ADOPTING TEXT AMENDMENTS TO THE INTEGRATED DEVELOPMENT ORDINANCE §14-16 FOR THE 2020 IDO ANNUAL UPDATE; INCLUDING TEXT AMENDMENTS FOR SMALL MAPPED AREAS.

WHEREAS, the City Council, the Governing Body of the City of Albuquerque, has the authority to adopt and amend plans for the physical development of areas within the planning and platting jurisdiction of the City authorized by statute, Section 3-19-3, NMSA 1978, and by its home rule powers; and

WHEREAS, the City's zoning powers are established by the City charter, in which: Article I, Incorporation and Powers, allows the City to adopt new regulatory structures and processes to implement the Albuquerque-Bernalillo County Comprehensive Plan ("Comp Plan") and help guide future legislation; Article IX, Environmental Protection, empowers the City to adopt regulations and procedures to provide for orderly and coordinated development patterns and encourage conservation and efficient use of water and other natural resources; and Article XVII, Planning, establishes the City Council as the City's ultimate planning and zoning authority; and

WHEREAS, the City Council adopted an updated Albuquerque-Bernalillo County Comprehensive Plan ("ABC Comp Plan") in 2017 via R-16-108 (Enactment No. R-2017-026), including an updated community vision that is based on a Centers and Corridors approach to

growth; and

WHEREAS, the 2017 ABC Comp Plan adopted an updated Centers and Corridors map that establishes boundaries for the Centers; designates priority for transportation modes on certain Corridors; and identifies Downtown, Urban Centers, Activity Centers, Premium Transit Corridors, Major Transit Corridors, and Main Street Corridors as the Centers and Corridors that are intended to be walkable, with a mix of residential and non-residential land uses, and with higher-density and higher-intensity uses; and

WHEREAS, the 2017 ABC Comp Plan established a hierarchy of Centers and Corridors from the most to the least walkable, mixed-use, and dense, with Downtown, Urban Centers, Premium Transit Corridors, and Main Street Corridors all intended to be highly walkable, mixed-use, and dense; and

WHEREAS, the City Council adopted the Integrated Development Ordinance (IDO) to implement Comp Plan goals and policies; and

WHEREAS, the IDO implements the ABC Comp Plan by establishing building design standards specific to Urban Centers (UC), Main Streets (MS), and Premium Transit (PT) areas; and

WHEREAS, the IDO establishes zone districts, overlay zones, allowable uses, use-specific standards, and general regulations in Parts 1 through 5 that set the bar for high-quality development that is compatible with surrounding land uses and provides appropriate transitions and buffers to lower-intensity uses nearby; procedures for review and decision of applications related to land use and development in Part 6; and definitions and acronyms in Part 7; and

WHEREAS, the IDO requires the City to submit proposed changes on an annual basis to further the implementation of the Comp Plan (§14-16-6-3); and

WHEREAS, Planning staff compiled proposed amendments that would improve the clarity and implementation of the IDO based on challenges in applying new regulations and neighborhood protections in real-world contexts with real-world projects; and

WHEREAS, other proposed amendments to IDO text would establish a new regulatory intent responding to changes in market demands for housing and business needs as well as other current trends; and

WHEREAS, the City understands that predictability of zoning and compatibility of land use and zoning are essential in order to maintain and strengthen economic value and viability for property

owners and businesses, and to ensure appropriate and adequate protections for neighboring properties; and

WHEREAS, the IDO establishes the procedure for adopting and amending small area regulations where different regulations are needed to achieve the character of development in a particular area that differs from results intended from citywide regulations; and

WHEREAS, the Planning Department submitted two applications for Amendment to IDO Text - for citywide and small areas - that met all the application requirements; and

WHEREAS, the IDO requires Amendments to IDO Text to be reviewed by the Environmental Planning Commission (EPC) and decided by City Council as the City's zoning authority (§14-16-6-7(D)); and

WHEREAS, the City provided all required notice for an Amendment to IDO Text, including publishing a legal ad in the Albuquerque Journal, mailing two representatives of each neighborhood organization registered with the Office of Neighborhood Coordination (ONC), and posting notice on the Planning Department website and on the project website; and

WHEREAS, the City provided additional notice with announcements on the Planning Department webpage, and email notice sent to approximately 10,000 subscribers to the ABC-Z project update email list on December 9, 2020 and January 29, 2021; and

WHEREAS, the Amendment to IDO Text - Citywide is to be reviewed and decided as a legislative action; and

WHEREAS, though a neighborhood meeting is not required for an Amendment to IDO Text - Citywide, Planning staff held two open houses on the proposed IDO Annual Update text amendments in 2020 to present proposed changes, respond to questions, and gather feedback; and

WHEREAS, the Amendment to IDO Text - Small Area is to be reviewed and decided as a quasi-judicial action; and

WHEREAS, offer of a neighborhood meeting is required for an Amendment to IDO Text - Small Area, and Planning staff held 2 neighborhood meetings in 2020 and also held a series of 12 public meetings and 4 open houses on the proposed small area IDO text amendments in 2019 to present proposed changes, respond to questions, and gather feedback; and

WHEREAS, the EPC found that the proposed amendments would further a preponderance of adopted City policies; and

WHEREAS, the EPC voted to send a recommendation of APPROVAL to the City Council with

findings and recommended conditions that are in the official record; and

WHEREAS, Planning staff has incorporated the proposed amendments along with the EPC recommended conditions of approval for both applications into a single redline draft for review by City Council.
