- 1 MEMORIAL
- 2 DECLARING SUPPORT FOR THE HOUSING AFFORDABILITY AMENDMENT TO
- 3 THE NEW MEXICO METROPOLITAN REDEVELOPMENT CODE.
- 4 WHEREAS, The City of Albuquerque is in a housing crisis; and
- 5 WHEREAS, the housing landscape and dynamics within the City of
- 6 Albuquerque have been analyzed and documented within various housing-
- 7 related reports such as the 2020 Albuquerque Affordable Housing and
- 8 Homelessness Needs Assessment, the 2023 Housing Forward ABQ report,
- 9 and the 2024 Albuquerque Region Housing Needs Assessment; and
- 10 WHEREAS, key findings in these reports point to several factors such as
- 11 affordability, cost burden, overcrowding, gaps in rental and ownership
- 12 housing, and demographic trends affecting the availability and condition of
- 13 housing. The 2024 Affordable Housing Needs Assessment reported the
- 14 following key findings:
- 15 1) Overall, all the available land for future housing is located on
- 16 the West side. If all that land develops as housing, the jobs/housing balance
- 17 will worsen, congestion at river crossings will increase, and access to
- 18 services for West Side residences will be challenging.
- 19 2) Redevelopment incentives east of the Rio Grande will be
- 20 needed to build more housing close to job centers and services.
- 21 3) Albuquerque's increasing proportion of older adults means
- 22 more small households that need smaller units or multi-family units with
- 23 nearby services.
- 24 4) 52% of all renters are cost burdened because they pay more
- 25 than 30% of their income in housing.

5) Significant subsidies are needed to make housing affordable now and into the future.

6) 41% of rental housing is Class C, signaling an aging housing stock in need of significant repair and maintenance.
