

Mayor Timothy M. Keller

CITY OF ALBUQUERQUE
Albuquerque, New Mexico
Office of the Mayor

INTER-OFFICE MEMORANDUM

February 25, 2026

TO: Klarissa J. Peña, President, City Council

FROM: Timothy M. Keller, Mayor 

SUBJECT: Presentation of FY25 Audit

Audit Presentation to Governing Body Section 2.2.2.10M.(4) NMAC of the Audit Rule states in part “Once the audit report is officially released to the agency by the state auditor (by a release letter) and the required waiting period of five calendar days has passed, unless waived by the agency in writing, the audit report shall be presented by the IPA, to a quorum of the governing authority of the agency at a meeting held in accordance with the Open Meetings Act, if applicable. This requirement only applies to agencies with a governing authority, such as a board of directors, board of county commissioners, or city council, which is subject to the Open Meetings Act...”

Furthermore, Section 2.2.2.10M.(1) NMAC states in part “The IPA shall hold an exit conference with representatives of the agency’s governing authority and top management...” Audit Resolution Requirement: Pursuant to the Office of the State Auditor requirements noted above, the New Mexico DFA, Local Government Division requires a copy of the governing body’s resolution acknowledging and accepting the Fiscal Year 2025 audit findings and management’s responses for correcting the findings.

Cover Analysis

1. What is it?

Pursuant to Section 6-6-2L NMSA 1978 and the Office of the State Auditor requirements (see excerpts below), the NM DFA Local Government Division requires a copy of the governing body's resolution acknowledging the Fiscal Year 2025 audit findings and accepting management's responses for correcting the findings. Please note this action would be most appropriate to be taken at the presentation pursuant to Section 2.2.2.10 M.(4) NMAC and the audit report is a public record, and the resolution should include acknowledgement, not acceptance, of the audit report.

2. What will this piece of legislation do?

Acknowledge the FY25 audit findings and acceptance of management's responses to correct the findings.

3. Why is this project needed?

To comply with Section 6-6-2L NMSA 1978 and Office of the State Auditor

4. How much will it cost and what is the funding source?

N/A

5. Is there a revenue source associated with this contract? If so, what level of income is projected?

N/A

6. What will happen if the project is not approved?

The City will be out of compliance with Section 6-6-2L NMSA 1978 and Office of the State Auditor

7. Is this service already provided by another entity?

N/A

FISCAL IMPACT ANALYSIS

TITLE:

INTRODUCTORY SECTION

January 12, 2026

Citizens of the City of Albuquerque, New Mexico
Honorable Mayor and Honorable members of City Council

We are pleased to submit the Annual Comprehensive Financial Report (ACFR) for the City of Albuquerque, New Mexico, for the fiscal year ended June 30, 2025. This report is prepared in accordance with New Mexico State Statute 12-6-3, NMSA 1978, which requires an annual audit of the City's financial affairs by independent public accountants.

This report was prepared by the Department of Finance and Administrative Services with support from departments across the City. City management assumes full responsibility for the completeness and accuracy of the information presented. The City maintains a system of internal controls designed to provide reasonable, rather than absolute, assurance that the financial statements are free of material misstatements. CliftonLarsonAllen LLP, Certified Public Accountants, have issued an unmodified opinion on the City's ACFR for the year ended June 30, 2025, confirming that the ACFR fairly presents the City's financial position and results of operations. The independent auditors' report is located at the front of the Financial Section.

Management's Discussion & Analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction and an analytical overview analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Additionally, CliftonLarsonAllen, LLP, audited the compliance requirements of the City's federal grant programs for the year ended June 30, 2025, as part of the federal requirements for a Single Audit under the Uniform Guidance (2 CFR Part 200) and the Single Audit Act of 1996. All information required under these provisions - including the Schedule of Expenditures of Federal Awards, auditor findings and recommendations, and the independent auditors' reports on internal controls and compliances - is included in the Single Audit and Other Supplementary Information section of this report.

Profile of the City

Albuquerque, New Mexico is the population and economic center of New Mexico. With an estimated population of 560,274 in 2023 - approximately 26.5% of the state's residents - Albuquerque ranks 32nd in population among U.S. cities. Founded in 1706, chartered in 1917 and governed under a home rule amendment since 1971, the City adopted the mayor-council form of government in 1974. The City Council consists of nine district-elected council members. As a governmental entity, the City is exempt from Federal and State income taxes.

The City provides a full range of municipal services, including public safety, transit, street and storm drainage maintenance, refuse collection, community services, and culture and recreational amenities. It operates an international airport, oversees an extensive network of parks and open spaces, and manages parking and other enterprise activities.

The ACFR of the City encompasses all organizations and activities for which the City is financially accountable, in accordance with Governmental Accounting Standards Board (GASB) criteria.

Summary of Local Economy

Albuquerque is New Mexico’s major center for commerce, technology, education, health care, and finance. The region benefits from longstanding institutions such as Sandia National Laboratories and Presbyterian Healthcare Services, along with significant new industry investment, including the expanding film and digital media sector led by Netflix. The City’s central location - at the intersection of two major interstate highways and supported by robust air and rail transportation - reinforces its position as the state’s primary economic hub.

The Albuquerque Metropolitan Statistical Area (MSA) - Bernalillo, Sandoval, Torrance, and Valencia Counties - reported a population 922,296 as of January 2023. The broader regional economy reflects a balanced public- and private-sector mix, with the major employment anchored by sectors such as higher education, K-12 institutions, federal research, defense, and health care; alongside a growing range of private industry partners across the MSA.

The region’s industry composition closely parallels national patterns, with a smaller manufacturing base and a larger proportion of government employment. New Mexico continues to pursue economic diversification to reduce reliance on fossil fuel revenues, and Albuquerque plays a central role in advancing that strategy. The City has targeted emerging and high-growth sectors including aerospace, applied energy, solar, film production, and leisure and hospitality as key areas for long-term expansion.

In fiscal year 2025, total non-farm employment grew by 1.0%, adding approximately 4,121 jobs. Detailed industry employment, growth rates, and long-term trends appear in the table below:

	<i>Employment FY/25</i>	<i>Share of FY/25 Employment</i>	<i>Growth FY/24 to FY/25</i>	<i>Compound Annual Average FY/20 - FY/25</i>
NAICS CATEGORY				
Total Nonfarm Employment (does not include military)	404.4	100%	1.0%	1.5%
Mining and Construction	27.7	6.8%	1.1%	2.6%
Manufacturing	17.1	4.2%	1.1%	1.0%
Trade, Transportation, and Utilities	68.4	16.9%	1.5%	2.5%
Information	5.2	1.3%	-4.0%	-1.6%
Financial Activities	17.9	4.4%	-0.6%	-0.4%
Aggregate of Services	188.7	46.6%	0.8%	1.8%
Professional and Business Services	36.5	9.0%	-1.3%	2.1%
Mgt. of Companies and Administration	28.3	7.0%	0.5%	-0.1%
Educational and Health Services	67.9	16.8%	2.6%	2.1%
Leisure and Hospitality	45.5	11.2%	-0.2%	2.4%
Other Services	10.5	2.6%	1.5%	2.1%
Government	79.4	19.6%	2.0%	0.6%
MILITARY	5.4	NA	-1.5%	-1.4%

Additional historic economic information is presented in the Statistical Section of this report.

Long-term Financial Planning

The City maintains a disciplined long-term financial planning framework. By policy, the General Fund must maintain an operating reserve equal to one-twelfth of the annual appropriation level - more conservative than the State’s standard requirement because it includes transfers and nonrecurring appropriations.

Each year, the City publishes a Five-Year Forecast projecting revenues and expenditures for the General Fund and the General Fund-subsidized funds. The City’s Forecasting Advisory Committee, composed of internal and external economic experts, reviews assumptions and revenue projections developed by the City Economist. Revenues are monitored monthly, and expenditures are reviewed quarterly to ensure alignment with adopted budgets and long-range goals.

Capital planning is guided by the City’s Decade Plan and its Capital Implementation Program (CIP), which underpin the biennial General Obligation bond cycle. This process ensures that major capital projects - including community facilities, public safety infrastructure, and quality-of-life amenities - are evaluated for both construction and operating impacts.

The City continues to advance performance-based budgeting for both operating and capital budgets. Annual appropriated budgets are adopted for the General Fund and designated special revenue funds and debt service funds with the exception of The Albuquerque Foundation, Special Assessments Capital Fund, Special Assessments Debt Service Fund, Robert. M. White Open Space Trust Fund and Urban Enhancement Trust Fund. Project-length budgets are used for the remaining special revenue funds and all capital project funds. Budgetary comparison schedules have been provided for all appropriated governmental funds in the financial section of this report.

Major Initiatives

Public Safety and Community Well-Being: Public safety remains the Administration’s highest priority, and the FY25 budget reflects ongoing investments in Police, Fire Rescue, Community Safety, and Health departments. Addressing homelessness, housing instability, and behavioral health needs requires a coordinated and comprehensive approach. The City continues to expand services targeting substance use disorders, mental health, domestic violence, and youth opportunity. Youth programming remains robust, including full funding for Head Start and the continued growth of the Youth Connect suite of programs.

Workforce Stability and Equity: The FY24 budget included historic recurring pay equity adjustments. In FY25, the City completed a classification and compensation study, the recommendations of which will be implemented through a multiyear phased plan. These efforts support workforce stability, competitive compensation, and long-term recruitment and retention goals.

Sustainability and Climate Action: The City continues to lead in sustainability and environmental stewardship. Albuquerque was the first city in the nation to join the Biden Administration’s Justice40 initiative, prioritizing federal investments in historically underserved communities. The FY25 budget advances the Climate Action Plan and the American Climate Cities Challenge commitments, including expanded investment in clean energy, building efficiency, and low-emission fleet transition. The General Services and Transit departments continue to replace aging vehicles and buses with alternative-fuel and higher-efficiency models, while citywide efforts to reduce carbon emissions remain a central priority.

Awards and Acknowledgments

The Government Finance Officers Association (GFOA) of the United States and Canada awarded the Certificate of Achievement for Excellence in Financial Reporting to the City of Albuquerque for its ACFR for the fiscal year ended June 30, 2024. The City also received the GFOA Distinguished Budget Presentation Award for its FY25 budget. These awards reflect the City’s ongoing commitment to high-quality financial reporting, transparency, and fiscal accountability.

We extend our sincere gratitude to the dedicated staff of the Department of Finance and Administrative Services and to fiscal teams across all City departments. We especially acknowledge the Accounting Division and the Financial Reporting Section for their stewardship of the City’s financial systems and their essential role in preparing this report.

Respectfully,

Matthew Whelan

INDEPENDENT AUDITORS' REPORT

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque
Albuquerque, New Mexico

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, the aggregate remaining fund information, and the budgetary comparison for the general fund of the City of Albuquerque, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City of Albuquerque's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Albuquerque, as of June 30, 2025, and the budgetary comparison for the general fund, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Albuquerque Housing Authority, a discretely presented component unit or the Apartments Fund, a non-major business-type fund, of the City, which represent the indicated percent of total assets and total revenues as presented in the table below, as of June 30, 2025. Those statements were audited by other auditors whose report has been furnished to us, and our opinions, insofar as it relates to the amounts included for those components, are based solely on the report of the other auditors.

Percentage Audited by Other Auditors

<u>Government-Wide</u>	<u>Total Assets</u>	<u>Total Revenues</u>
Business-type activities	2.72%	7.27%
Aggregate discretely presented component units	100%	100%
Fund Statements		
Aggregate remaining fund information	6.41%	5.36%

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Albuquerque and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Albuquerque's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of City of Albuquerque's internal control. Accordingly, no such opinion is expressed.

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about City of Albuquerque's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and the schedules of the City's proportionate share of the net pension and OPEB liabilities including the City's contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Albuquerque's basic financial statements. The combining and individual fund financial statements, other supplementary schedules, as listed in the table of contents, required by 2.2.2 NMAC, and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS by us and other auditors. In our opinion, the combining and individual fund statements, other supplementary schedules, as listed in the table of contents, required by 2.2.2 NMAC, and schedule of expenditures of federal awards, in all material respects, in relation to the basic financial statements as a whole.

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the official roster, exit conference, introductory section, and statistical section, as listed in the table of contents, but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 12, 2026, on our consideration of the City of Albuquerque's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Albuquerque's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Albuquerque's internal control over financial reporting and compliance.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2025

Management's Discussion and Analysis of the City of Albuquerque's (City) Annual Comprehensive Financial Report (ACFR) presents a narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2025. Readers are encouraged to consider the information presented here in conjunction with additional information furnished in the letter of transmittal.

FINANCIAL HIGHLIGHTS

- The City's total net position decreased by \$32.2 million during the year. The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the fiscal year by \$3.7 billion (net position). As of June 30, 2025, unrestricted net position totaled \$(731.5) million.
- As of June 30, 2025, the City's governmental funds reported combined ending fund balances of \$853.4 million. Of the total fund balance, \$55.0 million is available for spending at the City's discretion (sum of assigned and unassigned fund balance).
- As of June 30, 2025, fund balance of the General Fund was \$76.0 million. At the close of the current fiscal year, unassigned fund balance of the General Fund was \$3.2 million, or 0.4% of the total general fund expenditures of \$794.1 million.
- Net position of the City's enterprise funds increased by \$15.6 million yielding a net position of \$851.8 million as of June 30, 2025. Additional information can be found in the business-type activities section of the management discussion and analysis.
- The City's governmental activities long-term obligations, excluding current portion, increased by \$58.5 million during the current year. The key factors in this change were an increase in the pension obligation of \$45.2 million, a decrease in the claims reserve of \$11.2 million and an increase in bonds and notes payable of \$20.0 million followed by an increase in the total OPEB obligation of \$3.1 million.

OVERVIEW OF THE FINANCIAL STATEMENTS

The City's basic financial statements contain three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains supplementary information to the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The *statement of net position* presents information on all of the City's assets, deferred outflows of resources, liabilities, and deferred inflow of resources with the differences between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether or not the financial position of the City is improving or deteriorating. The *statement of activities* presents information showing how the City's net position changed during the fiscal year. In this statement, all changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned, but unused vacation and sick leave.

The government-wide financial statements distinguish functions of the City that are principally supported by tax and grant revenues (governmental activities) from other functions that recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include: general government, public safety, culture and recreation, public works, highways and streets, human services, health and welfare, and housing. The business-type activities of the City include an airport, refuse disposal services, a transit system, parking facilities, a baseball stadium, and apartments.

The Albuquerque Housing Authority (AHA) is a separate public body authorized by Section 3-45-5 NMSA 1978. The AHA is reported as a component unit of the City. The AHA financial statement report as of June 30, 2025 is available by contacting the Albuquerque Housing Authority at the following address: 1840 University Blvd SE, Albuquerque NM 87106. The AHA reported AHA Rio Vista Developer LLC and AHA Housing Development Corporation as blended component units and The Commons at Martineztown, LLLP, Broadway McKnight, LLLP, 6100 Harper, LLLP, 9000 Varanda, LLLP, and 120 La Plata, LLLP as discrete component units, see Note IV. O for additional information.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2025

Fund Financial Statements

The fund financial statements are designed to report information about groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the City are classified as: governmental funds, proprietary funds, and fiduciary funds, as described in the following sections.

Governmental funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are reported in governmental funds. Governmental fund statements focus on sources, uses, and balances of cash and other financial assets that can readily be converted to cash and that are available for spending. Such information may be useful in determining what financial resources are available in the near future to finance the City's programs. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. The City maintains several individual governmental funds organized according to their type (special revenue, debt service, capital projects, and permanent funds). Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, General Obligation (GO) Bond Debt Service Fund, LG Abatement Fund, Operating Grants Fund, Capital Acquisition Fund, and Infrastructure Tax Fund, all of which are considered major funds. Data from the remaining governmental funds are combined into a single aggregated presentation. Individual fund data for each of the nonmajor governmental funds is provided in combining statements presented as supplementary information.

The City adopts an annual appropriated budget for the General Fund. A budgetary comparison statement for the General Fund is presented in the basic financial statements section of this report. Budgetary comparison statements for the GO Bond Debt Service Fund, LG Abatement Fund, Operating Grants Fund, Capital Acquisition Fund, and Infrastructure Tax Fund are presented in the supplementary information section. In addition, the City adopts an annual appropriated budget for all nonmajor governmental funds with the exception of The Albuquerque Foundation, Special Assessments Capital Fund, Special Assessments Debt Service Fund, Robert M. White Open Space Trust Fund and Urban Enhancement Trust Fund. In certain circumstances, nonmajor governmental project funds have budgets that cross multiple years. Budgetary comparison statements for those funds are also presented in the supplementary information section.

Proprietary funds – Proprietary funds are generally used to account for services for which the City charges customers, either external customers or internal units or departments of the City. Proprietary funds provide the same type of information shown in the government-wide financial statements, only in more detail. The City adopts annual budgets for all proprietary funds with the exception of the Apartments Fund. The City maintains the following two types of proprietary funds:

- Enterprise funds – used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for the operations of the Albuquerque International Sunport (Airport), Refuse Disposal, and Transit, which are considered major funds of the City. In addition, the following nonmajor funds are reported: Apartments, Parking Facilities, and Stadium.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2025

- Internal service funds – used to report activities that provide supplies and services to other City departments and projects. These funds account for: workers' compensation, tort and other claims insurance coverage, vehicle maintenance and motor pool services, and communication services to City departments. In addition, the remaining two internal service funds account for the cost of providing various health related insurance coverages to City employees. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund statements displaying data for the internal service funds are provided in combining statements reported as supplementary information.

Fiduciary funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the City. The City maintains the following two types of fiduciary funds:

- Trust fund – The Albuquerque Pooled Other Postemployment Benefits Fiduciary Trust Fund (Albuquerque Pooled OPEB Trust Fund) has been established for the payment of nonpension postemployment benefits to retirees. The Trust Fund is used to account for resources held for the City and the Albuquerque Bernalillo County Water Utility Authority (ABCWUA). The City reports their allocable portion of the trust's net position.
- Custodial Fund – The Custodial Fund's resources are held for the benefit of individuals outside of the City and are not available to support the City's own programs. Therefore, the balances related to this fund are not reflected in the government-wide financial statements. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information (RSI)

The schedule of pension and other postemployment benefit (OPEB) contributions, schedule of proportionate share of net pension and net OPEB liability, and the notes to required supplementary information related to pension and OPEB activity are presented as required supplementary information. Additional information can be found in the notes to the basic financial statements in Note IV. K and IV.L.

Combining and Individual Fund Financial Statements and Schedules

The combining statements of nonmajor governmental funds, nonmajor enterprise funds, internal service funds, and fiduciary funds are presented immediately following the notes to the financial statements.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
 JUNE 30, 2025

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Below is a comparative analysis of government-wide data for the most recently completed fiscal year and the prior fiscal year.

	Statement of Net Position (In millions)						Total Percent Change
	Governmental Activities		Business-type Activities		Total		
	2025	2024	2025	2024	2025	2024	
Assets:							
Current and other assets	\$ 1,271.3	\$ 1,353.9	\$ 300.8	\$ 333.5	\$ 1,572.1	\$ 1,687.4	
Capital assets	3,808.6	3,702.9	818.2	774.0	4,626.9	4,476.9	
Total assets	<u>5,079.9</u>	<u>5,056.8</u>	<u>1,119.0</u>	<u>1,107.5</u>	<u>6,199.0</u>	<u>6,164.3</u>	0.6 %
Deferred outflows of resources	<u>226.9</u>	<u>233.9</u>	<u>33.8</u>	<u>31.4</u>	<u>260.7</u>	<u>265.3</u>	(1.7)%
Liabilities:							
Long-term liabilities	1,988.7	1,930.2	202.5	198.2	2,191.2	2,128.4	
Other liabilities	348.1	319.5	38.9	41.2	387.0	360.7	
Total liabilities	<u>2,336.8</u>	<u>2,249.7</u>	<u>241.4</u>	<u>239.4</u>	<u>2,578.1</u>	<u>2,489.1</u>	3.6 %
Deferred inflows of resources	<u>122.6</u>	<u>145.6</u>	<u>59.7</u>	<u>63.3</u>	<u>182.3</u>	<u>208.9</u>	(12.7)%
Net position:							
Net investment in capital assets	3,099.2	3,108.3	772.6	723.7	3,871.8	3,832.0	
Restricted	446.3	473.6	112.6	115.0	559.0	588.6	
Unrestricted	<u>(698.1)</u>	<u>(686.5)</u>	<u>(33.4)</u>	<u>(2.5)</u>	<u>(731.5)</u>	<u>(689.0)</u>	
Total net position	<u>\$ 2,847.5</u>	<u>\$ 2,895.4</u>	<u>\$ 851.8</u>	<u>\$ 836.2</u>	<u>\$ 3,699.3</u>	<u>\$ 3,731.6</u>	(0.9)%

The City's assets exceeded liabilities by \$3.7 billion at the close of the year. The City's net position reflects a net investment in capital assets (i.e. land, buildings, infrastructure, and equipment less any related outstanding debt used to acquire these assets) of \$3.9 billion. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

Although the City's investment in its capital assets is reported net of related debt, resources needed to pay this debt must come from other sources since capital assets cannot be liquidated for these liabilities. Restricted net position in the amount of \$559.0 million represents resources that are subject to external restrictions on how they may be used. Unrestricted net position was affected by the implementation of GASB 68 and GASB 75, which required state and local governments to report the liabilities associated with pensions and OPEB. It could result in available balances creating negative unrestricted net position.

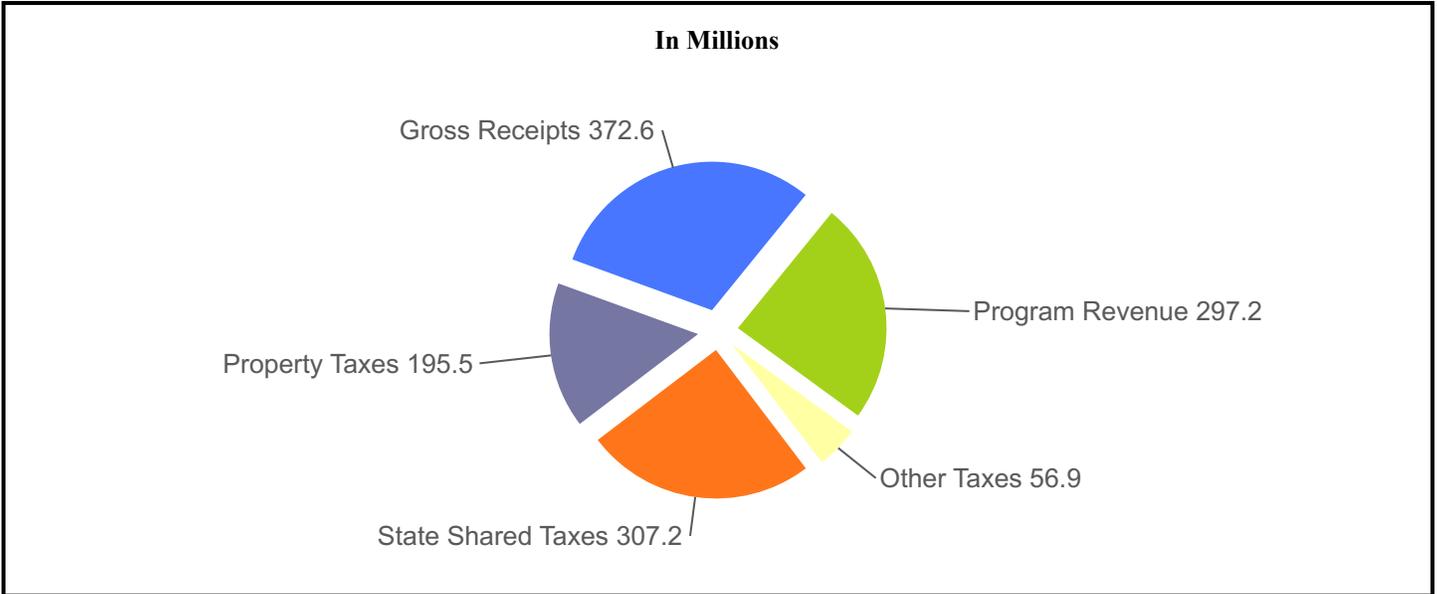

The City's net position decreased by \$32.2 million during the current fiscal year. The decrease in net position is explained in the governmental and business-type activities discussion.

Governmental Expenditures by Function

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS

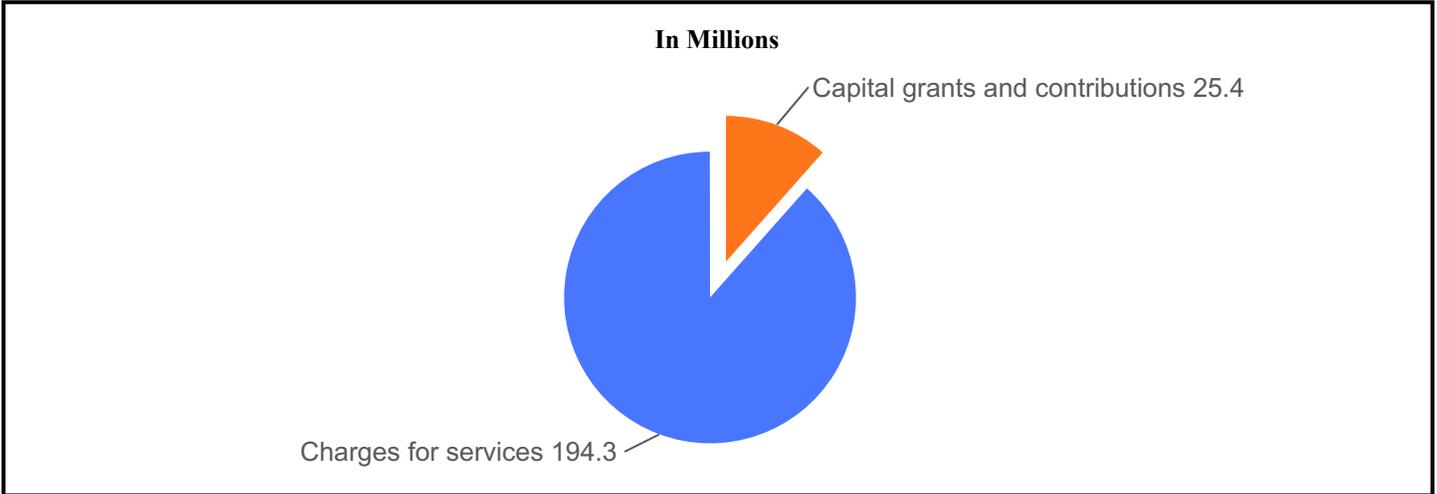

JUNE 30, 2025

Governmental activities – Governmental activities decreased the City's net position by \$47.9 million. Governmental activities revenue increased by \$47.5 million or 3.8% from \$1,239.0 million in fiscal year 2024 to \$1,286.5 million in fiscal year 2025. Key elements in the change of the City's governmental activities revenues and expenditures are as follows:

- Gross receipts tax (GRT) revenue and state shared taxes and fees, which together account for approximately 52.8% of the City's governmental activities revenue, increased by \$22.2 million, from \$657.6 million to \$679.8 million, or by 3.4% from prior year.
- Property taxes, which account for approximately 15.2% of the City's governmental activities revenues, increased by \$8.8 million from \$186.7 million in fiscal year 2024 to \$195.5 million.
- Program revenues, totaling \$297.2 million, increased by \$21.2 million compared to fiscal year 2024. Charges for services increased by \$20.3 million primarily due to the recovery from the COVID19 pandemic. Operating and capital grants and contributions decreased by \$(1.1) million due to expiration and completion of the COVID19 related grants for the City.
- Grants, investments, and other revenues decreased to \$(6.4) million mainly due to the decreased collections of Opioid Settlement revenues in 2025 and the resulting decrease in the deferred inflows related to the long term settlements.
- Other taxes such as franchise, hospitality, lodgers', and payments in lieu of taxes (PILOT) increased slightly to \$56.9 million from fiscal year 2024 to fiscal year 2025. More detail comparison of other taxes can be found on Schedule 3 in the Statistical Section of this report.
- Governmental activities expenditures increased by \$144.1 million from \$1,141.6 million in fiscal year 2024 to \$1,285.7 million in fiscal year 2025. Expense generally increased across all purposes, but particularly increased in the Public Safety, Public Works, and Culture and Recreation purposes. The Public Safety purpose increase was due to increased focus and initiatives necessary to combat and deter crime. The Public Works purpose increase was due to multiple efforts to rehabilitate, resurface, and repave infrastructure throughout the City. Finally, the Culture and Recreation purpose increased due to various completed capital improvements related to various expansions at the ABQ BioPark Zoo.

Business-type Activities Revenues by Source

*Zero Data, Other Revenues

Business-type Activities Expenses

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2025

Business-type activities – Business-type activities decreased the City's net position by \$33.0 million in fiscal year 2025 before transfers of \$48.6 million. Business-type activities revenues decreased \$14.5 million from \$262.2 million in fiscal year 2024 to \$247.7 million in fiscal year 2025, or by 5.5%. Charges for services increased by \$2.5 million, capital grants and contributions decreased by \$32.4 million to \$25.4 million and grants, investment income and other increased by \$15.4 million to \$28.0 million. Key factors for the changes in the business-type activities net position and revenues are explained below:

- The Airport Fund had an increase in net position of \$18.3 million in fiscal year 2025. The charges for services remained relatively consistent, decreasing slightly from \$71.0 million in fiscal year 2024 to \$70.0 million in fiscal year 2025. This coincided with an increase in passenger and customer facilities charges from \$10.1 million in fiscal year 2024 to \$13.3 million in fiscal year 2025 due to the recategorization of rental car customer facility charges out of charges for services and in to non-operating revenues. Operating expenses increased from \$83.3 million in fiscal year 2024 to \$87.4 million in fiscal year 2025, and capital contributions increased from \$15.9 million in fiscal year 2024 to \$16.4 million in fiscal year 2025. The expenditure increase was primarily due to an increase in salaries and benefits and fuel, repairs and maintenance of the airport.
- The Refuse Disposal Fund had a decrease in net position of \$8.1 million in fiscal year 2025. Charges for services increased by \$2.0 million. Total operating expenses increased by \$3.6 million caused primarily by an increase in salaries and benefits expense.
- The Transit Fund had a decrease in net position of \$6.5 million in fiscal year 2025. Charges for services increased slightly from \$8.2 million in fiscal year 2024 to \$8.4 million in fiscal year 2025. This was due to an increase in revenue from another governmental agency. Operating expenses remained consistent, increasing by \$0.8 million from \$76.4 million in 2024 to \$77.2 million in 2025. the primary cause for the decrease to net position is a reduction in federal grant revenues.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

Governmental funds – The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the City's financing requirements. In particular, assigned and unassigned fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. At the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$853.4 million, a decrease of \$100.7 million in comparison with the prior year. Of the total balance at year-end, \$687 million is restricted fund balance, which primarily consists of funds reserved for capital projects and improvements. \$18.1 million is nonspendable, which relates almost entirely to permanent fund cash and cash equivalents.

Revenues of governmental funds overall totaled approximately \$1,283.5 million in the fiscal year ended June 30, 2025, which represents an increase of \$55.5 million from the previous year total of \$1,227.9 million. The primary reasons are as follows: GRT revenue increased by \$12.4 million, state shared tax revenue increased by \$9.8 million and property tax revenue increased by \$8.8 million. Total expenditures for the year increased as well driven primarily by inflation, investment in capital assets and improvements, and increased hiring in a effort to reach pre-pandemic employment levels.

General Fund – This fund is the City's chief operating fund. At the end of the current fiscal year, the total unassigned fund balance was \$3.2 million. The net change in fund balance for the current fiscal year was an decrease of \$19.8 million. The total revenues of \$826.7 million for the current fiscal year was an increase of \$39.1 million from the previous fiscal year. The overall increase in revenue is attributed primarily to an increase in GRT and state shared taxes of \$17.0 million. Total expenditures of \$794.1 million represents an increase of \$12.7 million from the previous year. Increases in expenditures were attributed to an increase in public safety of \$15.2 million, an increase in general government of \$4.9 million and a increase in highways and streets of \$1.3 million. Increases in expenditures are driven primarily by inflation and increased hiring in an effort to expand public safety positions and reach pre-pandemic employment levels. Please refer to the General Fund budgetary highlights for an analysis with respect to budgets.

General Obligation Bond Debt Service Fund – This fund is used to accumulate resources for the repayment of the City's GO bonds. GO bonds are backed by the full faith and credit of the City and may be used to finance any capital improvement approved by the voters. GO bonds may be redeemed by any regular City funding but, by policy, are generally redeemed by property taxes paid to the City. Fund balance in the City's General Obligation Bond Debt Service Fund increased by \$26.2 million in fiscal year 2025 driven primarily by an increase in property tax revenue, which grew as a result of an average increase of approximately 5.1% in the median home prices (thus increasing the taxable property value), driven by increased local real estate market values in line with overall economic conditions in the US.

**CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS**

JUNE 30, 2025

LG Abatement Fund - The determining factor in the LG Abatement Fund qualifying as a major fund in fiscal year 2025 continues to be the total amount of assets. The funds assets at June 30, 2025 totaled \$72.1 million and consist of the following; cash and investments of \$24.4 million and accounts receivable of \$47.7 million. The large accounts receivable balance is attributed to multiple settlement agreements with various pharmaceutical companies (i.e. Cardinal, McKesson, AmerisourceBergen, Johnson & Johnson, Teva, etc.) for opioid abatement, which restrict the use of the funds to certain purposes.

Operating Grants Fund - This fund is used to account for various federal and state agency grants. The ending balances at June 30, 2025 consisted of the following; assets of \$25.6 million, liabilities of \$18.8 million, revenues \$58.9 million and expenditures \$75.1 million. Of the total amount of revenues, \$37.6 million represents federal grants and \$19.2 million represents state and other grants. With the winding down of CARES Act and ARPA funding, this fund no longer qualifies as a major fund as of the end of the current fiscal year but management has elected to continue to present it as major because of efforts to increase grant funding in the future.

Capital Acquisition Fund - This fund is used to accumulate resources for the acquisition of capital assets. Capital assets consists of tangible property with a life beyond a one year budget cycle. Land, buildings and building improvements, infrastructure, land improvements, vehicles, and equipment, as well as the services required to build or install these assets, may be classified as capital. The Capital Acquisition Fund is primarily funded by bond proceeds, but recurring and non-recurring revenue may be used. Major capital improvements for the City are funded primarily with general obligation and enterprise fund revenue bonds. In many cases, these bond funds are matched with federal and/or state contributions and private assessments. During fiscal year 2025, the Capital Acquisition Fund's fund balance decreased by \$106.4 million from \$473.3 million in fiscal year 2024 to \$366.9 million in fiscal year 2025. The decrease in fund balance is attributed to an increase of expenditures of \$122.0 million when compared to the prior year, of which \$54.8 million was directly related to an increase in capital.

Infrastructure Tax Fund - This fund finances capital projects funded primarily by municipal infrastructure gross receipts tax. The ending balances at June 30, 2025 were the following: assets of \$122.9 million, liabilities of \$12.8 million, revenues of \$65.8 million and expenditures \$43.3 million. Fund balance decreased by \$(4.3) million for 2025 primarily due to expenditures related to street and roadway improvements.

Enterprise Funds - The City's enterprise funds provide the same type of information presented in the government-wide financial statements business-type activities, but in more detail. Unrestricted net position was previously affected by the implementation of the GASB's pension and OPEB standards. At the end of fiscal year 2025, the unrestricted net position (deficit) is as follows (in millions):

Airport Fund	\$	41.6
Refuse Disposal Fund		(49.3)
Transit Fund		(26.6)
Nonmajor enterprise funds		0.9
Total	<u>\$</u>	<u>(33.4)</u>

Internal Service Funds - Internal service funds are used to account for certain governmental activities and had an unrestricted net position (deficit) of \$8.7 million in fiscal year 2025 as compared to \$(3.7) million in fiscal year 2024. Unrestricted net position in internal service funds increased due to the decrease in long-term claims liability adjustment expense.

Fiduciary Funds - There are two types of fiduciary funds the City uses to account for resources held for the benefit of others. The City's Custodial Fund is used by the City to account for funds held for third parties. The Albuquerque Pooled OPEB Trust Fund is used by the City and the ABCWUA to account for funds held in an irrevocable trust for the other postemployment benefits relating to life insurance benefits for retirees. The Albuquerque Pooled OPEB Trust Plan issues a separate report that can be obtained from the DFAS Accounting Division at: PO Box 1293, Room 8010, 8th floor, Albuquerque, NM 87103.

Budgetary Highlights - The fiscal year 2025 approved operating budget was \$1,399.2 million after interfund eliminations. The General Fund portion was \$851.2 million. The fiscal year 2025 budget was 0.1% or \$1.1 million above the fiscal year 2024 estimated actual. GRT, as measured by the state shared distribution, is expected to grow by 1.8%, which indicates that inflation will be a declining issue of concern.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
 JUNE 30, 2025

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets – The City's capital assets of governmental and business-type activities as of June 30, 2025, total \$4.63 billion, net of accumulated depreciation. The increase in capital assets in the current fiscal year was \$150.1 million, or 3.4%. Additional information pertaining to capital assets can be found in the notes to the financial statements in note C.

Capital assets are summarized as follows (in millions):

	Governmental Activities		Business-type Activities		Total	
	2025	2024	2025	2024	2025	2024
Land	\$ 379.7	\$ 358.0	\$ 72.2	\$ 63.3	\$ 451.9	\$ 421.3
Right of way	1,145.5	1,145.5	—	—	1,145.5	1,145.5
Intangibles	—	—	11.9	12.6	11.9	12.6
Buildings	503.3	408.2	265.3	261.8	768.6	670.0
Right-to-use buildings	5.3	6.0	—	—	5.3	6.0
Runways	—	—	98.3	99.7	98.3	99.7
Improvements	426.2	312.3	51.1	61.3	477.3	373.6
Equipment	56.7	58.3	70.5	60.2	127.2	118.5
Right-to-use equipment	0.4	0.2	—	—	0.4	0.2
Right-to-use SBITA	2.8	1.2	0.1	—	2.9	1.2
Infrastructure	1,145.6	1,179.0	105.8	109.6	1,251.4	1,288.6
Construction in progress	143.2	234.0	143.0	105.6	286.2	339.6
Total	<u>\$ 3,808.7</u>	<u>\$ 3,702.7</u>	<u>\$ 818.2</u>	<u>\$ 774.1</u>	<u>\$ 4,626.9</u>	<u>\$ 4,476.8</u>

Governmental activities - In fiscal year 2025, capital assets increased by \$106.0 million after the recording of depreciation. The increase primarily comes from buildings, land improvements, and infrastructure.

Business-type activities – In fiscal year 2025, business-type activities increased capital assets by \$44.1 million after the recording of depreciation. The increase primarily comes from equipment and construction in progress.

Lessee

The City is a lessee for noncancellable leases of equipment, buildings and SBITA. The City recognizes a lease liability and an intangible right-to-use lease asset in the applicable governmental or business-type activities in the government-wide and in the proprietary fund financial statements. The City recognizes lease liabilities with an initial, individual value that meets or exceeds the current capitalization policy.

Lessor

The City is a lessor for noncancellable leases of buildings and land. The City recognizes a lease receivable and a deferred inflow of resources in the applicable governmental activities or business-type activities in the government-wide and in the governmental and proprietary fund financial statements.

Debt Administration – At the end of the current fiscal year, the City's governmental activities had a total of \$2.0 billion in long-term obligations. Total bonded debt is \$811.8 million. Net pension liability increased by \$45.2 million in 2025 to \$950.1 million. The net OPEB obligation increased by \$3.1 million. The remaining debt is for loans, accrued vacation and sick leave pay, and claims payable. For more detail on debt administration refer to footnote F. Long-Term Obligations.

**CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS**

JUNE 30, 2025

The ratings on the City's uninsured General Obligation Bonds and Gross Receipts Tax Bonds for fiscal year 2025 are as follows:

Credit	Bond Ratings	
	S & P	Fitch
General Obligation Bonds	AAA	AA
Gross Receipts Tax Revenue Bonds	AAA	AA
Refuse Removal & Disposal Revenue Bonds	AA	Not rated

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The City's gross receipts tax (GRT) is greatly impacted by the underlying growth in the local and national economy.

In fiscal year 2025, GRT represented 70.0% of the total General Fund revenues.

Albuquerque GRT revenues recorded to the General Fund increased in 2025 by \$9.5 million over fiscal year 2024, reflecting continued strong employment and consumer demand despite higher interest rates and inflationary pressures.

Expected GRT growth (based on the State Shared 1.225%) for fiscal year 2026 is 1.9%, with total GRT growing at 2.9%, primarily due to concerns about inflation, uncertain federal policy changes and international conflicts.

Total General Fund revenue for fiscal year 2026 is expected to grow 4.8% over fiscal year 2025, or about \$39.7 million. However, final fiscal year 2025 revenues will impact expectations for fiscal year 2026, which will be revised at the Five-Year Forecast.

CITY OF ALBUQUERQUE, NEW MEXICO
RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
JUNE 30, 2025

Total fund balances of governmental funds	\$	853,397,041
Capital assets in governmental activities are not current financial resources and therefore are not reported in the funds (excluding internal service assets).		3,808,201,949
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds (Note II.A).		(1,988,364,296)
Internal service funds are used by the City to charge the cost of these funds to their primary users - governmental and enterprise funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.		7,077,044
Deferred outflows of resources are not current financial resources and therefore are not reported in the funds. Deferred outflows are related to gain/loss on refunding, pensions and OPEB (Note II.A).		226,890,021
Deferred inflows related to taxes receivable, special assessments, opioid settlements and developer loans are reported in the funds but not in governmental activities in the statement of net position. Deferred inflows related to pensions and OPEB are not available to pay for current period expenditures and therefore are not reported in the funds (Note II.A).		(59,726,861)

CITY OF ALBUQUERQUE, NEW MEXICO
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES -
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2025

Net change in fund balances - total governmental funds	\$	(100,668,561)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of capital assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period (Note II.B).		105,881,677
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on the statement of activities. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items (Note II.B).		(28,277,590)
Internal service funds are used by the City to charge their cost to individual funds. The net revenue (expense) of internal service funds is reported within governmental activities.		12,333,197
Taxes earned during the fiscal year but received more than sixty days after the end of the fiscal year as well as developer loans, opioid settlements, leases and special assessments are reported as deferred inflows in the funds but in the statement of activities they are reported		(887,189)
The change in liability for compensated absences that is reported as an expense in the statement of activities does not require the use of current financial resources and therefore is not reported as expenditures in governmental funds.		(3,665,802)
The changes in the City OPEB and pension liabilities, which are reported as expenses in the statement of activities, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds (Note II.B).		(32,620,515)
Change in net position of governmental activities	<u>\$</u>	<u>(47,904,783)</u>

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

I. Summary of Significant Accounting Policies

The financial statements of the City of Albuquerque, New Mexico (City) and its component unit have been prepared in conformity with generally accepted accounting principles as applied to governmental entities.

A. Reporting entity

The City of Albuquerque was founded in 1706, chartered as a town in 1885, and organized under territorial law as a city in 1891. The City became a charter city in 1917 and the voters approved a home rule amendment to the charter in 1971. In 1974, the electorate voted to establish a mayor-council form of government; the City Council consists of nine council members elected from districts. As a governmental entity, the City is not subject to federal or state income taxes.

The accompanying financial statements present the City's primary government (funds, programs, and departments). A primary government may be financially accountable for legally separate organizations if its elected officials appoint a voting majority of an organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

The Albuquerque Housing Authority (AHA) is a separate public body authorized by Section 3-45-5 NMSA 1978. The AHA is discretely presented in the component unit column of the government-wide financial statements. The City's Mayor has the power to appoint the members of AHA's governing board and to rescind AHA's power to operate as a public housing authority; therefore, the City has the potential to impose its will. The AHA, however, poses no financial benefit or burden to the City due to the fact that the AHA is legally separate from the City but still financially accountable to the City. The City has elected to present the financial information related to AHA as a discretely presented component unit due to the fact that AHA provides services to residents of the City, rather than to the City itself. AHA reports two blended component units made up of housing development partners. Information about the blended component units of the AHA can be found in Note IV.O. Audited financial statements for AHA may be requested by contacting AHA at the following address: 1840 University Blvd SE, Albuquerque NM 87106.

The Albuquerque Foundation (TAF) is a separate public body and is presented as a blended component unit in the nonmajor governmental fund financial statements. The City's Mayor has the power to appoint the members of TAF's governing board; therefore, the City has the potential to impose its will. The City has elected to present the financial information related to TAF as a blended component unit because the services provided by TAF exclusively, or nearly exclusively, benefit the City of Albuquerque.

B. Government-wide and fund financial statements

The government-wide financial statements which include the statement of net position and statement of activities, report information on all non-fiduciary activities of the City and its component unit. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities which rely on fees and charges to external parties.

The statement of net position reports all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference being presented as net position.

The statement of activities demonstrates the degree to which the direct expenses of a given function or business-type activity is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds (even though fiduciary funds are excluded from government-wide financial statements). Major governmental funds and major enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

I. Summary of Significant Accounting Policies

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. The Custodial Fund is reported on the accrual basis of accounting and is also reported using the economic resources measurement focus. Under accrual accounting, revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions in which the City gives or receives value without directly receiving or giving equal value in exchange include taxes, grants, entitlements, and donations. On the accrual basis, tax revenue is recognized in the fiscal year for which the taxes are earned or levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers revenues to be available if they are collected in the current period or within thirty days following the year end. Beginning July 1, 2019, the City changed its revenue recognition policy and consider tax revenues earned in the reported fiscal year as available when they are received within sixty days after year end, replacing the current policy of thirty day availability. Governmental funds report expenditures when the related fund liability is incurred, however, expenditures for compensated absences and claims and judgments are recognized only when payment is due. Capital asset acquisitions are reported as capital outlay expenditures in governmental funds and proceeds of long-term debt are reported as other financing sources.

Property taxes, gross receipts taxes, motor vehicle taxes, franchise taxes, licenses, and interest earned in the current fiscal period are all considered to be susceptible to accrual. Gross receipts tax revenue is earned when the underlying exchange transaction takes place. A small portion of the gross receipts tax revenue is derived from an estimate of delinquent taxes not yet collected and available. Only the portion of special assessments receivable due in the current fiscal period is considered to be susceptible to accrual. Grant revenue is considered available if it is expected to be collected within one year and all eligibility requirements have been met. Other revenue items are considered to be measurable and available only when cash is received by the City.

The allocation of indirect expenses on the statement of activities is based on the relative usage by the function or program of services rendered by the general government such as finance and accounting, information services, treasury, budget, and legal.

The City reports the following major governmental funds:

General Fund – This fund is the City’s primary operating fund and is used to account for the financial resources of the City, except those accounted for in another fund.

General Obligation Bond (GO) Debt Service Fund – This fund accounts for the money set aside for the payment of principal and interest of general obligation bonds. The principal source of revenue is property taxes.

LG Abatement Fund – This fund accounts for various settlements with pharmaceutical companies (i.e. pharmacies and manufacturers) for opioid abatement. The use of resources in this fund is restricted to specified purposes by the settlement agreements.

Operating Grants Fund – This fund accounts for various grants from federal and state agencies and other sources which are restricted by the granting agency to expenditures for specified purposes.

Capital Acquisition Projects Fund – This fund accounts for the financing of capital projects from the sale of general obligation and revenue bonds, miscellaneous revenues and various grants.

Infrastructure Tax Fund – This fund accounts for the financing of capital projects financed by the municipal infrastructure gross receipts tax, grants, and other miscellaneous revenue.

The City reports the following major enterprise funds:

Airport Fund – This fund accounts for the activities of the Albuquerque International Sunport commercial airport.

Refuse Disposal Fund – This fund accounts for the general operations of providing trash collection, recycling and graffiti removal.

Transit Fund – This fund accounts for the operations of the City’s ABQ Ride bus and Sun Van paratransit system.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

I. Summary of Significant Accounting Policies

C. Measurement focus, basis of accounting, and financial statement presentation

Additionally, the City reports the following fund types:

Special Revenue Funds – To account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

Debt Service Funds – To account for the accumulation of resources for, and the payment of, general and special assessment long-term principal, interest, and related costs.

Capital Projects Funds – To account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by proprietary funds.

Enterprise Funds – To account for resources, generally through services, for which the City charges. These funds report on the full accrual basis of accounting.

Permanent Funds – To account for resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support specific programs.

Internal Service Funds – These funds account for inventory warehousing and issues, vehicle maintenance and motor pool services; workers' compensation, tort and other claims; and communication services to City departments. In addition, these funds provide health insurance coverage to City employees.

Fiduciary Funds – The City accounts for two types of fiduciary funds. The Custodial Fund is used to report resources held for other parties outside the City. The Albuquerque Pooled Other Postemployment Benefits Fiduciary Trust (Albuquerque Pooled Trust) has been established for the payment of non-pension postemployment benefits to retirees.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions are charges for risk management and various other functions. Elimination of these charges would distort the direct costs and revenues reported for the various functions.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating revenues and expenses. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. Principal operating revenues, such as charges for services, result from exchange transactions in which each party receives and gives up essentially equal values. Operating expenses include the cost of services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues or expenses, these include operating subsidies, investment earnings, interest expense, and transactions that result from non-exchange transactions or ancillary activities.

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

1. Deposits and investments

A significant portion of the cash and investments of City funds is pooled for investment purposes under the provisions of City ordinance and investment policy. The policy states that the City shall invest cash balances over the anticipated amount needed to meet operating requirements. Investments are recorded at fair value. The balance reported for each participating fund as "Cash and investments" represents the equity of that fund in the pooled cash, investments, and accrued interest. Interest income from pooled investments is allocated to the participating funds based on average daily balances.

The investment policy states that the City will not commit any funds invested in the pool to maturities longer than seven years from the date of purchase. Where applicable based on the investment type, funds are invested on the basis of a minimum of three bids and/or offers. Certificates of deposit are based on competitive rates for specified maturities. All investments are valued at quoted market.

The following categories of investments are specifically authorized by State Statute and the City's policy:

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

I. Summary of Significant Accounting Policies

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

1. Deposits and investments

Bank deposits – collateralized at 50% or greater of value by U.S. Treasury and Agency securities

Repurchase agreements – secured by collateral, which is delivered to a third-party safekeeping institution, with a market value at least 102% of the value of the agreement

U.S. Treasury obligations – bills, notes, and bonds and obligations of certain federal agencies

Municipal bonds – bonds issued by various municipalities

Fixed-income mutual funds or exchange-traded funds (ETFs) – through a diversified investment company registered pursuant to the federal Investment Company Act of 1940, provided the investment company or manager has total assets under management of at least \$100 million and provided the instrument passively tracks the performance of major fixed income index

Investment pools offered by the State Investment Council (SIC) – investment pools that are available for investment by the City

2. Receivables

Lending and borrowing arrangements between funds that are expected to be paid back within a year are referred to as “due to/from other funds.” Lending/borrowing arrangements not expected to be paid back within a year are referred to as “advances to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the governmental-wide financial statements as “internal balances.” Advances between funds, as reported in the fund financial statements, are offset by a fund balance nonspendable account in applicable governmental funds to indicate that they are not available for appropriation and are nonspendable available financial resources.

Proprietary fund receivables are recorded as revenue when earned, including services rendered but not billed. Proprietary fund receivables include residential and commercial customers refuse services billing, consignments of bus tokens for transit services, rental fees from commercial customers at the airport and baseball stadium, and tenant rental fees for City Housing services. The allowance for doubtful accounts is based on management’s assessment of the collectibility of specific customer accounts, the aging of the accounts receivables, and historical experience. All property tax receivables are shown net of an allowance for uncollectibles.

3. Inventories and prepaid items

Generally, proprietary funds value inventory at cost or average cost and expense supply inventory as it is consumed. This is referred to as the consumption method of inventory accounting. The inventories in the general fund consist of fuel, vehicle parts, and fluids. The governmental fund types use the purchase method to account for supply inventories valued at average cost, which are not material. This method records items as expenditures when they are acquired. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

4. Land held for resale

Land held for resale consists primarily of approximately 3,000 acres located throughout the State of New Mexico obtained by trade with the federal government in July 1982, as part of the open space trust permanent fund. Upon resale of these properties, a portion of any gain, as defined in an agreement, is payable to a third party. Other land was obtained through foreclosure proceedings required by special assessment bond ordinances. The land held for resale is valued at the lower of cost or market value, based on appraisals or determined using the county assessor values recorded annually.

For the government-wide financial statements, the City recognizes income on real estate sales by recording the entire gross profit on sales that meet the requirements for the accrual method. Transactions that do not meet the requirements for the accrual method are recorded using the deposit method or installment method until the requirements for the accrual method are met. Under the deposit method, cash received is recorded as a deposit. Under the installment method, the City records the entire contract price and the related costs at the time the transaction is recognized as a sale, but the gross profit is deferred and recognized as payments are received on the related contract receivable. In the financial statements for the governmental funds, the City recognizes income from the sale of real estate when the principal on mortgage contracts are collected. At the time of the sale, the principal on the real estate contracts are recorded as unearned revenue.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

I. Summary of Significant Accounting Policies

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

5. Capital assets

Capital assets, which include land, land improvements, buildings, improvements, machinery and equipment, construction in progress, rights of way, and infrastructure assets are reported in the applicable governmental or business-type activity columns of the government-wide financial statements. The City defines capital assets as assets with an estimated useful life in excess of one year and an initial, individual cost of more than \$5,000 for movable chattels and equipment (Section 12-6-10 NMSA 1978). Software assets are recorded in compliance with the provisions of GASB 51. See the table below for the capitalization thresholds of assets by category. Right-to-use assets follow the capitalization threshold for the applicable asset category, i.e. right-to-use buildings capitalization threshold follows that of buildings and right-to-use subscription based information technology arrangements (SBITA) follows that of software. Capital assets, with the exception of those arising as a result of a lease or SBITA, are recorded at historical cost or estimated historical cost. SBITA assets are initially measured as the sum of present value of payments expected to be made during the subscription term, payments associated with the SBITA contract made to the vendor at the subscription commencement, when applicable, and capitalizable implementation costs; less any vendor incentives received at the commencement of the SBITA term. The SBITA asset is amortized on a straight-line basis over the shorter of subscription term or the underlying asset's useful life. For more detail on right-to-use assets arising from lease agreements, see note 6 on leases. Lastly, software is capitalized when acquired; library books are not capitalized because the aggregated cost of books is immaterial. The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized. Donated capital assets and assets received in a service concession agreement are recorded at acquisition value as of the date of donation.

In accordance with the provisions of GASB 34, works of art and historical treasures are not capitalized because those are: 1) held for public exhibition rather than for financial gain; 2) protected, kept unencumbered, cared for, and preserved; and 3) all proceeds from the sale of collection items are required to be used to acquire other items for collections.

Capital outlay is recorded as expenditures of the General Fund, special revenue and capital projects funds and as assets in the government-wide financial statements to the extent that the City's capitalization threshold is met.

Infrastructure assets consist of the street and storm networks. The street network includes: landscaped medians, roadways, right of ways, bridges, signals, beacons, trails, and trail bridges. The storm network includes: easements, drainage pipes, lift stations, bridges, dams, detention basins right of ways, and arroyo easements right of ways. Streetlights managed by the local electric utility, sidewalks, traffic signs, dirt and milling roads are not considered infrastructure.

Buildings, improvements, infrastructure, and machinery and equipment are depreciated using the straight-line method over the following estimated useful lives:

	Estimated life	Capitalization threshold
Buildings	40 years	\$ 100,000
Building improvements	40 years	\$ 100,000
Runways	25 years	\$ 50,000
Infrastructure - storm	50 years	\$ 100,000
Infrastructure - streets	35 years	\$ 100,000
Land improvements	25 years	\$ 50,000
Machinery and equipment	3-15 years	\$ 5,000
Software	5 years	\$ 10,000

6. Leases

Lessee

The City is a lessee for noncancellable leases of equipment and buildings. The City recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the applicable governmental activities or business-type activities in the government-wide and in the proprietary fund financial statements. The City recognizes lease liabilities with an initial, individual value that meets or exceeds the current capitalization policy.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

I. Summary of Significant Accounting Policies

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease.
- Lease payments included in the measurement of the lease liability are composed of fixed payments and the purchase option price that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Lessor

The City is a lessor for noncancellable leases of buildings and land. The City recognizes a lease receivable and a deferred inflow of resources in the applicable governmental activities or business-type activities in the government-wide and in the governmental and proprietary fund financial statements.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease.
- Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

7. *Deferred outflows of resources and deferred inflows of resources*

A deferred outflow of resources represents a consumption of net assets by the City that applies to a future reporting period and a deferred inflow of resources represents an acquisition of net assets by the City that is applicable to a future reporting period. Both deferred outflows and inflows are reported in the statement of net position, but are not recognized in the fund financial statements as expenses or revenues until the period(s) to which they relate. Under the modified accrual basis of accounting, revenue and other financial resources are recognized in the period in which they become both measurable and available. Assets recorded in the fund financial statements for which the revenues are not available are reported as a deferred inflow of resources. For governmental funds, deferred inflows of resources are comprised of taxes receivable, special assessments, and developer loans. These deferred inflows of resources have been recognized as revenue in the government-wide statements. For proprietary funds and the governmental activities, deferred outflows and inflows are primarily the result of pension and OPEB activity. Deferred outflows of resources also consists of

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

I. Summary of Significant Accounting Policies

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

deferred gains or losses on refunded debt. These costs are amortized over the remaining maturity period of the related bond issues under the effective interest method.

8. Risk management

Risk management activities are reported in the City's Risk Management Fund, an internal service fund. Liabilities for workers' compensation, tort and other claims as of June 30, 2025, are accrued using managements' estimates of probable outcome of claims filed against the City, as well as an estimate of claims incurred, but not reported. Revenues consist primarily of charges to other funds, the amounts of which approximate the cost of claims and other risk management costs arising from the activities of those funds.

The City has also established a Group Self Insurance Fund, an internal service fund to record the liabilities associated with administering the health insurance and prescription benefits plans. As of June 30, 2025 the fund reports actual claims as well as an estimate for claims deemed to be incurred but not reported by a qualified actuary. Revenues in the fund consist primarily of charges to other funds for premium costs as well as billed premium amounts to outside entities participating in the City's benefits programs. Premium amounts are established to approximate the cost of claims costs that arise from the administration of the health and prescription benefit plans.

9. Compensated absences

Subject to specific limits, employees accumulate vacation pay that is payable upon resignation, termination or retirement. A liability for all vacation amounts earned but not payable from available expendable resources is reported in the government-wide financial statements at the employees' rate on the financial statement date, including payroll taxes and pension. For governmental funds, expenditures are recognized during the period in which vacation costs become payable from available expendable resources. For proprietary funds, vacation costs are recognized as a liability when incurred.

City employees also accumulate specified amounts of sick leave that are payable to the employee upon termination or retirement. A liability for vested sick leave amounts, due to employees meeting the termination or retirement requirements, but not payable from available, expendable resources is reported in the government-wide financial statements. For governmental funds, expenditures are recognized during the period in which sick leave costs become payable from available, expendable resources. For proprietary funds, accumulated sick leave pay is recognized when vested or taken whichever occurs first.

The City of Albuquerque has evaluated the requirements of GASB Statement No. 101, Compensated Absences, and determined that the City's financial statements are following this standard. The City has ensured that the recognition and measurements guidance provided in the standard has been implemented and has amended previously required disclosure language.

10. Unearned revenue

Unearned revenues reflect amounts that have been received before the City has a legal claim to the funds. In subsequent periods, when revenue recognition criteria are met, or when the City has a legal claim to the resources, the unearned revenue is removed from the statement of net position/balance sheet and revenue is recognized.

11. Special assessments

Special assessment receivables are recorded upon approval of the assessment roll by the City Council, and the related revenues, interest, and penalties are recognized when due. City participation revenues are recorded at the time of receipt.

12. Long-term obligations

Long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statements of net position. Long-term obligations used to finance proprietary fund capital acquisitions and payable from revenue of proprietary funds are recorded in the applicable proprietary fund. Long-term obligations of governmental funds payable from general revenues of the City and special assessment levies are reported in the government-wide financial statements.

Bond premiums and discounts are deferred and amortized over the life of the bonds, using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs, whether or not withheld from the actual debt proceeds received, are recognized as debt service expenditures when incurred.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

I. Summary of Significant Accounting Policies

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

13. Net position

The government-wide and proprietary fund net position is categorized as follows:

Net investment in capital assets – This category reflects the portion of net position that is associated with capital assets less outstanding capital asset related debt.

Restricted net position – Restricted net position results from constraints placed on the use of net position when externally imposed by creditors, grantors, laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. Net position is restricted for debt service, construction, housing and economic development, federal and state funded programs, and open space and urban enhancement. The non-expendable portion relates to the principal of the permanent funds that are to be retained intact. The expendable portion includes fund balances related to the investment earnings available to carry out the goals of the permanent funds. The government-wide statement of net position reports \$558,960,549 of restricted net position.

Unrestricted net position – This category reflects the net position of the City not restricted for any project or other purpose.

14. Fund balance

Fund balances are reported in classifications comprising a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The accompanying financial statements report the following categories of fund balance: nonspendable, restricted, committed, assigned, and unassigned.

Nonspendable fund balance – includes amounts that cannot be spent because they are not in spendable form or funds contractually required to be retained intact, advances between funds, prepaid expenses, long-term receivables, land held for resale, and the principal portion of permanent funds because these items are not yet spendable.

Restricted fund balance – is constrained externally by creditors, grantors, contributors, laws or regulations of other governments, or imposed by law through enabling legislation. Restricted fund balances are associated with various purposes, including public safety, culture and recreation, human services, and debt service. The majority of the restricted funds are restricted for street development and improvement, infrastructure upgrades, and storm drains and channels. Culture and recreation is restricted for parks, library development and improvements, and senior and community center developments. Public safety includes funds restricted for fire apparatus replacement and police vehicle replacements.

Committed fund balance – includes amounts that can be used for specific purposes pursuant to constraints imposed by City Council, the highest level of decision making authority in the City. City Council's formal action to establish committed funds and to rescind committed funds, is through the passage of an ordinance. The City reports committed resources that have been constrained through ordinances of City Council and have been contractually obligated. Public safety amounts held in the General Fund totaling \$72,698,000 represent the 1/12th cash reserve requirement established by the New Mexico Department of Finance and Administration Local Government Division.

Assigned fund balance – includes amounts that are constrained by the Office of Management and Budget to be used for specific purposes, but are neither restricted nor committed. The Office of Management and Budget has the authority to assign funds based on their goals. These include miscellaneous capital projects, debt service, and general government.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

I. Summary of Significant Accounting Policies

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

14. Fund balance

Unassigned fund balance – is the residual classification only for the General Fund. A negative unassigned fund balance occurs when expenditures exceed amounts that are nonspendable, restricted, committed, or assigned.

Sometimes the City funds capital outlay from the total of committed, assigned, and unassigned fund balance. In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City’s policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of the unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance, with unassigned fund balance is applied last.

The constraints on fund balance are detailed in the table below:

Fund Balance Category	General Fund	GO Bond Debt Service Fund	LG Abatement Fund	Operating Grants Fund	Capital Acquisition Fund	Infrastructure Tax Fund	Nonmajor Governmental Funds	Total
Nonspendable:								
General government	\$ 98,219	\$ —	\$ —	\$ 483	\$ —	\$ —	\$ —	\$ 98,702

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

I. Summary of Significant Accounting Policies

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

15. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the New Mexico Public Employees Retirement System (PERA), and additions to or deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

16. Other postemployment benefits (OPEB)

OPEB RHCA - For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB and OPEB expense, information about the fiduciary net position of the New Mexico Retiree Health Care Authority (NMRHCA), and additions to and deductions from NMRHCA's fiduciary net position have been determined on the same basis as they are reported by NMRHCA. For this purpose, NMRHCA recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

OPEB life insurance - For purposes of measuring the net OPEB liability, deferred outflows of resources, and deferred inflows of resources related to OPEB and OPEB expense, information about the fiduciary net position of the Albuquerque Pooled Trust and additions to and deductions from the fiduciary net position have been determined on the same basis as they are reported by the Trust. For this purpose, the Albuquerque Pooled Trust recognizes benefit payments in the form of direct payments for premiums and taxes (explicit subsidy) and/or indirect payments to retirees in the form of higher premiums for active employees (implicit subsidy). Investments are reported at fair value.

17. Statement of cash flows

The statement of cash flows reports pooled cash and investments which also include investments with a maturity in excess of three months when purchased, because they have the characteristics of demand deposits for each individual fund. Non-pooled investments with original maturities of three months or more are deducted from cash and investments and changes therein are reported as cash flows from investing activities.

18. Estimated amounts reported in financial statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from those estimates.

19. Interfund transactions

Transactions that would be recorded as revenues, expenditures, or expenses when they involve organizations external to the City, are similarly treated when involving other funds of the City. These transactions include: charges for administrative services, building rentals, risk management services, vehicle maintenance and motor pool services, inventory and office services, retirees' health care, and payments in lieu of taxes (PILOT). Other authorized transfers between funds are recorded as transfers and are included in the determination of the results of operations in the governmental, proprietary, and fiduciary funds.

20. New accounting pronouncements

The City implemented the following GASBS pronouncements in fiscal year 2025:

- Statement No. 101, Compensated Absences
- Statement No. 102, Certain Risk Disclosures

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

I. Summary of Significant Accounting Policies

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

20. *New accounting pronouncements*

The Governmental Accounting Standards Board (GASB) has issued the following pronouncements, which were not effective in fiscal year 2025:

- Statement No. 103, Financial Reporting Model Improvements
- Statement No. 104, Disclosure of Certain Capital Assets

The City will implement the new GASB pronouncements in the fiscal year no later than the required effective date. The City has not yet determined the financial impact from future implementation of these standards.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

II. Reconciliation of government-wide and fund financial statements

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The balance sheet-governmental funds includes a reconciliation between fund balance-total governmental funds and net position-governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.” The details of this difference are as follows:

General obligation bonds	\$	(502,779,233)
Gross receipts tax revenue bonds		(332,743,049)
Special assessments bonds		(3,434,135)
Fire Fund loan		(2,626,020)
Unamortized bond premiums/discounts		(43,954,889)
Arbitrage payable		(437,309)
Accrued vacation and sick leave		(57,851,283)
Net pension liability		(936,320,502)
Net OPEB liability		(100,406,949)
Lease obligation		(7,810,927)
Net adjustment	<u>\$</u>	<u>(1,988,364,296)</u>

Another element of the reconciliation involves deferred inflows of resources for taxes, developer loans, opioid settlements and special assessments in the governmental funds which are not reported in governmental activities in the statement of net position. This element also includes deferred inflows of resources related to OPEB and pensions which are not reported in the funds, but are reported in the governmental activities of the statement of net position. The details of this difference are as follows:

Property taxes	\$	7,043,731
Special assessments		788,004
Developer loans		2,446,831
Opioid settlements		46,555,721
Deferred inflows related to pensions		(29,060,999)
Deferred inflows related to OPEB		(87,500,149)
Net adjustment	<u>\$</u>	<u>(59,726,861)</u>

Deferred outflows of resources are not current financial resources and, therefore, are not reported in the funds. The details of this difference are as follows:

Deferred outflows related to pensions	\$	197,263,842
Deferred outflows related to OPEB		29,626,179
Net adjustment	<u>\$</u>	<u>226,890,021</u>

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

II. Reconciliation of government-wide and fund financial statements

B. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The statement of revenues, expenditures, and changes in fund balances-governmental funds includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that “governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this difference, which excludes internal service funds, are as follows:

Additions from capital outlay	\$	234,757,444
Contributed infrastructure and buildings		12,475,896
Depreciation expense		(129,383,422)
Net gain (loss) on disposition of capital assets		(11,968,241)
Net adjustment	<u>\$</u>	<u>105,881,677</u>

Another element of that reconciliation states that “the issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on the statement of activities.” The details of this difference are as follows:

Debt issued or incurred:		
General obligation bonds	\$	(94,025,000)
Bond premiums		(7,689,292)
Leases/SBITA		(5,308,898)
Arbitrage costs		(34,892)
Amortization:		
Bond premiums		8,042,077
Bond discounts		(299,345)
Principal repayments:		
General obligation bonds		48,360,000
Gross receipts tax revenue bonds		15,306,760
Fire fund loan		199,976
Special assessment district bonds		1,717,068
Leases		5,453,956
Net adjustment	<u>\$</u>	<u>(28,277,590)</u>

Taxes earned during the fiscal year but received more than sixty days after the end of the fiscal year as well as developer loans, leases, opioid settlements and special assessments are recorded as deferred inflows of resources in the funds because they are not considered revenue under modified accrual. In the statement of activities, which is presented on accrual basis, these amounts are reported as revenue. The details of the difference are as follows:

Property taxes	\$	1,461,342
Developer loans		(408,573)
Opioid settlements		(902,243)
Special assessments		(1,037,715)
Net adjustment	<u>\$</u>	<u>(887,189)</u>

The changes in the City OPEB and pension liabilities, which are reported as expense in the statement of activities, do not require the use of current financial resources and, therefore, are not reported as expenditure in governmental funds. The details of this difference are as follows:

Change in net pension liability	\$	(65,769,354)
Change in net OPEB liability		33,148,839
Net adjustment	<u>\$</u>	<u>(32,620,515)</u>

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

III. Stewardship, compliance and accountability

A. Budgetary information

Budgets are adopted consistent with the basis of accounting described in Note I. C. As required by the home rule City charter, the annual budget is formulated by the Mayor and submitted to the City Council by April 1 for the fiscal year commencing July 1. When there is a proposal for a change in rates or fees, City ordinances provide that the Mayor shall submit the operating budget to the City Council no later than March 1. Public hearings are conducted to obtain citizen comments on the proposed budget. By June 1, the budget is adopted through passage of an appropriation resolution by the City Council.

The Mayor has the authority to change individual program appropriations by the lesser of 5.0% of the original appropriation or \$100,000, provided that the total amount of appropriations for the fund, as approved by the City Council, does not change. Approved appropriations lapse at the end of the fiscal year except for life-to-date funds and for certain non-recurring items that may be re-appropriated without further approval by the Council, subject to sufficient reversions in the respective program.

The legal level of budgetary control is at the program level, but City Ordinance 2-11-12 ROA 1994 provides that budget violations will be considered for any fund where actual expenditures exceed legally budgeted appropriations at the overall fund level. Any fund where expenditures exceed appropriations are disclosed at Note IV. Q, in accordance with 2.2.2.10(R) NMAC.

B. Deficit fund equity

As of June 30, 2025, the following funds had fund balance/net position deficits:

<u>Internal Service Funds</u>	
Communications	(1,429,437)
Employee Insurance	(1,133,599)

The deficit for employee insurance is due to a budgeted decrease in the insurance administration fee for the current year. The deficit in the communications fund is a result of the recording of the pension and OPEB costs. Additional information can be found in Notes IV. K and IV. L.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

IV. Detailed notes on all funds

A. Cash and investments

Cash and investments at June 30, 2025 consist of the following:

	City of Albuquerque (In thousands)

The Component Unit amounts presented above are taken directly from the financial statements of the Albuquerque Housing Authority (AHA), specifically Note 3 from AHA's report. While the basic financial statements for AHA present two columns - business-type activities and discrete component units - the City reports the combined total of these balances on the Statement of Net Position and Statement of Activities. The footnotes presented in AHA's report only present information about the business-type activities and excludes the information about its discrete component units due to the fact that AHA does not consider footnote information related to the component units to be major and has therefore elected to exclude this information, per GASBS 61. Additional requests for information about the composition of cash and investments related to AHA's discrete component units may be obtained by contacting Barbara D'Onofrio, Finance Director of the Albuquerque Housing Authority, at 1840 University Blvd. SE, Albuquerque, NM 87106.

Fair Value Measurements -

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, and Level 3 inputs are significant unobservable inputs.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

IV. Detailed notes on all funds

A. Cash and investments

The following is a summary of the fair value hierarchy of investments of the City as of June 30, 2025:

	Fair Value Measurement Using (In thousands)			
	Total	Level 1	Level 2	Level 3
Treasury securities	\$ 131,008	\$ 131,008	\$ —	\$ —
Money market funds	156,287	156,287	—	—
Equity mutual funds	31,158	—	31,158	—
Fixed income mutual funds	196,659	—	196,659	—
Fixed income ETFs	288,972	—	288,972	—
Agency securities	285,536	—	285,536	—
Repurchase Agreements	90,011	—	90,011	—
Supranational Securities	107,849	—	107,849	—
Total	\$ 1,287,480	\$ 287,295	\$ 1,000,185	\$ —

Investments classified in Level 1 of the fair value hierarchy, valued at \$287,295,650, include bonds, funds, stocks, and other assets that have a regular “mark-to-market” mechanism for setting a fair value. These assets are considered to have readily observable prices and, therefore, a reliable fair value.

Investments classified in Level 2 of the fair value hierarchy, valued at \$1,000,186,498, include bonds, funds, stocks, and other assets. These have inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Mutual funds are valued based on the Net Asset Value computed by the fund sponsor. Fixed income ETFs are valued using observable prices on the exchange where they are traded. Agency securities and Supranational securities are valued using over-the-counter bid/ask spreads offered to the City by various broker/dealers trading these securities. Repurchase agreements are valued based on daily yields provided by the City’s agent which are sourced from various counterparties with which the City maintains master repo agreements.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

IV. Detailed notes on all funds

A. Cash and investments

Custodial credit risk—deposits – is the risk that in the event of a bank failure, the City’s funds may not be returned to it. The City is required to obtain from each bank that is a depository for public funds, pledged collateral in an aggregate amount equal to one-half of the public money in each account (Section 6-10-17 NMSA 1978). Although only 50% of the deposited amount requires collateralization the City’s Investment Oversight Committee (IOC) retains the authority to require a collateral level higher than the 50% threshold at its discretion. Currently the City requires 100% collateralization of its deposits as an added layer of risk protection. The City’s depositories hold U.S. Treasury and Agency collateral as security; however, incidental custodial credit risk exists with respect to valuation in the remote prospect of collateral liquidation due to bank failure. No security is required for the deposit of public money that is insured by the Federal Deposit Insurance Corporation (FDIC). As of June 30, 2025, of the City’s bank balances of \$6,044,840, of which \$983,790 was subject to custodial credit risk.

Custodial credit risk—investments – is the risk that in the event of the failure of a counterparty or custodian, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City’s investment policy requires that all security transactions, including collateral for repurchase agreements entered into by the City shall be conducted on a delivery versus payment (DVP) basis. The investment policy further requires that all securities be held by a third party custodian, designated by the City Treasurer. All securities are held in the City’s name and evidenced by a safekeeping receipt or Federal Reserve book-entry reporting. As of June 30, 2025, Wells Fargo Institutional Retirement & Trust (Principal Financial Group) served as custodian of City securities positions, held in segregated custodial accounts in the name of the City of Albuquerque.

Credit risk – is the risk that in the event an issuer, or other counterparty to an investment, does not fulfill its obligations the City will not be able to recover the value of its principal. As a home rule city, the City’s general investment approach is to apply the tenants of the Uniform Prudent Investor Act (UPIA). This act raises the level of care to which the City is to be held accountable from that of “a businessman of ordinary prudence” (Prudent Man Rule). A standard incorporated into a New Mexico statute in 2005, the UPIA recognizes Modern Portfolio Theory (MPT) and analyzes individual investments as components of a diversified portfolio, thereby providing the ability to reduce overall portfolio risk while enhancing portfolio returns. The City’s Investment Committee annually reviews its asset allocation strategies and guidelines for the percentage of its total portfolio that may be invested in various asset classes and investment types. As part of the City’s allocation evaluation, these guidelines are reviewed periodically as part of its strategic asset allocation approach. The City’s investment policy describes permitted investments as those allowed for municipalities with a population in excess of 65,000 (NMSA Section 10-10-10). Among permitted investments, the investment policy requires: 1) repurchase agreements have a collateralized value of 102% of the par value of the agreement, and 2) deposits with local banks be fully insured by the FDIC and by collateral for amounts greater than the FDIC limit. Investments in direct obligations of the U.S. Treasury are permitted, as are securities issued by certain U.S. Government Sponsored Entities (GSEs) per NMSA -Section 6-10-10F(2), and certain Supranational issuers. Commercial paper rated A1/P1 is also permitted. Finally, fixed income mutual funds and exchange-traded funds (ETFs) are permitted so long as they passively track to a broad, nationally recognized index. As of June 30, 2025, the City’s internal investment pool held investments in U.S. Treasury obligations, U.S. Government agency notes, Supranational notes, commercial paper, and short-term U.S. Treasury, corporate and municipal index mutual funds and ETFs.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

IV. Detailed notes on all funds

A. Cash and investments

Concentration of credit risk – is the risk of loss attributed to the magnitude of the City’s investment in a single issuer. The City’s investment policy states that the City will develop diversification strategies to avoid incurring concentration risk. Both the City’s Liquidity and Core segments have diversification requirements, including asset class limits, issuer limits, and duration ceilings. As of June 30, 2025, the City’s core segment is invested in debt securities issued by four government-sponsored enterprises (GSEs): the Federal Home Loan Banks, the Federal National Mortgage Association, the Federal Farm Credit Banks Funding Corporation, and the Federal Home Loan Mortgage Corporation. Also, the core segment is invested in a B-AAA rated 1-5 year maturity corporate bond mutual fund, a AA-AAA rated 1-5 year maturity municipal bond ETF, a 1-5 year Treasury Inflation Protected Securities (TIPS) ETF, a 1-5 year high-yield corporate bond ETF, United States Treasury securities, and Supranational obligations. These investments comprise 25% (GSEs collectively), 5%, 5%, 10%, 20%, 15% and 20% respectively, of the core segment. Portfolio maturities shall be staggered to avoid undue concentration of assets in a specific maturity range. At June 30, 2025, total City investments’ fixed income average maturities are allocated as follows: 0 -12 months – 36%; 1-2 years – 12%; 2-5 years – 39%; greater than 5 years –13%.

Summarized information concerning the City’s portfolio investments is as follows:

<u>City Portfolio Investments</u>	<u>Amount (In thousands)</u>	<u>Weighted Average Days to Maturity</u>	<u>Weighted Average Days to Call</u>	<u>Standard & Poor’s Rating</u>	<u>Moody’s Rating</u>

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

IV. Detailed notes on all funds

A. Cash and investments

Interest rate risk – is the risk that changes in interest rates will adversely affect the fair value of the City’s investments. The City’s investment policy limits the City’s exposure to interest rate risk by requiring that overall Core segment modified duration shall not exceed 3.5 years at any time, nor be less than 75% or greater than 125% of the benchmark’s duration. The effective duration of the investments in the internal investment pool’s core segment at June 30, 2025 is 2.56 years.

Pledged collateral by bank – The City is required to obtain from each bank that is a depository for public funds pledged collateral in an aggregate amount equal to one-half of the public money in each account (Section 6-10-17 NMSA 1978). No pledged security is required for the deposit of public money that is insured by the FDIC. The FDIC provides insurance of \$250,000 per depositor, per FDIC-insured bank, per ownership category. The pledged collateral by bank (in thousands) at June 30, 2025 is as follows:

<u>Pledged collateral by bank</u>	<u>Bank of Albuquerque</u>	<u>Bank of America</u>	<u>Wells Fargo</u>	<u>UMB Bank</u>	<u>US Bank</u>	<u>Enterprise Bank & Trust</u>
Total amount on deposit	\$ 59	\$ 1,053	\$ 1,519	\$ 1,684	\$ 314	\$ 1,414
Less FDIC coverage	(250)	(250)	(250)	(250)	(250)	(250)
Total uninsured public	—	803	1,269	1,434	64	1,164

Pledged securities, fair value	—	—	89,554	1,252	1,380	—
Pledged in excess of requirement	\$ —	\$ (402)	\$ 88,919	\$ 535	\$ 1,348	\$ (582)

B. Receivables

Taxes receivable at June 30, 2025 are from the following sources:

Gross receipts tax	\$ 114,304,314
Property tax	10,985,878
Lodgers' and hospitality taxes	2,052,454
Other taxes	8,070,005
	<u>\$ 135,412,651</u>

The property taxes above include a receivable of \$6,151,696 in the general fund and \$4,834,182 in the general obligation debt service fund.

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied each year on July 1 on the taxable valuation of property located in the City as of the preceding January 1. Property in the City for the fiscal year 2025 tax levy had a taxable value of \$17,467,413,634. The state constitution limits the tax rate for operating purposes for all taxing jurisdictions to 20 mills (\$20 per \$1,000 assessed valuation), of which the City’s portion, by state regulation, is limited to 7.650 mills for operations and 12.0 mills for each debt service obligation. The general obligation bond debt service levy for tax year 2024 (fiscal year 2025) is 4.976 mills and the operational levy is 6.170 mills on residential property and 6.544 mills on non-residential property. Taxes are payable in two equal installments on November 10 and April 10 and become delinquent after 30 days.

Due from other governments – totaled \$65,496,161 and consists primarily of grant receivables from federal, state, and county agencies.

Leases - A summary of the City's lease terms and interest rates is as follows:

Governmental Activities:

Building and office space leases. Annual installments totaling \$6,017,754 plus interest rates ranging from .304% to 1.59%, and due dates ranging from 2025 through 2032.

Business-Type Activities:

Building and office space leases. Annual installments totaling \$42,902,055 plus interest rates ranging from .304% to 1.59% and due dates ranging from 2025 through 2064.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

IV. Detailed notes on all funds

B. Receivables

Certain leases provide for increases in future minimum annual rental payments based on defined increases in the Consumer Price Index, subject to certain minimum increases.

Lease revenue and interest received for the year totals \$1,493,402 and \$116,709, respectively, for governmental activities and \$4,544,887 and \$685,589, respectively, for business-type activities

Accounts receivable and allowance for uncollectible accounts – Included in the statement of net position are balances of receivables which are reported net of allowances for uncollectible accounts. The amounts of these receivables and allowances as of June 30, 2025 are as follows:

<u>Accounts and notes receivable</u>	<u>Receivables</u>	<u>Allowance</u>	<u>Net</u>
Governmental activities:

	<u>\$ 6,017,754</u>	<u>\$ 339,436</u>	<u>\$ 42,902,055</u>	<u>\$ 6,804,513</u>

Regulated leases - In accordance with GASB Statement No. 87, the City does not recognize a lease receivable and a deferred inflow of resources for regulated leases. Regulated leases are certain leases that are subject to external laws, regulations or legal rulings, e.g. the U.S. Department of Transportation and the Federal Aviation Administration, regulated aviation leases between airports and air carriers and other aeronautical users.

The City and certain airlines entered into agreements that grant rights, services and privileges, including the lease of preferentially-assigned gates. This agreements are for five year terms beginning on July 1, 2016 through June 30, 2021. Due to the COVID-19 pandemic, a blanket amendment extended the term of these agreements to June 30, 2026.

Due to the variable nature of the revenue generated from these agreements, expected future minimum payments are indeterminable.

In addition to airline agreements, the City enters into other regulated lease arrangements granting preferential use of hangars and other buildings and land. These agreements range in length from 5 years to 20 years with options to extend for 5 years to 25 years; expiration dates range from 2030 through 2054. The future minimum lease payments expected to be received from these agreements are as follows:

Year ending June 30,	
2026	\$ 580,083
2027	580,083
2028	580,083

During late fiscal year 2023, the City acquired the SureStay Hotel located at 10330 Hotel Ave NE in Albuquerque for \$5,700,000 with the intention of renovating the building for use as an affordable housing apartment complex. During fiscal year 2024 and 2025, the City renovated the building and the building renovations were substantially completed and the apartments were opened for occupancy as of June 30, 2025. The building costs were shared between the Operating Grants and Community Development special revenue funds, which are shown as governmental activities. Renovation costs were incurred in the Capital Acquisition capital outlay fund, also shown as a governmental activity. The building, and associated renovations, were transferred to the Apartments Fund, a business-type activity, upon completion during fiscal year 2025.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

IV. Detailed notes on all funds

D. Interfund receivables, payables, and transfers

The transfers from the general fund to the other funds are for the purpose of: 1) providing a subsidy for the operations of the Transit and Stadium funds; 2) providing the City's local match for operating grants from federal and state agencies; 3) funding the purchase of police and fire vehicles, and various construction projects; and 4) transferring resources to debt service funds for the retirement of general obligation and sales tax refunding bonds.

The transfers to the general fund from the major and nonmajor enterprise funds are primarily for PILOT.

Other transfers relating to funds within the nonmajor governmental funds type are: 1) for debt retirement and various other purposes, and 2) from permanent funds to the related expenditures for governmental special revenue funds.

E. Restricted assets

Restricted assets arise principally from legal restrictions on expenditures of proceeds from general obligations bonds or sales tax revenue bonds in the governmental activities, or on expenditures of proceeds from revenue bonds of the enterprise funds. Restricted assets also include cash with fiscal agent held for debt service and the investments restricted for use held in the City's permanent funds.

The amount of restricted assets reported in the statement of net position at June 30, 2025 is \$351,863,723 as follows:

Governmental activities:	
Capital Acquisition Fund	\$ 233,804,743
Robert M. White Open Space Trust Fund	17,333,859
Other Nonmajor Governmental	19,024,610
	<u>\$ 270,163,212</u>
Business-type activities:	
Airport Fund	\$ 35,284,487
Refuse Disposal Fund	35,469,529
Transit Fund	14,875
Nonmajor Enterprise funds	10,931,620
	<u>\$ 81,700,511</u>

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

IV. Detailed notes on all funds

F. Long-term obligations

Governmental activities

Short-term obligations - On June 30, 2025, the City issued \$23,000,000 of Short-Term General Obligation Sponge Bonds, Series 2025C. These bonds bear interest at the daily rate on the date of issuance by the State Treasurer of New Mexico. The interest rate in effect was 4.46%. These bonds were recorded in the Capital Acquisition Fund and the bond proceeds were used to fund a portion of the City's capital improvement projects. The bonds matured on July 1, 2025.

The changes in short-term obligations of the governmental activities for the year ended June 30, 2025, are as follows:

	Balance July 1, 2024	Additions	Deductions	Balance June 30, 2025
Loans from direct placements:				
General obligation bonds	\$ —	\$ 23,000,000	\$ —	\$ 23,000,000
Gross receipts tax revenue bonds	1,000,000	—	1,000,000	—
Total	<u>\$ 1,000,000</u>	<u>\$ 23,000,000</u>	<u>\$ 1,000,000</u>	<u>\$ 23,000,000</u>

Long-term obligations – Bonded obligations of the City consist of various issues of general obligation, revenue, and special assessment bonds. Also included in long-term obligations are notes payable, leases, claims and judgments, net pension liability, deferred credits, other postemployment benefits, and accrued vacation and sick leave. The City has complied with all revenue bond ordinances and bond covenants requirements for maintaining specific reserves for future debt service as of June 30, 2025.

The changes in the long- term obligations of the governmental activities for the year ended June 30, 2025, are as follows:

	Balance July 1, 2024	Additions	Deductions	Balance June 30, 2025	Payable in one year
General obligation bonds	\$ 468,106,000	\$ 65,150,000	\$ 48,360,000	\$ 484,896,000	\$ 55,825,000

Current portion of long-term debt	(145,290,597)	(17,316,429)	—	(162,607,026)	—
Total	<u>\$ 1,930,171,409</u>	<u>\$ 274,532,969</u>	<u>\$ 216,050,773</u>	<u>\$ 1,988,653,605</u>	<u>\$ 162,607,026</u>

Total interest cost incurred for governmental activities for the year ended June 30, 2025 was \$31,988,712, all of which was charged to expense. The accrued sick leave and vacation obligations are being liquidated primarily by the general fund. Limited amounts are being liquidated by other funds. The City's risk management fund (an internal service fund) liquidates all claims payable. The liabilities for pension and OPEB in the governmental activities are generally liquidated by the general fund.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

IV. Detailed notes on all funds

F. Long-term obligations

The City's outstanding loans from direct placements related to governmental activities of \$57,851,436 contain a provision that in an event of default, the lenders may collect the payments then due and all other amounts under the loan agreements when they become due. These consist of one short-term general obligation bonds for \$23,000,000, six gross receipts tax revenue bonds totaling \$26,869,756, two fire fund loans totaling \$2,830,477, and the special assessment debt for \$5,151,203. The City has an irrevocable standby letter of credit in the amount of \$7,500,000 issued for the account of Netflix, Inc.

General Obligation Bonds – are direct obligations of the City for which its full faith and credit are pledged and are payable from taxes levied on property located within the City.

The Constitution of the State of New Mexico limits the amount of general obligation general purpose bonds that may be issued by a municipality to 4.00% of the taxable valuation of property located within the City. At June 30, 2025, based on the most recent assessed taxable valuation of \$20,452,344,906, the City may issue an additional \$368,965,796 of general purpose GO bonds. Included in the GO bonds outstanding at June 30, 2025, are storm sewer bonds in the amount of \$58,768,000 that are not subject to the legal debt limit.

On June 12, 2025, the City issued \$59,840,000 of General Obligation General Purpose Bonds, Series 2025A and \$5,310,000 General Obligation Storm Sewer Bonds, Series 2025B with an average coupon rate of 4.91% and 5.00%, respectively. The proceeds of these bonds were deposited into the capital acquisition fund to be used to finance certain City projects relating to: public safety; citizens' centers and community enhancement; parks and recreation; energy and water conservation, facilities and equipment; library, museum and cultural facilities; storm sewers; and streets and transportation. The bonds require annual principal payments and semi-annual interest payments through July 1, 2040 for Series 2025A and July 1, 2041 for Series 2025B.

General obligation bonds outstanding at June 30, 2025, are as follows:

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

IV. Detailed notes on all funds

F. Long-term obligations

Gross Receipts Tax Revenue Bonds – are secured by a pledge of up to 1.23% of state shared gross receipts tax revenues. Additionally, the City can pledge up to 50.00% of the lodgers’ and hospitality tax revenues for payment of these bonds and notes. Net revenue for state shared gross receipts tax revenues as of June 30, 2025 was \$288,195,227 and lodgers’ and hospitality tax revenues was \$22,828,339. Total debt service expenditures totaled \$30,261,731.

On December 30, 2022, the City entered into a loan/grant agreement with New Mexico Finance Authority (NMFA) for \$300,000 which consists of a 10% loan in the amount of \$30,000 and a 90% grant in the amount of \$270,000. The loan component of \$30,000 is a 20-year term at a net effective interest rate of 0.25% (0% interest rate with an administrative fee component of 0.25%) with no penalty for prepayment of the loan amount. The loan and grant are to be used by the City for the construction and renovation of the irrigation system including upgrade of the irrigation infrastructure of Netherwood Park in Albuquerque. The terms of the loan require annual principal and administrative fee payments beginning June 1, 2025 and maturing June 1, 2044.

On December 30, 2022, the City entered into a loan/grant agreement with NMFA for \$950,000 which consists of a 10% loan in the amount of \$95,000 and a 90% grant in the amount of \$855,000. The loan component of \$95,000 is a 20-year term at a net effective interest rate of 0.25% (0% interest rate with an administrative fee component of 0.25%) with no penalty for prepayment of the loan amount. The loan and grant are to be used by the City for the construction and renovation of the 30-year old irrigation system and replacement of the mainline piping at the 20-acre Phil Chacon Park in Albuquerque. The terms of the loan require annual principal and administrative fee payments beginning June 1, 2025 and maturing June 1, 2044.

On July 17, 2024, the City issued \$19,835,000 of Gross Receipts Tax Improvement Revenue Bonds, Series 2024 with an average coupon rate of 5.00%. The proceeds of these bonds were deposited into the capital acquisition fund to be used for the design, development, construction, reconstruction, rehabilitation, renovation, modernization, signing, enhancement, and otherwise improvement of certain capital improvements, including the Southwest public safety center, City youth shelters, Cibola Loop multigenerational center, Gibson health hub, Westside emergency housing shelter, the Albuquerque Railyards, and the acquisition of a law enforcement helicopter. The bonds require annual principal payments and semi-annual interest payments through July 1, 2039.

On September 13, 2024, the City issued \$8,915,000 of Municipal Infrastructure Gross Receipts Tax Improvement Revenue Bonds, Series 2024 with an average coupon rate of 3.51%. The proceeds of these bonds were deposited into the capital acquisition fund to finance the cost of acquiring, constructing, and improving energy efficiency projects associated with the City facilities. The bonds require annual principal payments and semi-annual interest payments through July 1, 2042.

Gross receipts tax revenue bonds outstanding at June 30, 2025, are as follows:

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

IV. Detailed notes on all funds

F. Long-term obligations

Fire fund loan – On January 28, 2011, the City closed on a loan with the NMFA for \$1,441,625 with an average interest rate of 3.42%. The proceeds were used to design, construct, equip, and furnish Fire Station 7. The terms of the loan require annual principal payments and semi-annual interest payments beginning November 1, 2011 and maturing May 1, 2031. As part of the agreement, the City also entered into an intercept agreement with NMFA whereby the principal and interest payments required will be made from the annual distributions of State Fire Protection Funds in the amount of \$101,043 to the City’s fire fund made by the State Treasurer (Section 59A-53-7, NMSA 1978). The funds are remitted directly to NMFA and held by NMFA until the November and May due dates.

On November 1, 2019, the City closed on a Fire Equipment Loan with NMFA for \$2,740,000 with an average coupon rate of 2.43%. The proceeds were used to acquire, renovate, equip, and furnish a fleet maintenance facility for the benefit of the City’s fire department. The terms of the loan require annual principal payments beginning July 1, 2021 and semi-annual interest payments beginning January 1, 2021, and maturing July 1, 2040. As part of the agreement, the City also entered into an intercept agreement with NMFA whereby the principal and interest payments required will be made from the annual distributions of State Fire Protection Funds in the amount of \$175,931 on July 1, 2021, and then \$176,910 thereafter, to the City’s fire fund made by the State Treasurer (Section 59A-53-7, NMSA 1978). The funds are remitted directly to NMFA and held by NMFA until the January and July due dates. The City’s obligation is limited only to the available pledged revenues whenever any event of default has occurred for both fire fund loans.

Fire fund loans outstanding at June 30, 2025, are as follows:

<u>Issue</u>	<u>Face Value of Loans</u>	<u>Amount</u>	<u>Interest Rate</u>	<u>Final Maturity</u>	<u>Call Provisions</u>

November 1, 2019 Fire Equipment Loan	2,740,000	2,299,681	1.31/2.99%	July 1, 2040	Non-callable
	<u>\$ 4,181,625</u>	<u>\$ 2,830,477</u>			

Special assessment debt and notes payable – are secured by pledges of revenues from special assessments levied. On October 30, 2012, the City executed a loan agreement with Bank of America Public Capital Corp for Special Assessment District No. 228. The tax- exempt loan payable for \$22,743,479 has a coupon rate of 3.00% and matures on January 1, 2028. The proceeds are used to finance the construction and improvement of streets, water lines, sewer lines, and storm drainage. This loan agreement is subject to prepayment beginning January 1, 2021 at 100.00% of the outstanding principal plus interest accrued to the prepayment date. The City’s obligation is limited only to the available pledged revenues and amounts on deposit in the SAD 228 tax-exempt project account, the SAD 228 debt service fund, and the SAD 228 reserve fund whenever any event of default has occurred. The balance outstanding at June 30, 2025 was \$5,151,203.

Business-type activities

Long-term obligations – The changes in the business-type activities obligations for the year ended June 30, 2025, are as follows:

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

IV. Detailed notes on all funds

F. Long-term obligations

Total interest cost incurred for business-type activities for the year ended June 30, 2025 was \$1,854,198, all of which was charged to expense.

The City's outstanding loans from direct placements related to business-type activities of \$4,500,000 contain a provision that in an event of default, the City will do and perform all proper acts on behalf and for the owners to protect and preserve the security created for the payment of the bonds and payment obligations and to insure the payment of the debt service requirements promptly as they become due. These consist of the apartment revenue bonds for \$4,500,000.

Apartments revenue bonds – are secured by pledges of net revenues of the City-owned apartments for low income person. Revenue in fiscal year 2025 totaled \$5,761,488. On April 21, 2016, the City issued \$8,430,000 Gross Receipts Tax Refunding Revenue Bonds (Beach, Bluewater and Manzano Vista Projects) Series 2016B to partially refund the Series 2008B Bonds. This debt constitutes a limited obligation of the City and is payable solely from the resources of the apartments. Respective revenues are pledged for the repayment of these bonds. The Gross Receipts Tax Refunding Revenue Bonds, Series 2016B mature on July 1, 2030 and bear a 2.30% coupon interest rate. The Series 2016B bonds are subject to optional redemption generally at par; unless long-term interest rates are in effect. The apartments debt in the amount of \$4,500,000 is outstanding at June 30, 2025.

Refuse revenue bonds – are secured by pledges of net revenues of the solid waste and refuse disposal system. Revenue in fiscal year 2025 totaled \$90,882,076. On June 30, 2020, the City issued \$40,570,000 of Refuse Removal and Disposal Improvement Revenue Bonds, Series 2020 with an average coupon rate of 4.78%. The proceeds were used to acquire, construct, enlarge, better, repair, equip or otherwise improve facilities for the solid waste and refusal disposal system. The bonds require annual principal payments and semi-annual interest payments until the bonds mature on July 1, 2046. The balance outstanding at June 30, 2025 was \$37,870,000.

Stadium revenue bonds – are secured by pledges of net revenues of the City-owned baseball stadium. Revenue in fiscal year 2025 totaled \$613,307. On July 2, 2020, the City issued \$4,755,000 of Gross Receipts Tax/Stadium Refunding Revenue Bonds, Series 2020D with an average coupon rate of 1.35% to partially refund the Series 2011 Stadium Bonds. The bonds require annual principal payments and semi-annual interest payments until the bonds mature on July 1, 2026.. This bond is not subject to optional prior redemption prior to maturity. The stadium debt in the amount of \$1,900,000 is outstanding at June 30, 2025.

Summary of annual debt service requirements

The annual debt service requirements on bonds outstanding at June 30, 2025 are as follows:

Year Ending June 30,	Governmental activities				Business-type activities

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

IV. Detailed notes on all funds

F. Long-term obligations

Arbitrage – Section 148 of the Internal Revenue Code generally provides that bonds issued by a municipality will be “arbitrage bonds,” if any portion of the bond proceeds are reasonably expected to be invested in obligations with a yield that is “materially higher” than the yield on the bonds. While municipalities are entitled to earn a certain amount of positive arbitrage during the period the bonds are outstanding, Section 148(f) generally requires that these earnings be paid to the Internal Revenue Service (IRS) at least every five years. As of June 30, 2025, the City has set aside \$1,307,880 in arbitrage interest due to the IRS in connection with future filings and payments to the IRS. This amount is included in other liabilities in the statement of net position. The current portion is in the amount of \$870,571 while the long-term portion is \$437,309. For fiscal year 2025, a payment in the amount of \$31,835 was made to the IRS related to the GRT Series 2019A bonds and \$902,067 related to the GO Series 2020ABD bonds.

Leases/SBITA - A summary of the City's lease terms and interest rates is as follows:

Governmental Activities:

Leases without options to purchase equipment. Annual installments totaling \$6,121,479 plus interest rates ranging from .304% to 1.59%, and due dates ranging from 2025 through 2041.

Building and office space leases. Annual installments totaling \$6,121,479 plus interest rates ranging from .304% to 1.59%, and due dates ranging from 2025 through 2041.

Certain facility leases provide for increases in future minimum annual rental payments based on defined increases in the Consumer Price Index, subject to certain minimum increases.

Included in the table below are Subscription-Based IT Arrangements (SBITAs) with annual installments totaling \$2,165,204 plus interest rates ranging from .304% to 1.59% and due dates ranging from 2027 through 2028 for governmental activities. Annual installments for business-type activities total \$51,909 plus interest rates ranging from .304% to 1.59% and due dates through 2027.

Total future minimum lease payments under lease agreements are as follows:

Year ending June 30,	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2026	\$ 1,940,348	\$ 120,216	\$ 25,732	\$ 898

The Component Unit amounts presented above are taken directly from the financial statements of the Albuquerque Housing Authority (AHA), specifically Note 7 from AHA's report. While the basic financial statements for AHA present two columns - business-type activities and discrete component units - the City reports the combined total of these balances on the Statement of Net Position and Statement of Activities. The footnotes presented in AHA's report only present information about the business-type activities and excludes the information about its discrete component units due to the fact that AHA does not consider footnote information related to the component units to be major and has therefore elected to exclude this information, per GASBS 61. Additional requests for information about the composition of long-term obligations related to AHA's discrete component units may be obtained by contacting Barbara D'Onofrio, Finance Director of the Albuquerque Housing Authority, at 1840 University Blvd. SE, Albuquerque, NM 87106.

G. Refunded bonds

The City has refunded various bond issues by issuing refunding bonds, the proceeds of which have been placed in escrow and used to purchase securities of the United States Government and related agencies at various interest rates and maturities sufficient to meet all debt service requirements of the refunded debt. These assets are administered by trustees and are restricted to use for retirement of the refunded debt. The liability for the refunded bonds and the related securities and escrow accounts are not included in the accompanying general purpose financial statements as the City satisfied its obligation for payment of the refunded debt upon completion of the refunding transactions. Refunded debt outstanding at June 30, 2025, is as follows:

Gross Receipts Tax Revenue Bonds	\$ 66,340,000
----------------------------------	---------------

H. Conduit bonds

The City has acted from time to time as the issuer of conduit bonds, the proceeds of which have been immediately loaned to a private borrower. Such bonds are payable by the City only from amounts paid to the City by such conduit borrowers pursuant to a lease, loan or other agreement. The City has assigned its rights with respect to such bonds to various trustees that monitor amounts due by the borrowers and pay the principal and interest as due on such conduit bonds from the borrowers' payments. The City has no obligation to repay all or any portion of such bonds in the event the private borrowers fail to make their payments when due.

Industrial Revenue Bonds – As of June 30, 2025, there were eleven series of Industrial Revenue Bonds outstanding. The aggregate principal amount payable was \$1,039,702,675. There were no bonds pending close out.

I. Construction Commitments

In the fall of 2017, the City entered into a multi-year contract with Citelum US, Inc. for the purpose of evaluating and implementing energy efficient street lights throughout the City. This contract is scheduled to end in 2032 and carries a scheduled termination value payment clause in the contract that stipulates that if the City terminates the contract before completion then the City shall pay Citelum an agreed upon value corresponding to the month in which the contract is terminated. If the City terminates the contract during fiscal year 2026 the City shall be required to pay an amount between \$10,226,137 and \$9,144,340, depending on the month.

K. Defined benefit pension plan

General Information about the Pension Plan

Plan description – Substantially all of the City’s full-time employees participate in a public employee retirement system governed by the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). The Public Employees Retirement Association (PERA) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. PERA issues a separate ACFR. That report may be obtained by writing to: PERA, PO Box 2123, Santa Fe NM 87504-2123. The report is also available on PERA’s website.

Benefits provided – The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. Effective July 1, 2013, new legislation enabled two benefit tiers under each PERA coverage plan. The coverage plans include: Municipal General, Municipal Police, and Municipal Fire plans. Members are eligible to retire when they meet the age and service credit requirement for the plan they participate in. Plan members are required to contribute between 7.75%-18.15% of their gross salary, depending on the specific plan type. The City is required to contribute between 7.40%-21.65% of the gross covered salary, depending on the specific plan type.

Contributions – The following are the plans covered by the City and the contribution requirements (in thousands of dollars) for the year ended June 30, 2025:

Group Covered	Employee		Employer	
	Percent	Amount	Percent	Amount
General, management, and bus drivers	16.15 %	\$ 31,168	11.30 %	\$ 25,514
Temporary employees	10.00 %	98	9.15 %	76
J-Series 20-year	19.65 %	511	18.80 %	296
Police	19.30 %	18,141	20.65 %	10,742
Fire	20.70 %	14,325	23.40 %	8,595
		<u>\$ 64,243</u>		<u>\$ 45,223</u>

The contribution requirements of plan members and the City are established in New Mexico Statute Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. In accordance with Chapter 10, Article 11, Section 5 NMSA 1978, the City has elected to make a percentage of the employees’ contributions. The percentage of the employees’ contributions paid by the City varies according to the specific plan type. The City’s required contributions to PERA for the years ending June 30, 2025, 2024, and 2023 were \$45,223,185, \$42,223,870 and \$39,317,786, respectively. The City’s total contributions to PERA, including the employer required contributions, and the portion the City pays for the employees for the years ending June 30, 2025, 2024, and 2023 were \$109,466,624, \$99,938,286 and \$91,606,867, respectively.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

IV. Detailed notes on all funds

K. Defined benefit pension plan

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2025, the City reported a net pension liability of \$1,067,775,071 its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2024.

The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan by type for fiscal year 2025. As of June 30, 2025, the City's proportional share was 20.60% of the Municipal General Division, 29.98% of the Municipal Police Division, and 31.61% of the Municipal Fire Division.

For the year ended June 30, 2025, the City recognized its proportional share of the pension contribution expense of \$141,572,840. The proportional share of the pension contribution expense by plan type is as follows:

	Pension Expense
Municipal General	\$ 68,699,702
Municipal Police	\$ 42,721,107
Municipal Fire	\$ 30,152,031

At June 30, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred outflows of resources	Deferred inflows of resources

K. Defined benefit pension plan

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

	Deferred outflows of resources	Deferred inflows of resources
Municipal Fire		
Differences between expected and actual experience	\$ 24,418,415	\$ —
Change in assumptions	175,624	—
Net difference between projected and actual earnings on pension plan investments	5,440,403	—
Changes in proportion and differences between City contributions and proportionate share of contributions	553,315	(13,493,019)
City contributions subsequent to the measurement date	14,324,850	—
Total	\$ 44,912,607	\$ (13,493,019)

The amount of contributions related to fiscal year 2025 have been reported as deferred outflows of resources related to pensions and will be recognized as a reduction of the net pension liability in fiscal year 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Fiscal Year Ended June 30	City Overall	Municipal General	Municipal Police	Municipal Fire
2026	\$ 34,845,405	\$ 20,764,136	\$ 8,888,906	\$ 5,192,363
2027	\$ 88,384,645	\$ 49,935,429	\$ 26,317,024	\$ 12,132,192
2028	\$ 10,455,442	\$ 6,907,109	\$ 3,130,469	\$ 417,864
2029	\$ (3,982,751)	\$ (2,107,996)	\$ (1,227,074)	\$ (647,681)

Actuarial assumptions – The total pension liability as of the June 30, 2025 valuation date was determined using the following actuarial assumptions, applied to all periods including the measurement:

Actuarial Methods	
Actuarial valuation date	June 30, 2023
Actuarial cost method	Entry Age Normal
Amortization method	Level Percentage of Pay
Amortization period	25 years

Actuarial Assumptions	
Investment rate of return	7.25%
Payroll growth	3.00%
Projected salary increases	3.25% to 13.50% annual rate
Inflation assumption	2.50%
Mortality assumption	PUB-2010 General Employees Mortality

The long-term expected rate of return on pension plan investments was determined using statistical analysis in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

IV. Detailed notes on all funds

K. Defined benefit pension plan

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	46.00 %	3.90 %
Risk Reduction and Mitigation	13.00 %	2.20 %
Credit Oriented Fixed Income	17.00 %	2.30 %
Real Assets	18.00 %	5.90 %
Absolute Return	6.00 %	2.60 %
Total	100.00 %	

Discount Rate for PERA Funds – The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with statutory rates. On this basis, the pension plan's fiduciary net position together with the expected future contributions are sufficient to provide all projected future benefit payments of current plan members as determined in accordance with GASB Statement No. 67. Therefore, the 7.25% assumed long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate – The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate with a 1.00% decrease or 1.00% increase from the current rate:

Plan Type	1% Decrease 6.25%	Current Discount Rate 7.25%	1% Increase 8.25%
City of Albuquerque, Overall	\$ 1,496,413,487	\$ 1,067,775,071	\$ 716,101,156
Municipal General	\$ 681,840,826	\$ 474,038,150	\$ 302,253,237
Municipal Police	\$ 441,306,466	\$ 306,262,451	\$ 196,373,013
Municipal Fire	\$ 373,266,195	\$ 287,474,470	\$ 217,474,906

Pension plan fiduciary net position – Detailed information about the pension plan's fiduciary net position is available in the separately issued PERA's ACFR. As of June 30, 2025, there was a \$6,247,739 PERA contributions payable.

L. Postemployment benefits

The city has two categories of other postemployment benefits (OPEB), life insurance and retiree healthcare (RCHCA). The City provides certain health care and life insurance benefits for retired employees. Substantially all of the City's employees may become eligible for those benefits if they reach the normal retirement eligibility conditions while working for the City.

Postemployment Life Insurance Benefits

Plan description – The City's Life Insurance Benefit Plan (Plan) is a cost sharing multiple-employer plan administered as a formal trust by the City. The Plan includes coverage for all City employees. The Plan also includes coverage for the employees of the Albuquerque Bernalillo County Water Authority (a separate legal entity, formerly a component unit of the City). The Albuquerque Pooled OPEB Trust Plan issues a separate report that can be obtained from the Accounting Division at: PO Box 1293, Room 8010, 8th Floor, Albuquerque NM 87103. The Water Utility Authority and the City have different benefit rules. Insurance benefits are authorized by the City's Merit System Ordinance and Personnel Rules and Regulations. Upon retirement with the City, an employee will continue to be covered by the City's plan at no cost to the employee. Coverage will be one-half of the coverage reflected on the most recent annual life insurance adjustment report immediately prior to retirement up to a maximum of \$25,000. Effective July 1, 2008 the minimum amount of coverage per retiree is \$12,500.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

IV. Detailed notes on all funds

L. Postemployment benefits

Funding policy – The City contributes 100.00% or more of the actuarially determined contributions each year.

Retiree Health Care Act (RHCA) Contributions

Plan description – The City contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Section 10-7C- 1 NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Benefits provided – eligible retirees, their spouses, dependents and surviving spouses and dependents with health insurance and prescription drug benefits consisting of a plan, or optional plans of benefits, that can be contributions to RHCA and by co-payments or out-of-pocket payments of eligible retirees.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which case the period required for contributions becomes the period between the employer's effective date and the date of retirement; 2) retirees defined by the Retiree Health Care Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years. The City does not have data pertaining to retired and active employees as of June 30, 2025.

Funding policy – The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100.0% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website.

Contributions – The employer and employee retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers are January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board. The City's total contributions for the year ending June 30, 2025 were \$8,280,642.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees who are members of an enhanced retirement plan: state police and adult correctional officer coverage plan 1; municipal police member coverage plans 3, 4 and 5; municipal fire member coverage plan 3, 4 and 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act (10-12B-1 NMSA 1978), during the fiscal year ended June 30, 2015, the statute required each participating employer to contribute 2.50% of each participating employee's annual salary, and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2015, the statute required each participating employer to contribute 2.00% of each participating employee's annual salary; each participating employee was required to contribute 1.00% of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

IV. Detailed notes on all funds

L. Postemployment benefits

Contributions are expected to match or exceed the actuarial annual determined contribution (ADC). Monthly invoices for retiree life insurance premiums are paid out of the trust. When expected benefit claims exceed retiree premiums, the City is allowed to treat the implicit subsidy as a contribution. The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. Information related to the number of plan members can be found in the publicly available report. That report and further information can be obtained by writing to the Retiree Health Care Authority at: 4308 Carlisle NE, Suite 104, Albuquerque NM 87107.

OPEB Insurance-Related liabilities, deferred outflows of resources and deferred inflows of resources – The City reported a net OPEB liability of \$16,801,469 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2025, and the total OPEB liability used to calculate the OPEB liability was determined by an actuarial valuation as of January 1, 2025 rolled forward to June 30, 2025.

For year ended June 30, 2025, the City recognized OPEB expense of \$245,125.

OPEB RHCA liabilities, deferred outflows of resources and deferred inflows of resources – As of June 30, 2025, the City reported a net OPEB Liability for Retiree Health Care of \$116,042,765 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2024.

For year ended June 30, 2025, the City recognized its proportionate share of OPEB expense in the amount of \$27,274,056.

As of June 30, 2025, the City reported deferred inflow of resources, deferred outflow of resources and net liability insurance and RHCA below:

	<u>OPEB Insurance</u>	<u>OPEB RHCA</u>	<u>Total</u>
Differences between expected and actual experience	\$ —	\$ (12,121,175)	\$ (12,121,175)
Change in assumptions	—	(73,587,006)	(73,587,006)

Sensitivity of the City’s proportionate share of the net OPEB insurance liability to changes in the discount rate – The following presents the City’s proportionate share of the net OPEB liability calculated using the discount rate of 5.00%, as well as what the City’s proportionate share of the net OPEB liability would be if it were calculated using a discount rate with a 1.00% decrease or 1.00% increase from the current rate. The healthcare trend is not an assumption used in the actuarial analysis.

	1% Decrease 4.00%	Current Discount 5.00%	1% Increase 6.00%
City’s proportionate share of the net OPEB liability	\$ 27,563,122	\$ 16,801,469	\$ 8,240,059

OPEB plan fiduciary net position – Detailed information about the trust plan’s fiduciary net position is available in separate OPEB financial statements.

Actuarial assumptions – The total OPEB insurance related liability in the June 30, 2025 valuation was determined using the following actuarial assumptions applied to all periods including the measurement:

Actuarial Methods	
Actuarial valuation date	January 1, 2024
Actuarial cost method	Entry Age Normal
Amortization method	Level % of pay
Amortization period	30 years closed, 13 years remain
Asset valuation method	Fair Value
Actuarial Assumptions	
Long-term return on assets	5.00%
Discount rate	5.00% as of June 30, 2025 and June 30, 2024
Inflation	2.50% per year
Salary increase	3.00% per year
Retirement age	50 to 80
Mortality	PERA of New Mexico; projected with MW Scale 2022

Discount rate – The expected long-term rate of return on trust assets was used. Based on the level of funding to date and the expected future contributions established in the funding policy, trust assets are expected to be sufficient in all future years to provide the expected benefit payments.

CITY OF ALBUQUERQUE, NEW MEXICO

L. Postemployment benefits

The amount of contributions related to fiscal year 2025 have been recorded as a deferred outflow of resources related to the RHCA OPEB liability. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as OPEB expense as follows:

Fiscal Year Ended June 30:	Amount
2025	\$ (21,822,424)
2026	\$ (27,199,635)
2027	\$ (18,950,517)
2028	\$ (5,925,841)
2029	\$ 1,358,472

Actuarial assumptions – The total OPEB liability in the June 30, 2025 valuation was determined using the following actuarial assumptions applied to all periods including the measurement:

Actuarial Methods	
Actuarial valuation date	June 30, 2023
Actuarial cost method	Entry age normal, level percent of pay, calculated on individual employee basis
Amortization method	Fair value of assets
Actuarial Assumptions	
Inflation	2.50% for PERA members
Investment rate of return	7.00% net of OPEB plan investment expense and margin for adverse deviation including inflation
Discount rate	7.00%
Projected salary increases	3.00% to 13.0%, based on years of service, including inflation
Mortality rate	RP-2014 Blue Collar Annuitant Mortality
Healthcare cost trend rate	8.00% graded down to 4.50% over 14 years for non-Medicare medical plan costs 8.50% graded down to 4.50% over 16 years for Medicare medical plan costs

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

IV. Detailed notes on all funds

L. Postemployment benefits

The long-term expected rate of return on OPEB plan investments was determined using a building block method in which the expected future real rates of return (net of investment fees and inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses as a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investments expenses, used in the derivation of the long-term expected investment rate of return assumptions.

	Target Allocation	Long-Term Expected Real Rate of Return
U.S. core fixed income	20.00 %	1.60 %
U.S. equity - large cap	20.00 %	6.90 %
Non U.S. - emerging markets	15.00 %	8.70 %
Non U.S. - developed equities	12.00 %	7.20 %
Private equity	10.00 %	9.90 %
Credit and structured finance	10.00 %	3.70 %
Real estate	5.00 %	3.60 %
Real return	5.00 %	3.20 %
U.S. equity - small/mid cap	3.00 %	6.90 %
	100.00 %	

Discount rate – The discount rate used to measure the total OPEB liability is 7.00% as of June 30, 2024. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates proportional to the actuary determined contribution rates. For this purpose, employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the fund’s fiduciary net position was projected to be available to make all projected future benefit payments for current plan members through the fiscal year ending June 30, 2052. Thus, the 7.00% discount rate, which includes the assumed inflation rate of 2.5%, was used to calculate the net OPEB liability through 2052. Beyond 2052, the index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (2.16%) was applied. Thus 3.62% is the blended discount rate.

Sensitivity of the City’s proportionate share of the net OPEB liability to changes in the discount rate – The following represents the City’s proportionate share of the net OPEB liability calculated using the discount rate of 7.00%, as well as what the City’s proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is a 1.00% decrease or 1.00% increase from the current rate:

	1% Decrease 6.00%	Current Discount 7.00%	1% Increase 8.00%
City’s proportionate share of the net OPEB liability	\$ 146,337,563	\$ 116,042,765	\$ 91,208,839

The following represents the proportionate share of the net OPEB liability for the City as of June 30, 2024, if it were calculated using a health cost trend rate that is a 1.00% decrease and 1.00% increase than the health cost trend rates used:

	1% Decrease	Current Trend Rates	1% Increase
City’s proportionate share of the net OPEB liability using the health cost trend	\$ 89,676,590	\$ 116,042,765	\$ 183,754,392

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

IV. Detailed notes on all funds

L. Postemployment benefits

OPEB plan fiduciary net position – Detailed information about RHCA’s fiduciary net position is available in their separately issued OPEB Financial Report.

M. Landfill closure and postclosure care costs

Federal laws and regulations require the City to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the City reports a portion of these closure and postclosure care costs in the refuse disposal fund, as an operating expense in each period, based on landfill capacity used as of each balance sheet date. The \$5,032,205 reported as accrued landfill closure costs at June 30, 2025, represents the cumulative amount reported to date based on the use of 32.2% of the estimated capacity of the Cerro Colorado Landfill.

The City will recognize the remaining estimated cost of closure and postclosure care of \$10,578,786 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2025. The City expects to close the landfill in the year 2097. Actual cost may be higher due to inflation, change in technology, or change in regulations. The City has set aside \$5,032,205 for future postclosure costs. This amount is reported as a restricted asset on the balance sheet. The City expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate, or additional postclosure care requirements are determined (due to change in technology or applicable laws or regulations, for example); these costs may need to be covered by charges to future landfill users or future tax revenue.

Annually the City files a financial assurance report for closure and postclosure costs with the New Mexico Department of Environmental Quality as required by Section 20.9.5.16 NMAC. Pursuant to Subsection D of 20.9.10.19 NMAC, the City reports combined closure and postclosure costs of \$15,791,903 for the Cerro Colorado Landfill, Montessa Park Convenience Center, Don Reservoir Convenience Center, Eagle Rock Convenience Center, and the Intermediate Processing Facility. Parkhill, an engineering and consulting firm, provides the solid waste department with an Airspace Depletion Analysis report and the analytical data from the report is used to determine the estimated landfill closure and postclosure care costs.

N. Risk management

The City is exposed to various risks of loss related to torts and civil rights claims including: law enforcement and employment related exposures; theft, damage and destruction of its real and personal assets; workers’ compensation losses; errors and omissions of City officers and officials; and natural disasters. The City uses the Risk Management Fund to account for and finance its uninsured risks of loss. Under this program, the fund provides coverage for up to a maximum of \$2.0 million for public safety employees, and \$1.5 million for all other employees for each workers’ compensation incident, \$1.05 million for each tort liability claim, and \$50,000 for each City real and contents damage claim. Losses in other categories and catastrophic losses in the mentioned categories are the subject of insurance and/or actuarially reviewed retention. Whenever a risk exposure is insured, the City continues to benefit from case coverage on claims that were incurred during the insured claim year.

In the risk management fund, claims are tracked on a program by program basis and assessed charges to each program based on historical claims experience and the need to establish a reserve for unanticipated catastrophic losses. The claims liabilities reported in the risk management fund are based on the requirements of GASB 10, which requires that a liability for claims be reported, if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements, and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The result of the process to estimate the claims liability is an exact amount as it depends on many complex factors such as: inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends including frequency and amount of payouts, and other economic factors. The estimate of the claims liability also includes amounts for incremental claim adjustments expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims. Estimated recoveries, for example, from salvage or subrogation, are another component of the claims liability estimate. The amounts and change in the fund’s claims liability in fiscal year 2025 and 2024 were:

CITY OF ALBUQUERQUE, NEW MEXICO

O. Albuquerque Housing Authority - Component Units

The Authority reports the following blended component units:

AHA Rio Vista Developer LLC – Created on October 31, 2016, AHA Rio Developer LLC was organized as a single member limited liability company for the purpose of development and improvement of real estate for affordable housing.

AHA Housing Development Corporation – Created on March 5, 2018, AHA Housing Development Corporation was organized as a Nonprofit Corporation to act exclusively in the furtherance and support of the public mission of the Albuquerque Housing Authority and its existing or future instrumentalities and affiliates.

The Authority reports the following discrete component units:

The Commons at Martineztown, LLLP – Created on April 16, 2020, The Commons at Martineztown, LLLP was organized as a New Mexico limited liability limited partnership to acquire, develop, finance, rehabilitate, own, maintain, operate and sell or otherwise dispose of a 96-unit multi-family affordable housing complex.

Broadway McKnight, LLLP – Created on November 10, 2020, Broadway McKnight, LLLP was organized as a New Mexico limited liability limited partnership to acquire, develop, finance, rehabilitate, own, maintain, operate and sell or otherwise dispose of a 30-unit multi-family affordable housing complex.

6100 Harper, LLLP – Created on November 10, 2020, 6100 Harper, LLLP was organized as a New Mexico limited liability limited partnership to acquire, develop, finance, rehabilitate, own, maintain, operate and sell or otherwise dispose of a 59-unit multi-family affordable housing complex.

9000 Varanda, LLLP – Created on November 21, 2022, 9000 Varanda, LLLP was organized as a New Mexico limited liability limited partnership to acquire, develop, finance, rehabilitate, own, maintain, operate and sell or otherwise dispose of a 35-unit multi-family affordable housing complex.

120 La Plata, LLLP – Created on November 21, 2022, 120 La Plata, LLLP was organized as a New Mexico limited liability limited partnership to acquire, develop, finance, rehabilitate, own, maintain, operate and sell or otherwise dispose of a 32-unit multi-family affordable housing complex.

P. Commitments and contingencies

Encumbrances for purchase orders, contracts, and other commitments for expenditures are recorded in memorandum accounts of the City’s governmental funds. Encumbrances lapse for budgetary purposes at the end of each fiscal year and the subsequent year’s appropriations provide authority to complete these transactions. For the General Fund and other operating funds, large nonrecurring encumbrances are reappropriated to the following fiscal year so that the commitment does not cause expenses to exceed appropriations. Outstanding encumbrances as of June 30, 2025 are reported in the table below:

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2025

IV. Detailed notes on all funds

P. Commitments and contingencies

Governmental activities:

Major funds:

General Fund	\$	1,715,290
Operating Grants Fund		27,152,905
Capital Acquisition Fund		178,532,090
Infrastructure Tax Fund		18,482,630
Nonmajor governmental funds		46,016,756
Total governmental activities	\$	271,899,671

In addition, the business-type funds have uncompleted construction and other commitments for construction, improvements and replacements or from operating revenues:

Business-type activities:

Major funds:

Airport Fund	\$	35,106,275
Refuse Disposal Fund		10,677,728
Transit Fund		3,796,482
Nonmajor business-type funds		4,305
Total business-type activities	\$	49,584,790

In the normal course of business, the City is subject to certain contingent liabilities and unasserted claims. These contingencies are evaluated in light of their probability of being asserted and the estimability of the claims. Those claims that are probable and estimable have been accrued in the accompanying financial statements. Claims that are possible and/or not estimable are disclosed herein. Remote claims are monitored until such time as they are resolved, disclosed, or accrued. Except as discussed in the following paragraphs, it is the opinion of City management that the ultimate resolution of other litigation will not have a material effect on the financial position of the City.

The City is a defendant in a legal proceeding that does not fall under the New Mexico Tort Claims Act; this legal proceeding alleges that certain time incurred by some of the City’s fire and transit departments and other employees are subject to overtime compensation. The ultimate outcome of these legal proceedings cannot presently be determined; the case is currently awaiting the courts consideration on how the calculations are to be determined. Accordingly, no provision for any additional liability that may result upon the ultimate outcome has been recognized in the accompanying financial statements and schedules.

The City has received a number of federal and state grants for specific purposes. These grants are subject to audit and may result in requests for reimbursements to granting agencies for expenditures disallowed under the terms of the grants. Based on prior experience, City management believes that such discrepancies, if any, will not be material.

Q. Budget violations

As of June 30, 2025, the following funds were overspent at the fund level on the budgetary comparison statements:

Governmental funds:

Operating Grants	\$	(25,143,318)
Infrastructure Tax		(5,096,002)
City Housing		(118,059)

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

IV. Detailed notes on all funds

R. Service concession arrangements

In fiscal year 2017, the City entered into a development agreement with One Central Operating Associates LLC (Developer), under which the City manages, collects, and retains revenue for a parking facility for a term of three hundred (300) months. The City paid the Developer a lump sum of \$17.5 million and is required to operate and maintain the parking facility in accordance with the executed contract. The agreement includes an irrevocable option to purchase the parking facility from the Developer commencing with the 120th month after the signing of the Certificate of Occupancy. The City entered into this agreement to enhance the development of the downtown area and increase parking revenue. The City recognizes an intangible asset in the amount of \$17.5 million pursuant to the development agreement.

S. Tax abatements

There are currently fourteen tax abatement agreements enacted by the City. The City has chosen to disclose information about its tax abatement agreements individually, based on an established quantitative threshold of 5.0% of the total dollar amount of taxes abated during the year; all others are aggregated. Each agreement was negotiated under Article 32 NMSA 1978 and City ordinance 3-2-15 allowing the City to abate property taxes and other state taxes such as, compensating and investment tax credit, for a variety of economic development purposes. It was determined in all cases that the firms were not in direct competition with other firms, and they generated gross receipts taxes through the hiring employees that offset the estimated loss in property tax revenue and other City expenses.

The abatement for real property is based on the total value of the property tax which is determined and reported by the county assessor. Taxable value is one-third of this amount, and the tax rate for the City and other governmental agencies is reported. Personal property tax abatement (equipment purchased with industrial revenue bonds) is reported by the recipient. Payment in lieu of taxes is reported only for the firms that do not have fully depreciated equipment. Information relevant to the disclosure of the abatements for the fiscal year ended June 30, 2025 is:

Tax Abatement Program - Industrial Revenue Bonds	Property Taxes Abated	Payment in Lieu of Taxes
Kairos	\$ 169,117	\$ 25,368

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

IV. Detailed notes on all funds

S. Tax abatements

The City is subject to tax abatements entered in by other governmental entities. Each agreement was negotiated under the authority of Section 7-37-6 NMSA 1978 and Section 7-38 NMSA 1978. The types of abated taxes reported to the City by other entities includes real property tax, personal property tax, and gross receipts and compensating tax. Two entities reported abatements to the City. The City has chosen to summarize the abatements reported by reporting entity and by type of tax abated. Information relevant to the disclosure of the abatements entered by other governmental entities for fiscal year ended June 30, 2025 is:

<u>Abating Agency</u>	<u>Real & Personal Property Taxes Abated</u>	<u>Gross Receipts Taxes Abated</u>
Bernalillo County	\$ 754,029	\$ —

T. Restatement

The beginning net position for the Albuquerque Housing Authority was restated by a \$(102,910) decrease to reflect the effects of implementing the new GASBS 101 standard.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTE TO REQUIRED SUPPLEMENTARY INFORMATION RELATED TO PENSION AND OPEB
FOR THE YEAR ENDED JUNE 30, 2025

PERA

Change of benefit terms: PERA and COLA and retirement eligibility benefit changes in recent years are described in Note 1 of the PERA fiscal year 2024 audit available on the website for the New Mexico Office of the State Auditor via the Audit Report Search.

Change of Assumptions: The Public Employees Retirement Association (PERA) of the New Mexico Annual Actuarial Valuation as of June 30, 2024 is available on PERA's website.

OPEB

OPEB Life Insurance

Change of benefit terms: There were no major changes to the benefit terms which impact the measurements provided in the Albuquerque Pooled OPEB Trust Plan.

Change in assumptions: No benefit changes occurred. The results as of June 30, 2025 were developed by a one-year roll forward of the results from January 1, 2024 valuation. The actuarial assumptions are contained in the Albuquerque Pooled OPEB Trust GASB 75 report supporting documentation section.

RHCA Insurance

Change of benefit terms: There were no major changes to the benefit terms which impact the measurements provided in the Retiree Health Care Fund: The actuarial assumptions are contained in section 3 of the RHCA GASB 74 Actuarial Report.

CITY OF ALBUQUERQUE, NEW MEXICO
DESCRIPTION OF NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

MARIJUANA EQUITY AND COMMUNITY REINVESTMENT FUND – To account for the proceeds of the Cannabis Tax for legal marijuana sales to reinvest in communities that have been disproportionately impacted by the criminalization of marijuana. (Enactment No. O-2023-027)

COMMUNITY DEVELOPMENT FUND – A project fund reported on a life-to-date basis to account for the sources and uses of Development Block Grants. (9-14-4 NMSA 1978)

FIRE FUND – To account for the proceeds of the City's share of taxes on fire insurance premiums collected by the state, which are required to be used for fire stations, purchase and maintenance of equipment, or training. (59A-53-8 NMSA 1978)

LODGERS' TAX FUND – To account for the proceeds of the Lodgers' Tax which are required to be used for promotional activities and the acquisition or construction of certain facilities. (3-38-21 NMSA 1978)

HOSPITALITY TAX FUND – To account for the proceeds of the Hospitality Tax of which fifty percent are required to be used for the purpose of purchasing advertising to publicize and promote tourist-related attractions, facilities, and events. The other fifty percent are required to be used to equip and furnish the City of Albuquerque Convention Center. (3-38A NMSA 1978)

CULTURE AND RECREATION PROJECTS FUND – A project fund reported on a life-to-date basis to account for contributions and donations earmarked for specific projects of Culture and Recreation Department. (Enactment No. 51-1997, R-97-189-12th Council)

ALBUQUERQUE BIOLOGICAL PARK PROJECTS FUND - A project fund reported on a life-to-date basis to account for contributions and donations earmarked for specific projects of the Biological Park. (Enactment No. 51-1997, R-97-182-12th Council)

CITY HOUSING FUND – A project fund reported on a life-to-date basis to account for the revenues and expenditures incurred for the repair and replacement of the City operated subsidized housing. (Enactment No. 110-1984, R-84-112-6th Council)

AIR QUALITY FUND – To account for the operation of the City's Air Pollution Control Program. (9-5-1-13 RO 1994)

SENIOR SERVICES PROVIDER FUND – To account for costs related to the Area Agency on Aging program operations. (Enactment No. R-2014-024)

METROPOLITAN REDEVELOPMENT FUND – A project fund reported on a life-to-date basis to account for the revenues and expenditures incurred in connection with the rehabilitation of historical buildings. Financing is provided by certain property taxes in accordance with the State of New Mexico Metropolitan Redevelopment Code. (3-60A-6 NMSA 1978)

HOUSING AND ECONOMIC DEVELOPMENT FUND – A project fund reported on a lift-to-date basis to account for the use of proceeds from repayment of Urban Development Action Grant loans. The proceeds will be used for housing and economic development in poverty regions within the City. (4-2-2 RO 1994)

LAW ENFORCEMENT PROTECTION FUND – A project fund reported on a life-to-date basis to account for certain state taxes and fees required to be used for law enforcement services. (29-13-6 NMSA 1978)

GAS TAX ROAD FUND – To account for the proceeds of the City's share of the state shared Gas Tax revenues required to be used for street maintenance. (7-1-6.9 NMSA 1978)

AUTOMATED SPEED ENFORCEMENT FUND - To monitor the speed of travel and enforce the speed limit through speed enforcement systems. (Enactment No. R-2022-031)

CITY/COUNTY FACILITIES FUND – To account for rental income and costs of operating City/County facilities. (1984 Joint Powers Agreement)

URBAN ENHANCEMENT EXPENDITURES FUND – A project fund reported on a life-to-date basis to account for the investment earnings of the Urban Enhancement Trust Fund that is transferred to this fund and the related expenditures. (Enactment No. 79-1983, O-83-170-5th Council)

THE ALBUQUERQUE FOUNDATION – A non-profit corporation, reported as a blended component unit of the City, which is a supporting organization of the government that receives and manages private gifts and donations for the benefit of the public.

CITY OF ALBUQUERQUE, NEW MEXICO
DESCRIPTION OF NONMAJOR GOVERNMENTAL FUNDS

CAPITAL PROJECTS FUNDS

SPECIAL ASSESSMENTS CAPITAL FUNDS – To account for capital projects financed by sale of special assessment bonds.

BIOPARK TAX FUND – To account for capital projects for which financing is provided by the BioPark gross receipts tax, grants, and other miscellaneous revenues. (Enactment No. R-2016-071)

IMPACT FEES FUND – To account for the fees received from builders of new commercial and residential building restricted for funding of critical major infrastructure.

VEHICLE AND EQUIPMENT REPLACEMENT FUND – To segregate funds for planned purchases of vehicles and equipment for City departments.

DEBT SERVICE FUNDS

SALES TAX REFUNDING DEBT SERVICE FUND – To accumulate monies for payment of principal and interest of revenue bonds secured by pledges of Gross Receipts Tax (sales tax) and certain Lodgers' Tax revenues.

FIRE DEBT SERVICE FUND – To accumulate monies for payment of principal and interest of debt secured by pledges of revenues from State Fire Protection Fund distributions.

SPECIAL ASSESSMENTS DEBT SERVICE FUND – To accumulate money for payment of principal and interest of debt secured by pledges of revenues from assessments levied against benefited properties.

PERMANENT FUNDS

ROBERT M. WHITE OPEN SPACE TRUST FUND – To account for proceeds from the sale of certain properties. The principal of this fund is to be retained intact. The investment earnings are to be used for the acquisition and management of open space land. (Enactment No. 41-1982, R-82-67-5th Council)

URBAN ENHANCEMENT TRUST FUND – To account for the principal of the trust fund which is to be maintained intact. The investment earnings to are to be used to finance the design, implementation, and construction of urban enhancement improvement projects which will enhance the beauty of common usage areas of the city and enrich the City's cultural life. (O-154, Enactment No. 65-1983th)

Total PILOT	<u>\$ 2,460,407</u>

STATISTICAL INFORMATION

STATISTICAL SECTION CONTENTS

The Statistical Section presents detailed information as a context for understanding what the financial statements, note disclosures, and required supplementary information say about the City's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the factors effecting the City's ability to generate its gross tax.

Debt Capacity

These schedules present information to help the reader assess the City's current levels of outstanding debt and City's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time with other governments.

Operating Information

These schedules contain information about the City's operations and resources to help the reader understand how the City's financial report relates to services and activities provided by the City.

Source: Bernalillo County Tax Calculation Certification, by tax year

Note: Bernalillo County assesses property at 33.3% of assessed valuation in accordance with Sections 7-37-7 and 7-37-7.1 NMSA 1978.

Estimated actual value is calculated by dividing assessed value by those percentages. Tax rates are per \$1,000 of assessed value.

⁽¹⁾ Weighted average of residential rate and non-residential (commercial) rate based on percentage of each type to total assessed value.

⁽²⁾ Residential exemptions are Head of Household (\$2,000) and Veteran (\$4,000) and low income/age (65 years old with less than \$18,500 in income).

⁽³⁾ Non-residential exemptions are granted for agriculture property and for Industrial and Municipal Revenue Bonds.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED JUNE 30, 2025

NOTE A BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the “Schedule”) includes the federal grant activity of the City of Albuquerque (“City”) under program of the federal government for the year ended June 30, 2025. The information in this schedule is presented in accordance with the requirements of the Title 2-U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule only presents a selected portion of the operations of the City, it is not intended to and does not present the financial position or changes in net position of the City.

NOTE B SIGNIFICANT ACCOUNTING POLICY

The accompanying schedule of federal awards is prepared on the modified accrual basis of accounting.

The schedule of federal awards includes expenditures of the City of Albuquerque.

Such expenditures are recognized following the cost principles contained in OMB Circular A-87, Cost Principles for State, Local and Indian Tribal Governments, and Title 2, U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), where certain types of expenditures are not allowable or are limited as the reimbursement. The City has elected not to use the 15 percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE D NON-CASH ASSISTANCE, LOANS, AND LOAN GUARANTEES

In accordance with Title 2, U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, the City discloses loans, and loan guarantees. The City considers the non-cash assistance amount to be immaterial and will fully disclose amounts in subsequent years. The reported amount includes new loans made during the year, plus prior year loans for which the federal government imposes continuing compliance requirements. Accordingly, the total expenditures per the Schedule of Expenditures of Federal Awards is adjusted as follows:

Total expenditures per Schedule of Expenditures of Federal Awards	\$ 76,971,109
Loans and loan guarantees:	
HOME Investments Partnership Program	14.239 <u>334,425</u>
Adjusted total expenditures per Schedule of Expenditures of Federal Awards	<u>\$ 77,305,534</u>

The outstanding balance of the loans and loan guarantees as of June 30, 2025, is \$334,425.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque
Albuquerque, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information, and the budgetary comparison for the general fund of the City of Albuquerque, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City of Albuquerque's basic financial statements, and have issued our report thereon dated January 12, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of Albuquerque's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Albuquerque's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Albuquerque's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque

We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2025-001 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2025-002, 2025-003, and 2025-004 to be significant deficiencies.

Report on Compliance and Other Matters

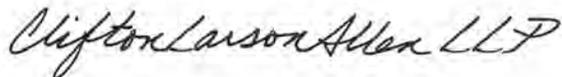

As part of obtaining reasonable assurance about whether City of Albuquerque's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 2025-008, 2025-009, 2025-010, 2025-011, 2025-012, 2025-013, 2025-014, 2025-015, 2025-016 and 2025-017.

City of Albuquerque's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City of Albuquerque's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. City of Albuquerque's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque
Albuquerque, New Mexico

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the City of Albuquerque's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City of Albuquerque's major federal programs for the year ended June 30, 2025. The City of Albuquerque's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City of Albuquerque complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City of Albuquerque and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City of Albuquerque's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City of Albuquerque's federal programs.

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City of Albuquerque's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City of Albuquerque's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City of Albuquerque's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City of Albuquerque's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City of Albuquerque's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2025-005, 2025-006, and 2025-007. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on the City of Albuquerque's response to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The City of Albuquerque's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque

Report on Internal Control Over Compliance

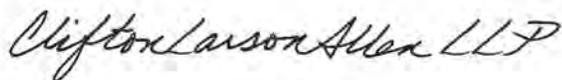

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2025-005, 2025-006, and 2025-007, to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the City of Albuquerque's response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The City of Albuquerque's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section II – Financial Statement Findings

2025 – 001 (2023 – 003) Accounts Payable (Material Weakness)

Condition: During our testwork over accounts payable, we identified 4 invoices totaling \$2,056,933 for services performed during fiscal year 2025 that were not included in the accounts payable balance at year-end. After this was brought to management’s attention, an adjusting entry for \$1,315,778 was posted to properly include 1 of the identified invoices in accounts payable at year-end.

Management’s Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are still opportunities for improvement to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements as well as compliance with City policy.

Criteria or specific requirement: Per Administrative Instruction 3.7, Payments to Vendors, the accounts payable section of DFAS must ensure appropriate training is provided to departments on the use of the automated systems and on procedures to be followed.

Effect: Potential misstatement of accounts payable.

Cause: Management oversight of procedures. Per discussion with DFAS, a crucial element in the control over accounts payable is the voucher review process. This is a process whereby vouchers entered by the AP staff are routed to department fiscal staff to review and approve for accuracy prior to payment. In addition, during the year-end process department fiscal staff is responsible to review accruals entered to their department and submit any additional accruals or accrual deletions/reversals.

Recommendation: We recommend ensuring relevant training has taken place at the department-level to ensure invoices are properly evaluated for cutoff.

Management Response: The City concurs with two invoices totaling \$1,386,881 and does not concur with two invoices totaling \$670,052, as detailed below:

DFAS Accounting calculates internal planning materiality amounts for use during year-end accrual processes to identify appropriate thresholds for fiscal staff necessary to guide their review of potential year-end accruals. These materiality amounts can differ from the materiality amounts calculated by the independent public accountant but have always provided a reasonable and acceptable framework for DFAS Accounting staff to review appropriate items necessary to ensure that material amounts are reviewed and accrued, if necessary.

One invoice, totaling \$206,229, was not accrued because this invoice total is less than the City’s calculated planning materiality amount for the fund in question. DFAS Accounting followed established procedures, including reviewing and accruing many other invoices related to this fund that exceeded threshold amounts, but since the sampled invoice was less than the materiality amount this individual invoice was not reviewed. This invoice is not considered material to the fund so no adjustment was entered.

One invoice, totaling \$463,823, was not accrued because it was not received and vouchered by the City’s Accounts Payable department until several days after the year-end audit work related to the applicable fund was completed. Once all necessary account reconciliations, journal entries, and draft financial statement preparation work has been completed for a fund the DFAS Accounting team prepares and submits requested documentation to the independent public accountant, at which point further year-end procedures cease as an appropriate manner of cutoff. This invoice is not considered material to the fund so no adjustment was entered.

Timeline and Responsible Position: June 2026 – City Controller

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section II – Financial Statement Findings (continued)

2025 – 001 (2023 – 003) Accounts Payable (Material Weakness) (continued)

Auditor’s Response: Per AU-C 560-09-.10 “the auditor should perform audit procedures designed to obtain sufficient appropriate audit evidence that all subsequent events that require adjustment have been identified. The auditor should perform the procedures required by paragraph .09 so that they cover the period from the date of the financial statements to the date of the auditor’s report or as near as practicable thereto.” Procedures over subsequent disbursements were performed through the conclusion of fieldwork. Two invoices totaling \$670,052 for services rendered during FY25 were not properly recorded in accounts payable as of year-end. The first invoice, totaling \$206,228.84, related to services provided from July 2024 through December 2024 and was paid on September 24, 2025. The second invoice, totaling \$463,822.73, related to services provided in June 2025 and was paid on October 28, 2025. Although these invoices did not exceed the City’s established materiality threshold, they were selected and tested as part of our sampling methodology and risk based procedures.

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section II – Financial Statement Findings (continued)

2025 – 002 (2022 – 003) Internal Controls over Payroll (Significant Deficiency)

Condition: During our testwork over payroll, we identified the following:

- For 6 out of 44 payroll samples tested, we were not provided with evidence of employee approval of their timesheets.
- For 4 out of 44 payroll samples tested, we were not provided with evidence of manager/supervisor approval of timesheets.
- For 2 out of 44 payroll samples tested, evidence of timesheet approval by both the employee and their manager/supervisor was not provided.
- For 1 out of 44 payroll samples tested, a former City employee continued to receive pay after termination of employment. The employee was terminated on December 23, 2023 and was paid through pay period end March 21, 2025, resulting in an overpayment of \$77,428. This was identified by City staff in April 2025.
- For 1 out of 44 payroll samples tested, a City employee self-entered work hours into the Telestaff scheduling system without obtaining prior approval or notifying an immediate supervisor. Between October 9, 2024, and June 29, 2025, there were 16 instances in which the employee entered time directly into the Telestaff scheduling system without obtaining prior approval or notifying their immediate supervisor, resulting in an overpayment of \$1,197. This was identified by City staff in July 2025.

Management’s Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are still opportunities for improvement to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements as well as compliance with City policy.

Criteria or specific requirement: Per Administrative Instruction 2-28: Time Reporting and Approval Policy, Section 6, it is the responsibility of each employee to ensure that their electronic timecard is complete and accurate. Employees are responsible for approving their own electronic timecard, and by doing so, the employee is attesting that, to the best of his/her knowledge, the information submitted is complete and accurate. Managers/Supervisors are responsible for approving work time submitted by their employees at the end of each pay period by the date and time designated by the Payroll Office. Per Section 7.1 of the City of Albuquerque’s Payroll Policies and Procedures, the Payroll Manager, Supervisor, Timekeepers and employees are responsible for identifying overpayments. Section 7.3 states that if the employee is no longer employed by the City, the individual must make an immediate reimbursement to the City, regardless of how the overpayment occurred.

Effect: Noncompliance with City policy.

Cause: Management oversight.

Recommendation: We recommend management and employees follow City policy to ensure timesheets are approved prior to the payroll processing. We also recommend that the City adhere to its policies and procedures regarding overpayments to former employees.

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section II – Financial Statement Findings (continued)

2025 – 002 (2022 – 003) Internal Controls over Payroll (Significant Deficiency) (continued)

Management Response: The City concurs with this finding.

Regarding timesheet approvals: The City will continue to refine processes to determine which timesheets are not being approved and will review them to determine if additional exemptions need to be granted. DFAS Accounting has communicated the importance of approving all timecards in accordance with Administrative Instruction to fiscal managers at regular meetings.

Regarding overpayment to terminated employee: Albuquerque Police Department (APD) uncovered this issue and initiated an internal investigation. APD verified that the department submitted termination paperwork to Central Human Resources (HR) but did not receive a formal response from HR so the employee was not removed from the Telestaff scheduling system. Once APD discovered this, APD notified both DFAS Payroll and Central HR. HR completed the termination process, inactivated the employee, and the terminated employee was removed from the scheduling system. APD and Central HR have initiated criminal and legal procedures to recover the overpaid funds to the terminated employee and the process is ongoing. Additionally, DFAS Payroll has implemented processes where the Payroll team contacts department timekeeping personnel when notice of termination for an employee has started but has not completed by the end of the same pay period in order to prevent future instances from occurring.

Regarding unapproved work hours: Albuquerque Fire Rescue (AFR) uncovered this issue and initiated an internal investigation. The employee had their access to Telestaff terminated during the investigation and, as a result of the investigation, AFR demoted the employee in rank, disciplined the employee, and is currently in the process of recovering the overpaid funds via future paycheck deductions. Additionally, AFR reviewed and implemented access controls to prevent future instances from occurring.

Timeline and Responsible Position: June 2026 – City Controller

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section II – Financial Statement Findings (continued)

2025 – 003 (2022 – 002) Capital Assets (Significant Deficiency)

Condition: During our review of capital assets, we noted the following:

- For 3 out of 126 samples tested, a total of \$4,000,000 was improperly included in construction in progress (CIP) for a development that the City did not own, resulting in an overstatement of CIP.
- For 1 out of 126 samples tested, assets totaling \$2,970,000 were recorded as CIP in fiscal year 2025, despite the projects having been completed in fiscal year 2025 and therefore should have been transferred to building assets during that fiscal year.
- For 1 out of 126 samples tested, \$63,203 was improperly capitalized to land improvements when it should have been expensed, resulting in an overstatement of land improvements.
- During our review of repair and maintenance accounts, we identified capital asset purchases totaling \$1,152,008 that were improperly expensed rather than capitalized. Of this amount, \$937,548 related to replacing existing signage at the Airport, and the original signage was not properly removed from the capital asset listing.
- During our physical capital asset observations, we identified two assets that were above the capitalization threshold but were not properly included on the department’s capital asset listing.
- During the fiscal year, the City consolidated related capital assets into single assets for tracking purposes. This process involved adjusting the amounts of “child” assets down to zero and adding those amounts to the corresponding “parent” asset. When this occurred, the asset module removed the associated accumulated depreciation and recognized a gain on disposal for each “child” asset, even though no actual disposals occurred. As a result, an adjusting entry of \$2,088,691 was required to properly correct accumulated depreciation and the gain on disposal accounts.

The instances above were identified during audit procedures and subsequently corrected by management.

Management 's Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are still opportunities for improvement to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements as well as compliance with City policy.

Criteria or specific requirement: The DFAS Accounting Division Policies and Procedures, Asset Management Section, states that capital assets are reported as construction in progress in the government-wide financial statements during construction and then properly classified in the financial statements once construction is complete.

Per the City’s Capital Asset Guide, if an expenditure lengthens the useful life of an existing asset, increases the economic value of the asset, or increases the productive capability of the asset, then the expenditure should be capitalized. If the expenditure is made to restore or maintain an asset in its original condition, the expenditure should be recognized as a repair or maintenance expense.

The City’s Asset Management, Fixed Asset Guidelines, state that if a fixed asset is identified and not found on the inventory listing, the asset details need to be sent to Financial Reporting for addition to the department inventory.

Effect: Potential misstatement of capital assets.

Cause: Lack of effective procedures over capital assets.

Recommendation: We recommend implementing a City-wide procedure that defines what constitutes a completed project so that all departments evaluate projects on the same basis. Additionally, we recommend creating a checklist or standard operating procedure that aligns with the new project management system (Procore) implemented during the fiscal year. This could be developed to help finance personnel meet with respective project managers to document project status at regular intervals during the year, especially at year-end, to ensure accurate reporting and compliance. We also recommend that the City enhance department-level training and provide clear guidance on expenditures that are to be capitalized.

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section II – Financial Statement Findings (continued)

2025 – 003 (2022 – 002) Capital Assets (Significant Deficiency) (continued)

Management Response: The City concurs with the finding.

Regarding condition bullets 1 through 3: DMD will continue to review and improve its process surrounding the WIP Schedule. Now that all large capital projects are being processed and managed through Procure, the complexity of ensuring consistent treatment of each project's underlying funding activities can be more easily managed.

Regarding condition bullet 4: The Aviation Rate Implementation Coordinator and Fiscal Program Manager will jointly review the scope of work and associated funding strings for all capital projects to ensure expenses are correctly coded to the appropriate asset account(s). They will also verify that project completion percentages are accurately reflected on payment applications and/or invoices. As part of this review, any fixed assets impacted by a project will be identified and, when applicable, properly retired or disposed of in accordance with requirements.

In addition, during the annual Work in Progress (WIP) review, the Aviation Rate Implementation Coordinator and Fiscal Program Manager will assess each project to confirm it is accurately categorized prior to finalizing the WIP schedule.

Finally, the Aviation Purchasing team will receive training on identifying fixed assets during the review and approval of purchasing requisitions to ensure all purchases comply with the City's fixed asset policies and requirements.

Regarding condition bullet 5: Both of these items were purchased and vouchered during the same time period the year-end capital asset inventory was occurring so these items would not have been included on the listing that was sent to the department. The purchased items were coded to non-capital outlay expenditure accounts when purchased, and, during that time period the assigned DFAS fund accountant did not reclassify these expenditures into the proper capital asset expenditure account until this issue was identified. Both items were subsequently corrected, capitalized, and added to the department fund listing.

Regarding condition bullet 6: During the year, DFAS Accounting did perform the asset consolidation process in order to consolidate the City-wide equipment listings for ease of reporting and inventorying. This process was specifically designed to eliminate components of a single asset from being reported and inventoried as individual separate assets and instead report them as single individual assets. During this process, a system related transaction date issue was inadvertently overlooked which caused this specific issue. DFAS Accounting has subsequently corrected internal procedures to ensure that proper dates are used.

Timeline and Responsible Position: June 2026 – Department of Municipal Development Director, Aviation Department Director and City Controller.

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section II – Financial Statement Findings (continued)

2025 – 004 Internal Controls over SBITAs (Significant Deficiency)

Condition: During our testwork over Subscription-Based IT Arrangements (SBITAs), we identified three instances where SBITAs were not identified by the City and therefore were not properly accounted for under GASB 96. This resulted in a total understatement of the right-to-use (ROU) asset balance of \$1,664,459 and an understatement of the SBITA liability balance of \$1,064,537.

Criteria or specific requirement: In accordance with GASB No. 96, Subscription-Based Information Technology Arrangements, a lessee should identify and recognize a subscription asset and a subscription liability at the start of the subscription term for any qualifying Subscription-Based Information Technology Arrangement (SBITA).

Effect: Misstatement of subscription asset and subscription liability balances.

Cause: Inconsistent classification of expenditure purchases and management oversight.

Recommendation: We recommend providing departmental training on the proper classification of SBITA-related expenditures to the appropriate accounts. Additionally, we recommend management perform a review of related expenditure accounts to identify potential subscription purchases that are applicable under GASB 96.

Management Response: The City concurs with the finding. During the year, DFAS Accounting did perform a review of traditionally used software related expenditure accounts and properly identified and capitalized three subscription purchases subject to GASB 96. All instances noted in this finding were for software purchases improperly coded to non-traditional software related expenditure accounts. During a September 2025 City-wide fiscal manager meeting, DFAS Accounting voiced this improper expenditure coding and classification concern with appropriate fiscal personnel. DFAS Accounting will develop and provide a training on the importance of coding expenditures properly prior to year-end.

Timeline and Responsible Position: June 2026 – City Controller

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section III – Findings and Questioned Costs – Major Federal Programs

2025 – 005 (2024 – 012) Reporting

Federal Agency: U.S. Department of Transportation

Federal Program Name: Airport Improvement Program

Assistance Listing Number: 20.106

Federal Award Identification Number and Year: Multiple

Award Period: 8/23/2020 – 1/28/2029

Type of Finding:

- Significant Deficiency in Internal Control over Compliance and Other Matters

Criteria or specific requirement: According to §200.303 Internal controls of 2 CFR Part 200, the recipient and subrecipient must establish, document, and maintain effective internal control over the federal award that provides reasonable assurance that the recipient or subrecipient is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award.

According to the Federal Aviation Administration's Advisory Circular 150-1500-19D, Guide for Airport Financial Reports Filed by Airport Sponsors, Financial Reports 5100-126 & 5100-127 "are due within 120 days of the end of the airport's fiscal year. A sponsor may request an automatic 60-day extension on the website. An airport that cannot file within the 60-day expensive should send a written explanation to Airport Compliance and Management Analysis" of the FAA.

Condition: During our testing, we noted the City did not have adequate internal controls designed to ensure timely report submission.

Management 's Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are still opportunities for improvement to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements as well as compliance with City policy.

Questioned costs: None

Context: During our testing, it was noted that two of the six financial reports were not submitted timely. Form 5100-126 and Form 5100-127 were submitted on 02/26/2025 and 02/28/2025, respectively. These submissions occurred 61 and 63 days beyond the prescribed filing deadline of 180-days following the fiscal year end.

Cause: Management oversight. The City did not submit the performance report by the due date.

Effect: The auditor noted an instance of noncompliance. Noncompliance results in untimely submission of information to the federal agency.

Recommendation: We recommend the City establish a reporting calendar and perform periodic reviews of the completeness, accuracy and adherence to the reporting calendar.

Management Response: The City concurs with the finding. Beginning in December 2025, the Aviation Revenue and Finance Officer has implemented an internal control to strengthen compliance with federal reporting requirements. A centralized spreadsheet has been created to track all required financial report deadlines, including FAA Forms 5100-126 and 5100-127. This spreadsheet identifies the due dates, responsible personnel, and submission status to help ensure reports are prepared, reviewed, and submitted timely in accordance with applicable federal regulations.

The Aviation Revenue and Finance Officer will also perform periodic reviews of the reporting calendar to monitor completeness, accuracy, and compliance to required deadlines.

Timeline and Responsible Position: June 2026 – Aviation Department Revenue and Finance Officer

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section III – Findings and Questioned Costs – Major Federal Programs (continued)

2025 – 006 (2024 – 010) Allowable Activities and Costs/Cost Principles – Payroll

Federal Agency: U.S. Department of Housing and Urban Development

Federal Program Name: HOME Investment Partnerships Program

Assistance Listing Number: 14.239

Federal Award Identification Number and Year: M20-MC350209 - 2020

M21-MC350209 - 2021

Award Period: 5/29/2020 - 9/01/2028

8/03/2021 - 9/01/2029

Type of Finding:

- Significant Deficiency in Internal Control over Compliance and Other Matters

Criteria or specific requirement: According to §200.303 Internal controls of 2 CFR Part 200, the recipient and subrecipient must establish, document, and maintain effective internal control over the federal award that provides reasonable assurance that the recipient or subrecipient is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award.

According to §200.403 Factors affecting allowability of costs of 2 CFR Part 200, costs must conform to any limitations or exclusions set forth in these principles or in the federal award as to types or amount of cost items. Additionally, according to §200.431 costs of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences should be equitably allocated to all related activities, including Federal awards.

Condition: During our testing, we noted the City did not have adequate internal controls designed to ensure proper allocation of fringe benefits.

Management 's Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are still opportunities for improvement to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements as well as compliance with City policy.

Questioned costs: \$973.77

Context: During our testing, it was noted that for one of twenty-four samples, the City applied incorrect fringe benefits to the grant, resulting in \$371.11 that should have been allocated to the grant.

Additionally, for one of twenty-four samples, the City did not accurately apply sick leave conversion to wages, resulting in \$973.77 of wages improperly allocated to the grant.

Cause: Management oversight. The city did not have adequate controls in place to ensure proper allocation of fringe benefits.

Effect: The auditor noted instances of noncompliance. Noncompliance results in potential pay back of federal funds.

Recommendation: We recommend the City review fringe benefits charged to the grant to equitably allocate fringe benefits between federal and city funding sources.

Management Response: The City concurs with the finding. The Department of Health, Housing & Homelessness will review the allocation of fringe benefits to grant payroll charges on a quarterly basis to ensure fringe benefits are properly allocated to funding sources. The reconciliations will be prepared by fiscal staff and approved by the Fiscal Manager. Additionally, the DFAS Grant Administrator will perform a semi-annual review of excess leave payouts to ensure they are charged to the correct grant funding string.

Timeline and Responsible Position: June 2026 – Department of Health, Housing and Homelessness Fiscal Manager

Section III – Findings and Questioned Costs – Major Federal Programs (continued)

2025 – 007 Matching/Cost Sharing

Federal Agency: U.S. Department of Housing and Urban Development

Federal Program Name: Continuum of Care

Assistance Listing Number: 14.267

Federal Award Identification Number and Year: NM0014L6B002316

NM0015L6B002316

NM0017L6B002215

NM0101L6B002308

NM0156L6B002200

Award Period: 7/1/24-6/30/25

7/1/24-6/30/25

10/1/23-9/3/24

7/1/24-6/30/25

10/1/23-9/3/24

Type of Finding:

- Significant Deficiency in Internal Control over Compliance and Other Matters

Criteria or specific requirement: According to §200.303 Internal controls of 2 CFR Part 200, the recipient and subrecipient must establish, document, and maintain effective internal control over the federal award that provides reasonable assurance that the recipient or subrecipient is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award.

According to §200.306 The fair market value of third-party in-kind contributions must be documented and, to the extent feasible, supported by the same methods used internally by the recipient or subrecipient.

Condition: During our testing, we noted the City lacked sufficient internal controls to ensure subrecipients complied with cost-sharing and matching requirements. We also noted that the City did not maintain documentation to substantiate the fair market value of in-kind contributions.

Questioned costs: None

Context: During our testing, we noted the following:

- For one of 5 samples tested, we noted the City did not have sufficient documentation for the values placed on in-kind contributions.
- For 5 of 5 samples tested, the City only performed one monitoring review of subrecipient related match expenditures, resulting in partial coverage of the award period. Additionally, there was a lack of documentation of the City's process for selecting match samples to review. Finally, there was no review performed at the close out of the grant to ensure the subrecipient met the match requirement.
- For 5 of 5 grant awards tested, we noted the amount of match reported on the HUD Annual Performance Report (APR) did not agree to underlying City records.

Cause: Management oversight. The City did not have adequate controls in place to ensure proper monitoring of matching expenditures for subrecipients.

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section III – Findings and Questioned Costs – Major Federal Programs (continued)

2025 – 007 Matching/Cost Sharing (continued)

Effect: The auditor noted instances of noncompliance.

Recommendation: We recommend the City design controls to ensure monitoring occurs related to subrecipient's adherence to the Continuum of Care program's Match requirements and the eligibility of the program's match expenditures. Additionally, we recommend implementing a tracking mechanism to ensure match expenditures are accurately reported to HUD.

Management Response: The City concurs with the finding. The City will update Continuum of Care procedures related to subrecipient monitoring, in-kind contribution documentation, match tracking and reporting, and grant closeout review to strengthen compliance and oversight. Additionally, the City will provide additional grants training and a list of subject matter experts within each department that can work with auditors during the single audit.

Timeline and Responsible Position: June 2026 – Department of Health, Housing and Homelessness Deputy Director of Social Services and Connections and Department of Finance & Administrative Services Grant Administrator

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section IV – 12-6-5 NMSA 1978 Findings

2025 – 008 Claims Liability Estimate (Other Matters)

Condition: During our testing of the claims liability estimate, management revised their methodology for recording the estimate, resulting in updated schedules and disclosures that were provided for audit after the initial PBC requests had already been submitted.

Criteria or specific requirement: Per DFAS Accounting Division Policies and Procedures manual, the City is responsible for maintaining an adequate system of internal accounting controls to provide management with reasonable assurance as to the reliability of financial records for preparing financial statements.

Effect: Inconsistent application of City policy, which resulted in client adjusting entries provided after initial PBCs and miscommunication of City practice.

Cause: The City also experienced staff turnover in Risk Management positions during the year, which resulted in a reanalysis of the City's approach to recording the claims liability.

Recommendation: We recommend the City strengthen their formal policy to highlight consistent methodology for analyzing and recording claim-related liabilities. We recommend the policy establish clear procedures for incorporating actuarial analyses, documenting assumptions, and applying adjustments, as applicable.

Management Response: The City concurs with the finding. Management will document the policy to analyze and record the claims related liabilities. The policy will establish the procedures to incorporate the actuarial analyses, document assumptions and applying adjustments. Additionally, the procedures will include a template for the workpapers and related Executive Summary.

Timeline and Responsible Position: June 2026 – Department of Finance & Administrative Services Director

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section IV – 12-6-5 NMSA 1978 Findings (continued)

2025 – 009 (2022 – 005 and 2024 – 013) Follow-up on Prior Audit Findings – Single Audit – Nonmajor Programs (Other Matters)

Condition: During our follow-up on prior year audit finding for 2024 - 010 Allowable Activities and Costs/Cost Principals (Significant Deficiency in Internal Control over Compliance) related to the Federal Transit Cluster, Assistance Listing 20.507, we noted the City did not implement corrective action. The program is working on a policy and software implementation to address the finding.

During our follow-up on prior year audit finding for 2024 - 013 Reporting – Special FFATA (Significant Deficiency in Internal Control over Compliance and Other Matters) related to the Community Development Block Grant Program for Entitlement Communities, Assistance Listing 14.218, we noted the report was not submitted timely for one of the two subawards tested.

Management's Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are still opportunities for improvement to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements as well as compliance with City policy.

Criteria or specific requirement: According to § 200.511 Audit findings follow-up of 2 CFR Part 200, the auditee is responsible for follow-up and corrective action on all audit findings. At the completion of the audit, the auditee must prepare, in a document separate from the auditor's findings described in § 200.516, a corrective action plan to address each audit finding included in the current year auditor's reports. The corrective action plan must provide the name(s) of the contact person(s) responsible for corrective action, the corrective action planned, and the anticipated completion date.

According to the City's Corrective Action Plan for the year ended June 30, 2024, the Transit Department was in the process of developing a policy establishing internal controls over timekeeping. The policy was to be reviewed with appropriate parties and the Transit Department was to explore the purchase and implementation of additional software to assist with enacting these controls.

2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards required compliance with the provisions of reporting. The City should have internal controls designed to ensure compliance with those provisions. Under the requirements of the Federal Funding Accountability and Transparency Act (Pub L. No. 109-282), as amended by Section 6202 of Pub. L. No. 110-252, hereafter referred as the "Transparency Act" that are codified in 2 CFR Part 170, recipients (i.e., direct recipients) of grants of cooperative agreements are required to report first-tier subawards of \$30,000 or more to the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS). The key data elements are to be accurately reported and supported by the source documentation. The action is to be reported in the FSRS no later than the last day of the month following the month in which the subaward/subaward amendment obligation was made or the subcontract award/subcontract modification was made.

Effect: The auditor noted instances of noncompliance. Noncompliance results in possible under or over charges to the grant.

Cause: Software limitations, management oversight, and staffing.

Recommendation: We recommend the City work to implement full corrective action.

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section IV – 12-6-5 NMSA 1978 Findings (continued)

2025 – 009 (2022 – 005 and 2024 – 013) Follow-up on Prior Audit Findings – Single Audit – Nonmajor Programs (Other Matters) (continued)

Management Response: The City concurs with the finding.

Regarding FTC: The Transit Department continues to replace its public transportation software, which includes payroll management. The first of two purchase orders were completed in April 2025. However, the implementation of the first upgrade did not result in an adequate correction to the documented payroll supervisor approval issue. Transit solicited the assistance of a payroll database administrator from the Department of Technology and Innovation and will work with this individual in future implementations. The purchase order related to the second software is currently scheduled for March 2026 and all parties involved agree this software will establish the necessary internal controls over timekeeping. This software has a planned implementation by September 2026.

Regarding FFATA: The Department of Health, Housing & Homelessness will provide annual FFATA reporting training to all fiscal staff to ensure timely filing of required reports.

Timeline and Responsible Position: December 2026 – Transit Department Director and Department of Health, Housing and Homelessness Fiscal Manager

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section IV – 12-6-5 NMSA 1978 Findings (continued)

2025 – 010 (2024 – 014) Internal Controls over Travel Cards (Other Matters)

Condition: During our testwork over travel cards, we noted the following:

- 3 out of 11 samples had an expense report submitted after 30 workdays of return from travel, as required by the City's Travel Regulations.
- 2 out of 11 samples did not have an approved travel authorization prior to travel occurring, as required by the City's Travel Regulations.
- 1 out of 11 samples had a travel expense line item that was omitted from the employee's original expense report.

Management's Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are still opportunities for improvement to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements as well as compliance with City policy.

Criteria or specific requirement: Per the City's Travel Regulation 6.III.C, the traveler must submit their final paperwork documenting the actual costs of the trip within 10 calendar days of their return. Per the City's Travel Regulation 2.I.E, the travel liaison must process travel reimbursements within 30 work days of a traveler's return from a trip. Additionally, per the City's Travel Regulation 3.11.H, if a qualified travel advance is approved, the travel authorization must reach the Travel Coordinator and Accounts Payable Office within 10 workdays prior to the departure date to ensure sufficient processing time.

Effect: Noncompliance with City policy.

Cause: Management oversight.

Recommendation: We recommend that the City revise its travel regulations to promote consistency across departments in the requirements for submitting travel documents and processing reimbursements. Once revised, we recommend management and employees follow City travel regulations. Implementation of a formal exception process is encouraged; for individual instances of travel that are considered to be excepted from City policy, ensure there is a policy exception that is documented, reviewed and approved.

Management Response: The City concurs with the finding. The DFAS Accounting team requires and provides training to departments before they are permitted to handle their own travel. The DFAS Accounting team has contacted departments identified as consistently not following policy and will recommend follow up trainings. Additionally, during a September 2025 City-wide fiscal manager meeting, DFAS Accounting voiced this concern with appropriate fiscal personnel and communicated the expectation that all departments properly educate employees on existing travel regulations and insisted that all travelers follow established processing timelines and policy requirements. This specifically includes the requirement that all travelers obtain official system travel authorization approvals prior to traveling, rather than relying on internally generated departmental travel justification memorandums.

Timeline and Responsible Position: June 2026 – City Controller

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section IV – 12-6-5 NMSA 1978 Findings (continued)

2025 – 011 Internal Controls over Purchasing Cards (Other Matters)

Condition: During our review of purchasing card (P-Card) transactions, we identified 1 out of 11 samples, totaling \$801.50, where written pre-approval from a supervisor or department manager was not obtained prior to the purchase.

Criteria or specific requirement: Per the City's Purchasing Card Policies and Procedures Manual, (Administrative Instruction 3-14, *Purchase of Goods or Services for Use by Employees*), cardholders must obtain written approval for purchases prior to making a P-Card purchase. Furthermore, cardholders shall provide the written approval, along with itemized invoices and other required supporting documentation, to the Reconciler.

Effect: Noncompliance with City policy.

Cause: Management oversight.

Recommendation: We recommend that management reinforce adherence to the City's Purchasing Card policies. Department managers should ensure that all P-Card transactions are supported by written pre-approval from the appropriate supervisory personnel prior to purchase, in alignment with City policy.

Management Response: The City concurs with the finding. The Department has established and communicated guidelines to P-Card holders requiring written approval from authorized personnel before any P-Card use, in alignment with the City's Purchasing Card Policies and Procedures. Approval authority is limited to the Department Director and the two Deputy Directors, per Environmental Health's signed delegation of authority memo and allowable under the P-Card manual. If an approval is issued outside of established policy, the approving authority may be rescinded to safeguard compliance.

As part of the reconciliation process, P-Card holders must submit their purchase log, receipts, and written pre-approvals to the P-Card reconciler. This allows the Fiscal team to verify that all P-Card transactions comply with established procedures. Failure to comply may result in corrective action, up to and including revocation of P-Card privileges.

Timeline and Responsible Position: June 2026 – Environmental Health Department Fiscal Manager

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section IV – 12-6-5 NMSA 1978 Findings (continued)

2025 – 012 (2024 – 016) Internal Controls over Cash (Other Matters)

Condition: During a surprise cash count at a City’s cash-site, we noted the following:

- Supporting documentation demonstrating appropriate review and approval for cash handling processes and deposit activities was not available;
- Cash collected five days prior to our visit remained onsite, resulting in a deposit of \$1,640 not made within 24 hours after initial collection, as required by state statute;
- Cash was stored in a location that lacked proper security measures and was accessible to multiple employees; and
- Documentation confirming the daily reconciliation of the change fund was not available. During our walkthrough, we noted the fund contained \$353 and was stored in an unsecured location throughout operating hours.

Management 's Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are still opportunities for improvement to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements as well as compliance with City policy.

Criteria or specific requirement: Per the City's Administrative Code AI NO: 2-8 Cash Handling, Depositing and Recording of Public monies, each City department receiving monies at authorized cash sites on behalf of the City shall formally designate persons to receive, deposit and record these monies to the general ledger utilizing the PeopleSoft System Accounts Receivable Deposit module within twenty-four (24) hours of receiving monies pursuant to Section 6-10-2 through 6-10-3 NMSA 1978 and the City's Cash Handling Policy & Procedures manual. As the concessionaire is the fiduciary of the City, the concessionaire will be responsible for all monies issued to their cash site and shall follow all regulations as outlined by State Statute.

Effect: Noncompliance with City policy.

Cause: Management oversight.

Recommendation: We recommend the City provide additional training and guidance to contracted concessionaires to ensure that concessionaire employees comply with the Cash Handling Administrative Code at the various cash sites.

Management Response: The City concurs with the finding. The Parks and Recreation Department (PRD) sent a Certified Letter to the contracted Golf Concessionaire that oversees the Golf Course where this audit was conducted. This letter outlined the findings and the importance of adhering to the City’s Cash Handling Policy, as this vendor is now in non-compliance status with the City. The Golf Concessionaire was also instructed to have all Cash Handling employees re-take the Cash Handling Training and show proof of re-certification by October 1, 2025. The PRD Finance Division has also committed to monthly and quarterly reviews of all Cash Handling employees within the department to ensure they are maintaining proper training and certification. PRD Finance Division will also perform internal spot audits at each facility that has Cash Handling functions.

Timeline and Responsible Position: June 2026 – Parks and Recreation Department Director

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section IV – 12-6-5 NMSA 1978 Findings (continued)

2025 – 013 Internal Controls over Disbursements (Other Matters)

Condition: During the fiscal year, the City made a payment of \$106,371.51 to an unauthorized vendor due to a counterfeit check. This check was flagged by Wells Fargo Positive Pay but was subsequently approved for payment by a City employee. Once the City discovered the unauthorized payment, the City reported the counterfeit check to the bank, filed a police report, and reported the incident to the Office of the State Auditor (OSA) in compliance with NMSA 1978 §12-6-6. The City recovered \$100,986.56, resulting in a net loss of \$5,384.95.

Criteria or specific requirement: Per the City's Administrative Code AINO: 2-3 City Check Distribution Policy, City checks should be transmitted to payees in the City's Fiscal Agent Payment Management System and directly by the Accounts Payable Division.

Effect: Noncompliance with City policy.

Cause: Management oversight.

Recommendation: We recommend the City enhance training and provide clear guidance to Accounts Payable staff responsible for reviewing potentially counterfeit checks and implementing a secondary review process for these checks. We also advise that City employees verify approved vendors and vouchers in the Payment Management System prior to check approval, ensuring the payee listed on the check matches the payee recorded in the City's system.

Management Response: The City concurs with the finding. The City worked with our bank to implement preventative dual factor approval requirements for any item flagged as suspicious by the Positive Pay Fraud Alert system so that more than one City employee is required to approve items for payment. The employee who approved the check was removed from the approval role and was subsequently disciplined.

Timeline and Responsible Position: June 2026 – City Controller

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section IV – 12-6-5 NMSA 1978 Findings (continued)

2025 – 014 (2023 – 014) Final Inventory Listing (Other Matters)

Condition: During the inventory observations that took place on June 30, 2025, we identified seven instances where CLA' s physical count of parts & supplies inventory items did not agree to the inventory listing. These discrepancies were communicated to City staff, but not subsequently corrected on the final inventory listing. The City departments involved include Solid Waste and Transit.

Management 's Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are still opportunities for improvement to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements as well as compliance with City policy.

Criteria or specific requirement: Per the DFAS Policies and Procedures: Inventory Control, City Departments are to implement inventory count procedures specific to their departments. GL Journal entries are made by the Department or the Accounting Division at year-end to adjust inventory to actual.

Effect: Final inventory listing did not accurately reflect correct quantities of seven inventory items.

Cause: Lack of effective implementation of procedures over final inventory adjustments.

Recommendation: We recommend the City follow policies and procedures to ensure final inventory listings reflect the results of the physical count.

Management Response: The City concurs with the finding.

Solid Waste Department: The department will work to strengthen year-end processes to ensure the physical count of parts & supplies are reconciled in accordance with department policies and procedures. In the coming year, training will be provided on inventory procedures and a mandatory secondary review step will be incorporated to verify accuracy prior to submission.

Transit Department: Transits' Annual Physical Inventory Procedures have been updated to include monthly physical counts of inventory that are at the fuel island and with the service trucks as well as labeling and specific stock numbers for those areas.

Timeline and Responsible Position: June 2026 – Directors of Solid Waste and Transit Departments

Section IV – 12-6-5 NMSA 1978 Findings (continued)

2025 – 015 Under Collateralization of Deposits Held with Financial Institutions (Other Matters)

Condition: During our testwork over the City’s pledged collateral, we noted two instances where the City and the Albuquerque Foundation did not have the required amount of collateral held with the depository.

Criteria or specific requirement: Pursuant to Section 6-10-17 NMSA, the pledge collateral for deposits in banks and savings and loan associations shall have an aggregated value equal to one-half of the amount of public money held by the depository.

Effect: Noncompliance with state statute. Not having the proper amount of collateral with depositories exposes the City to the risk of loss in the event of bank default.

Cause: The City began utilizing a new institution during the fiscal year and did not establish an agreement with a depository to maintain the specified level of collateral. The Foundation received a temporary inflow of funds that exceeded the collateralization requirements. These funds were subsequently transferred to the City in July 2025.

Recommendation: We recommend the City review the policies and procedures to ensure there is effective monitoring of the collateral held by depositories to ensure compliance with Section 6-10-17 NMSA.

Management Response: The City and Foundation concur with the finding. DFAS has already begun working with our bank and the Foundation to ensure that proper collateralization is obtained.

Timeline and Responsible Position: June 2026 – City Controller

2025 – 016 (2022 – 013) IT Procedures – Documentation for Periodic Review and Disaster Recovery Plan Test (Other Matters)

Condition: During our review of Information Technology (IT) general controls over the significant financial related applications, we noted the following:

- *Documentation for Periodic Review of User Access on Datacenter and Active Directory* – City of Albuquerque datacenter houses critical computer equipment and electronic data. User access requirements can change as a result of several factors including transfers, terminations, promotions, reorganization, and department growth. An analysis between active network users and terminations during the audit period revealed 11 terminated employees still listed as active.
- *Disaster Recovery Plan* – The Department has a disaster recovery plan; however, the plan has not regularly been reviewed and tested.

Management's Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are opportunities for improvement to reasonably ensure compliance with laws, regulations, and program compliance requirements as well as compliance with City policy.

Criteria or specific requirements:

- *Documentation for Periodic Review of User Access on Datacenter and Active Directory* - In accordance with ISACA's Control Objectives for Information and related Technology (COBIT) 5 framework (DSS04), provides the need to maintain the level of information security acceptable to the organization in accordance with the security policy. This process includes establishing and maintaining security measures and related management procedures to protect sensitive equipment and information. In accordance with ISACA's Control Objectives for Information and related Technology (COBIT) 5 framework (DSS05) ensure system security, provides that the need to maintain the integrity of information and protect IT assets.
- *Disaster Recovery Plan* – In accordance with ISACA's Control Objectives for Information and related Technology (COBIT) 5 framework (DSS04), to ensure continuous service, a Disaster Recovery and Business Continuity Plan needs to be developed and tested to reduce the impact of a major disruption of key business functions and processes.

Effect:

- *Documentation for Periodic Review of User Access on Datacenter and Active Directory* – City of Albuquerque is at risk of unauthorized access to datacenter corrupting valuable equipment and/or data. Not performing a regular, standardized user account audit increases the risk that the organization may not identify all old and unused user accounts, users with improper access to the system, and/or unauthorized system users.
- *Disaster Recovery Plan* – The Department is at risk of losing valuable data and may experience delays in its ability to recover technical infrastructure within an acceptable time period.

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section IV – 12-6-5 NMSA 1978 Findings (continued)

2025–016 (2022 – 013) IT Procedures – Documentation for Periodic Review and Disaster Recovery Plan Test (Other Matters) (continued)

Cause:

- *Documentation for Periodic Review of User Access on Datacenter and Active Directory* – City of Albuquerque houses critical computer equipment and electronic data at the datacenter and protection of these equipment and data relies on strict physical security controls. The volume of users and the numerous systems make the reviews challenging.
- *Disaster Recovery Plan* – The Department uses the data center maintained by the Department of Information Technology and relies on them for disaster recovery services.

Recommendation:

- *Documentation for Periodic Review of User Access on Datacenter and Active Directory* – CLA recommends that the City of Albuquerque conduct a formal review of all network/AD user accounts and their access level (including this with datacenter access) on at least an annual basis. The review process should be documented, and sign-off should be obtained from IT personnel completing the review. The review should ensure that all user accounts are assigned to current employees by comparing a system account listing to a current employee list from Human Resources. In addition, a review of access levels should be performed by comparing the user’s current access rights listed on the system to those listed on their access form, and by confirming the user’s access rights with their departmental manager.
- *Disaster Recovery Plan* – The Department should create a test plan to test the effectiveness of the disaster through a combination of tabletop exercise and technical testing. The test results will also provide the Department with additional knowledge to revise the recovery plan to have a more successful recovery in the event of a disaster.

Management Response: The City concurs with the finding. Department of Technology and Innovation (DTI) management acknowledges this repeat finding and recognizes the importance of maintaining strong user access controls within Active Directory to ensure compliance with Federal regulations, City policy, and industry best practices. We agree with the auditor’s observation that although progress has been made, additional improvements are necessary to fully mitigate the risk of terminated employees retaining active accounts.

The City has initiated a project to integrate our Human Resources (HR) System directly with Active Directory. This initiative is currently in progress and is scheduled for completion by mid-December (2025) and will result in additional automated controls that will substantially reduce the risk of inactive accounts remaining enabled. DTI has prepared and submitted a written Disaster Recovery Test draft plan, dated September 2025, designed to outline all operational and physical requirements necessary to support the operations of the database environment if an emergency should occur. DTI management remains committed to addressing this finding fully through process automation and ongoing oversight.

Timeline and Responsible Position: June 2026 – Department of Technology and Innovation Director

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2025

Section IV – 12-6-5 NMSA 1978 Findings (continued)

2025 – 017 (2024 – 019) Budgetary Compliance (Other Matters)

Condition: During our review of the legally adopted FY25 budget, we noted three funds that had expenditures greater than the established budget.

Management’s Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are opportunities for improvement to reasonably ensure compliance with laws, regulations, and program compliance requirements as well as compliance with City policy.

Criteria or specific requirement: Per NMAC 2.2.2.10.R(1)(a), if actual expenditures exceed budgeted expenditures at the legal level of budgetary control, that fact shall be reported in a finding and disclosed in the notes to the financial statements.

Effect: Noncompliance with state statutes.

Cause: Lack of effective procedures to monitor budget.

Recommendation: We recommend the City establish controls necessary to monitor the budget and submit any necessary budgetary adjustments on a timely basis to avoid overspent amounts.

Management Response: The City concurs with the finding. Each of the three funds identified in the condition are multi-year project-based funds and therefore the project budgets are outside of the routine control and supervision of the City’s Office of Management and Budget. The DFAS Accounting team has contacted each of the three departments responsible for the overspent project budgets and requested that each department enter necessary adjustments in a timely manner. Additionally, during a November 2025 City-wide fiscal manager meeting, DFAS Accounting voiced this concern with all fiscal personnel and communicated the expectation that all departments continually monitor and adjust their budgets, both single year operating budgets and multi-year project budgets.

Timeline and Responsible Position: June 2026 – City Controller

Is noncompliance that could have a material effect on the financial statements identified?	<u> </u>	Yes	<u> X </u> No

ALBUQUERQUE HOUSING AUTHORITY
A COMPONENT UNIT OF THE CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED JUNE 30, 2025

SECTION II – FINANCIAL STATEMENT FINDINGS

2025-001: AUDIT PREPAREDNESS AND CONTROL OVER YEAR-END CLOSE (MATERIAL WEAKNESS)

CONDITION: Auditors did not receive a trial balance until October 17, 2025 - approximately 30 days past the agreed-upon deadline and less than 30 days before the initial statutory deadline. This delay created significant time constraints for completing the audit.

In addition, the trial balance provided contained several matters that had not been properly addressed as part of the year-end close process, including:

- Failure to accrue \$619,234 in Capital Fund Program revenue for capital expenses incurred during June of 2025.
- Interfund Transfers In exceeding Interfund Transfers Out by approximately \$276,177.
- Non-implementation of GASB Statement No. 101, resulting in an understatement of Accrued Compensated Absences by \$102,910.
- Choice Neighborhood Planning Grant revenues of \$350,355 and related expenses of \$350,355 recorded in a memo fund rather than in the applicable Public Housing funds.
- Accounts Payable per the trial balance being understated by \$92,166 compared to supporting documentation.
- Omission of an entry to record \$71,271 in Deferred Outflows related to subsequent employer contributions to the New Mexico Retiree Health Care Authority.
- Omission of an entry to record \$21,135 in amortization of ground leases prepayments.

Correcting entries have since been made for all of these items.

CRITERIA: The COSO internal control framework cited in the Uniform Guidance and considered a model for effective internal control systems specifies that timely performance of control procedures over account balances, transactions and operating activities including reconciliations is essential for all management staff of the Authority perform their duties and for accountability to stakeholders of the Authority.

CAUSE: The Authority did not complete key year-end close procedures in a timely or thorough manner, including reconciliations, review of account balances, and implementation of applicable accounting standards. Contributing factors appear to include insufficient oversight of the closing process, inadequate review of financial information prior to submission to auditors, and delays in performing required reconciliations.

EFFECT: The delays and errors in the year-end closing process resulted in:

- Significant time constraints for audit completion.
- Increased risk of material misstatement in the Authority's financial statements.
- Additional audit effort required to identify and correct errors.

RECOMMENDATION: The Authority should strengthen its year-end closing process by:

- Establishing and adhering to a detailed closing calendar with clear deadlines and assigned responsibilities.
- Ensuring all reconciliations, account reviews, and required GASB implementations are completed prior to providing the trial balance to auditors.
- Enhancing supervisory review of financial information to verify accuracy and completeness.
- Providing staff with training and resources necessary to perform timely and effective close procedures.

ALBUQUERQUE HOUSING AUTHORITY
A COMPONENT UNIT OF THE CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED JUNE 30, 2025

SECTION II – FINANCIAL STATEMENT FINDINGS (CONTINUED)

2025–001: AUDIT PREPAREDNESS AND CONTROL OVER YEAR-END CLOSE (MATERIAL WEAKNESS) (CONTINUED)

MANAGEMENT RESPONSE: December 29, 2025, the five components of the COSO Framework are: Control Environment, Risk Assessment, Control Activities, Information and Communication, and Monitoring Activities. Administration will train finance staff and will train Managers in review of the characteristics to enforce and strengthen its year end close process. AHA began a software conversion project in August 2025. AHA converted to YARDI as a full-service operating software. The software integrates and automates our core business operations. This one unified system did affect updates between July and November as services were off-line during this time frame.

ANTICIPATED COMPLETION DATE: June 2026.

POSITION RESPONSIBLE FOR IMPLEMENTING CORRECTIVE ACTION: Finance Director.

SECTION III – NMSA 1978, SECTION 12-6-5 FINDINGS

2025–002 (2024-003): PAYROLL DOCUMENTATION (OTHER MATTER)

CONDITION: Auditors identified that supporting documentation required to demonstrate compliance with certain payroll requirements was incomplete or unavailable.

Specifically, auditors noted the following documentation deficiencies:

During our review of general controls over the payroll cycle, we noted 2 of 25 (8%) employee Conflict of Interest forms were incomplete. Blank forms were signed by the employees.

Management’s progress - Management has resolved the matter related to the Federal Form I-9. However, the payroll documentation exception noted above is new this year.

CRITERIA: Governmental Conduct Act, Sections 10-16-1 to 10-16-18 NMSA 1978 states governmental employees shall conduct themselves in a manner that justifies the confidence placed in them by the people while maintaining integrity and ethically high responsibilities of public service. Full disclosure of real or potential conflicts of interest, reasonable efforts shall be made to avoid undue influence and abuse of office. In addition, HUD requires Lead Grantee and Co-Grantees to develop and maintain written standards/codes of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of contracts before entering into the grant agreement (24 CFR 570.611).

The Authority’s Conflict of Interest Policy states, “An employee shall disclose any known conflicts of interest, proscribed relationships, or apparent or potential violations of the laws, ACC, regulations or this policy to the executive director upon initial appointment or employment and annually upon the beginning of each fiscal year.”

CAUSE: The Authority accepted the forms submitted by the employees but did not ensure that the forms were fully complete according to the procedure.

EFFECT: Incomplete Conflict of Interest forms could subject the Authority to non-compliance with the Governmental Conduct Act, and HUD requirements. AHA risks exposure to legal risks if a conflict is not disclosed.

RECOMMENDATION: The Authority should review all personnel documentation when submitted to ensure the forms are fully completed before approvals. In addition, the Authority should have a periodic monitoring process to review personnel records to ensure they contain all required documentation and fully completed forms.

MANAGEMENT RESPONSE: December 29, 2025, Management Agrees with this finding. Administration will train staff and supervisors. Administration will review each document prior to filing documents to employee files.

ANTICIPATED COMPLETION DATE: June 2026.

POSITION RESPONSIBLE FOR IMPLEMENTING CORRECTIVE ACTION: Human Resources Manager.

ALBUQUERQUE HOUSING AUTHORITY
A COMPONENT UNIT OF THE CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED JUNE 30, 2025

SECTION III – NMSA 1978, SECTION 12-6-5 FINDINGS (CONTINUED)

2025-003: INTERNAL CONTROLS OVER WAREHOUSE INVENTORY (OTHER MATTER)

CONDITION: During our review of general controls over warehouse inventory, three inventory stock items were selected for testing. One of the three items tested had a unit that could not be located (water heater: unit cost \$640). The unit was removed from the after-hours storage and not signed out according to procedures. In addition, as associated work order for the water heater was eventually located over two months after auditor request but was incomplete and the associated charges were not processed.

CRITERIA: Under the COSO Internal Control Framework, management must maintain control activities that ensure the safeguarding of assets, including maintaining accurate inventory records, documenting the movement of inventory items, and retaining supporting documentation such as work orders for all issued materials.

CAUSE: Controls over the after-hours storage shed were not sufficient to ensure compliance with sign-out procedures. The shed's location, broad access by multiple individuals, and limited supervision contributed to the breakdown in required documentation.

EFFECT: Ineffective internal controls may lead to inventory items being lost, stolen or otherwise misused.

RECOMMENDATION: The Authority should conduct quarterly inventories of at least some warehouse items to timely detect and resolve any missing inventory items or required documentation, especially for the locations that are of higher risk. The Authority should also establish procedures for following up on work orders that have been opened but not completed.

MANAGEMENT RESPONSE: December 29, 2025, Management disagrees with this finding. Once Management was notified by the auditor, the "missing" document was provided to the auditors. AHA was in the middle of an operating software conversion. The warehouse automated system was offline between July and November. At no time was the water heater "unidentified or location unknown." Improved communication between auditor and auditee will be a priority. Work Orders are reviewed monthly by management and administration in preparation for reporting to the Board monthly in our production report.

ANTICIPATED COMPLETION DATE: December 2025.

POSITION RESPONSIBLE FOR IMPLEMENTING CORRECTIVE ACTION: Finance Director.

OSA REBUTTAL TO MANAGEMENT RESPONSE: Although the AHA eventually provided a copy of a work order associated with a hot water heater, this was not provided to auditors in a timely manner, and the "Work Done" Section was not completed. No further supporting documentation has been provided. Additionally, the work order is dated 6/25/25 which is prior to the automated system's down time but after the completion of the year-end inventory count. Because sign-out processes were not followed, the year-end inventory count was never adjusted for this item.
