Six proposals were received in response to the Notice of Request for Proposals.

The Administrator called the meeting to order at 9:00a.m. to review responses to the project. She reminded the Committee members of the section of the Rules and Regulations regarding lobbying and asked if anyone would like to make a motion to discuss the issue further. No motion was forthcoming.

The Administrator asked each Committee member to comment on the proposal, but to withhold giving their scores until all discussions ended. Members thanked the respondents for their interest in the project and said all proposals were good overall although some firms did not answer all the questions asked of them for the proposal. Members all agreed that any of the firms would be capable of doing a good job for the City.

The Administrator asked the Committee members to report their scores and she deleted the high scores and low scores and then totaled the proposal scores. After doing so, a tie resulted so the firm involved in the tie whose higher score was dropped, received one (1) point. After the point was added, there were no longer ties in any of the proposal scores but because the two highest scores were within 5% of each other's scores, point deductions were applied. Finally, the Committee was advised of the final scores. The Administrator stated that the proposal scores would be verified prior to submitting the Committee's recommendation to the Mayor.

Final scores reported at the meeting were as follows:

Jon Anderson Architecture	253
Lee Gamelsky	260
Mullen Heller	265
NCA Architects	210
Studio Southwest	227
Vigil & Associates	236

The Administrator informed the Committee of the following ranking of the firms based on their scores and subject to verification of Total Final Points:

Jon Anderson Architecture	253
Lee Gamelsky	260
Mullen Heller	265

The Administrator asked if any Committee member wanted to make a motion to conduct interviews. Mr. Chaplin made a motion to conduct interviews. Mr. Espinoza seconded the motion which passed.

There being no further business before the Committee, the Administrator adjourned the meeting at 9:15 a.m.
