## CITY of ALBUQUERQUE TWENTY FIFTH COUNCIL

COUNCIL BILL NO. R-22-76 ENACTMENT NO. \_\_\_\_\_

SPONSORED BY: Isaac Benton, Brook Bassan, Trudy Jones

### RESOLUTION

Directing The City Administration To Develop A Pilot Program Utilizing Noise Cameras For Automated Vehicle Noise Enforcement (Bassan, Benton, Jones)

DIRECTING THE CITY ADMINISTRATION TO DEVELOP A PILOT PROGRAM UTILIZING NOISE CAMERAS FOR AUTOMATED VEHICLE NOISE ENFORCEMENT.

WHEREAS, Excessive vehicle noise due to modified exhaust systems is causing a nuisance to residents city-wide, negatively impacting the quality of life with unnecessary noise pollution; and

WHEREAS, Excessive vehicle noise is in violation of the Code of Ordinances, Vehicles Nuisance Ordinance, Section 7-10-3 (E) and New Mexico State statute 66-3-844; and

WHEREAS, New technology is available that allows cameras to capture vehicle information based on noise levels as they drive by, similar to automated speed cameras; and

WHEREAS, The City of Albuquerque has already implemented an automated mobile speed enforcement initiative to help address the issue of reckless driving and street racing and can similarly do so to combat excessive vehicle noise; and

WHEREAS, Other cities in the U.S. have piloted or implemented automated noise camera enforcement programs. These include Knoxville, TN, New York, NY, and Longmont, CO; and

WHEREAS, Noise cameras can provide the police department the ability to focus on higher-priority calls as opposed to excessive vehicle noise violations; and

WHEREAS, conducting an automated vehicle noise pilot program can provide data on the effectiveness and viability for the City to consider full implementation.

BE IT RESOLVED BY THE COUNCIL, THE GOVERNING BODY OF THE CITY OF ALBUQUERQUE:

SECTION 1. The City Administration shall develop a pilot program to utilize and evaluate noise camera technology for the automated enforcement of vehicular noise violations.

SECTION 2. The Administration shall consult and work with APD, the Department of Municipal Development, the Environmental Health Department and other departments and agencies as relevant to develop and administer the pilot program.

SECTION 3. The Administration shall report status of the program development within three months of this enactment and shall commence the pilot test program within three months thereafter.
