planning Director may adopt by regulation an additional
- 27 fee to cover the costs associated with the inspection and enforcement of
- 28 electronic signs.
- 29 (5) Seal of Compliance. Any sign for which a permit is required shall
- 30 bear a seal of compliance. This seal shall be affixed to the sign by the Zoning
- 31 Enforcement Officer after an inspection has shown that the sign conforms to
- 32 the provisions of this Zoning Code. For electronic signs the seal shall be
- 33 effective for a one year period and shall state the permit's date of expiration. A

1 special seal of compliance (or legal nonconformance) shall be placed on legal
2 preexisting signs of types listed in division (A)(1) of this section by the Zoning
3 Enforcement Officer.

4 (6) Nullification. A sign permit shall become null and void if the work
5 for which the permit was issued has not been completed within a period of six
6 months after the date of the permit. However, a permit for the same work as
7 proposed in a permit that has become null and void may be applied for and no
8 additional fee shall be collected for new application.

9 (7) Permit Exceptions. The following operations shall not be
10 considered as creating a sign and shall not require a sign permit.

11 (a) Replacing Copy. The changing of the advertising copy or
12 message, including the interchange of sign facings, on an approved painted or
13 printed sign structure or on a marquee or similar approved sign, provided the
14 size of the sign is not changed.

15 (b) Maintenance. Painting, cleaning, and other normal
16 maintenance and repair of a sign or sign structure unless a structural change
17 is made.

18 (c) Upgrade. Improvement or upgrade of a sign, including
19 replacement, provided the size of the sign is not changed.”

20 Section 4. A new subsection 14-16-3-5(B) ROA 1994 is added to read as
21 follows and subsequent subsections are renumbered and lettered
22 appropriately:

23 “(B) Restrictions on New Off-Premise Electronic Signs.

24 (1) Limitation on New Off-Premise Electronic Signs.

25 (a) No new off-premise electronic sign shall be permitted within
26 the City except as provided in this subsection B.

27 (b) The modification of any existing off-premise sign that makes
28 the sign an electronic sign shall constitute a new electronic sign.

29 (c) Any expansion of the area of a sign that operates as an
30 electronic sign shall constitute a new electronic sign with respect to the area
31 of expansion.

32 (2) Exception for New Off-Premise Electronic Sign.

[+Bracketed/Underscored Material+] - New

[+Bracketed/Underscored Material+] - New
[-Bracketed/Strikethrough Material-] - Deletion

1 (a) A new off-premise electronic sign can be permitted if the
2 applicant can demonstrate that existing off-premise signs and support
3 structures containing at least three times the advertising area of the proposed
4 electronic sign will be permanently removed.

5 (b) The removed signs must be located on property of equivalent
6 or less intense zoning than the location of the proposed off-premise electronic
7 sign.

8 (c) Off-premise signs that have been previously removed and not
9 replaced may count as removed advertising space for the purpose of
10 permitting a new electronic off-premise sign.

11 (3) This subsection B shall not apply to any electronic sign for
12 which, prior to enactment of this subsection, an application for the sign permit
13 or for a site plan or site plan amendment to allow the sign, has been submitted
14 to the City and is pending.

15 (4) This subsection B shall not apply to the improvement,
16 upgrade, or replacement of an existing electronic sign so long as the
17 advertising space is not increased by such improvement, upgrade, or
18 replacement.”

19 Section 5. Former Subsection 14-16-3-5(B)(2) ROA 1994 is amended to
20 read as follows:

21 “(2) Prohibited Locations.

22 (a) No sign shall have its lowest point less than 12 feet above the
23 ground over public right-of-way except those signs specified in Subsections
24 14-16-3-5(F), 14-16-3-5(G) and 14-16-3-5(I) of this Zoning Code.

25 (b) No sign facing, except a wall sign or a one-square-foot
26 address sign, shall be between three and eight feet above the gutter line within
27 ten feet of a street public right-of-way line except those signs specified in
28 Subsection 14-16-3-5(F) of this Zoning Code.

29 (c) No electronic sign shall be allowed within any residential zone,
30 historic zone, historic overlay zone or state or nationally registered historic
31 district.

32 (d) No electronic sign shall be allowed within 1/8 mile (660 feet) of
33 the outer edge of the right-of-way of the following streets: Alameda Boulevard,

[+Bracketed/Underscored Material+] - New
[-Bracketed/Strikethrough Material-] - Deletion

1 Griegos Road, Rio Grande Boulevard, Unser Boulevard, and Tramway
2 Boulevard. In addition, no electronic sign shall be allowed within 1/8 mile (660
3 feet) of the outer edge of the right-of-way of Segment 3 of Coors Boulevard as
4 mapped in the Coors Corridor Plan, with the addition of the section from St.
5 Josephs Drive to Western Trail and Coors Boulevard south of Central Avenue.

6 (e) No electronic sign shall be allowed within 1/4 mile (1320 feet)
7 of the boundary of Major Public Open Spaces and/or the Petroglyph National
8 Monument.

9 (f) Subsections (c), (d) and (e) shall not apply to any electronic
10 sign existing prior to the adoption of this subsection if such sign is controlled
11 by § 42A-1-34 NMSA 1994 and if such sign was an electronic sign prior to such
12 adoption.

13 Section 6. Subsection 14-16-3-5(C) ROA 1994 is amended to read as
14 follows:

15 “(D) Regulations Applicable to Signs in or Within 40 Feet of Residential
16 Zones. The additional provisions of this section apply to all signs allowed in a
17 residential zone or within 40 feet of a residential zone. In the case of a
18 nonresidential zone within 40 feet of a residential zone, the more restrictive of
19 these regulations or the regular sign regulations in the nonresidential zone
20 shall apply.

21 (1) No portion of an illuminated sign shall have a luminance
22 greater than 200 footlamberts at night.

23 (2) Electronic signs shall not exceed an illumination level of 0.3 foot
24 candles above ambient light as measured using a foot candle meter at a preset
25 distance depending on sign area, measured as follows:

Area of Sign sq. ft.	Measurement Distance (ft.)
10	32
15	39
20	45
25	50
30	55
35	59
40	63

1 For signs with an area in square feet other than those specifically listed in the
2 above table the measurement distance may be calculated with the following
3 formula: Measurement Distance = The Square Root of the following: The Area
4 of Sign Sq. Ft. x 100.

5 (3) No sign nor part of a sign shall move, flash, or rotate. No sign
6 or any part of any sign shall change its message or picture at a rate more
7 often than once each eight seconds, with the exception of wind devices, the
8 motion of which is not restricted. No sign shall include motion of the message
9 or image. Transition between messages or images on an electronic sign shall
10 not exceed one second and shall not include any visual effects.

11 (4) No more than one sign per premises shall be illuminated, apart
12 from the general illumination of the premises, between 10:00 p.m. and 7:00
13 a.m.

14 (5) No sign shall be on the public right-of-way, except for name
15 and address signs mounted on mailboxes and signs specified in Subsections
16 14-16-3-5(F) and 14-16-3-5(I) of this Zoning Code.

17 (6) An apartment premises with five to 24 dwelling units may have
18 wall signs identifying the apartments provided the sign area on any facade
19 does not exceed 12 square feet, and the total wall sign area on any premises
20 does not exceed 30 square feet. No facade shall have more than five words
21 which contain any character equal to or exceeding four inches in height;
22 words consisting of characters all of which are less than four inches high may
23 be used without limit as to number.

1 (7) An apartment premises with more than 24 dwelling units or a
2 nonresidential premises may have signs identifying the principal uses of the
3 premises, as follows:

4 (a) Each premises may have no more than one free-standing sign
5 provided, however, that premises with more than 750 feet of public street
6 frontage may have one additional free-standing sign for each 500 feet of
7 additional frontage or fraction thereof.

8 (b) No free-standing sign shall exceed 16 feet in sign height or 24
9 square feet per sign face.

10 (c) Wall signs, provided the sign area on any facade does not
11 exceed 40 square feet and the total wall sign area on any premises does not
12 exceed 100 square feet. No facade shall have more than five words which
13 contain a character equal to or exceeding four inches in height; words
14 consisting of characters all of which are less than four inches high may be
15 used without limit as to number.

16 (8) No signs shall be erected or maintained on a house, townhouse,
17 mobile home used as a residence, or vacant land, except as permitted in
18 division (B) of this section and § 14-16-2-6(A)(2)(f) (for home occupations) of
19 this Zoning Code.

20 (9) Premises which are mobile home parks with up to 24 dwellings
21 may have signs identifying the development provided the signs are mounted
22 flush to the perimeter wall or fence and the total sign area does not exceed 30
23 square feet. There shall be no more than five words which contain any
24 character equal to or exceeding four inches in height; words consisting of
25 characters all of which are less than four inches high may be used without
26 limit as to number.

27 (10) Premises which are mobile home parks with more than 24
28 dwellings may have signs identifying the development as follows:

29 (a) Premises may have one free-standing sign at any location on
30 the site provided, however, that premises with more than 750 feet of public
31 street frontage may have one additional sign for each 500 feet of additional
32 frontage or fraction thereof. Such sign shall not exceed 16 feet in sign height
33 or 24 square feet per sign face.

1 (b) In addition to signs provided in division (a) above, premises
2 may have signs mounted flush to the perimeter wall or fence if the total of
3 such sign area does not exceed 100 square feet. There shall be no more than
4 five words which contain a character equal to or exceeding four inches in
5 height; words consisting of characters all of which are less than four inches
6 high may be used without limit as to number.

7 Section 7. A new Subsection 14-16-3-5(D) ROA 1994 is added to read as
8 follows:

9 “(D) Regulations Applicable to Electronic Signs.

10 (1) Electronic signs shall include a photo cell to control
11 brightness. Any previously permitted electronic sign shall be turned off from
12 sunset to sunrise until the sign is brought into compliance for brightness.

13 (2) No electronic sign shall move, flash, or rotate, or change its
14 message or picture at a rate more often than once each eight seconds, with
15 the exception of wind devices, the motion of which is not restricted. No sign or
16 part of a sign shall change its illumination more than once an hour.

17 (3) No sign shall include motion of the message or image.

18 Transition between messages or images on an electronic sign shall not
19 exceed one second and shall not include any visual effects.

20 (4) No more than one sign per premises shall be illuminated, apart
21 from the general illumination of the premises, between 10:00 p.m. and 7:00
22 a.m.; provided however that this provision shall not apply to signs that only
23 display gasoline prices at establishments for retail sales of gasoline, oil, and
24 liquefied petroleum.

25 (5) Illuminated signs with a 360 degree display are prohibited.

26 (6) If a premise meets the requirements for a free standing
27 electronic sign, with at least 100 feet of street frontage, then the premise is
28 prohibited from having an electronic sign that is a wall sign or canopy sign. If
29 a premise does not meet the requirements for a free standing sign, that
30 premise shall be permitted one electronic sign that can be a wall sign or
31 canopy sign.”

32 Section 8. Former Subsection 14-16-3-5(D) is redesignated as 14-16-3-5(E)
33 and is amended to read as follows:

[+Bracketed/Underscored Material+] - New
[-Bracketed/Strikethrough Material-] - Deletion

1 “(E) Regulations Applicable to Signs in Nonresidential Zones. The
2 additional provisions of this section apply to all signs not in a residential zone
3 or within 40 feet of a residential zone.

4 (1) General Illumination.

5 (a) No light bulb used to indicate time or temperature shall have a
6 rating greater than 40 watts; no reflectors shall be used in connection with
7 such bulbs.

8 (b) No portion of an illuminated sign, apart from light bulbs used to
9 indicate time or temperature, shall have a luminance greater than 320
10 footlamberts at night. Electronic signs shall include a photo cell to control
11 brightness. Any previously permitted electronic sign shall be turned off from
12 sunset to sunrise until the sign is brought into compliance on brightness.

13 (c) Electronic signs shall not exceed an illumination level of 0.3 foot
14 candles above ambient light as measured using a foot candle meter at a preset
15 distance depending on sign area, measured as follows:

Area of Sign sq. ft.	Measurement Distance (ft.)

[-Bracketed/Strikethrough Material-] - Deletion

1 formula: Measurement Distance = The Square Root of the following: The Area
2 of Sign Sq. Ft. x 100.

3 (2) Any illuminated sign, or any illuminated element of any sign, may
4 turn on or off, or change its brightness, provided that:

5 (a) Change of illumination does not produce any apparent motion
6 of the visual image, including but not limited to illusion of moving objects,
7 moving patterns or bands of light, expanding or contracting shapes, or any
8 similar effect of animation except twinkling. Transition between messages or
9 images on an electronic sign shall not exceed one second and shall not
10 include any visual effects, meaning any transitional images or changes to the
11 message before the new message appears.

12 (b) There is no continuous or sequential flashing in which more
13 than one-third of the lights are turned on or off at one time.

14 (c) The sign is not within 200 feet of a residential zone and visible
15 from such zone.

16 (3) No sign or any part of any sign may move or rotate at a rate more
17 often than once each ten seconds, or change its message or picture at a rate
18 more often than once each eight seconds, with the exception of wind devices,
19 the motion of which is not restricted.

20 (4) Religious Signs. On-premise signs consisting only of religious
21 symbols of a religious group operating an institution or place of worship may
22 be as high as 15 feet above the roof top of the principal building on the lot,
23 regardless of whether the sign is illuminated.”

24 Section 9. SEVERABILITY CLAUSE. If any section, paragraph, sentence,
25 clause, word or phrase of this ordinance is for any reason held to be invalid or
26 unenforceable by any court of competent jurisdiction, such decision shall not
27 affect the validity of the remaining provisions of this ordinance. The Council
28 hereby declares that it would have passed this ordinance and each section,
29 paragraph, sentence, clause, word or phrase thereof irrespective of any
30 provision being declared unconstitutional or otherwise invalid.
