

**Notice of Decision
City Council
City of Albuquerque
August 27, 2019**

AC-19-6 Project #2018-001402/SI-2018-00171/VA-2019-00103: Thomas P. Gulley and Hessel Yntema III, Yntema Law Firm P.A., Agent for Taylor Ranch Neighborhood Association and surrounding property owners, appeal the decision of the Environmental Planning Commission (EPC) to approve a Site Plan-EPC for all or a portion of Lots 1 through 3, Block 1, Plat of West Bank Estates together with Tract A1, Lands of Suzanne H Poole, and Tracts C-1 and Lot 4-A of Plat of Tracts C-1, C-2 and Lot 4-A, Lands of Suzanne H Poole being a Replat of Tract C, Lands of Suzanne H Poole, Tract C, Annexation Plat Land in Section 25 and 36, T11N R2E, Lot 4, Block 1 West; zoned R-A, located at 5001 Namaste Road NW, between La Bienvenida Place NW and the Oxbow Open Space, containing approximately 23 acres

Decision

On August 5, 2019, by a vote of 9 FOR, 0 AGAINST, the City Council voted to remand this matter to the Environmental Planning Commission to consider issues related to clustering and open space.

On August 19, 2019, by a vote of 6 FOR, 0 AGAINST, the City Council voted to adopt the following findings in support of its decision to remand:

A. Applicable IDO Requirements:

1. The IDO defines a "Cluster Development Design" as "[a] design technique that *concentrates buildings in specific areas on a site* to allow the remaining land to be used for recreation, open space, or preservation of sensitive lands." IDO § 14-16-7-1 "Cluster Development Design" (emphasis added).
2. Pursuant to the IDO, the total number of dwelling units within a cluster – i.e. the concentration of buildings in specific areas – "shall not exceed 50, . ." IDO § 16-16-4-3(B)(2)(c).

B. Site Plan and Deficiencies:

1. The current site plan of record for this matter labeled "updated site plan - EPC" depicts a total of 76 lots and ±7.3 acres of preserved land area dedicated to common open space. **[R. 429]**
2. Although the site plan of record depicts lands preserved as common open space, its design otherwise appears reflective of a traditional subdivision layout in that it does not "concentrate buildings in specific areas" as contemplated by the "Cluster Development Design" definition, and does not depict a clear demarcation of identifiable clusters, each containing fewer than fifty lots.

3. The EPC imposed a condition number five relating to setbacks between clusters that appears to, at least in part, speak to this issue of identifiable clusters of no more than fifty-units each, but the record is insufficient to determine whether the ultimate design layout will be fully consistent with all of the cluster development requirements of the IDO pursuant to the EPC's obligation under IDO § 14-16-6-6(H)(3)(c).

C. EPC Remand Instructions

1. On remand, the EPC shall require the submission of a revised site plan for its consideration that clearly concentrates buildings in specific areas on the site, in identifiable clusters of no more than fifty lots each, and that otherwise satisfies the setback requirements of its condition number five. For purposes of setbacks between clusters, the relevant setback for each cluster shall not overlap. The minimum separation between clusters must include the combination of the relevant setback as applicable to each individual cluster.
2. On remand, the EPC shall also evaluate and issue specific findings on the proposed cluster development's satisfaction of the IDO's applicable open space requirements for cluster developments, including but not limited to the ability to count drainage easements as part of its required open space designation and how the preserved common open space reasonably relates to each identifiable cluster.
3. On remand, the EPC shall also evaluate, explain and issue a specific finding as to whether the IDO allows more than one Cluster Development on a site plan.
4. The EPC shall conduct the remand hearing within the scope of these remand instructions as a duly noticed quasi-judicial hearing in conformance with the Open Meetings Act and shall allow all interested persons and the public to submit comments by letter or electronic mail, testify, submit written evidence, present written or oral arguments, and/or cross-examine witnesses.

D. Other Matters

1. As to all other matters raised in this appeal that are not specifically remanded pursuant to the above, the recommendation and findings of the Land Use Hearing Officer (the "LUHO") are accepted and adopted. More specifically, to the extent not otherwise inconsistent with these findings for remand, the recommendation and findings of the LUHO is accepted and adopted with the exception of the recommendations and findings contained in Page 11, Line 211 through Page 17, Line 359.

Excused: Borrego, Harris, Winter

IT IS THEREFORE ORDERED THAT THIS MATTER IS REMANDED TO THE EPC
