1 CHARTER AMENDMENT PROPOSAL

2 ADOPTING A PROPOSITION TO BE SUBMITTED TO THE VOTERS AT THE  
3 NOVEMBER 5, 2019 REGULAR LOCAL ELECTION PROPOSING TO AMEND  
4 ARTICLE IV, SECTIONS 1, 2, AND 3 OF THE ALBUQUERQUE CITY CHARTER  
5 CONCERNING COUNCIL DISTRICTS

6 WHEREAS, the City Charter was amended in 1974 to establish nine City  
7 Council Districts for the City; and

8 WHEREAS, when the current nine Council District structure was  
9 established in 1974, the population of City was estimated at approximately  
10 260,000; and

11 WHEREAS, the U.S. Census estimates that as of 2017 the City's population  
12 within its municipal limits was 585,545, which represents a more than doubling  
13 of population since the City's nine Council Districts were originally  
14 established; and

15 WHEREAS, across nine U.S. cities of comparable population, the average  
16 population per City Council representative is approximately 52,986 – that is, in  
17 those cities there is approximately one city councilor for every 52,986 people;  
18 and

19 WHEREAS, in order to achieve this average ratio of Council representatives  
20 to population in Albuquerque, a total of eleven Council Districts would  
21 currently be required ( $585,545 \div 52,986 = 11.05$ ); and

22 WHEREAS, it appears that the City's political structure has not kept pace  
23 with population growth which could have the negative impact of diluting  
24 access of individuals to participate with their City government and engage  
25 their representatives; and

WHEREAS, consideration of the question as to whether additional Council Districts should be added to the City would be ideally timed at the 2019 election, which is immediately in advance of the 2020 census and the associated decennial redistricting process required by the City Charter.
